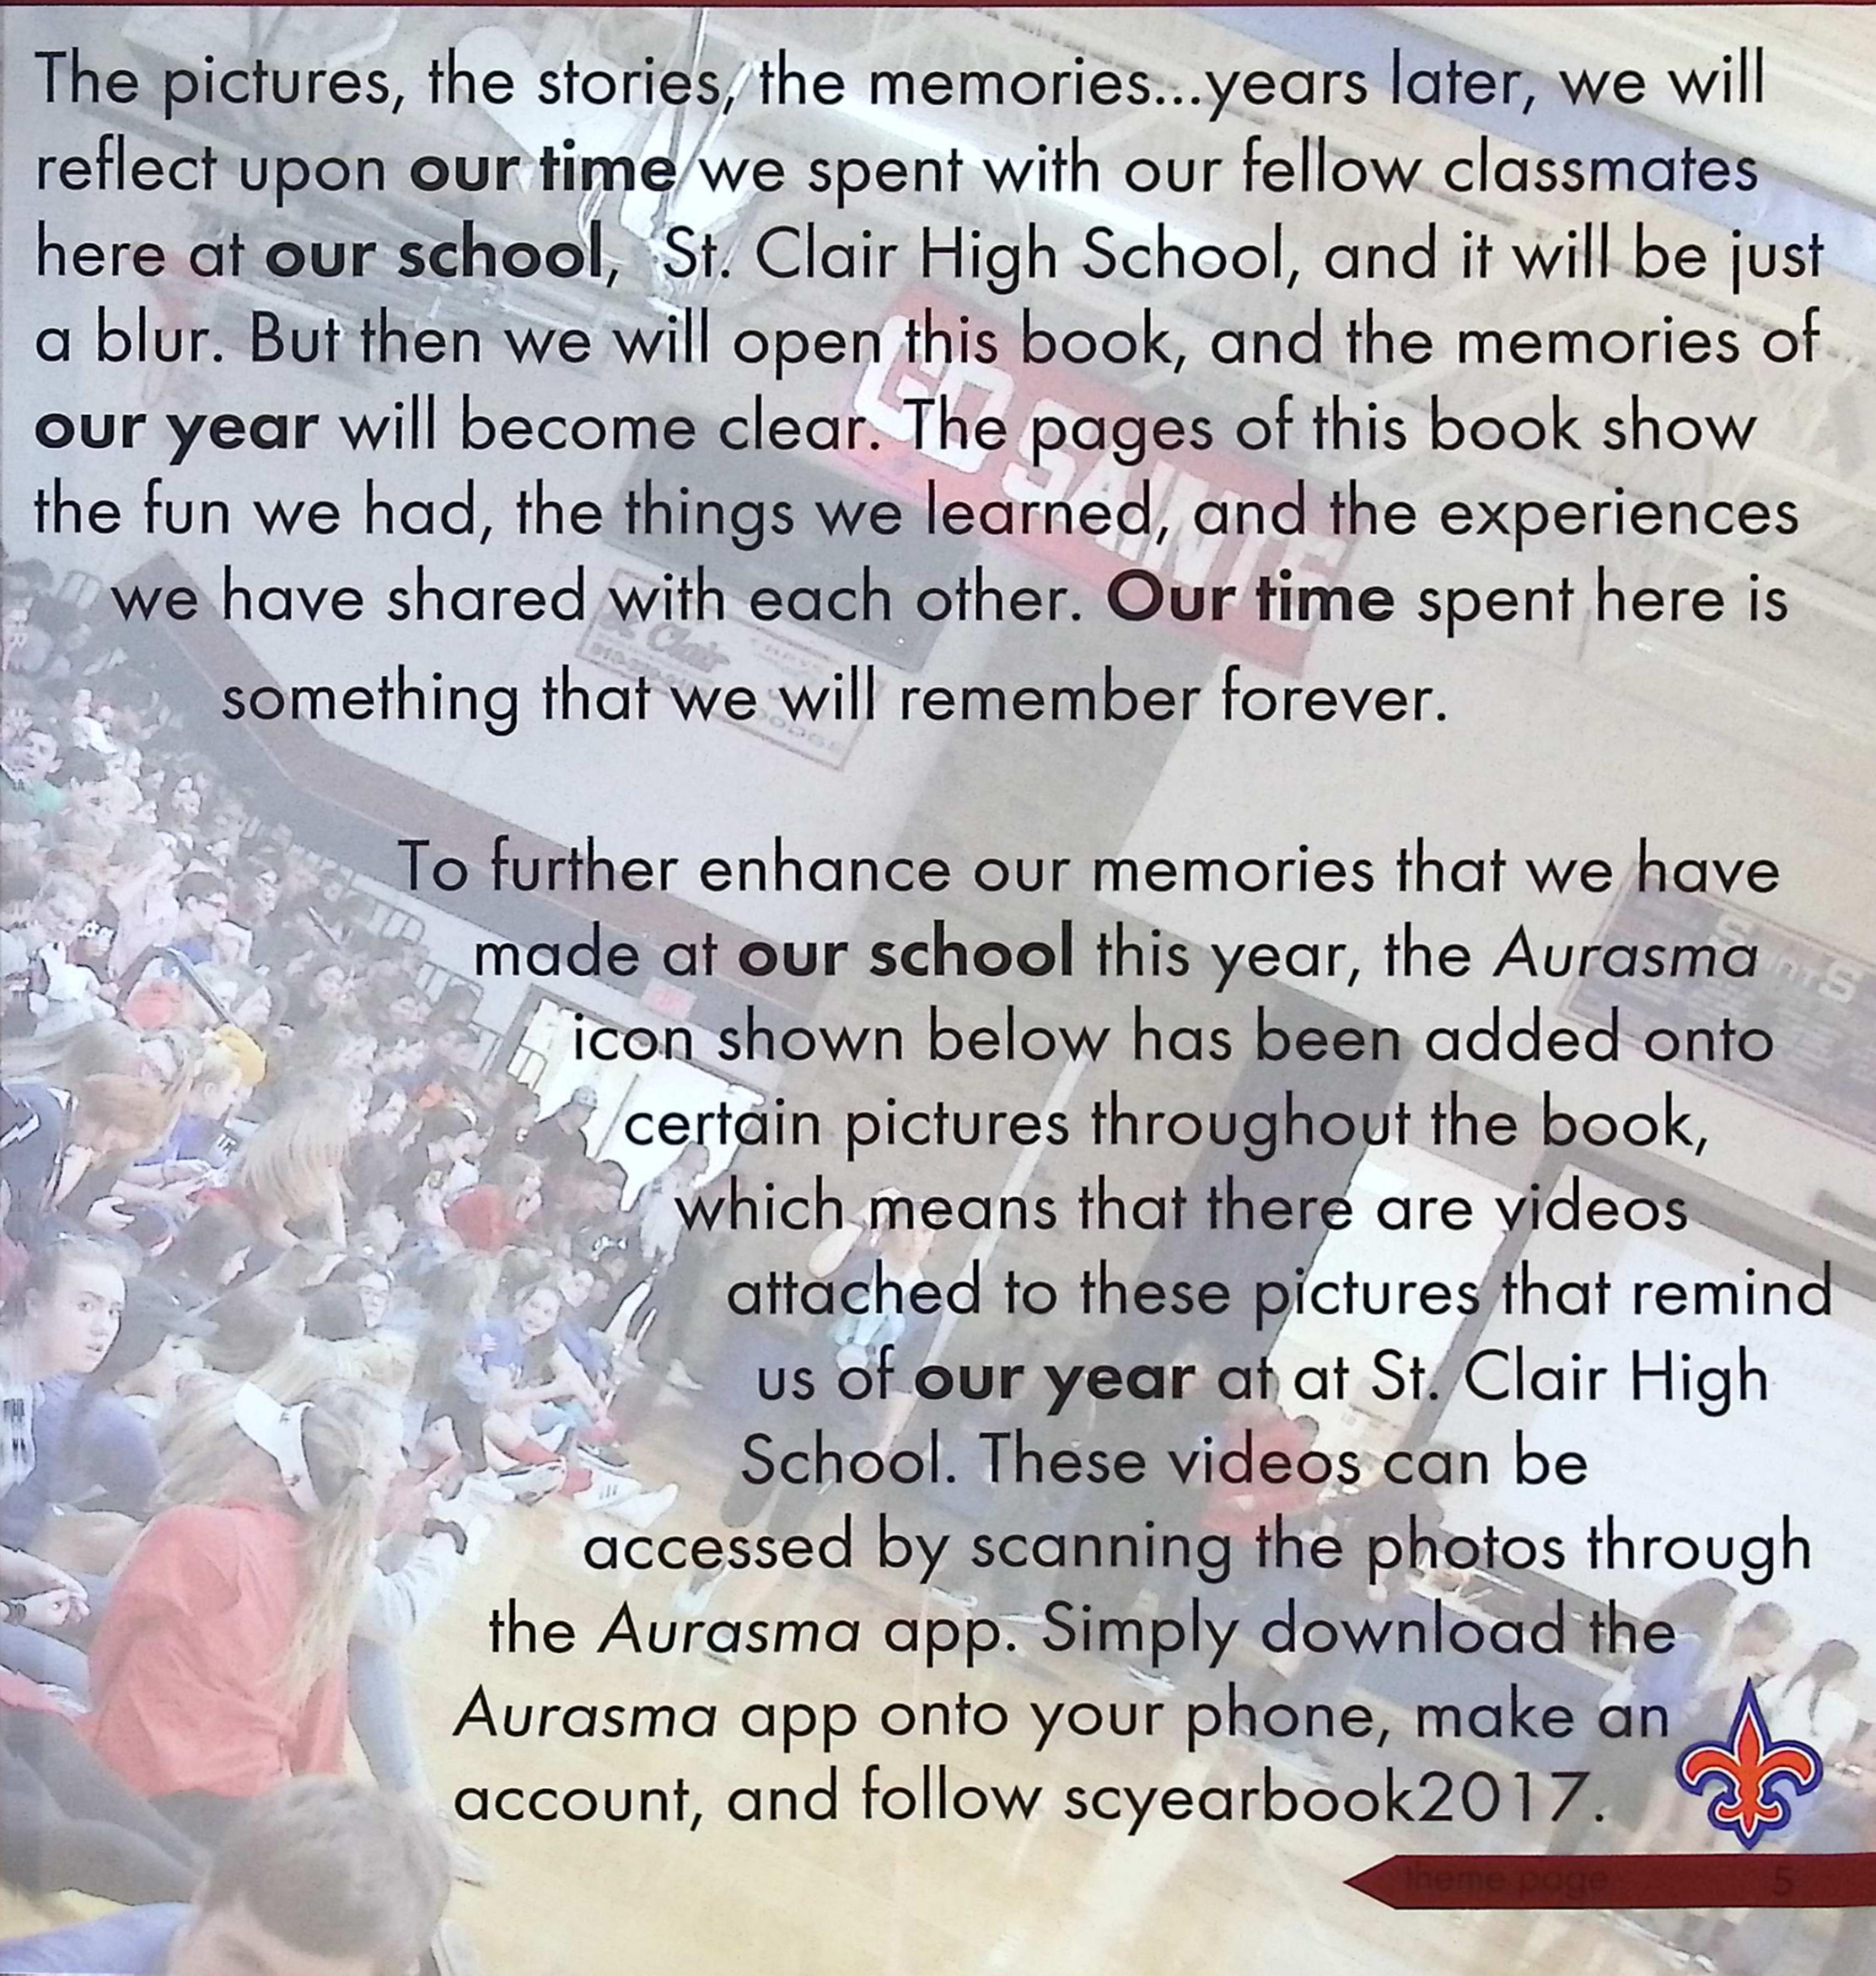
# OUR Time...OUR

# School...OUR Year



The pictures, the stories, the memories...years later, we will reflect upon **our time** we spent with our fellow classmates here at **our school**, St. Clair High School, and it will be just a blur. But then we will open this book, and the memories of **our year** will become clear. The pages of this book show the fun we had, the things we learned, and the experiences we have shared with each other. **Our time** spent here is something that we will remember forever.

To further enhance our memories that we have made at **our school** this year, the *Aurasma* icon shown below has been added onto certain pictures throughout the book, which means that there are videos attached to these pictures that remind us of **our year** at at St. Clair High School. These videos can be accessed by scanning the photos through the *Aurasma* app. Simply download the *Aurasma* app onto your phone, make an account, and follow scyearbook2017.

# SUMMER MEMORIES

**right:** "We were sitting on the boardwalk for the art fair. Our peace was disturbed by a Barbie doll that fell into the water, and then the doll's owner chased after it. My friend was about to take action when the girl's father tore his shirt off. He swiftly jumped from the rails, however he belly flopped. His scream echoed across the boardwalk, although he did manage to retrieve the doll ."

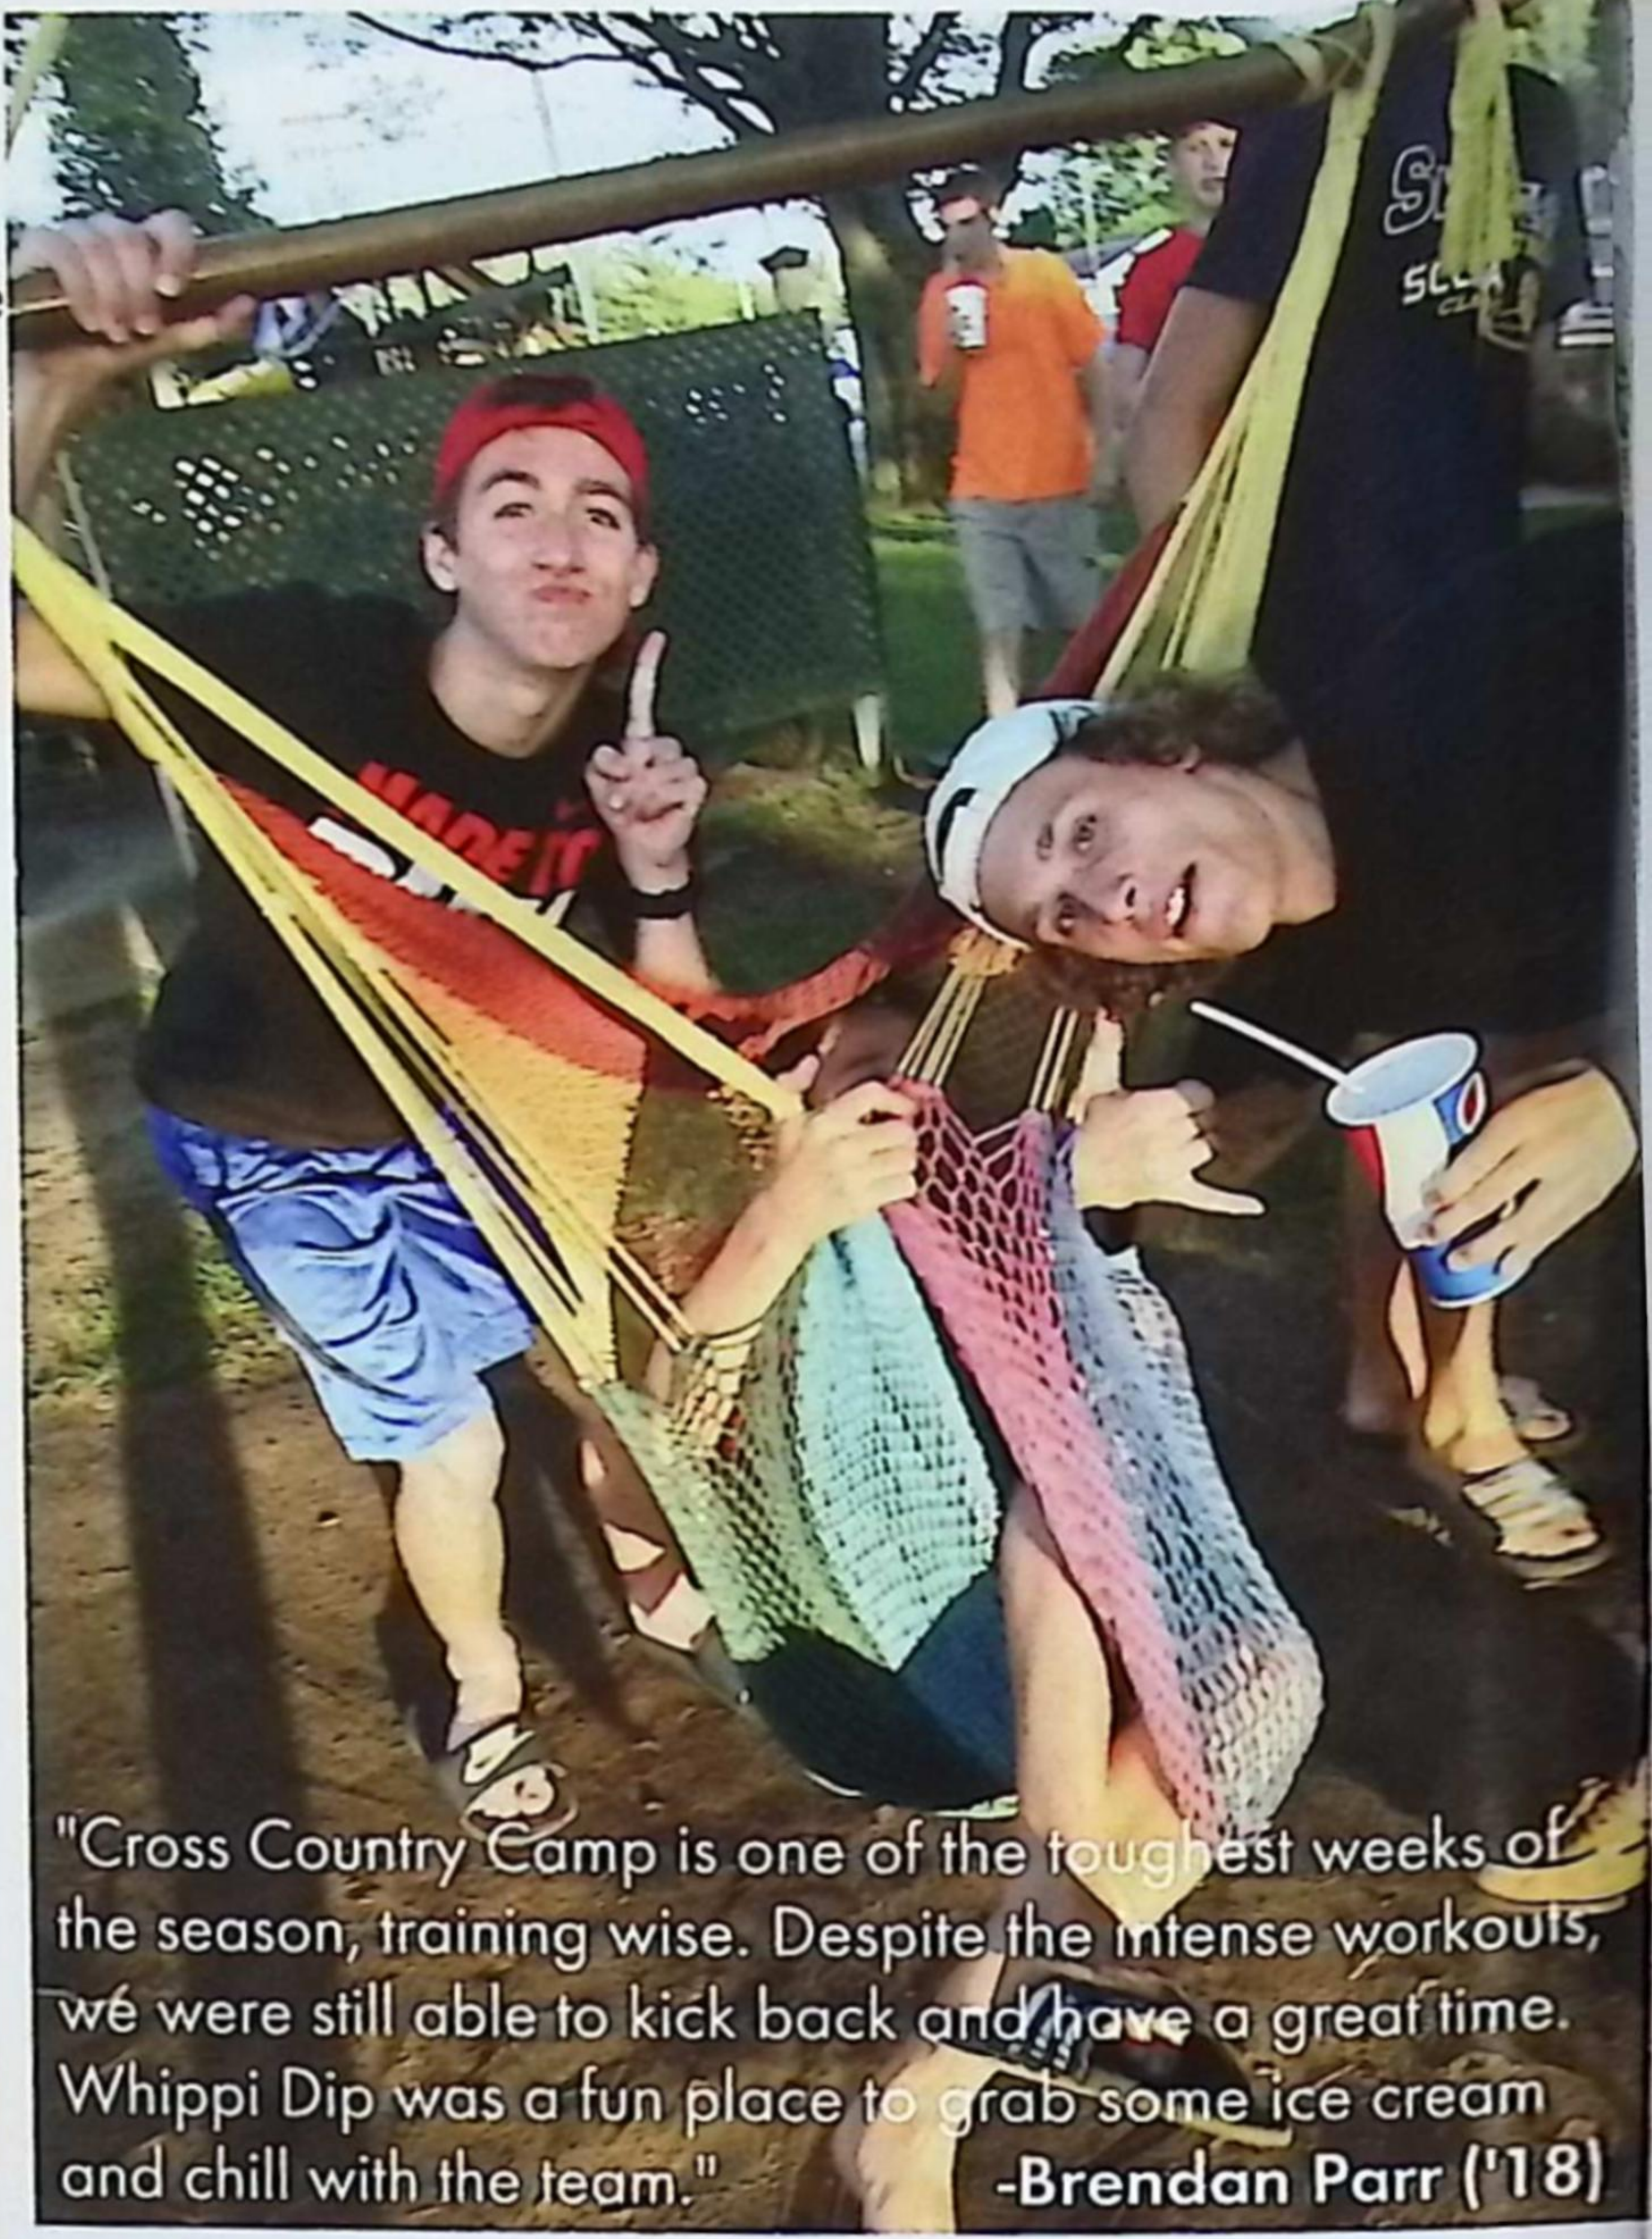
## *What expectations did you have for high school coming in as a freshman?*

"The thought of high school is intimidating, but I think I'll enjoy the freedom I will have here."
-Emily Melms ('20)

"I didn't really expect any changes coming into high school except more homework and taller people."
-Isabelle Agosta ('20)

# Here's the Scoop...

"I went to Yellowstone National Park with my family. That was probably my favorite part of summer because it was so pretty there and I had so much fun."
-Jessica Reincke ('18)



"Cross Country Camp is one of the toughest weeks of the season, training wise. Despite the intense workouts, we were still able to kick back and have a great time. Whippi Dip was a fun place to grab some ice cream and chill with the team."
**-Brendan Parr ('18)**

left: "It's hard being in both band and football, especially when Big 10 is the same week as band camp. It's work al day long, but it's worth it."
-Grant Davis ('17

**Kristy Kontowski & Maggie Wentrack ('18)**

## LEADING THE BAND

right: "Not being able to play my instrument was the hardest thing I had to do in order to lead the band. I miss it very much. I believe that I have taken the responsibility as a leader one hundred percent. I could not do it without the help of Mr. Volz and my fellow drum majors, Victoria Lakin and Samantha Redinger ('17). It takes all of us to make a successful band."
-Samantha Inwood ('17)

"Lily Kato ('19) and I have done so many things together throughout the years. One year we brought her with us when we went to the Dominican Republic and I made her go on the trapeze, even though she was afraid of heights."
-Lilliana Chappell ('19)

**Michael Landschoor ('19)**

"Horseback riding is my all-time favorite hobby because the bond between my horse and I is amazing. It's honestly the best feeling in the world."
-Grace Woytta ('20)

"At the Blue Water Sandfest, I was surrounded by giant, professional sand sculptures which inspired **Juliet Geck ('20)** and I to create a sandcastle of our own. I love building sandcastles because I get to be creative and make them my own way."
-Denver Gohr ('20)

"'You can catch flies with honey, but you can catch more honeys being fly."
-**Jace Loznak ('17)**

"**Kaylee Joachim ('19)** and I had a blast hanging out on the swan she got me for my birthday. I only wish summer wasn't over soon."

**-Anne Harris ('19)**

"Some of the best times in summer are on the boat, especially with my friends, like the Fourth of July. We went tubing, boating, swimming, and then downtown to watch the fireworks."

## Did you hang out with your friends a lot this summer?

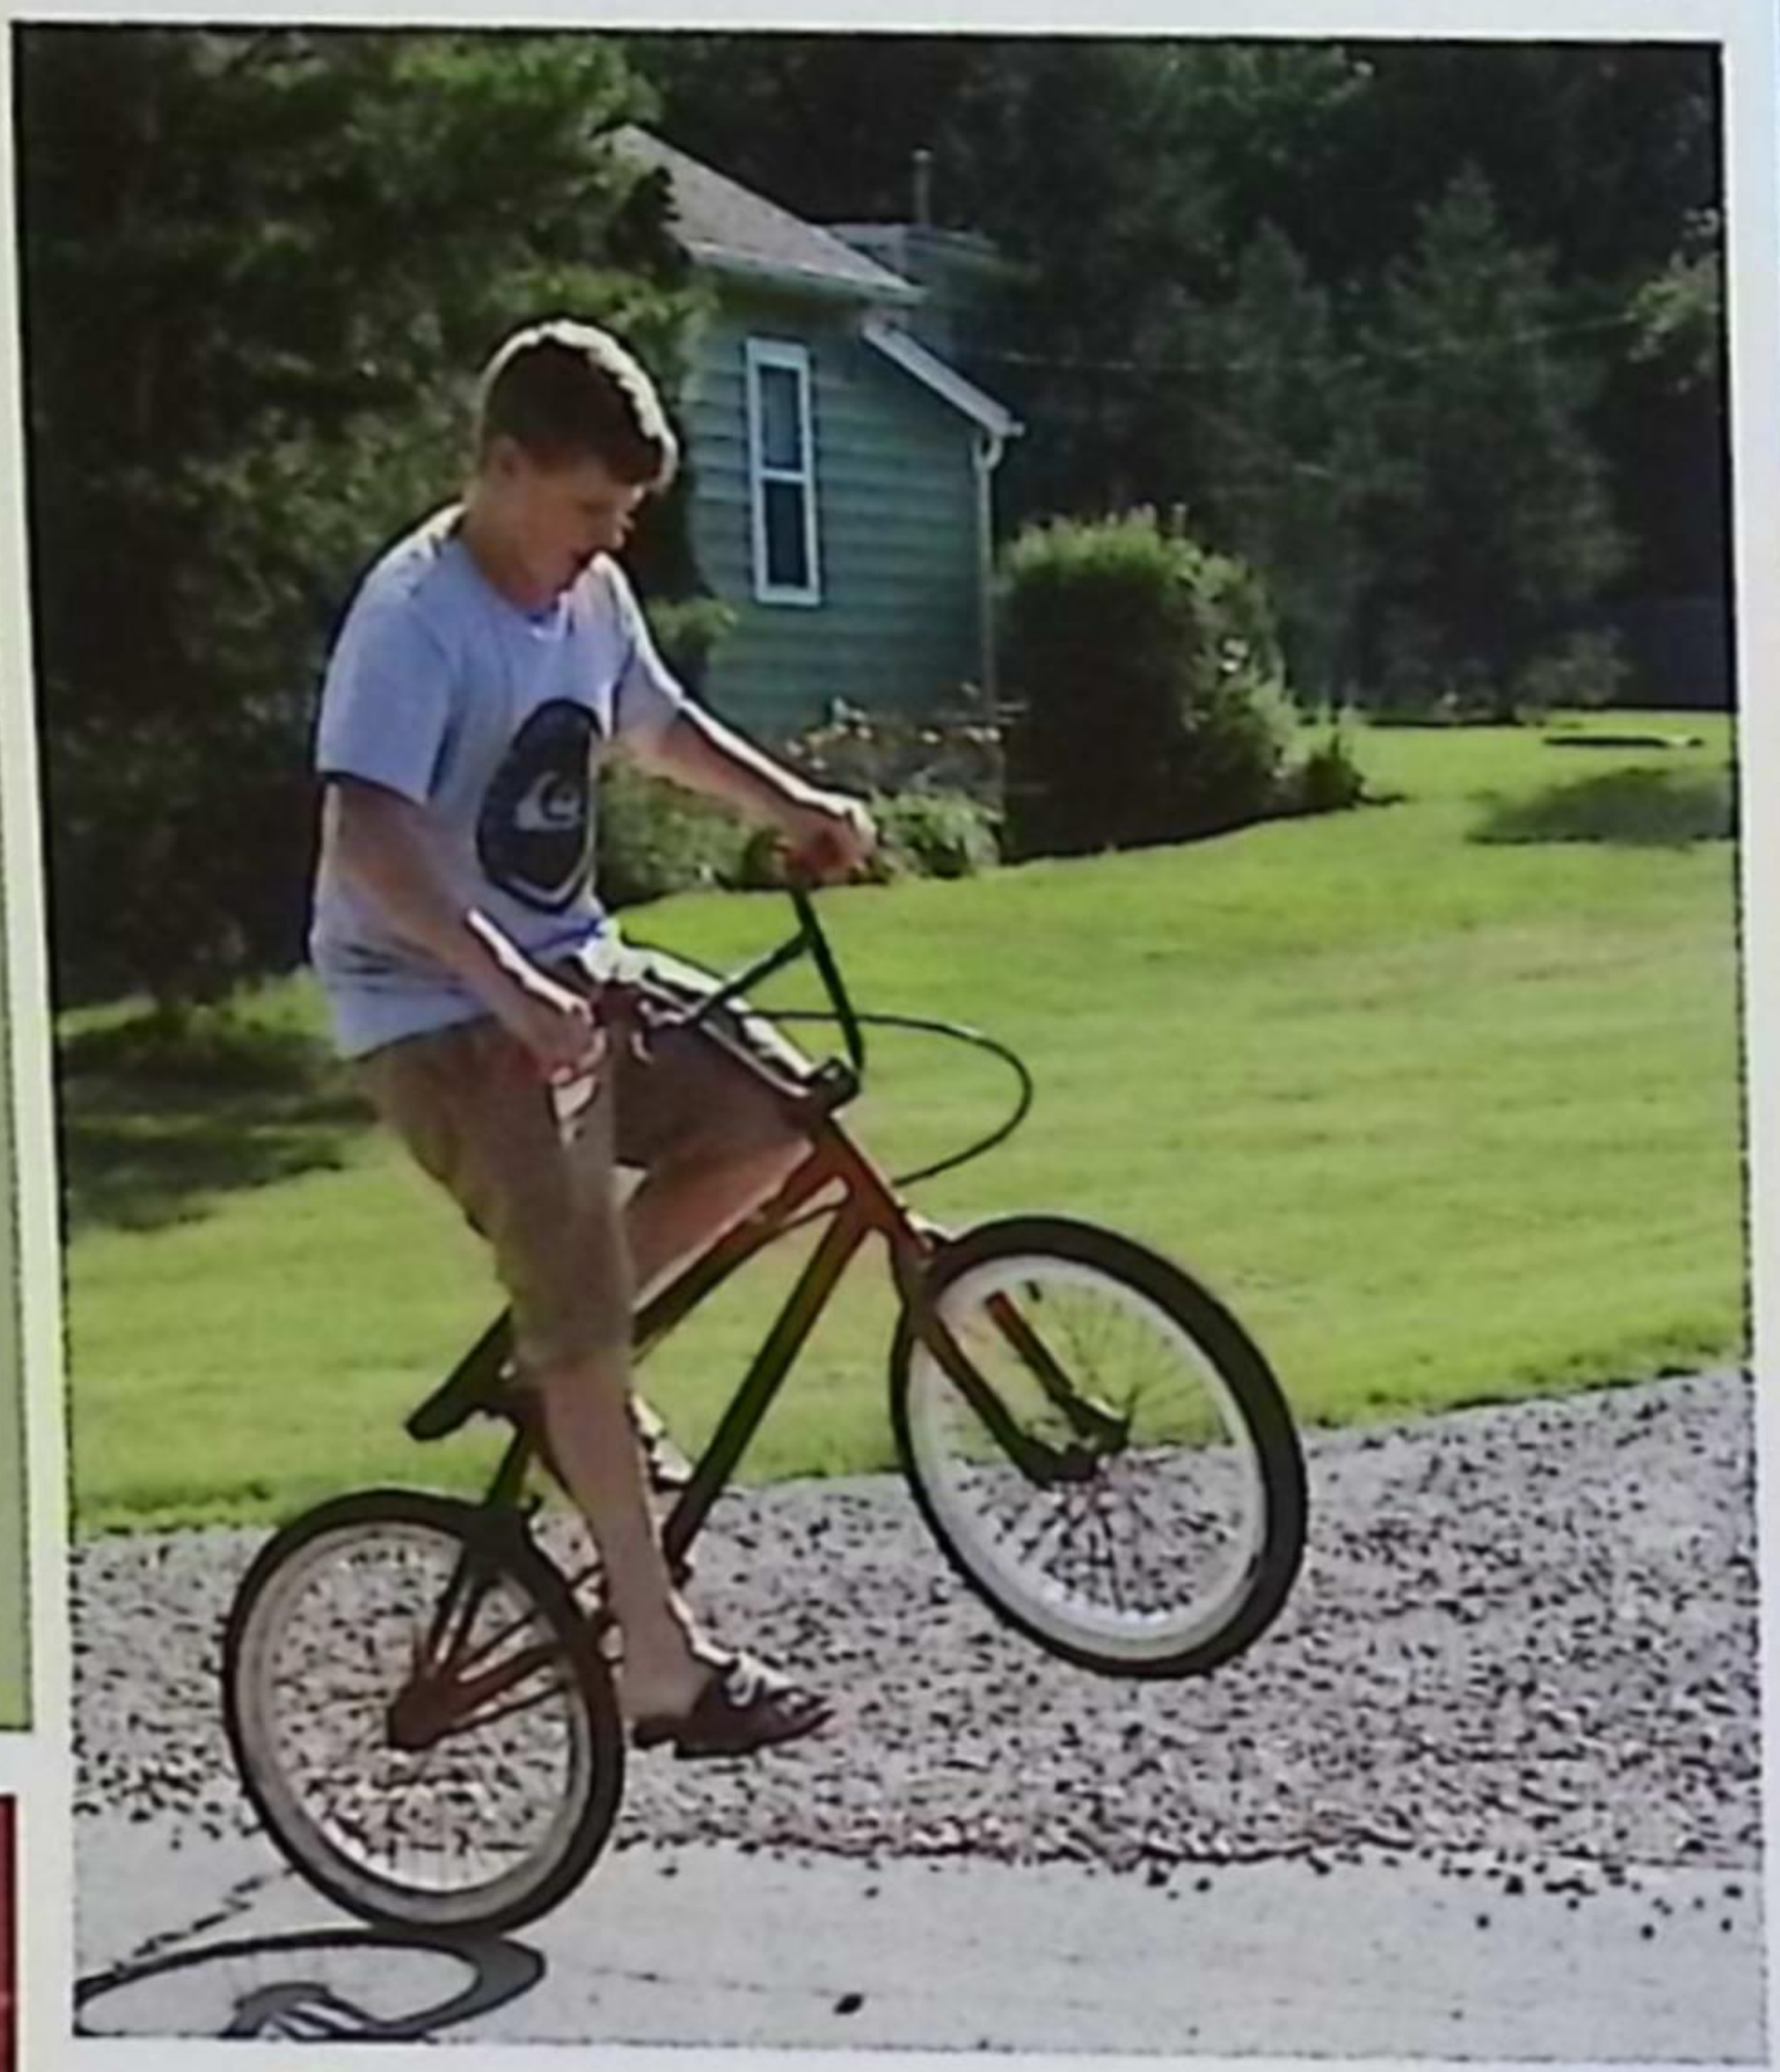
▼▲▼▲▼▲▼▲▼

"Yes, I had plans basically every day with friends!"
-Amelia Hamill ('19)

"Yeah, I jumped in the river a lot with friends and went to bonfires."
-Kylie Percha ('18)

**right:** "My favorite summer memory from my childhood was when my sister and I visited my cousins' house in Wisconsin, and we went to a store to buy Silly String. We got our silly string and came home and started to spray each other until we were covered. We soon realized that the Silly String was sinking into our skin, and it was car paint. The worst thing about it was we ruined our brand new bathing suits that we were wearing. To this day, my family and I look back on this incident and laugh about it."

-Megan Greig ('17)



**left:** *What was your favorite part of summer?*
"Riding downtown to meet up with my buddies and jumping i the river."
-Elisha Schweihofer ('2

**above:** "I love dancing for so many reasons; one is that I can throw all of my emotions into a dance and bring a piece of music to life! When I'm home alone, you'll probably find me in my kitchen choreographing a song while making food!"

"The best part about having teammates is the friendships you build from being around them, supporting them, and helping them when they need it most. All of these are very important to me, especially in sports."
-Matthew Arrogoni ('20)

"Band camp can be exhausting, but hanging out with my band friends every day helps to keep my spirits up, which helps them stay positive too."
-Alana DeMars ('17)

"Everyone wouldn't stop complimenting me on my chalk drawings. For a while they refused to even step on the stairs!"
-Jessi Rhein ('17)

Vanessa Vernier ('17)

**left:** "This summer I went to Montego Bay, Jamaica. It was amazing! I met so many new people and it was my first time out of the country. I got to swim with dolphins, climb some pretty rockin' waterfalls, and I rode a camel named Rooster. We're already planning on going back!" -Sam Dodson ('19)

I started running cross country when I was 11, and I have continued ever since because of the friendships I have gained rom it. Training with the high school team has been harder than anything I have ever done in this sport before."

-Kate Bunting ('17)

Keyli McGuire & Mackenzie Buslepp ('18)

"Our annual camping trip is something I look forward to every summer, but this trip had a few rough patches. I scratched my cornea on the way up, temporarily blinding me when something flew into my eye, then we found a frog hopping around in our tent at 5:00 am. To make things worse, our tent flooded after an overnight downpour, forcing us to sleep in the seats of our car. To top things off, I got poison ivy two hours into our kayak trip and it rained four of the five hours. Also, you never really appreciate cell phone service until you have to walk up two huge hills to get a signal. Even with these difficulties, we made the most of our time and had a blast!"

# WELCOMING THE CLASS OF *2020*

*What were your thoughts/feelings as you were being welcomed into the school?*
"I was excited, and walking through the tunnel made me happy that I was finally going into high school." **-River Palumbo ('20)**

**left:** *What advice would you give to incoming freshmen?*
"As cliché as it sounds, I would say to not be afraid to ask your teachers for help when you need it. It always proves to be beneficial and it will seriously help. Not everyone understands everything, and that's not a bad thing." **-Lily Wutzke ('18)**

"My favorite memory with this group of girls was when we went to a concert this summer. We all went out to dinner and got ice cream before the concert started, and once we got there we realized we didn't know any of the words to the songs. **Claire O'Neil ('19)**

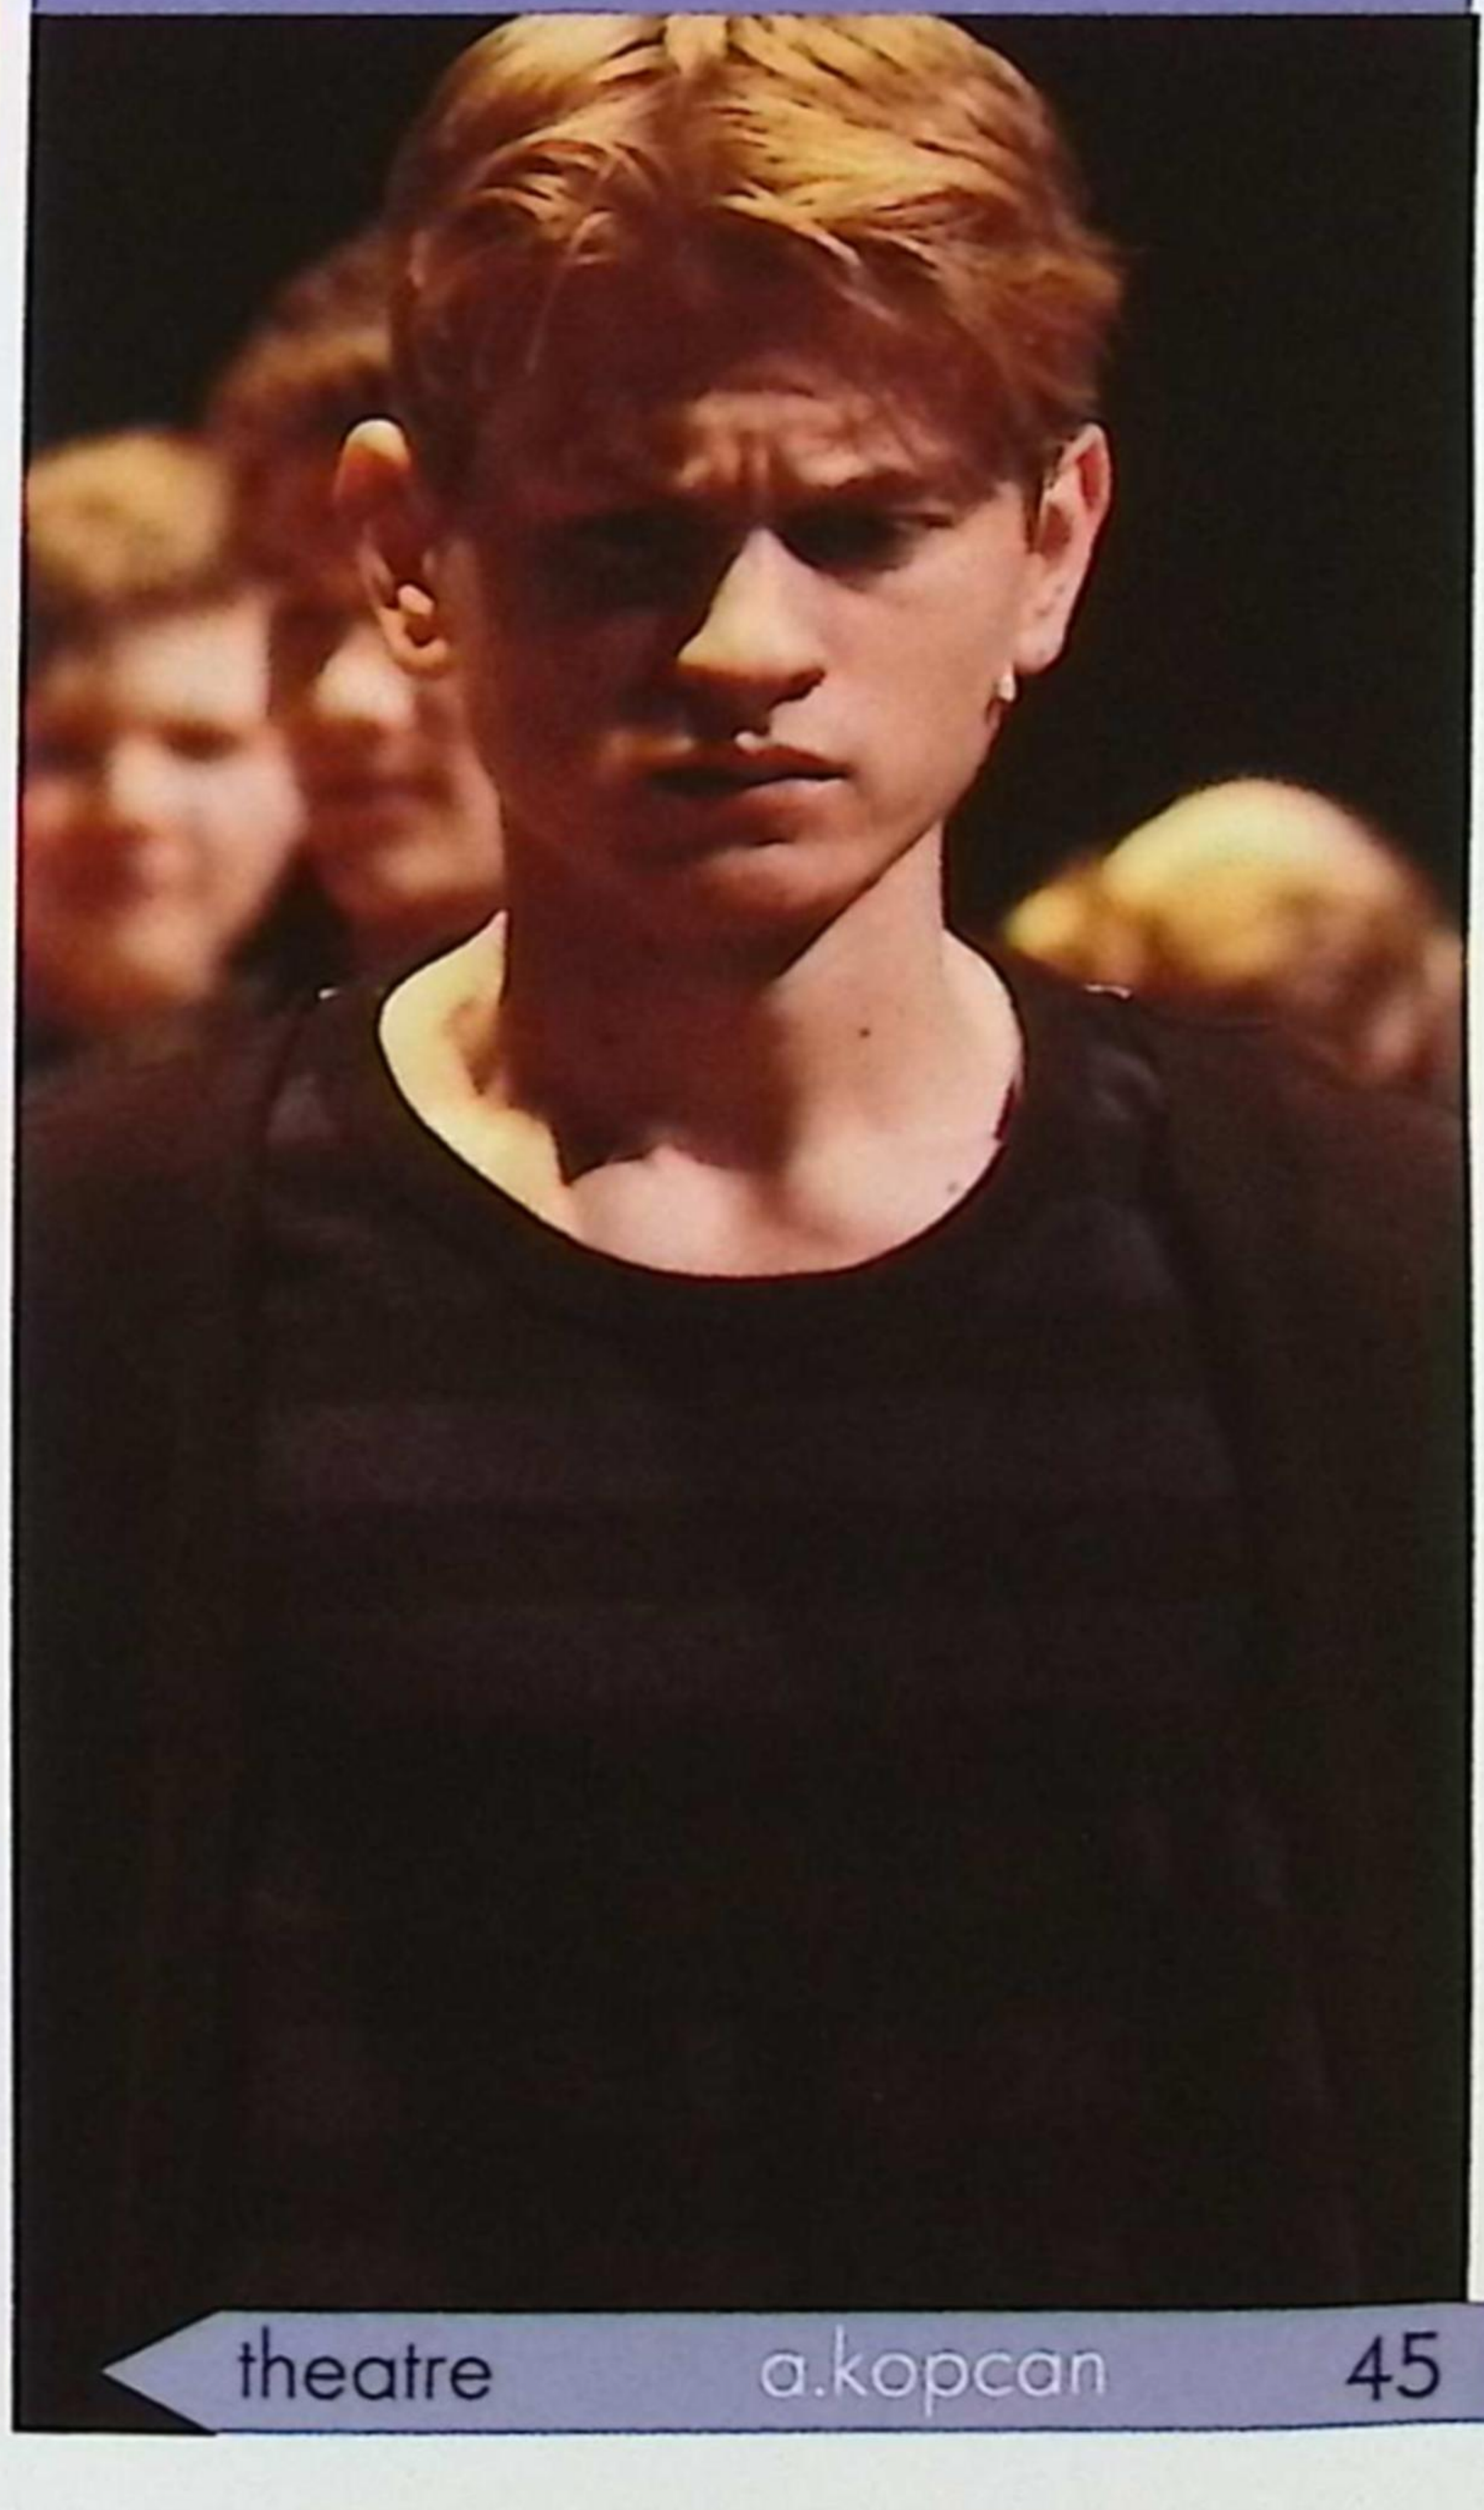
"Being a lead was an amazing experience. I got to interact with so many talented people, and I would have never had that opportunity if I was not a lead. I loved all of the memories."

**-Kassie Dunaj ('18)**

"Theatre has been a place of solace for me since the fifth grade. I witnessed people come and go, and I have had the honor to meet so many talented peers. I hope to enjoy more years of people becoming brilliant performers."

**-Eamon Eberhard ('19)**



## What is the hardest thing about being in theatre?

"The hardest thing was when the show ended because I enjoyed every moment of it." **-Luke Heid ('19)**

"Any time we have multiple shows in a day it is very tiring. Performing the first show is already difficult, and then finding the energy to do it again with the same quality, can be hard. Relaxing between shows helps replenish energy." **-Mackenzie Kapanka ('17)**

"The songs we sing make the day much more fun and upbeat. The sound, beat, and rhythm of the music is the main reason why I joined this amazing class. Music will forever be a part of my life."
-Sarah Green ('19)

"I started band when I was in sixth grade, but I've been taking private lessons since I was seven. The fact that the band goes on trips is another reason I was interested in the class. For example, my senior year, I get to go to Disney World for a week with my band class, and the Disney trip only happens every four years. Also, I like to make friends and show people that I can be a leader." **-Cheyenne Cadreau ('19)**

"My favorite instrument to play is the bass clarinet. I chose this instrument because a very close family member picked it out. The instrument means a lot to me and so does the beautiful sound it makes."
**-Hannah Jamison ('20)**

**Samantha Inwood ('17)**

**left:** "My favorite thing about band is learning all of the marching drills that make up our halftime show. We put an unbelievable amount of effort in throughout the marching season, and watching it all fall into place, just before the band festival, feels really good." **-Joe Morgulec ('20)**

"What I enjoy about band the most is watching the progression of the works of music we play. There is nothing more exhilarating than hearing 200+ kids start out sounding terrible and then sounding perfect at the MSBOA competition. If band changed anything for me, it's my leadership skills. Pushing through the years has been rough on me, but now I'm in my prime years of playing music. It's an honor to be able to teach and lead younger players." -Kanon Brooks ('18)

"This season, **Laikyn Kulman's ('18)** mom made us shirts that said on the back, 'start unknown, finish unforgettable'. We used this phrase to motivate us, and we ended up putting the words 'finish unforgettable' into the very end of round three so we could make sure we left our mark. We wanted to be that small town school team that left everyone amazed and surprised."

-Allie Dunaj ('20)

"Round three is my favorite round because I get to fly and that's my favorite part of cheer. Also, because I get to tumble!"

-Kylie Percha ('18)

"Towards the end of this season, I guess you could say that I had a stroke of bad luck while preparing for one of our biggest competitions, districts. I was so excited for it, and we were expected to get first place and take home the district title. When we got to the competition, we went through round one and then timed our jumps. The first jump went well, then we turned to the side to do a different jump, a hurdler, and as we turned I noticed that I was too close to **Laikyn Kulman ('18)**, who was in front of me. When we jumped, we hit feet while in the air and I lost my balance and came straight down on my arm. As soon as I landed, I just screamed 'no, no, no', because I knew it was broken. I was so upset because I wanted to compete so bad. The athletic trainer said I had to leave as soon as possible to go get X-rays. Luckily, we had extra people to step in and take my spot. Even though we expected to get first, my team ended up taking third place and advancing on to regionals."

*What prior cheer experience do you have? How has that experience helped you get on varsity as a freshman?*

It prepared me by exposing me to what it was like to be on the mat performing in front of a lot of people, and it showed me how much pressure it is. I love pretty much everything about cheer, including the pressure! I would say my favorite aspect is probably gymnastics because of the feeling you get when you can finally throw a new skill; it is the best feeling in the world.”

## In His Element

*What made you decide to teach AP Chemistry?*

"Over the past eight years at SCHS while teaching chemistry, I saw a need for an upper-level chemistry course for students to be better prepared for their post-secondary endeavors."

*How is teaching an AP class different from a regular one?*

AP Chemistry moves at a much faster pace and is taught at a level that assumes students have a strong science and math background. Students must be more motivated and independent learners in many aspects."

*So far, what has been the most challenging thing about teaching AP Chemistry?*

As a teacher in a first year AP course, the most challenging part of the course thus far is relearning content and deciding on proper pacing and techniques to help students succeed."

*Why did you become a teacher?*

Aside for having a passion for science in general, having a connection with students that helps guide them to be the best they can be, in all areas, is an honor.

*Do you think learning Chemistry will help students in the real world? How so?*

AP Chemistry will help students in the real world by teaching each of them to be self-disciplined, goal-oriented, and to have the confidence to achieve success even when goals seem unattainable."

-Mr. Perrin

## Born to Hunt

"It just happens that my birthday falls on November 15th, which is the first day of deer season. However, bow season starts on October 1st. When the season begins, every year I quickly go home, put on my camouflage, and head out with my crossbow. My hunting blind is only a couple miles away from home, which makes it convenient. Sitting and being a part of nature is just as important as the hunt. Being out in the woods allows me to clear my mind and enjoy the outdoors. Last year, I shot my first buck and I also shot a doe. I highly suggest enjoying the beauty of something that doesn't cost money and is available to everyone. It's something you can do with a camera, a bow, or you can just sit outside and observe."

## *You Can't Go Through Life Without Goals*

ave played hockey since I was five years old. I was first inspired to play ckey when I would go to my brother's games as a little girl. I watched him play d realized that I wanted to play too. I started playing travel hockey at seven ars old. I played on a boys team called the Blue Water Stars until I was 12. At e 12 I became more serious about hockey and moved on to a club team led Little Caesars. In addition to Little Caesars, I also play for the Girls U15 ted States National Team. Hockey has become one of my biggest passions.

My role model is Kendall Coyne, who coached one of my select teams and is a player on the United States National Ice Hockey Team. Some of my greatest achievements as a hockey player are that I won States with my team one year, attended Nationals twice, and I have been invited to the National Development Camp twice. I want to continue playing in college, hoping to attend Wisconsin with one of my best friends that plays hockey as well."

## Switchin' Schools

*What's a major difference between SCHS and Immaculate Conception?*

"The biggest difference is that we were not allowed to wear normal clothes; we had to wear uniforms. Another big difference is that there are a lot more assemblies at SCHS. I think we have already had as many assemblies this fall as we had throughout the whole year at my old school."

*What is something you like about going to St. Clair High School?*

"I like that the teachers are really cool here. My favorite teacher is Mr. Fox because...he is Mr. Fox. He is pretty cool and funny."

*What don't you like about going to St. Clair?*

"I do not like the flies, they seem to be all over the place."

*What was the biggest change between schools?*

"I think that the biggest change for me was the amount of people There was one hundred and fifty people in my whole school last year, and now there is more than that in just my grade. It was hard get used to it. Although I love the amount of people because there more opportunity to make new friends." -Elizabeth Gucc ('20

## When Parents are Away, I Save the Day

Myy best job this summer was abyysitting. I watched three ds and they were always ell-behaved. We would aways find a way to turn a oring day into something fun. We eended up watching a oviee every time I was over d then that turned into a dition. Another thing I member was spending most a whole hour trying to t the dog back in the house er she escaped when we d to go play outside; it was haotic day. Overall I uldn't have wanted any her summer job, it was the t one yet!"

## Dedication, Motivation...

"I moved here from Marine City for sports, mostly baseball. I knew that I wanted to move to St. Clair in eighth grade, but I went to Marine City as a freshman while I worked out the details. I love baseball, and when I play it makes me feel good. My most defining moment was when I was eight and I hit my first home run. I plan on continuing my baseball career while playing in college. I am very happy that I was able to move to St. Clair, but I do miss things from Marine City sometimes. I miss all of the friends I left behind, but at the same time I have made so many new friends here. The friends I've made through sports, that go to St. Clair, have helped me transition to SCHS by introducing me to new people. This year my goal is to do well in baseball and get good grades. My parents have had the biggest impact on my baseball career because they take time out of their days to drive me everywhere, and by doing that, they have helped me accomplish my goals."

## Small School, Big Changes

"I went to St. Mary's School from kindergarten through 8th grade, but after coming to St. Clair High School, I now realize how different it was there. I went from a graduating class of seven to one of almost 200, and that was a big adjustment. Coming from that, to a place where I didn't know any of the teachers or students was weird because I knew everyone at St. Mary's. It was crazy! I don't think private school has held me back though, because it was harder to get an A at the private school, so I feel I was pushed harder academically. The easiest part of readjusting was probably the school work. As far as the social aspect, I don't think I was prepared because at a private school I was in the same classes all day long with the same kids. Also, I had the same teacher two or three times a day, which is not at all how it works at a public school. Educationally, at St. Mary's I didn't have a choice in my schedule, but at the high school I can choose what classes I take, to a certain point. St. Mary's also did not have as many extracurricular options or sports. I am a lot more involved with dance outside of school because of this. I only played volleyball and basketball for St. Mary's, so I was able to be a lot more involved outside of school. I was also able to be more involved in things like community service programs through the school. I definitely wouldn't go back to change my private school experience because I learned things that simply can not be experienced anywhere else." -Camille McLeod ('19)

## Hidden Treasures in Peru

"My family and I decided to take a trip to Peru this past summer because we all love hiking and we wanted to see Machu Picchu. We went on a five-day long journey along the original trail the Incas traveled to get to Machu Picchu hundreds of years ago. There were different spots along the trail where we set up camp. The best one was on the peak of a mountain looking out above the clouds. Learning about the different cultures was definitely my favorite part about my trip to Peru. The way they lived was completely different; learning about their life in poverty was sad, but that way of living was normal to them. They did not see it as poverty, they saw it as everyday life. All of the different foods were really cool. We ate different kinds of fish and meat, plus a lot of rice which was awesome because I love rice. A funny moment while I was in Peru was when we were camping, I was trying to get out of my tent and I tripped over a cord and fell on top of my dad who was in the tent next to me! Overall, my experience to Peru was amazing; I give it a ten out of ten!" -Maggie Wentrack ('18)

## *New Opportunities Make New Memories*

was homeschooled from kindergarten to 3rd grade. I liked being homeschooled, at the same time I missed out on a lot of memories that my friends have. My m was my teacher, and she did give me homework, but thankfully not as much other kids. My parents decided to homeschool me because they wanted me to ve a jump start on our education and have a different experience from everyone e. They also wanted to be able to travel where we wanted to, which was cool. dly, I could not stay in my pajamas all day because my mom made us get essed every morning. I definitely like high school much more than being meschooled because in high school I have the opportunity to make memories d share experiences with my classmates."

## Positivity is the Key to Success...

"I played travel softball over the summer for four hours every weekend until August, it was very tiring. I've played softball for eight years, and I've played travel softball six of those. The positions I play are short-stop, third and second base, left field and catcher. Something that I do before I get ready for my game is listen to my jams. The team I play on is the Michigan Bulldogs, and I've been on that team for four years. Over the years, playing softball has taught me that you should always keep your teammates in a positive mood. At college exposure tournaments you always have to keep your head held up high and play at 100%. My favorite thing about softball is spending time with my teammates, one time one of our games was rained out, so while we waited we for the rain to pass we sat on the grass and played Duck, Duck, Goose and played some music and danced all around."

## Megan Greig

*Megan,*

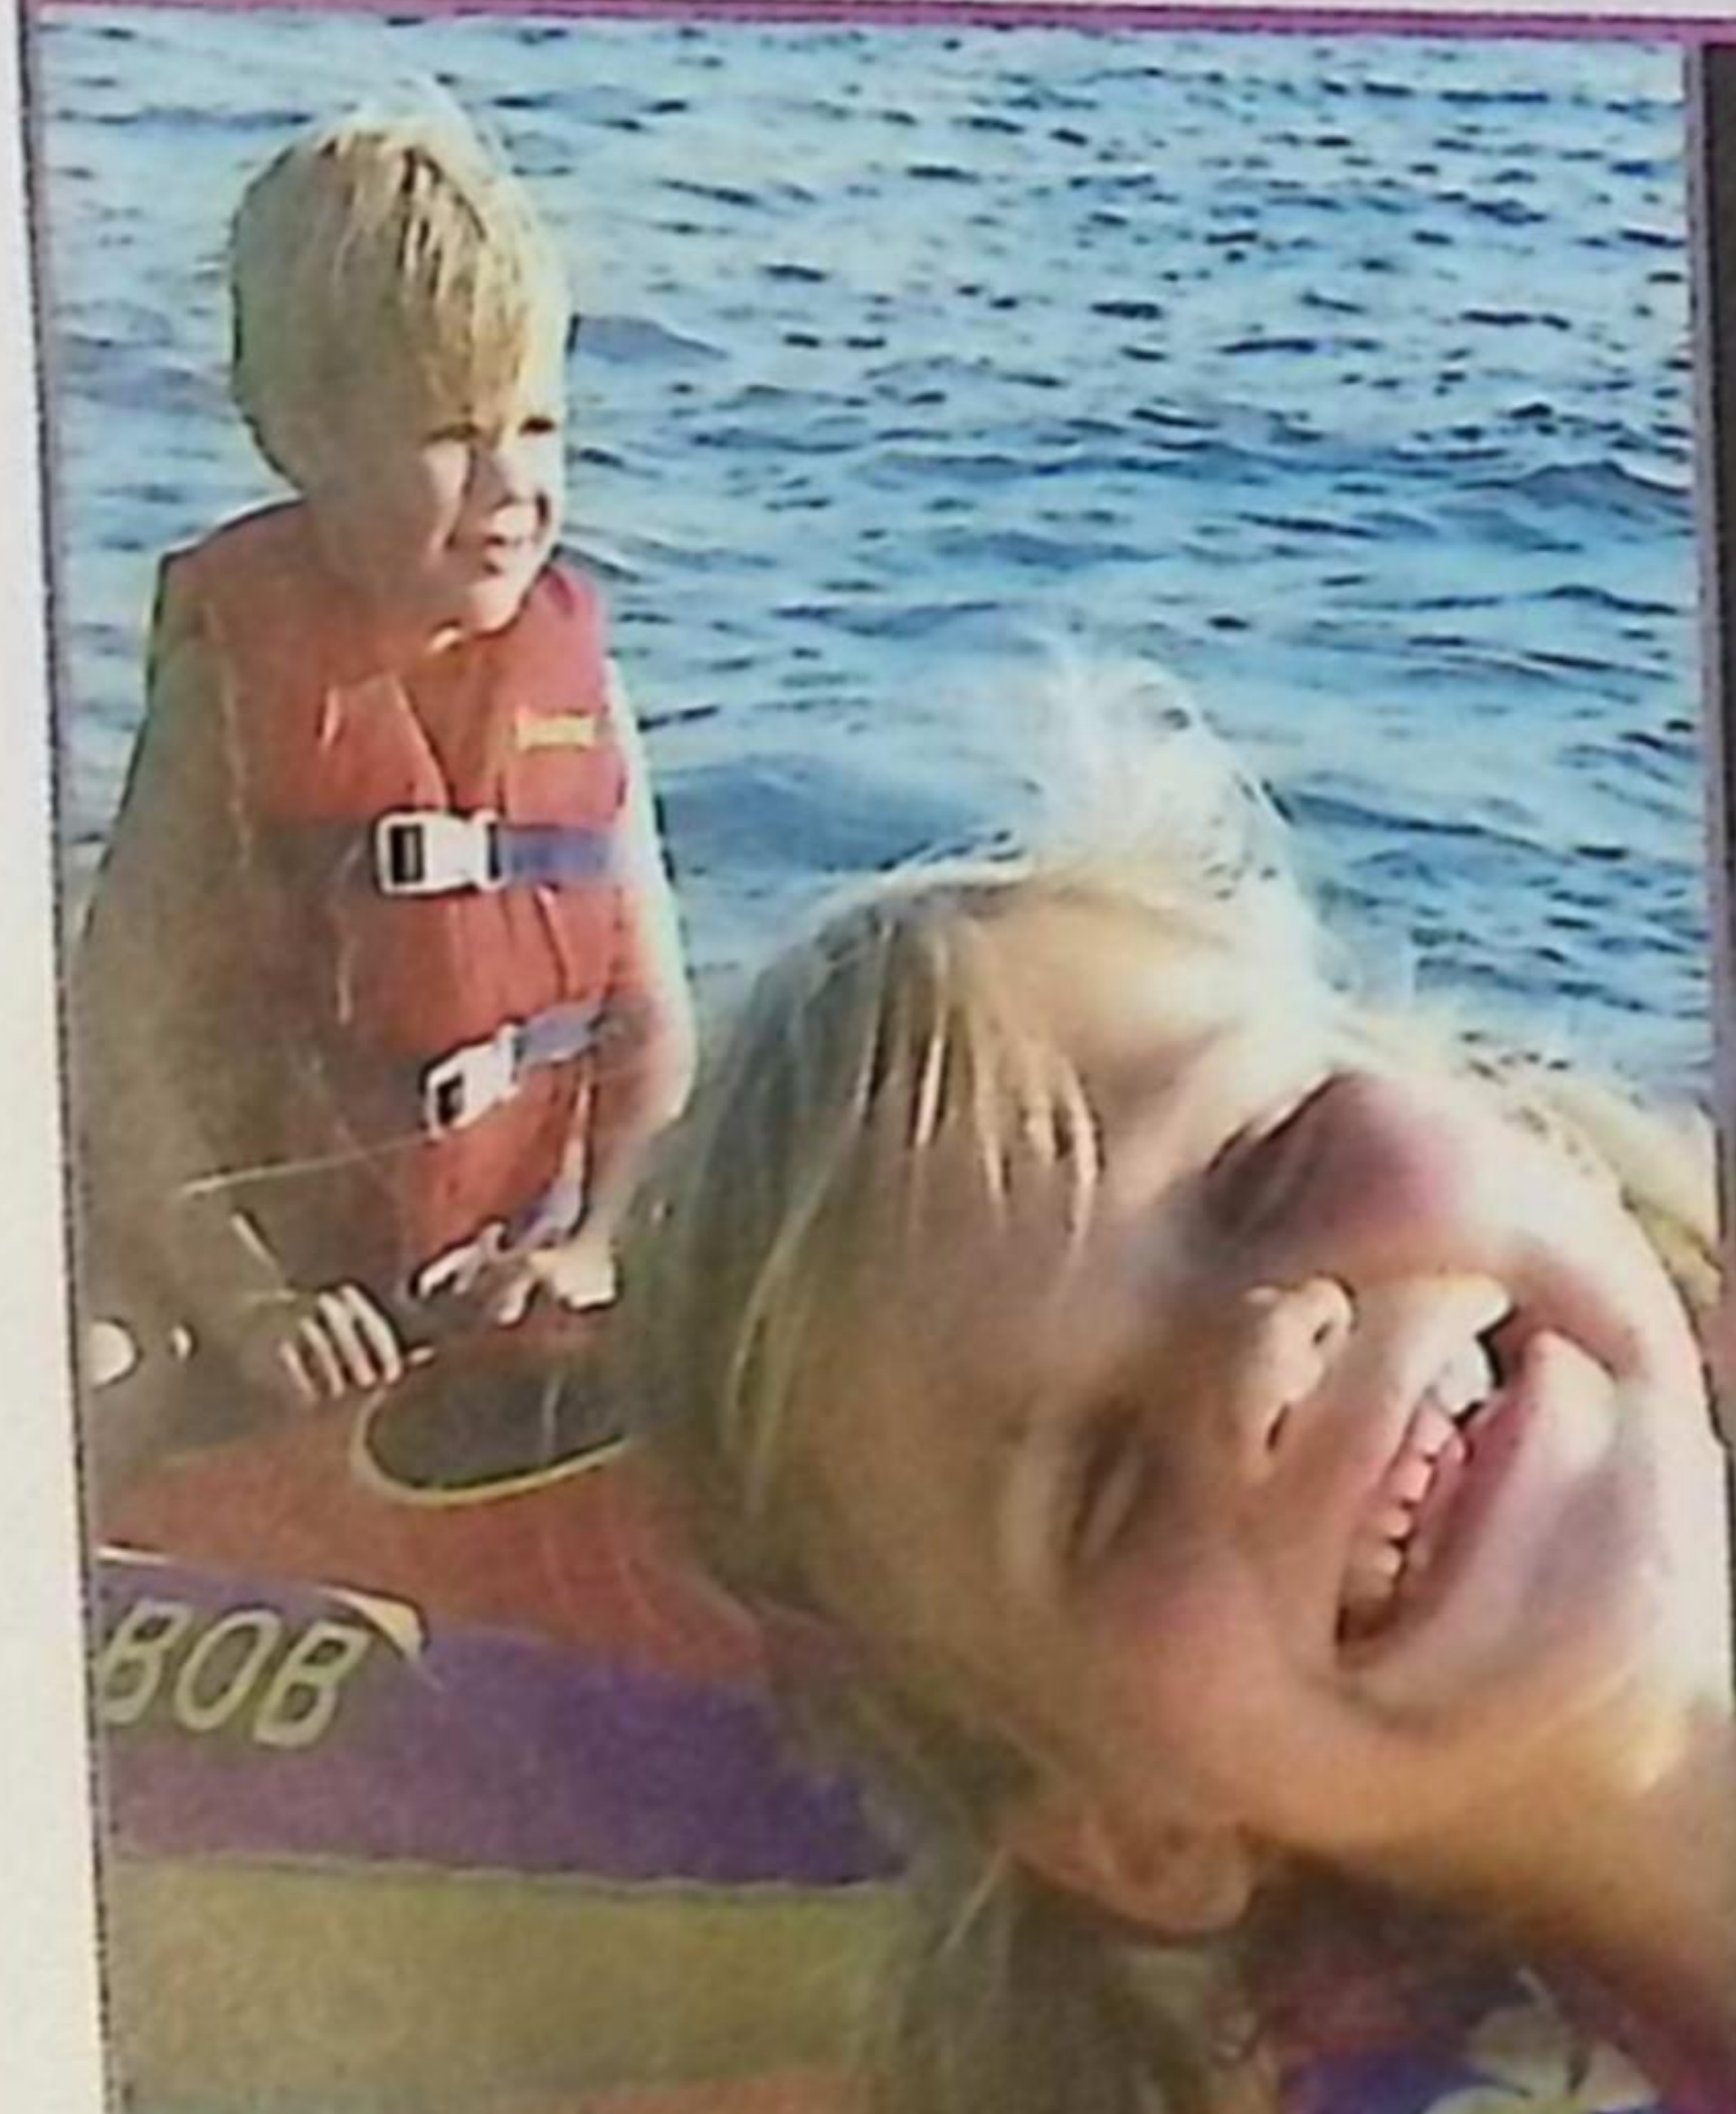
*You are my Sunshine!...*

I remember singing this to you when you were just a little girl. This song exemplifies all that you have brought into our lives! Keep the sun shining bright in your life and you will accomplish all that you set out to do. We are so very proud of you and will always love and support you as you continue on your new journey! Remember to keep strong your Faith, for when you walk with God, He will carry you at times when you need Him the most!

*With all of our love & hugs,*
Mom, Dad, Miranda, & Trevor

## Molly Reuba

My strong-willed girl has blossomed into a beautiful, confident young woman. You light up a room with your giving spirit, loving personality, and amazing smile. Your determination and drive to succeed will take you places beyond your dreams! **May God always be your guide.**



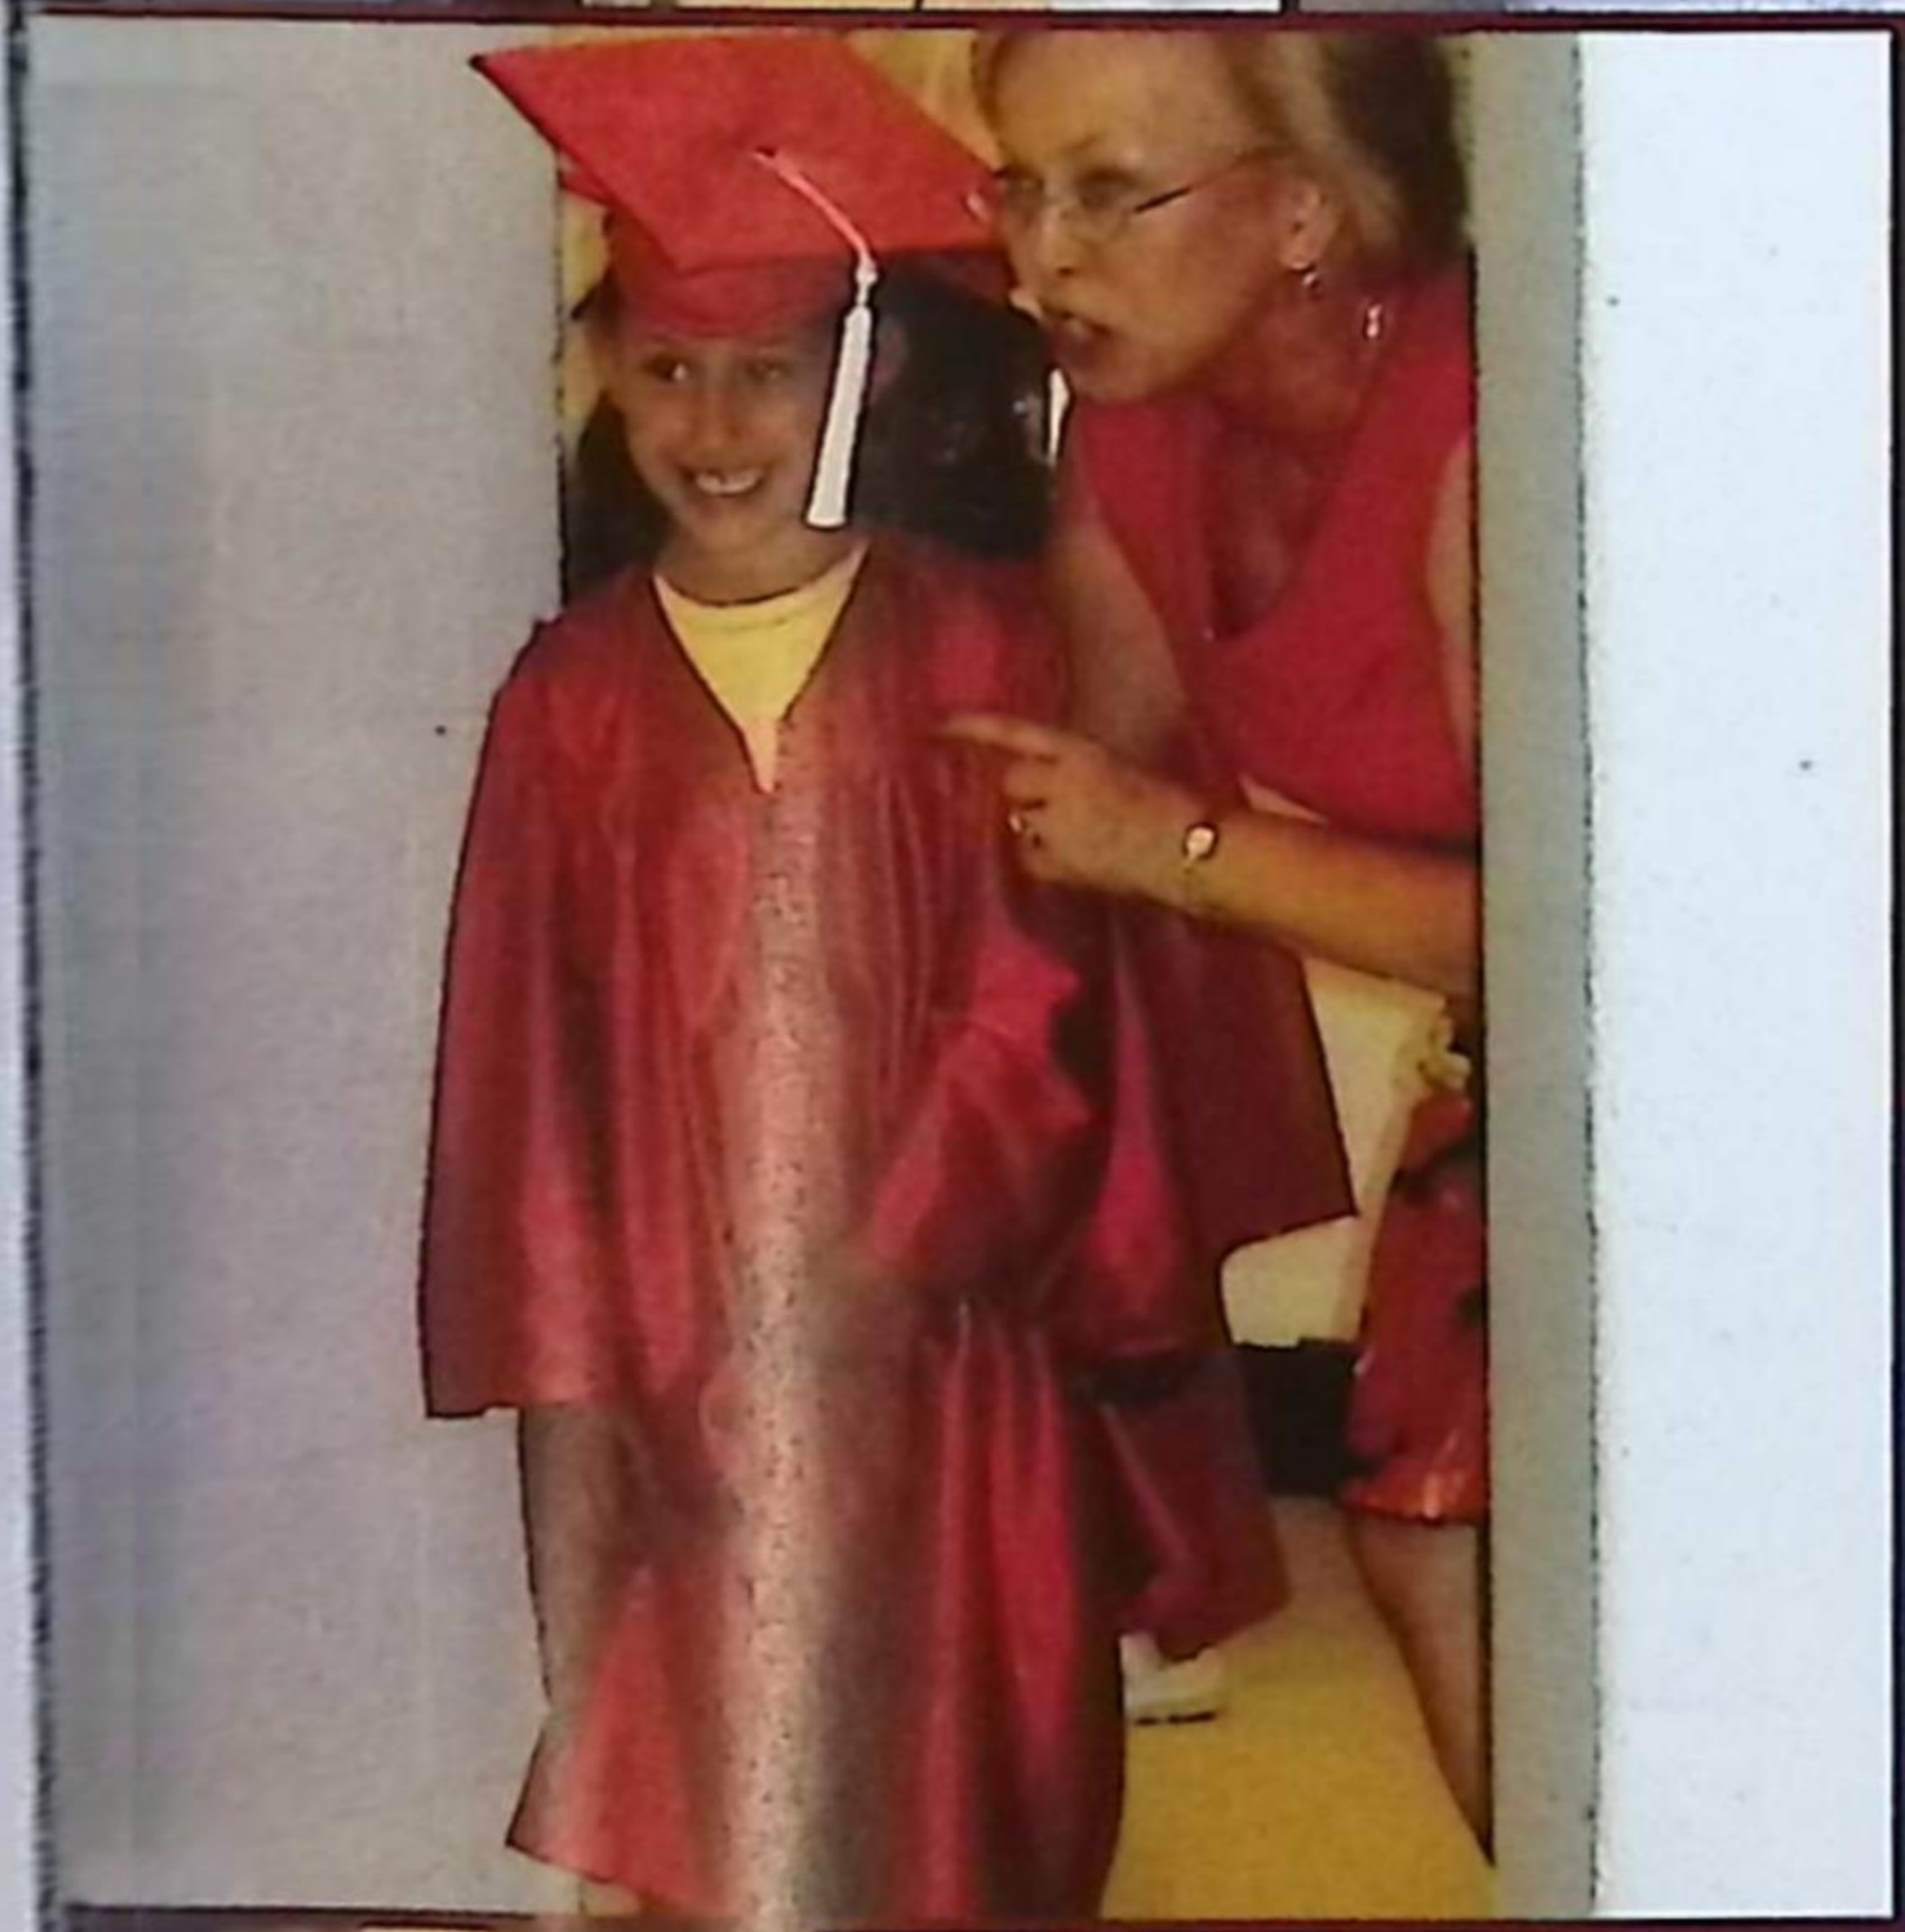
# Brielle Hill

From the day that you were born into our family, you haven't stopped amazing us. Now go and amaze the world.

**Congratulations.**
**Hugs,**
Grandma Barb and Papa

You wear a smile beautifully, you work hard and play hard, and are always up for an adventure.
We are so proud of you and who you have become.

**Much Love,**
Dad and Marianne



**Brielle,**

There has never been a moment when you haven't made us proud. I want you to remember that this is just one great achievement, you have so many more to come. We love you to the moon and back and can't wait to see what the future holds for you!!

**Love,**
Mom, Jill, Emma and Grandma Aurora

# Collin Higgins

**Collin,**

From the very day you came into the world you have brought joy and laughter to our lives. Your quick wit, kind heart, strong work ethic and intense dedication in everything you do has helped you develop into an amazing young man. We are so proud of you and so excited to see what lies ahead for you. Your best years are yet to come......

May you always:
Be Courageous
Be Kind
Be Thoughtful
Be Present
Be Hopeful
Be Honest
Be Loving

We are so blessed to have you in our family! Your journey through SCHS over the past 4 years has taken not only you to new heights in life, but also has given us so many opportunities to experience new and exciting challenges right alongside you. You have given us such pride and joy in witnessing your accomplishments and watching you grow into the young man you've become. We know that you'll do well in anything you pursue as your character and moral steadfastness will be the compass which guides your future. Always pursue excellence in all you do and depend on God for wisdom, guidance and grace as you continue to run the course in life.

**We love you son and always will.** (1Cor 9:24)

A few things to keep in mind as you move on to the next leg of your journey...reminisce about the good old days, but look with optimism to the future; find a passion and pursue it; be grateful; try new things; never give up; be the change you wish to see in the world; be nice to everyone; work hard; don't count the minutes, count the laughs; trust in yourself; smile often and above all...make every moment count! Always remember how much you are loved, we are so PROUD of you!!!

**Love Mom, Dad, Jordyn, Eli, Ian, & Olive xoxo**

# Allison Dwyer

While you're away at college
We'll think of you each day.
Before you leave
There are just a few more things,
We really need to say.

You've made us proud
As we've watched you grow,
It's time for you to fly.
So take a step and don't look back
Because you may see us cry.

Remember all the important things
We taught you through the years.
I know sometimes we seemed harsh and so unfair,
But one day you will see, we taught you well
because we care.
Study hard and have some fun
And you'll work through your fears.

Make the right decisions
As if we were standing by your side.
You've grown to be a beautiful woman;
You fill our heart with pride.

*Love, Mom and Dad and Megan*

It has been an absolute privilege to walk beside you and watch you grow into such a wonderful human being. You have many gifts and talents, but the things that will get you farthest in life, are your infectious personality and your unbelievably kind soul. You are a true "Gentleman". As you begin the next chapter of your life, be strong in your convictions, and ultimately strive for happiness. You have greatness in you. Take the world by storm, and don't ever let the fear of the unknown hold you back. We believe in you. Always have. Always will.

If you can dream it, you can make it.
The best is yet to come.
Don't be afraid to sparkle a little brighter.
Be your fabulous self. Everyone else is already taken.
Never stop dreaming or giving up.
Design with style. Design with a smile.
Eat. Sleep. Design.
Remember you are capable of doing amazing things. An essential aspect of creativity is not being afraid to fail.
Know that our love and support is always there, even though we will be apart.

Hold on to the little girl inside,
dancing with joy so bright.
See the Beauty you've become,
Filled with Love and Light;
Embrace the world with open eyes.
Though storms may come your way,
Trust the power from above;
Who made the night and day.
Live the dream within your soul,
And passion in your heart.
Know that growth is not attained,
but always just the start.
To my Sun-Shine Girl

## Yearbook Staff

**We did it!** We have put countless hours into this book, in and out of school, and nothing is more relieving when it is done! Nothing will be more rewarding than when you hold the book, flip through the pages and point out the pictures you took, and realize that you had a big part in creating it. Years from now, you will look back upon your pages and remember the many lessons and life skills you have taken away from this class. We hope you have taken away more than just learning how to use a camera, how to associate with people, and sell a product, we hope that you have created many new and lasting friendships and will take away many fond memories of this class. Every day, all 17 of us were crammed in that tiny yearbook room. Some days were all stress, like the deadline days, others were filled with jokes and laughter, sometimes maybe even too much! We hope you remember all the laughs we shared, jokes we made, even all the unnecessary food days, because the memories made in those moments will be the moments we will reflect upon in the future years to come.

Each and every one of us brought our own unique different personalities to the table. We all came together, all from different grades, friend groups, and with different personalities, and we contributed our personalities not only to the class, but to the book itself. We hope you all realize how thankful we are for each and every one of you and your unique personalities, because truly, this book would have been impossible without you and your contributions of effort.

*Megan Greig-* We made it! Thank you so much for all the hard work and dedication you put into the yearbook these past few years. You've been on the staff the longest out of anyone on staff this year, and your experience definitely was a huge help in the yearbook. We appreciate everything you went through to get all the business and proud parent ads. You put in so much of yourself and you had so much dedication, you definitely deserve so much more credit that you, and all the business editors in the past, receive.

*Kenz-* You have so many great ideas and inspiration for next years book already, and that is one thing we lacked last year while we were in your position. I'm so excited to see how these ideas come together into your book! You are for sure going to be a great editor next year. It is stressful, but keep on top of things and keep an open mind and you will be a fantastic leader.

*Kara-* No matter what was asked of you throughout the year you didn't hesitate to get it done. You did such a great job putting the proud parent ads together and we know you will be a great business editor. You have one of the greatest personalities, I can count several times that your humor and energy has cheered me (Jess) up while I was having a bad day, and I appreciate that so much. Good luck with the next two years of high school and make the best of every moment left!

[illegible] We are so glad that you decided to join the class, and we hope that you continue to be in it the rest of high school. I (Jess) loved talking about art with you; having someone in the class who shares the same artistic passion as me was really enjoyable. You have so much talent, and we can't wait to see how that talent grows!

[illegible] You brought such an element of fun into our class that definitely helped relieve the stress of deadlines, and we are so grateful for that! You are rarely seen without a smile on your face. I know some things were super frustrating for you with your pages and other tasks this year, and I give you so much credit for keeping a positive attitude through it all. Keep your kind heart and joyful personality always!

[illegible] We are so glad that you were able to join yearbook this year! You definitely demonstrate such strong leadership abilities, with being both an important member of Student Council and being on yearbook. We wish you the best of luck with your senior year of high school!

[illegible] We have become so close this year and you are one of the nicest people we have ever met. You always wear the cutest clothes; we wish we could steal your closet! You were always willing to help us out no matter what and we can't thank you enough for that. Good luck with the rest of your high school career!

[illegible] We have never seen you have a negative attitude, and you kept positivity in the yearbook room which is definitely something we need! As a freshman, your positivity and persistence was really admirable. Keep your positivity all throughout high school. It may get difficult at times, but if you are positive, you can overcome anything you set your mind to.

*Emilee-* The first word that we think of when we hear your name is helpful; there wasn't a moment that you weren't offering a hand or asking us what we needed help with. We appreciate this more than you know! You have such a bright and energetic personality, and you are one of the most responsible people we know. Hearing of your plans for the future is so exciting, because with your smarts and energy you will definitely go so far and become so great.

*Mackenzie-* We know yearbook is difficult when you have a shy personality, but you performed so well, even through all these difficulties. Thank you so much for pushing through and continuing to help us throughout the entire year. Even though you were quiet, there was never a moment when you were unhelpful or unkind. Through the next few years, come out of your shell, and let your sweet personality shine through. So many people would be happy to see your smiling face!

*Maureen-* I (Jess) have known you ever since you started school at St. Mary's, and never would I ever have thought that we would both end up creating St. Clair High School's yearbook together! You have always had such a sweet personality and are one of the most thoughtful people we have ever met. We know you will achieve great things, as long as you maintain your level determination and remember to keep your head held high.

*Elia-* You always were finding any reason to celebrate and plan food days, and we are so glad that you were in yearbook this year because you definitely helped make the class fun, especially with all the parties! You were always more than willing to take Gopro videos at all the assemblies, and we can't thank you enough for that. We know that you will be successful in life and with everything you do!

*Clowie-* You are such a talented photographer and you are hilarious, and we are so happy you were able to help us out this year! I (Jess) got to know you through cheer, and being on yearbook together has helped us become so much closer. If I ever needed someone to rant to or anything, I knew I could go to you and you would express the same feelings as I had. Thank you for being such an understanding person and for sharing the same opinions as me in so many aspects. We both are truly so appreciative for everything you do!

*Megan Gunnery-* You are one of the most adorable people we have ever met! Though you may be small in size, you have the biggest heart. You never failed to put your full effort into your pages, and your worth ethic is truly amazing. You have amazing amounts of talent. If you keep your talent and big heart and share it with others, and I'm sure the world around you will become a better place.

*Juliet-* Being in yearbook as a freshmen can be hard, but you did such an amazing job. You are so talented in many aspects, including dance, and photography. We know that you will go so far in life and we expect great things to come from these talents and your sweet personality!

## Mrs. Westrick

We have so much to thank you for. First of all, thank you for seeing potential in us and asking us to be the editors of this year's book! It was truly a honor to even be considered for this position. This was the first year that there has ever been co-editors in chief, and we thank you so much for allowing us to work as a team.

Without your guidance, this yearbook definitely would not have been possible. You have taught us so much; from using cameras, designing layouts, selling a product, and so much more. Thank you for letting us put our own ideas in the book and allowing us to make it truly ours. Your allowance of letting us use all of our creativity combined with your suggestions and constructive criticisms really helped this book to be successful.

You have taught us so many skills and lessons through all of our years in yearbook class. Again, thank you so much for everything. We will miss you!

## Mrs. Short

With lots of new girls on the staff this year, about half of us did not have extensive experience with DSLR cameras. Some events that we had covered had not produced the best of pictures, but you were always there to send us a few of your pictures to use to replace those pictures in the book. Not only did you let us use a few of your pictures, you took time out of your day to come into the yearbook room and teach us all how to use our cameras as better tools. Thank you so much for donating the Nikon cameras and lenses too! With so many girls on the staff this year, we surely needed them. Even when we would be at events and were having some camera troubles, you were always more than willing to share your expertise and help us out. Thank you so much for sharing your talent with us. You are extremely generous and your help means more to us than you will ever know!

## Office Staff

Mrs. Mead, Mrs. Butlin, Mrs. Zoeplitz, Mrs. Foucher, and Mrs. Gleason,

Whenever we had a question or a favor to ask, you were always willing to help us out no matter what. Thank you so much for answering our questions and helping us when we needed it. Whenever we had to go down to the office to ask a question, we were always greeted by all of your smiling faces. Having such a supportive and friendly group of office staff members definitely helped us to complete this book! Your assistance was more than crucial to the success of the yearbook. Your help in all areas, even in the smallest ways, most definitely does not go unnoticed!

## Technicalities

The 2016-2017 yearbook was produced by Jostens Printing and Publishing in Topeka, Kansas. The 238 page book was printed in color for the 12th consecutive year. The completion of this book would not have been possible without the help of our Jostens representative, Michael Page, and our in-plant representative, Cathy Goodman. The 17 computers are all used by our staff and are equipped with Windows 7, which allowed us to use Josten's online site, Yearbook Avenue. In addition, Adobe Photoshop CS2 was used by all staffers in order to edit numerous photos. This book predominantly used five fonts: Function Lt, Function, Hudson, Arizona, and Basel. Though it had not turned out as we had expected due to misunderstandings, the cover was produced by a collaboration between our editors, advisor, and Jostens representatives.

Co-Editor

"Dear Future Staffer,
When you first join the class, everything that you have to do can seem like a lot of work. Just know that looking back on the past two years, it wasn't that bad. At times it can get stressful, like when you're trying to contact a business or parents and they won't get back to you. I think having to go through these experiences is so much more beneficial than just sitting in a classroom everyday. Yearbook has made my communication skills so much better! I was so scared to walk into businesses to try to get them to buy an ad at first, but now it's no big deal. Joining yearbook was the best decision I made in high school & I'm glad I got the chance to be in such a wonderful class."

## Jessica Rhein

Co-Editor

"One of my favorite memories happened last year on a half day when we had a breakfast food day. Mrs. Wes brought in bagels and we were toasting them. We started to smell something burning, so we looked over at the toaster and there was fire coming out of it because the bagel caught fire! We put it out but there was still a smoky haze in the room. We closed the door so no one walking by could see or smell smoke, and so the fire alarms wouldn't go off or something. It was freezing outside, but we opened the windows anyways and Mrs. Wes was spraying Febreeze all over the place to hide the smell."

## Megan Greig

Business Editor

"Yearbook has been, by far, the best class I have been a part of. Throughout my three years, I have made countless memories and friendships that will last me a lifetime. My favorite yearbook memory was from my first year on the yearbook staff. I was a sophomore and we were out on a business push during school. I was riding with Ashlee Clees and she thought she saw her dad's car. We followed it into a parking lot and Ashlee got out and was yelling...thinking it was her dad. The guy turned around and Ashlee got right back in the car because it was not her dad. Everyone in the car was laughing so hard!"

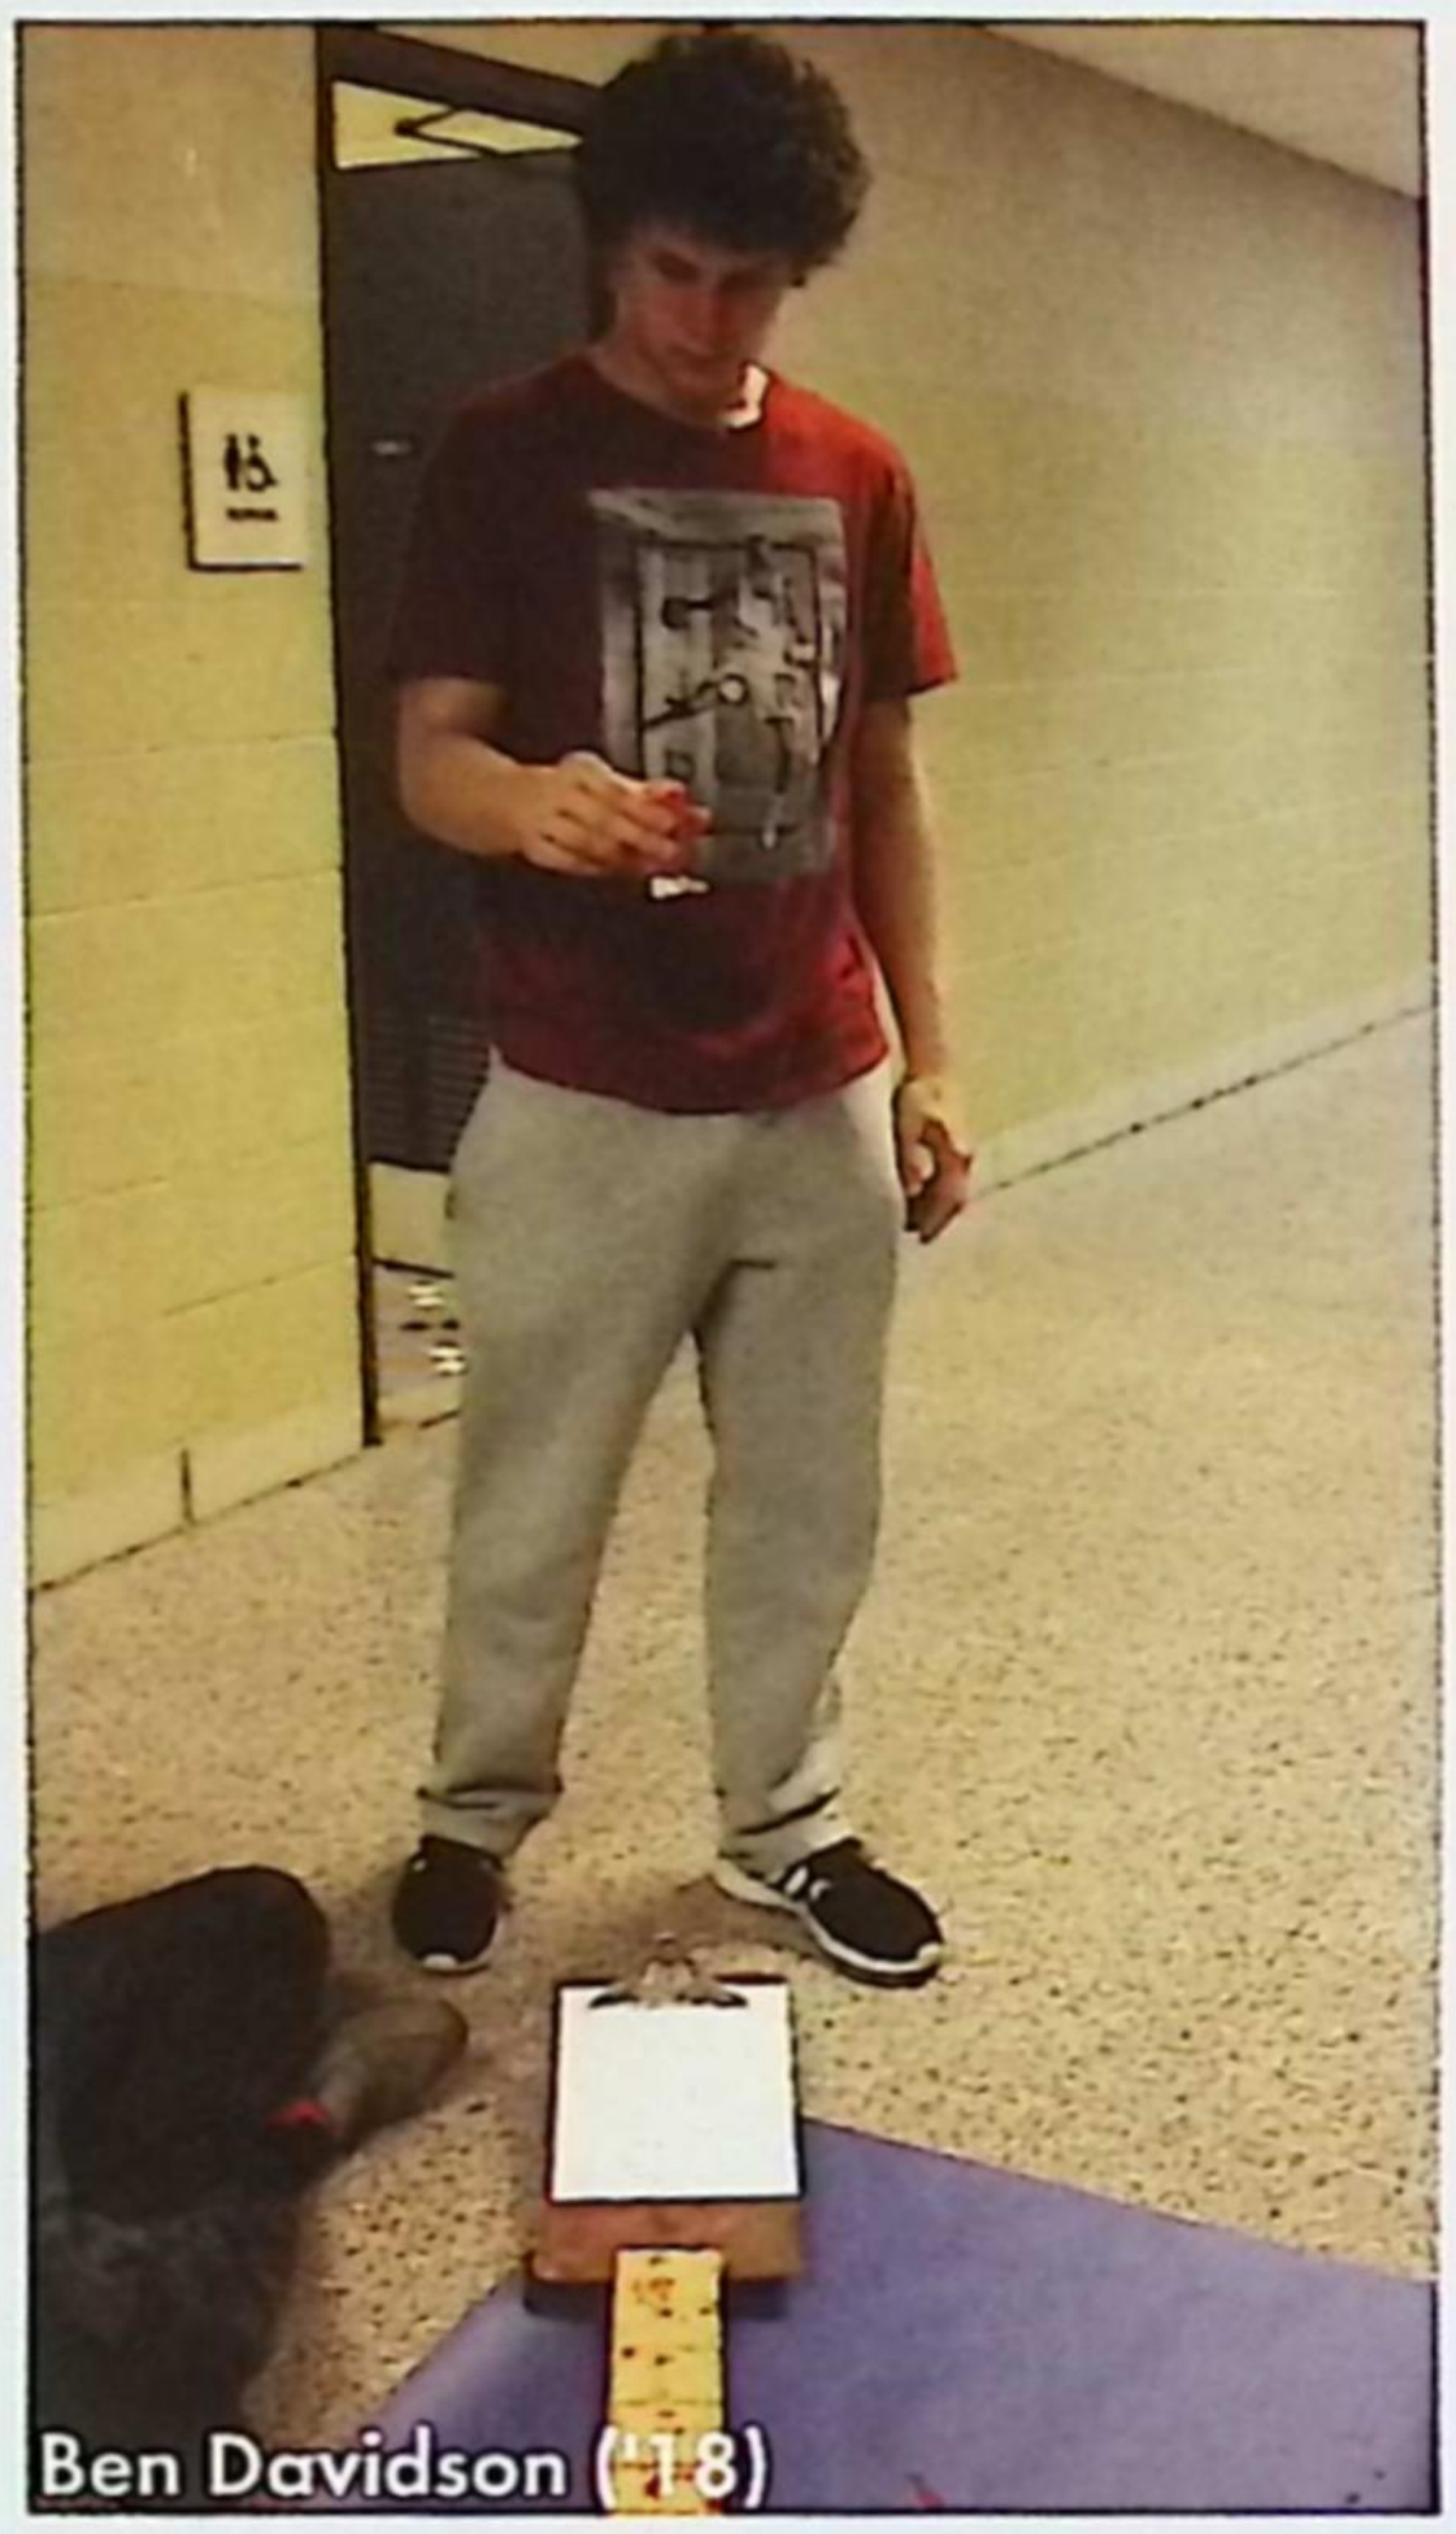
# Academics & Student Life



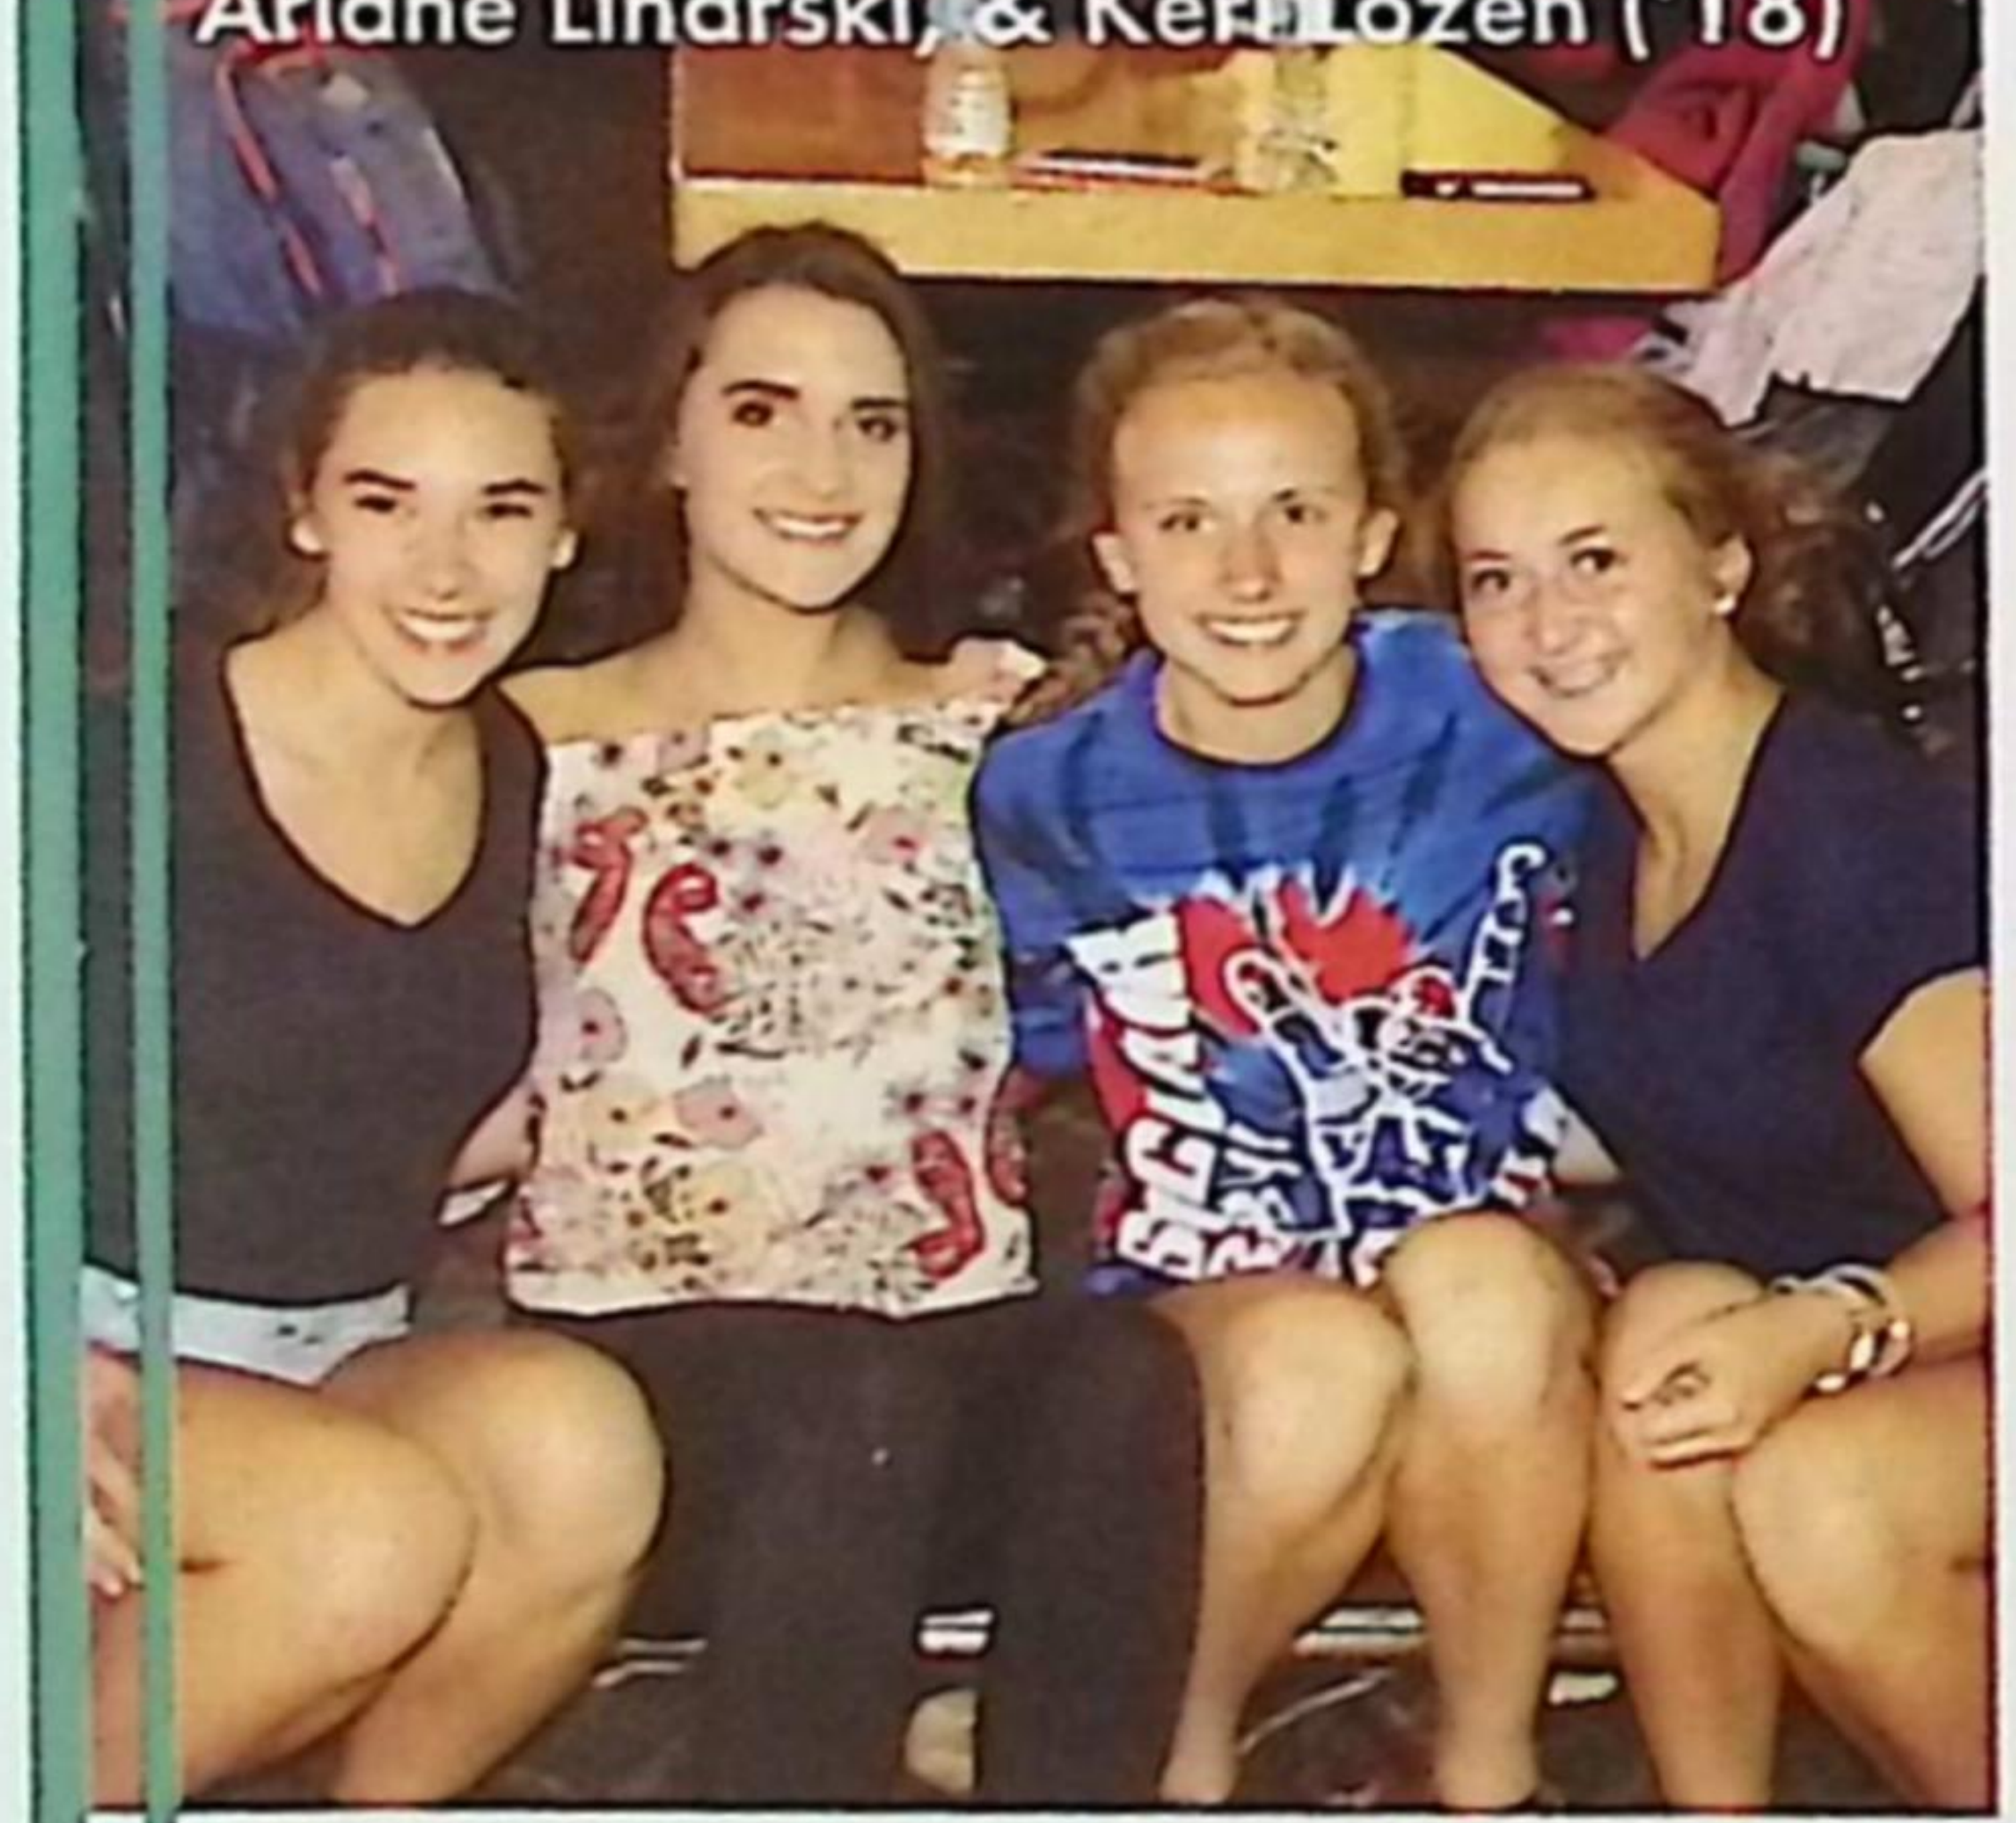
Ben Davidson ('18)

"We stopped at Krispy Kreme, and it w
different physics experiment booths there."

DINOSAURS ALIVE

"I love the new chairs in Mrs. Volz's room. They are so comfy and I get my work done a lot quicker now! I think it benefits every student because it makes the enviroment more connected and enjoyable."
-Molly Reuba ('17)

Alysa Cataldo, Keyli McGuire, Ariane Linarski & Keri Lozen ('18)



**right:** "The remodel is great! It helps students become more involved and the spinny chairs should be in every room!"
-Nandini John ('19)

# *Spring* Assemblies

"My favorite assembly was Battle of the Crown because **Makenzie Kapanka ('17)** and I raised over $1,000."
**-Mark Waszkiewicz ('17)**

"I was so blessed to be crowned with my best friend, **Jina Hamill ('17)**, by my side. I can't imagined running with anyone else."
**-Jordan Fitzpatrick ('17)**

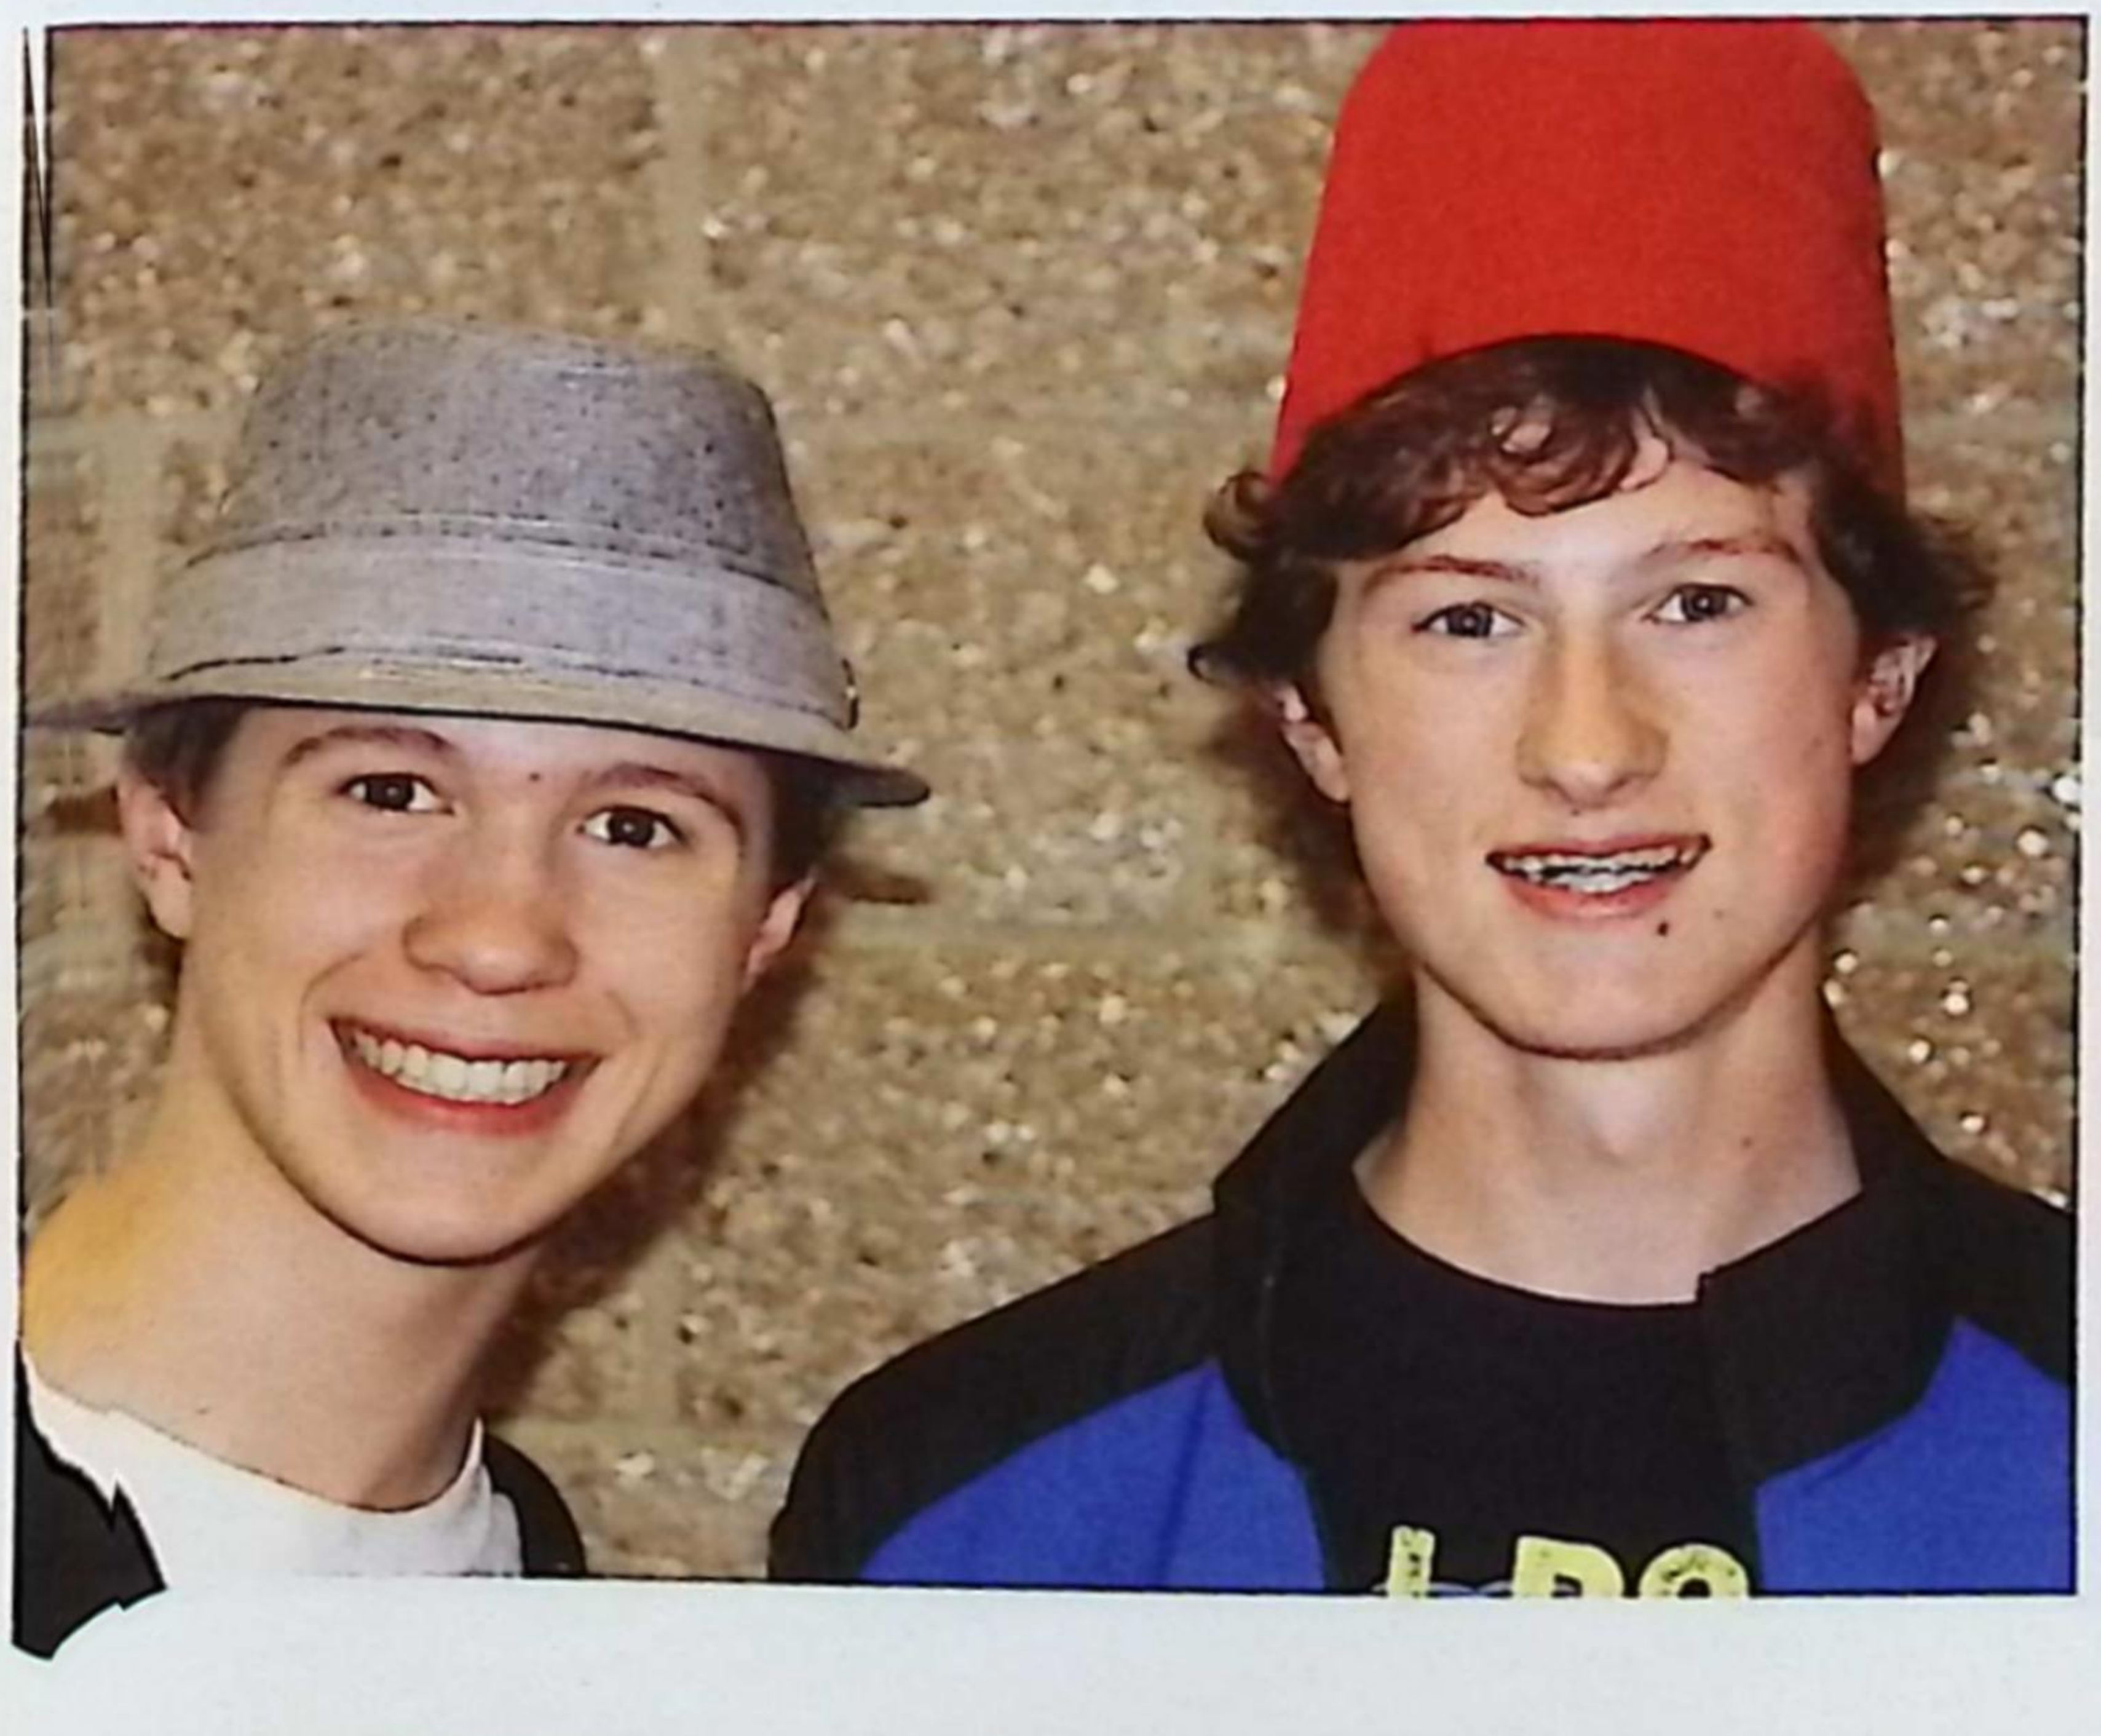
## *Saying Goodbye to The Seniors...*

**S. Winston ('17) & B. Angell ('19)**

**Logan Mahn ('17)**

**E. Washburn ('18) & H. Badke ('17)**

**G. Marion ('18) & S. Rahn ('17)**

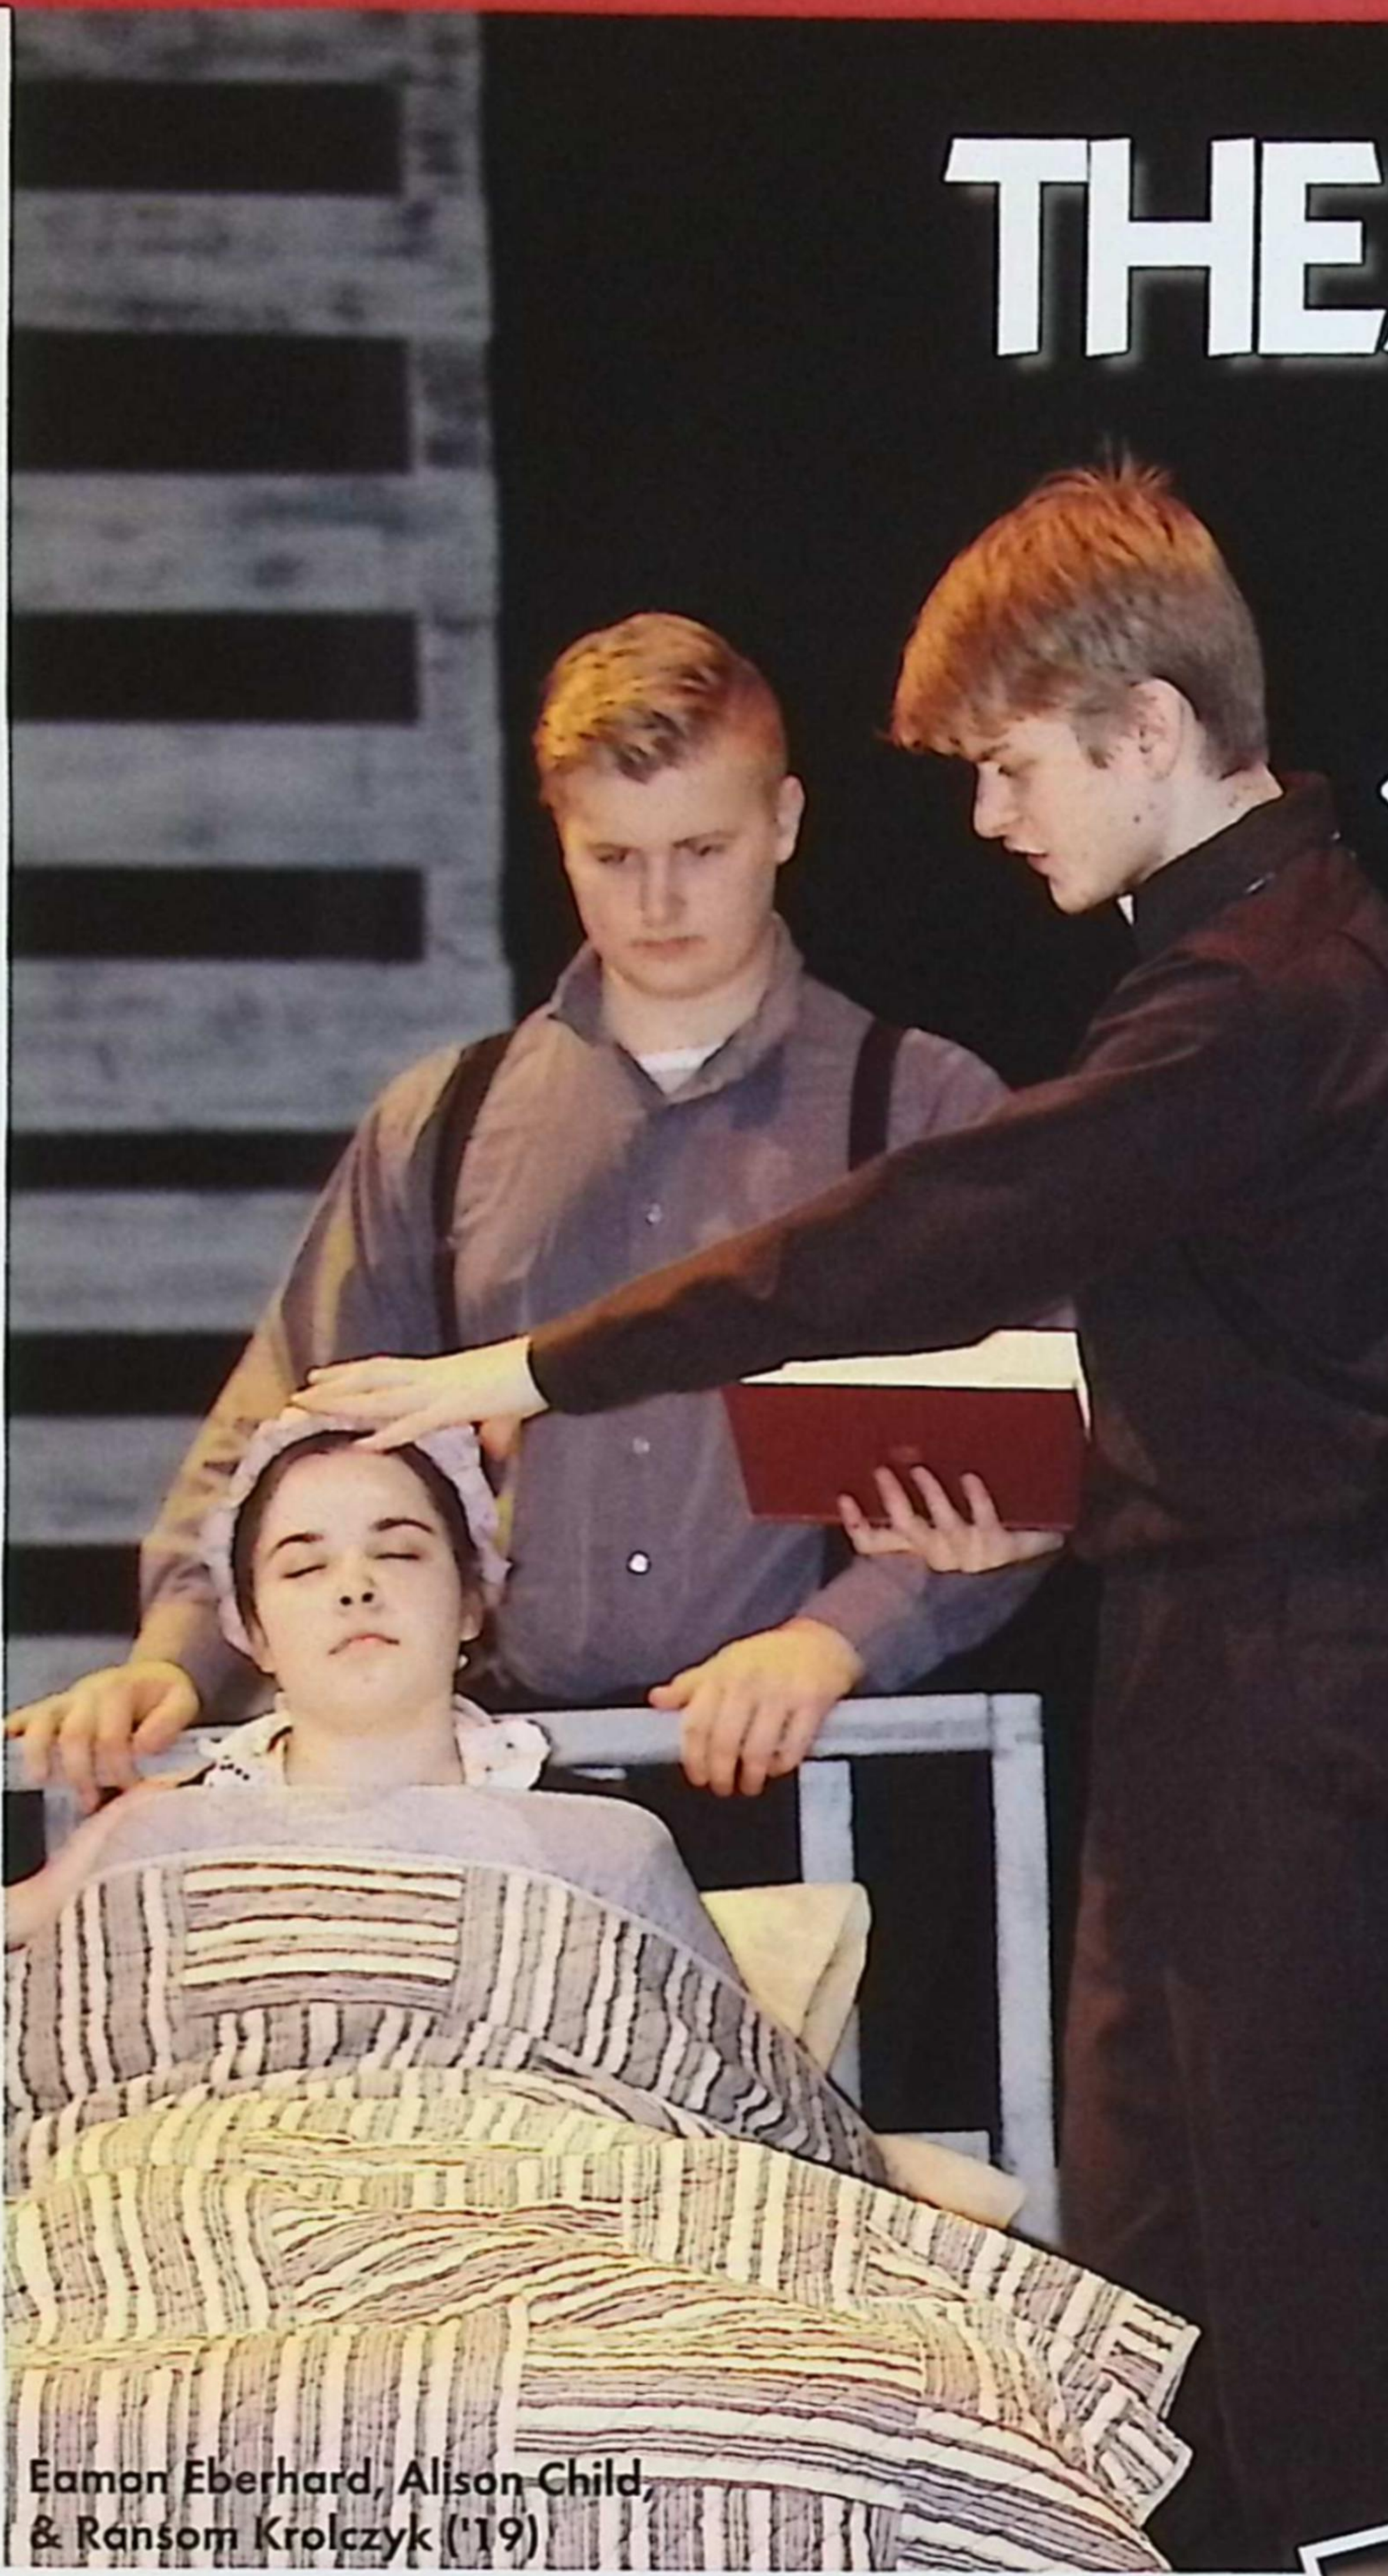


"I really enjoyed my classes this year; there are so many subjects I absolutely love!"
-Nathan Balok ('19)

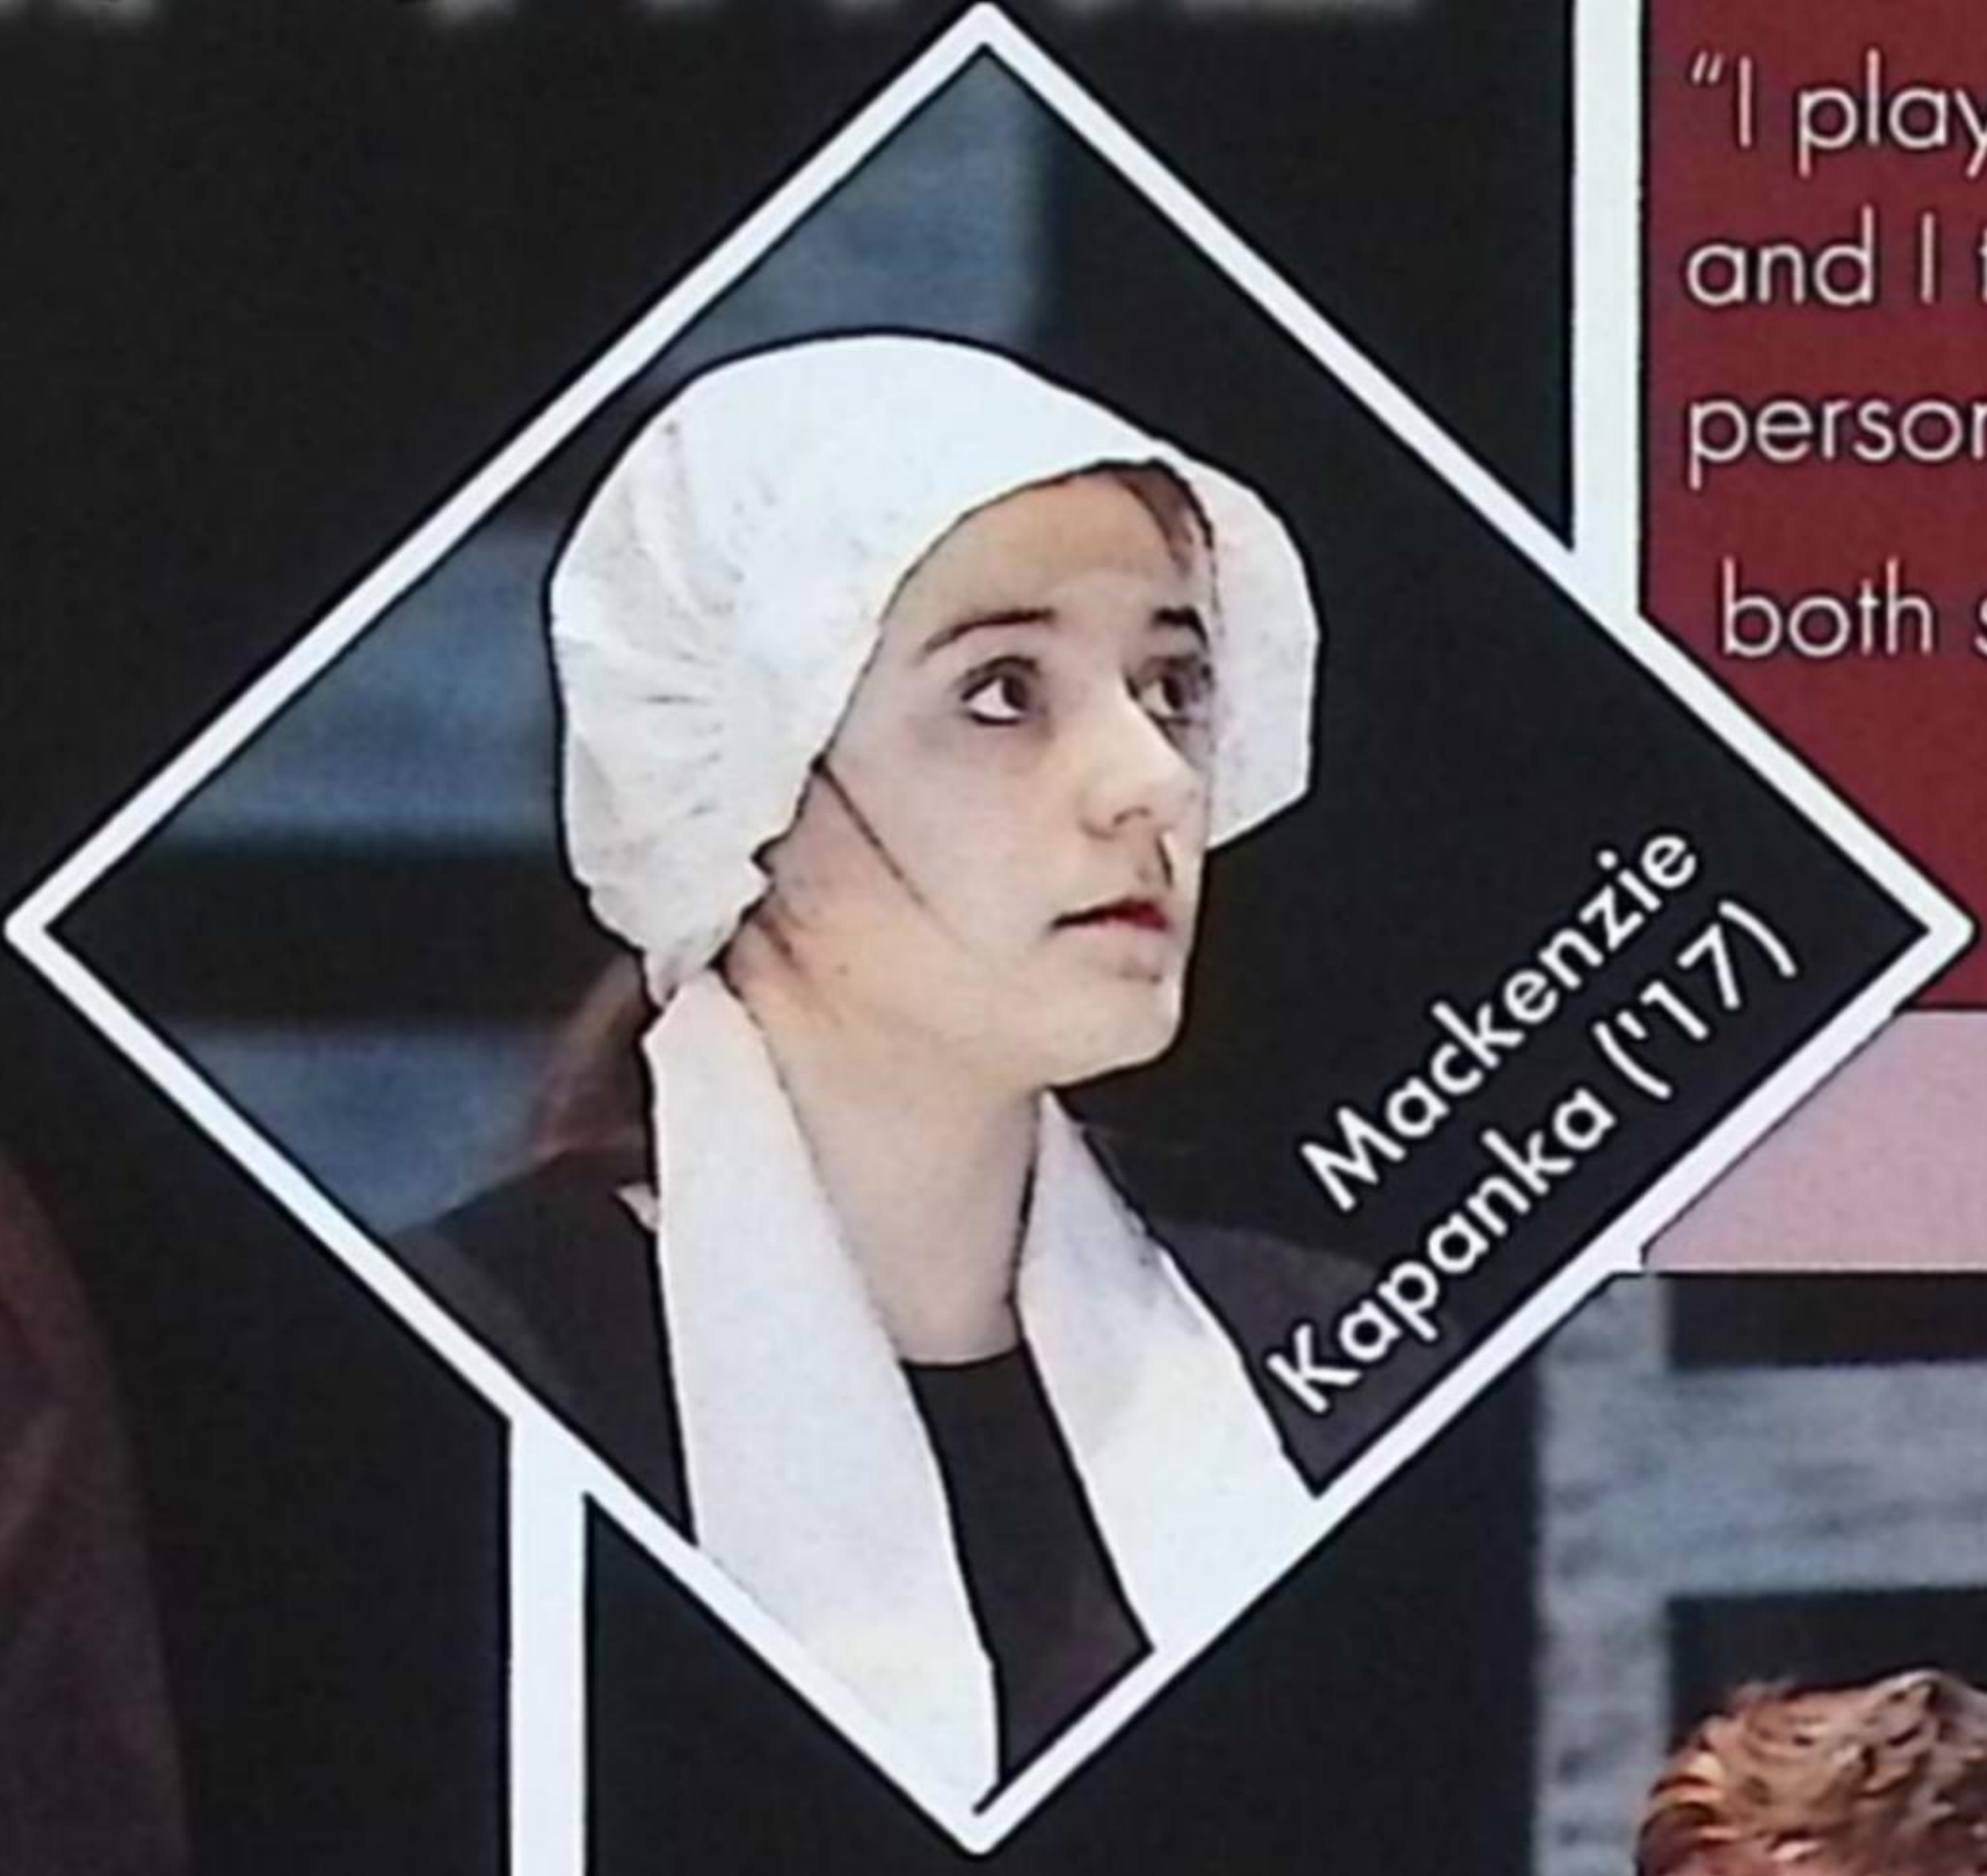
"I had a lot of fun participating in Battle of the Crown. It was nice to know the money we raised went to helping the school!"
-Morgan Markel ('17)

# THEATRE

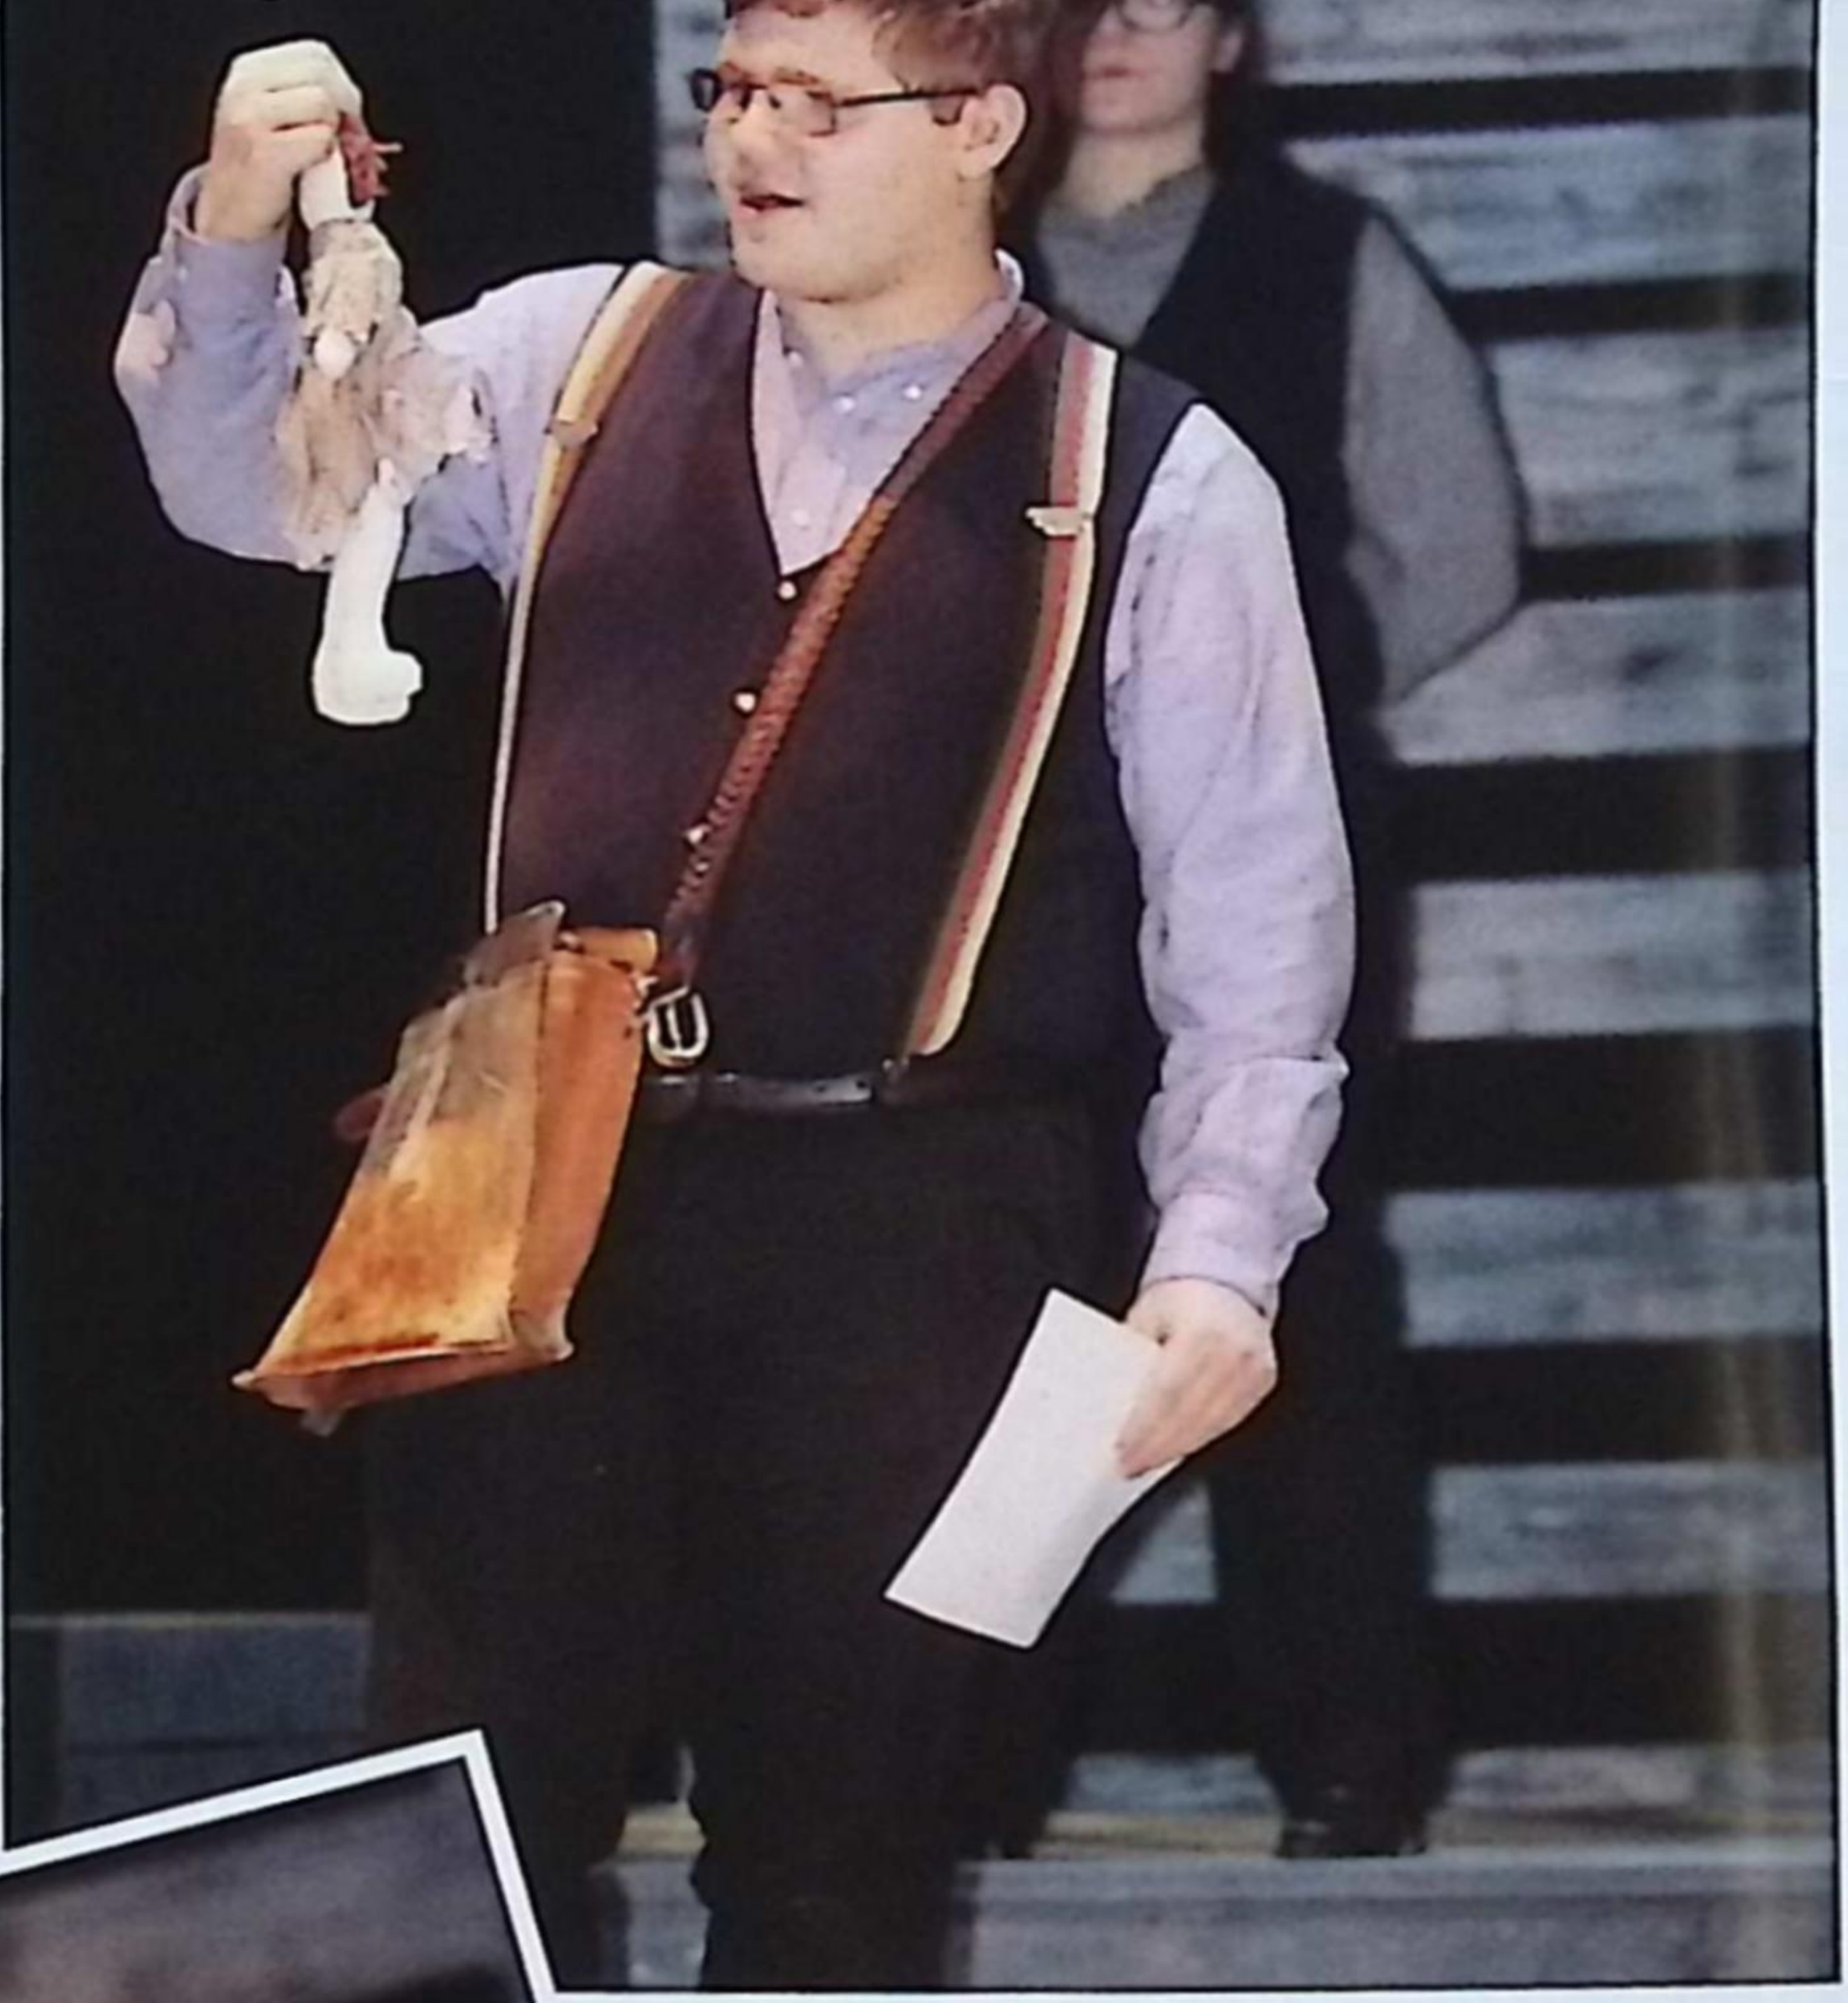
*What character did you play and can you relate to him in any way?*
"I played Ted the Orphan and I think I matched his personality well. Also, we both share similar hobbies."
-Nikolas McDermott ('20)



Eamon Eberhard, Alison Child, & Ransom Krolczyk ('19)

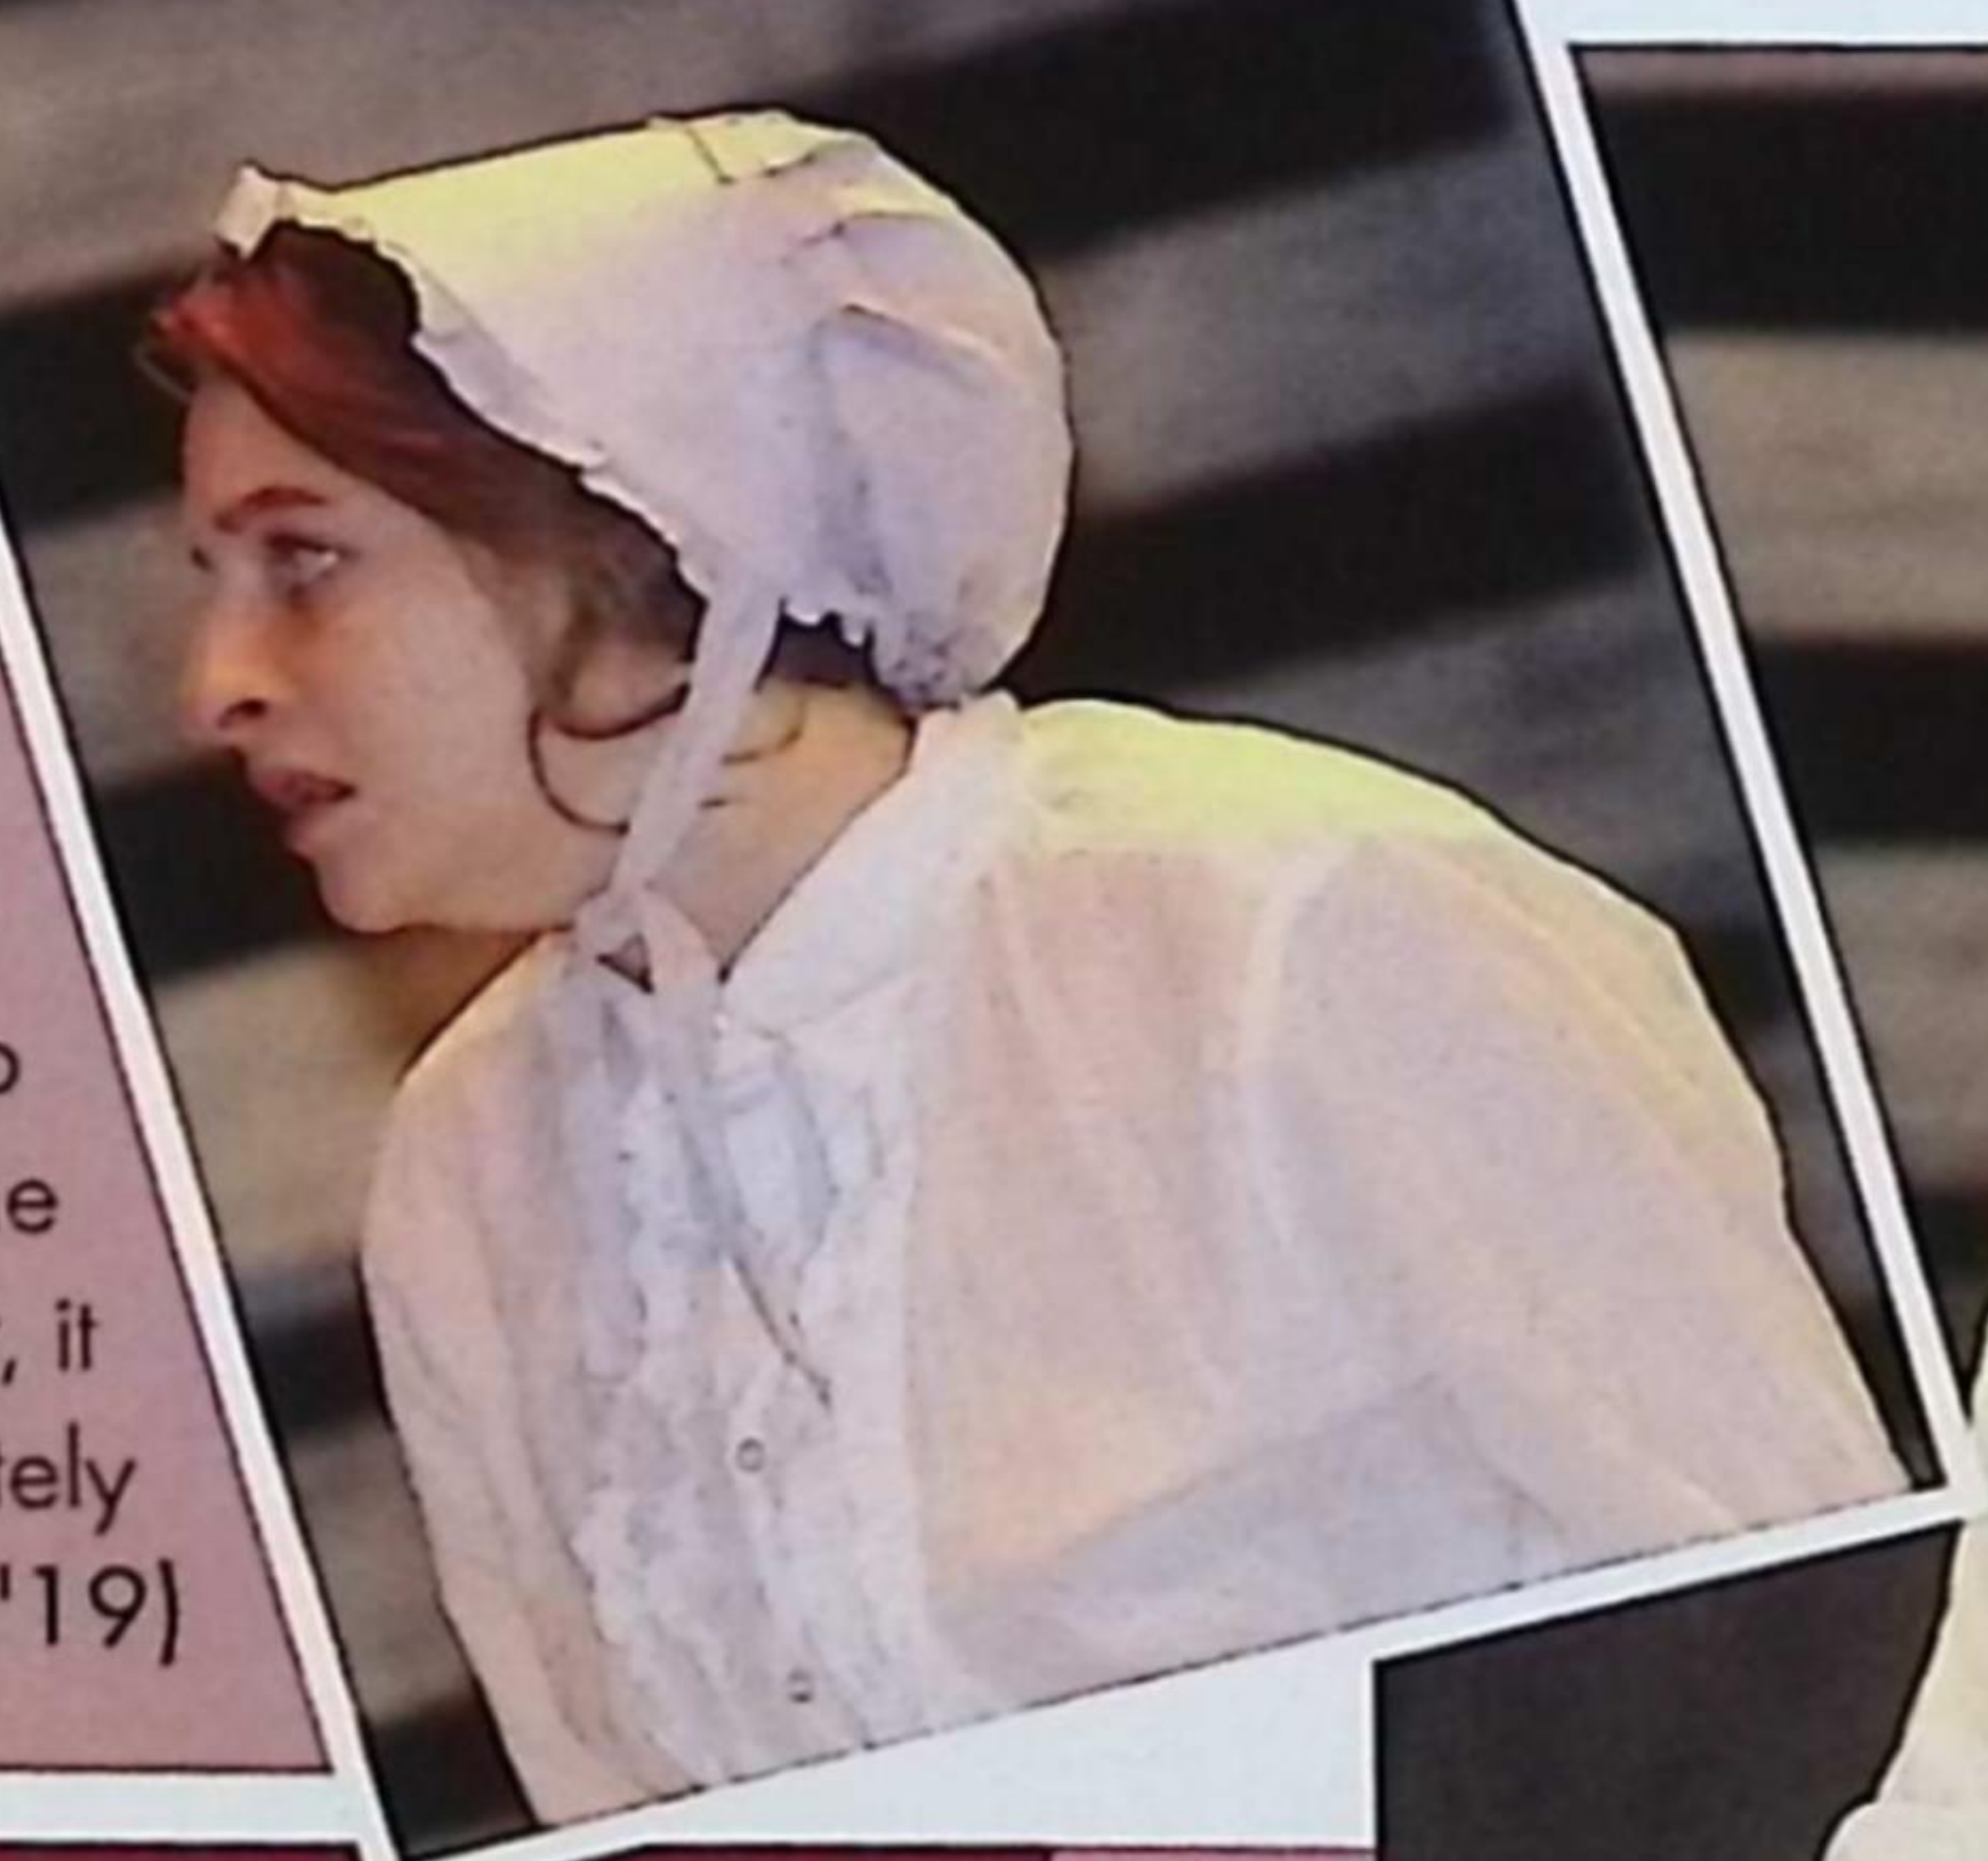


Mackenzie Kapanka ('17)



Taylor Thorp ('18)

"One of the funniest and most memorable things about theatre, to me, was during The Crucible. Whenever I was on stage, there would be wasps flying around and all the people on stage knew they were there, but we just had to keep acting. It wasn't very amusing in the moment, but looking back on it now, it was pretty funny and definitely memorable." -Abigail Barnum ('19)



"What a life I live because of theatre. I have played so many empowering characters, and I want to take that and be empowering in my own life too." -Kassandra Dunaj ('18)

"Mock Trial has shown me that I have the ability to speak in front of a large group of people, even though I was nervous going into it as the only freshman. It ended up being very fun, and at the same time it taught me many important lessons."
-Lainy Humes ('20)

# Mock Trial

"Participating in the Mock Trial program for the past four years has not only taught me the mechanics of a trial, but it has also helped me to improve my speaking skills and gain comfort and confidence in front of a large group of people."
-Claire Brooks ('17)

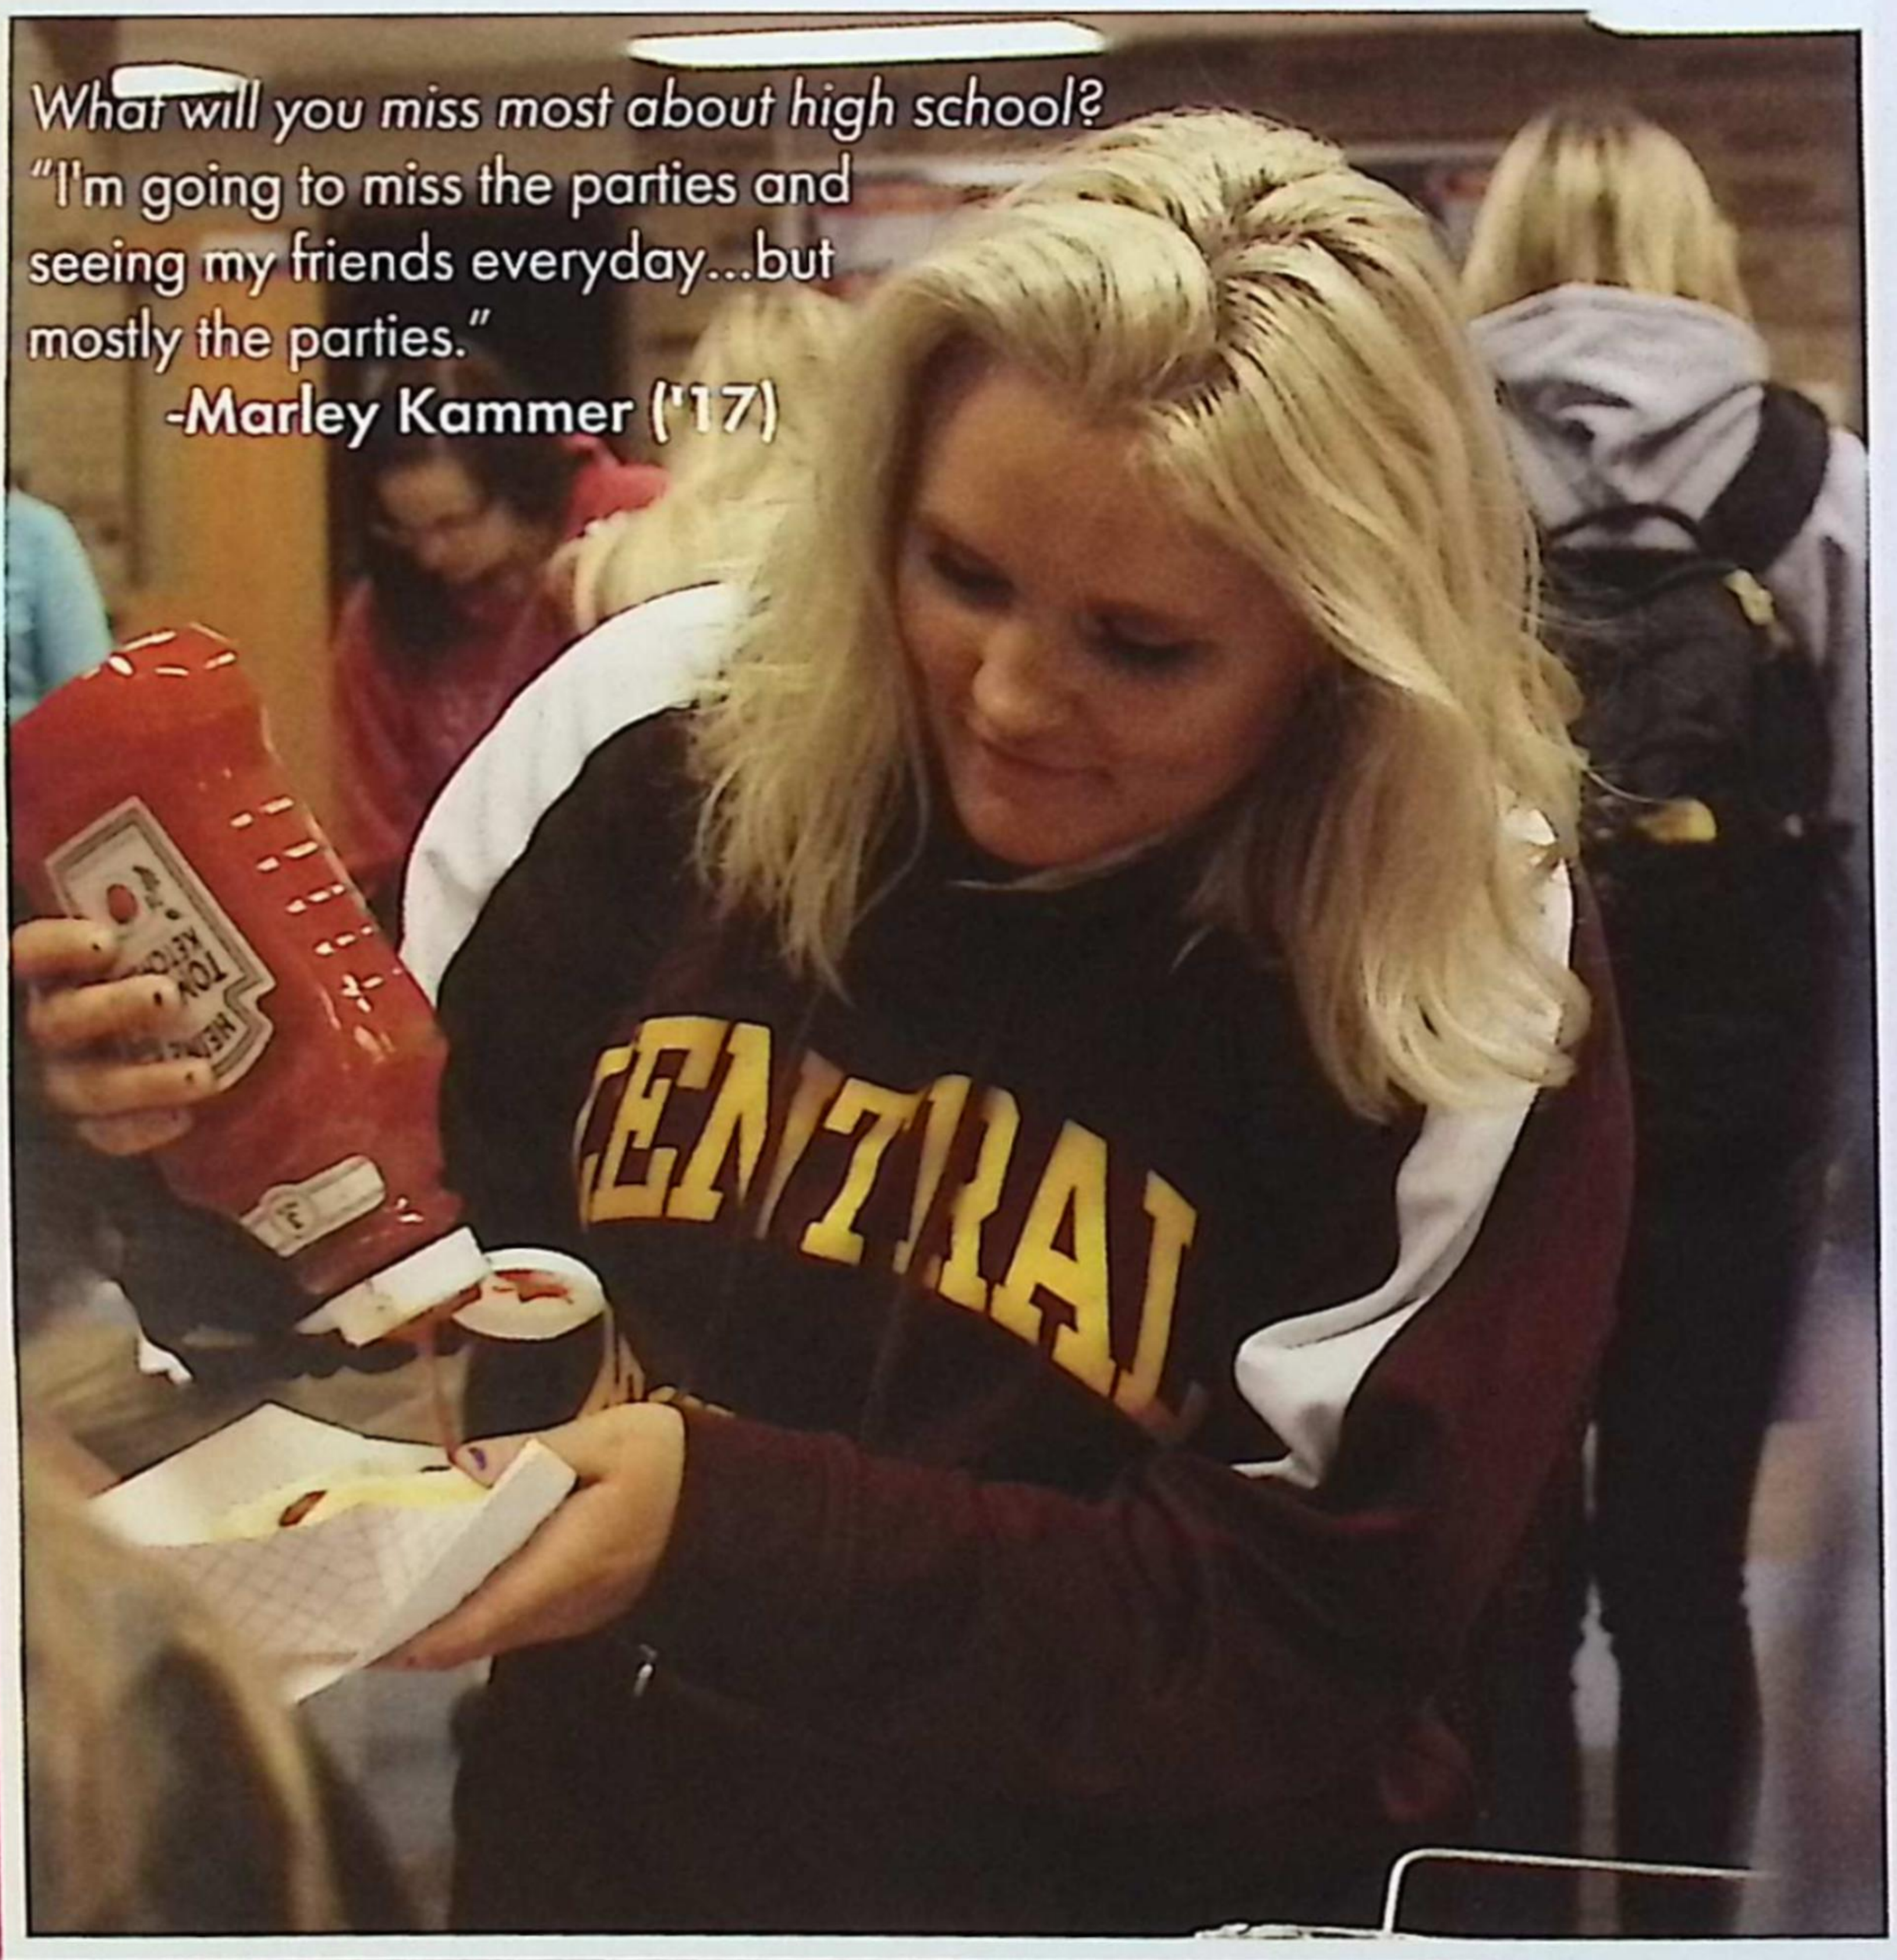
Megan Greig ('17)

Lainy Humes ('20) & Maddie Leaver ('19)

# End of the Year PRIZE

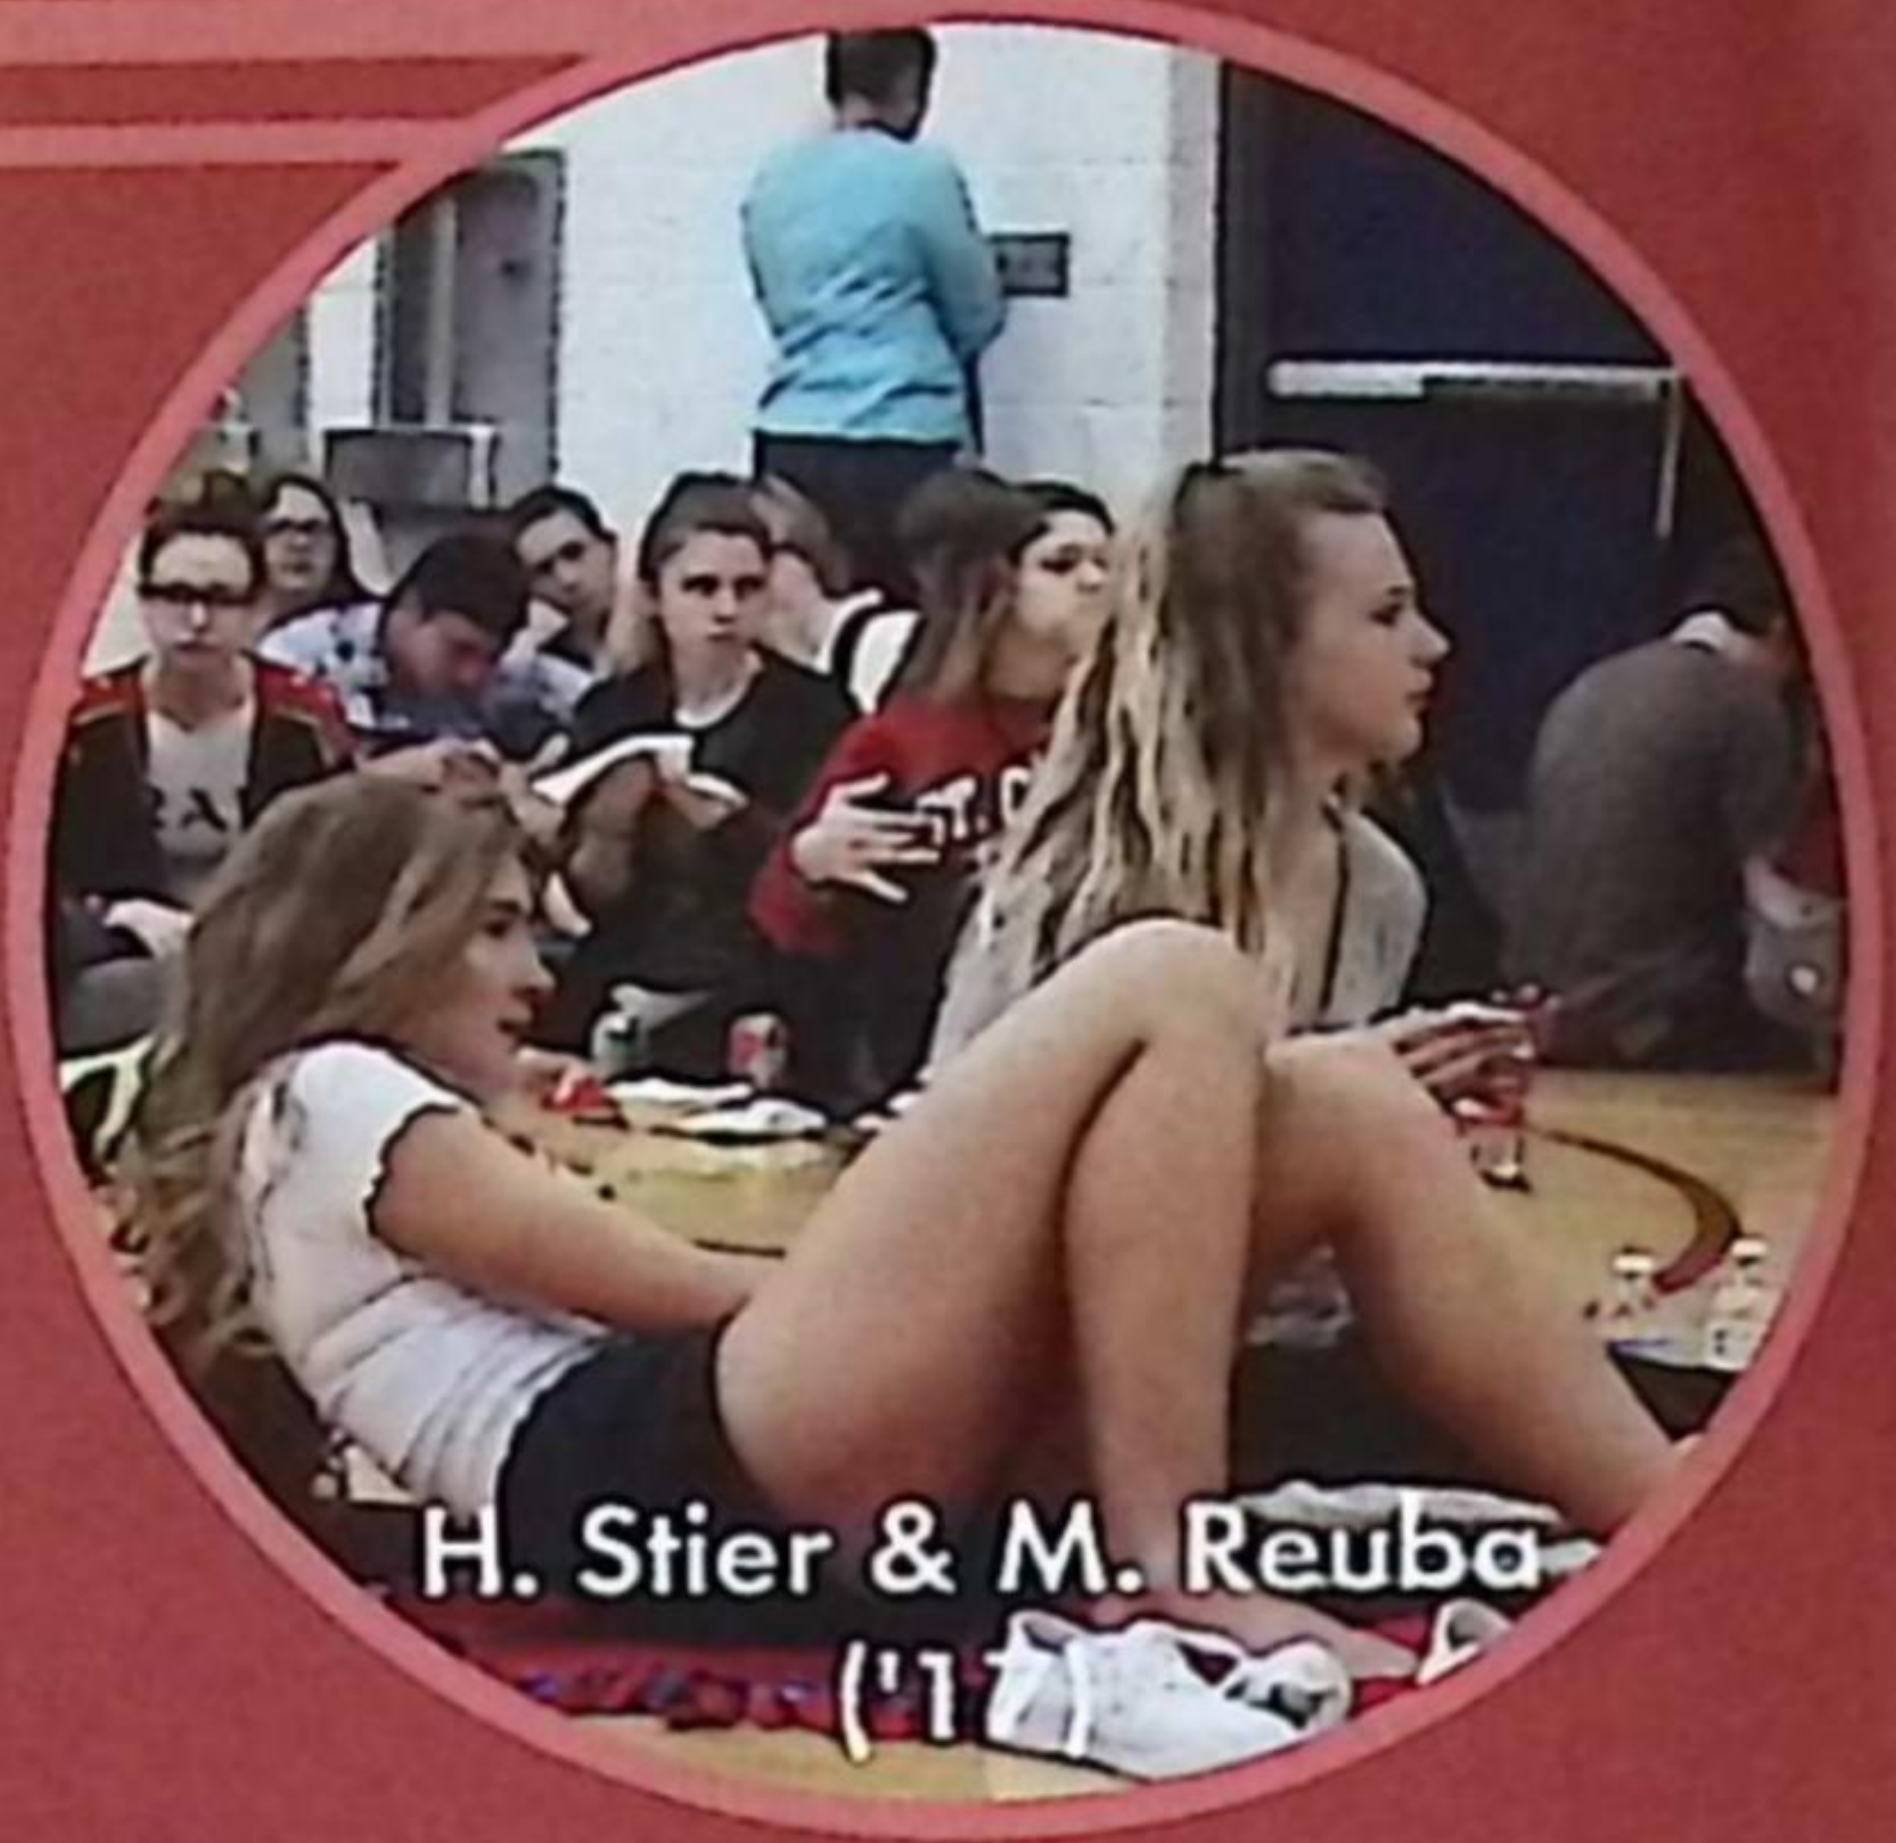
## FINAL STANDINGS

| Seniors | Juniors | Sophomores | Freshmen | Staff |
|---|---|---|---|---|
| 68 points | 65 points | 49 points | 32 points | 21 points |

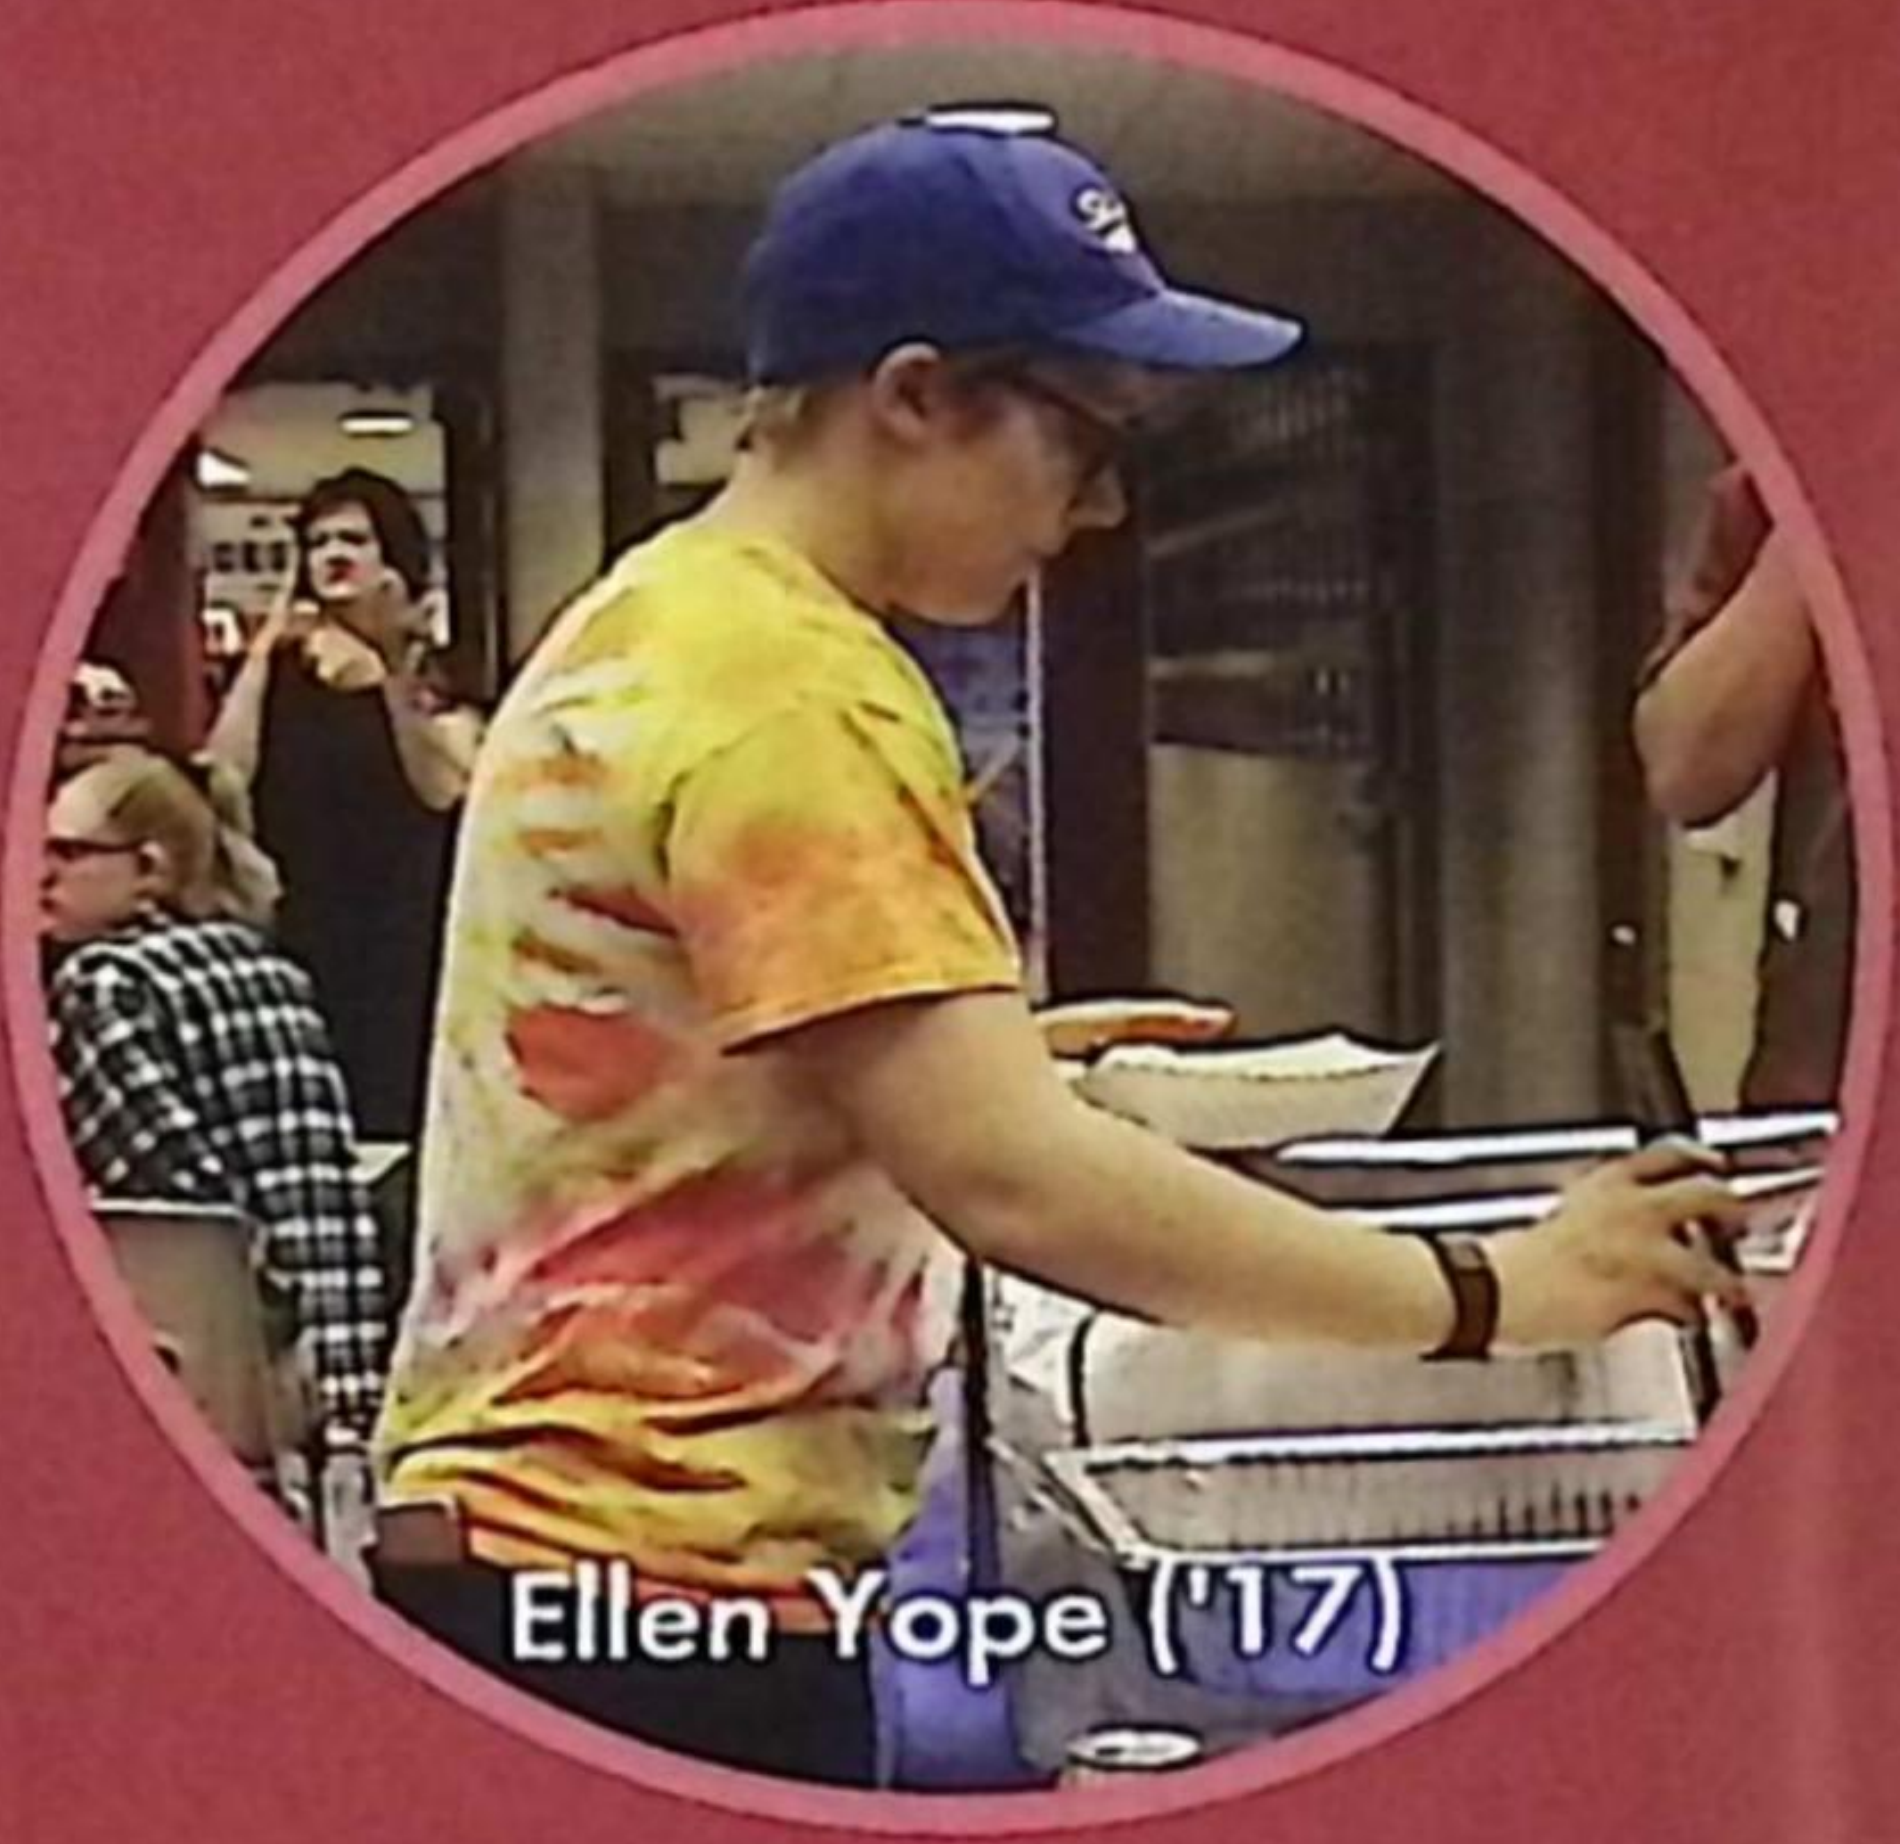


*What will you miss most about high school?*
"I'm going to miss the parties and seeing my friends everyday...but mostly the parties."
**-Marley Kammer ('17)**

*Were you surprised that the seniors won the end of the year prize?*
"I'm pretty sure it was rigged, but it was okay. I just slept the whole time."
-Shea Glassnor ('17)



H. Stier & M. Reuba ('17)



Ellen Yope ('17)

Sydni Oleksinski ('17)

Devin Dombrow ('17)

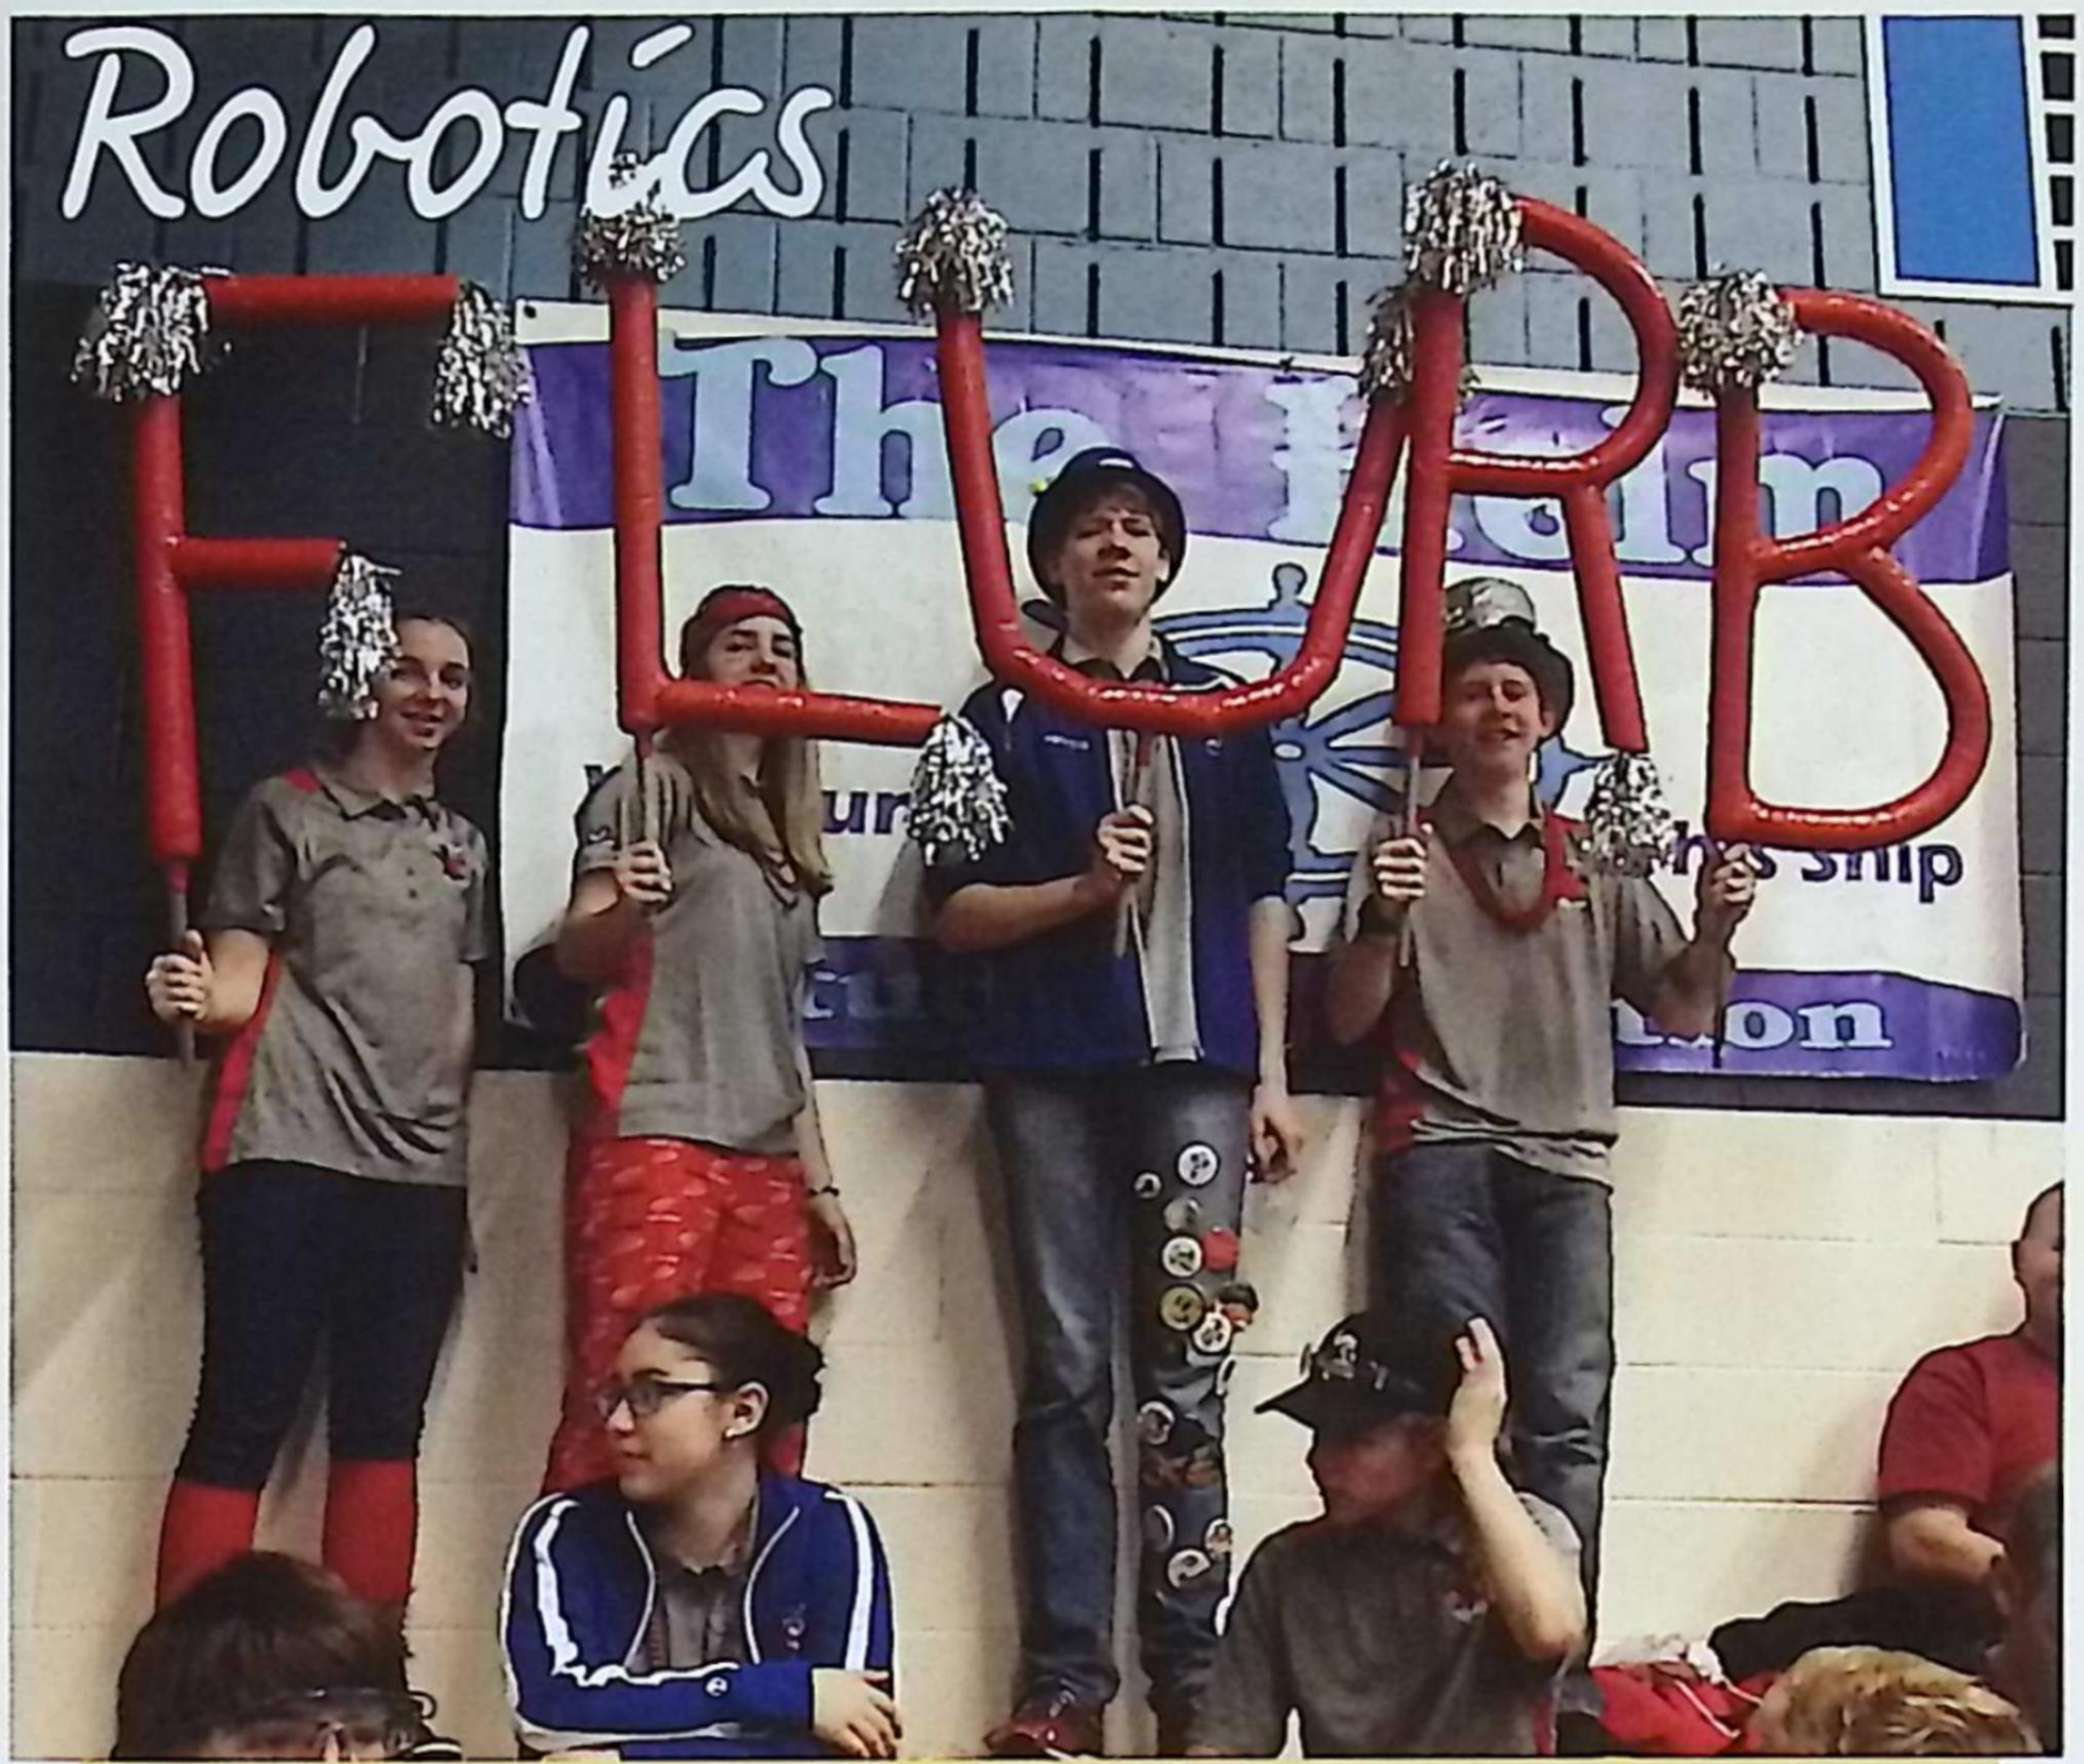
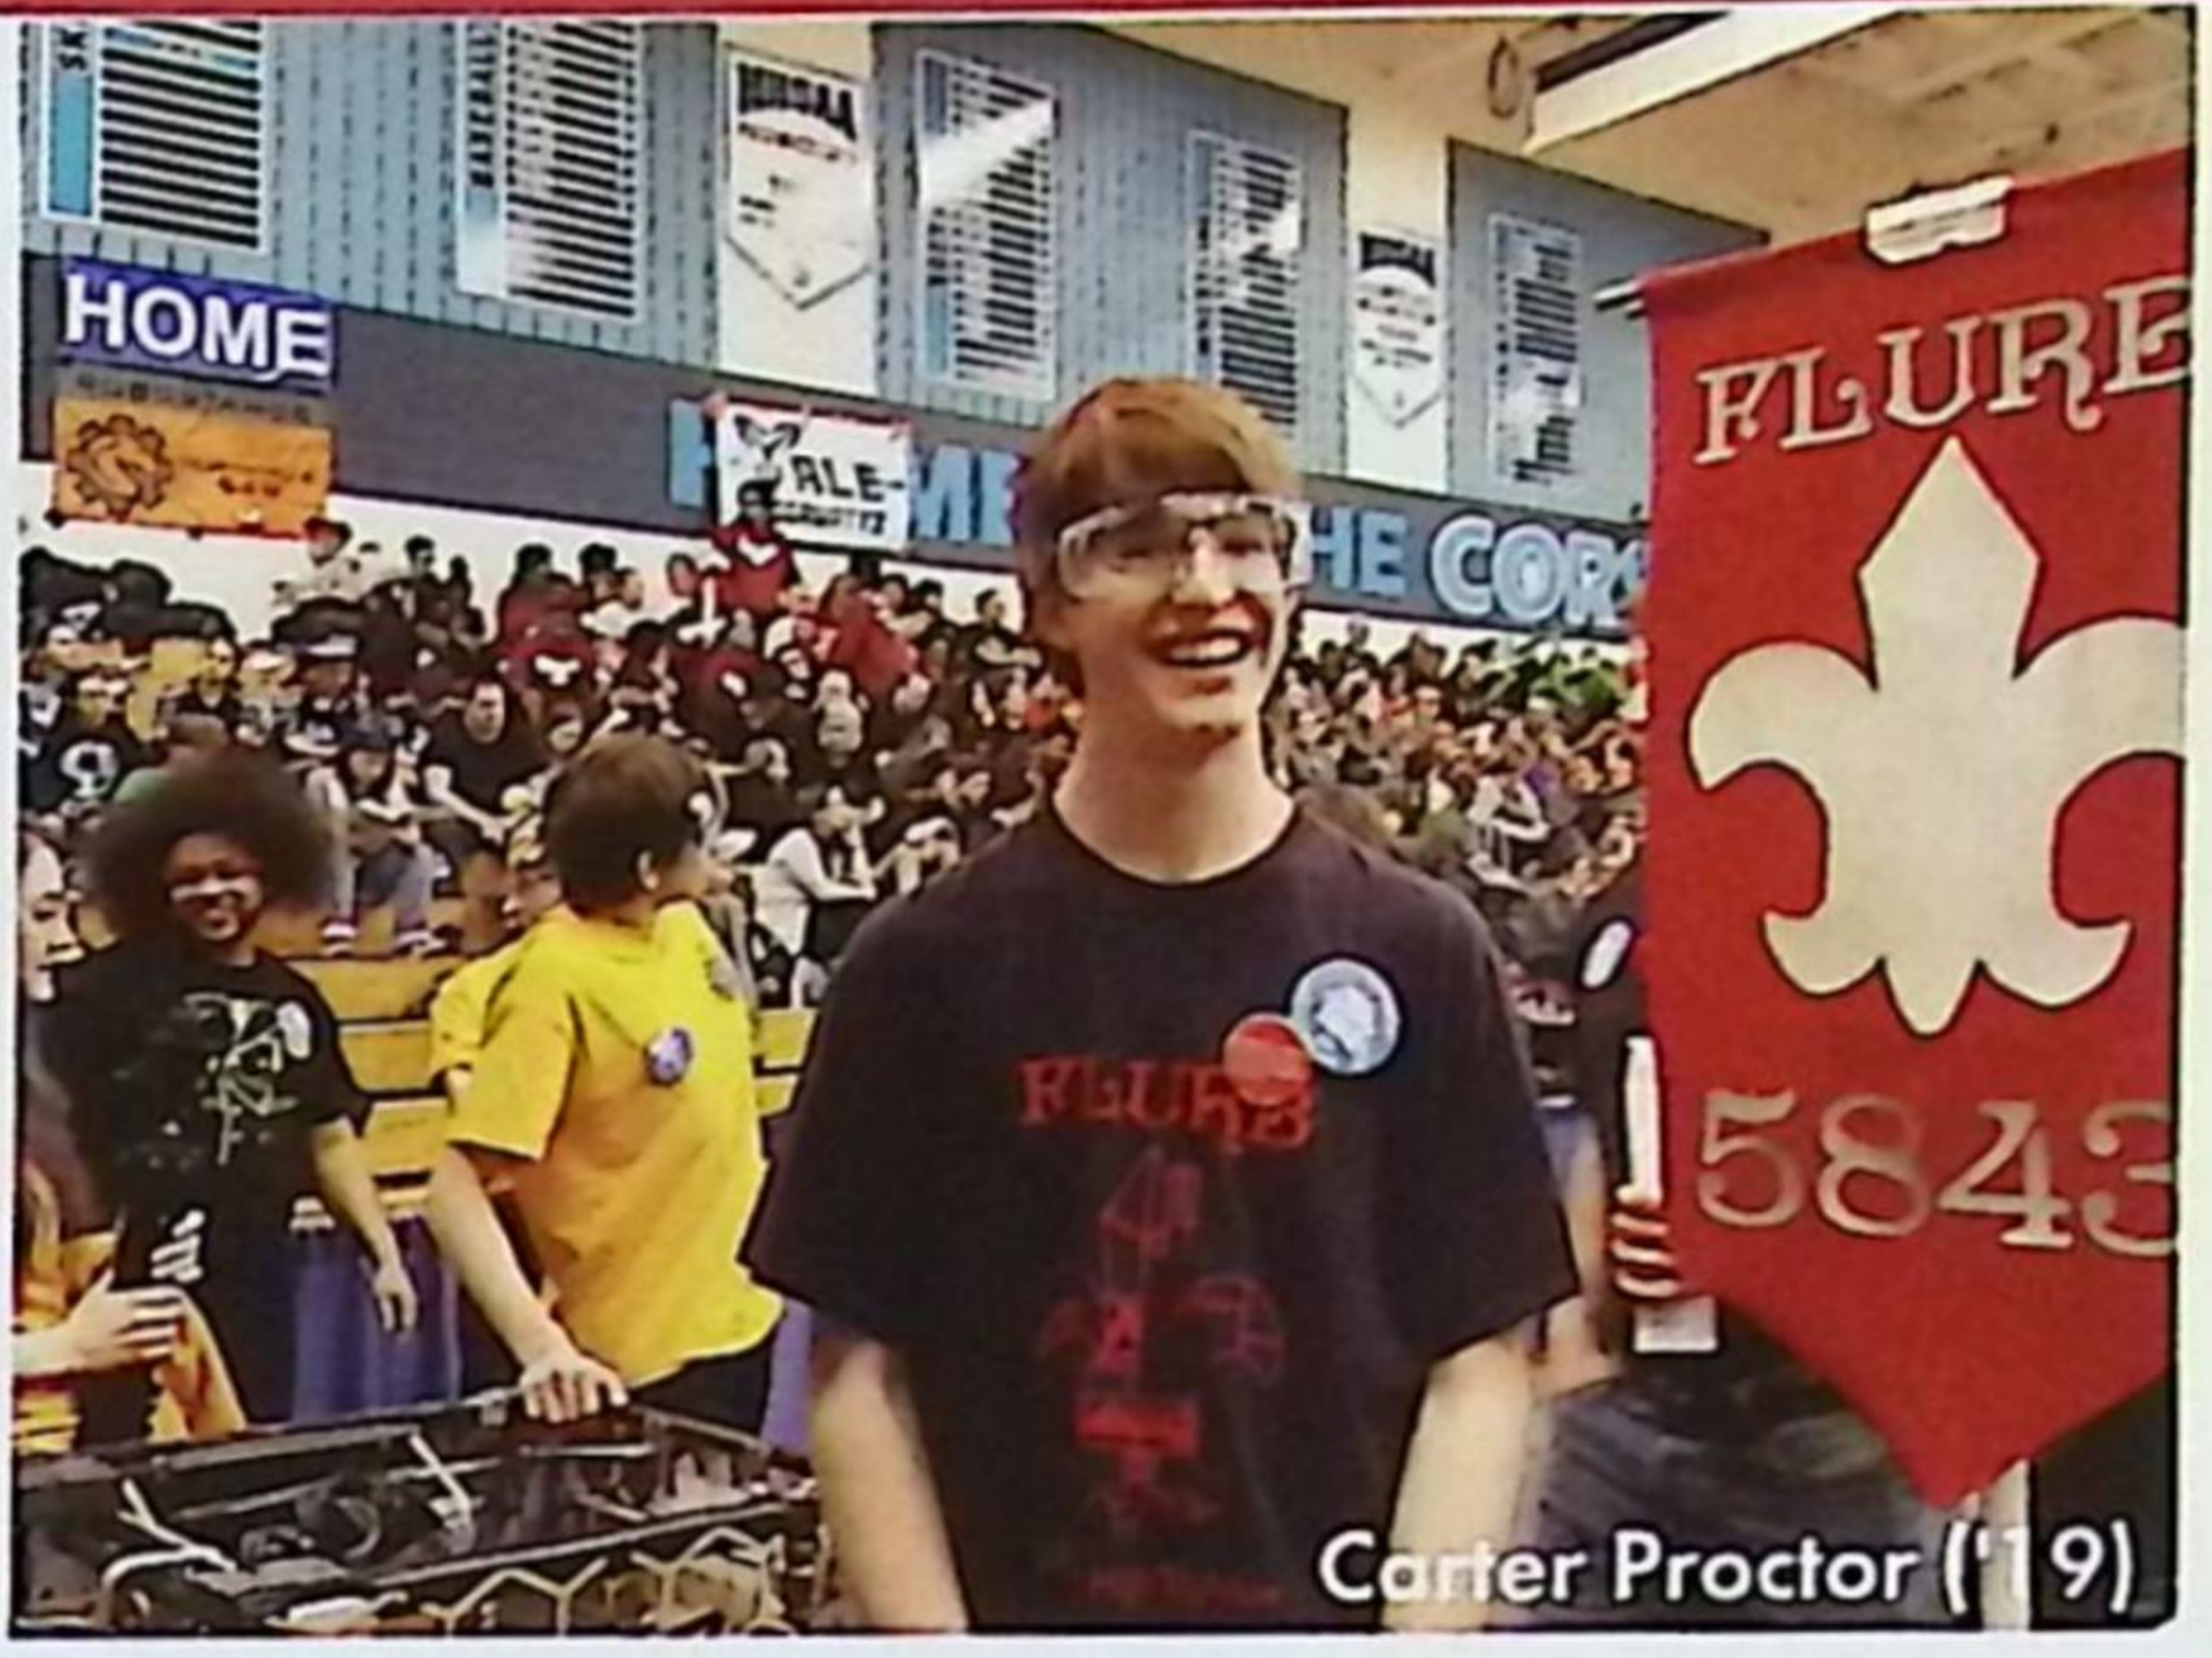
# Robotics

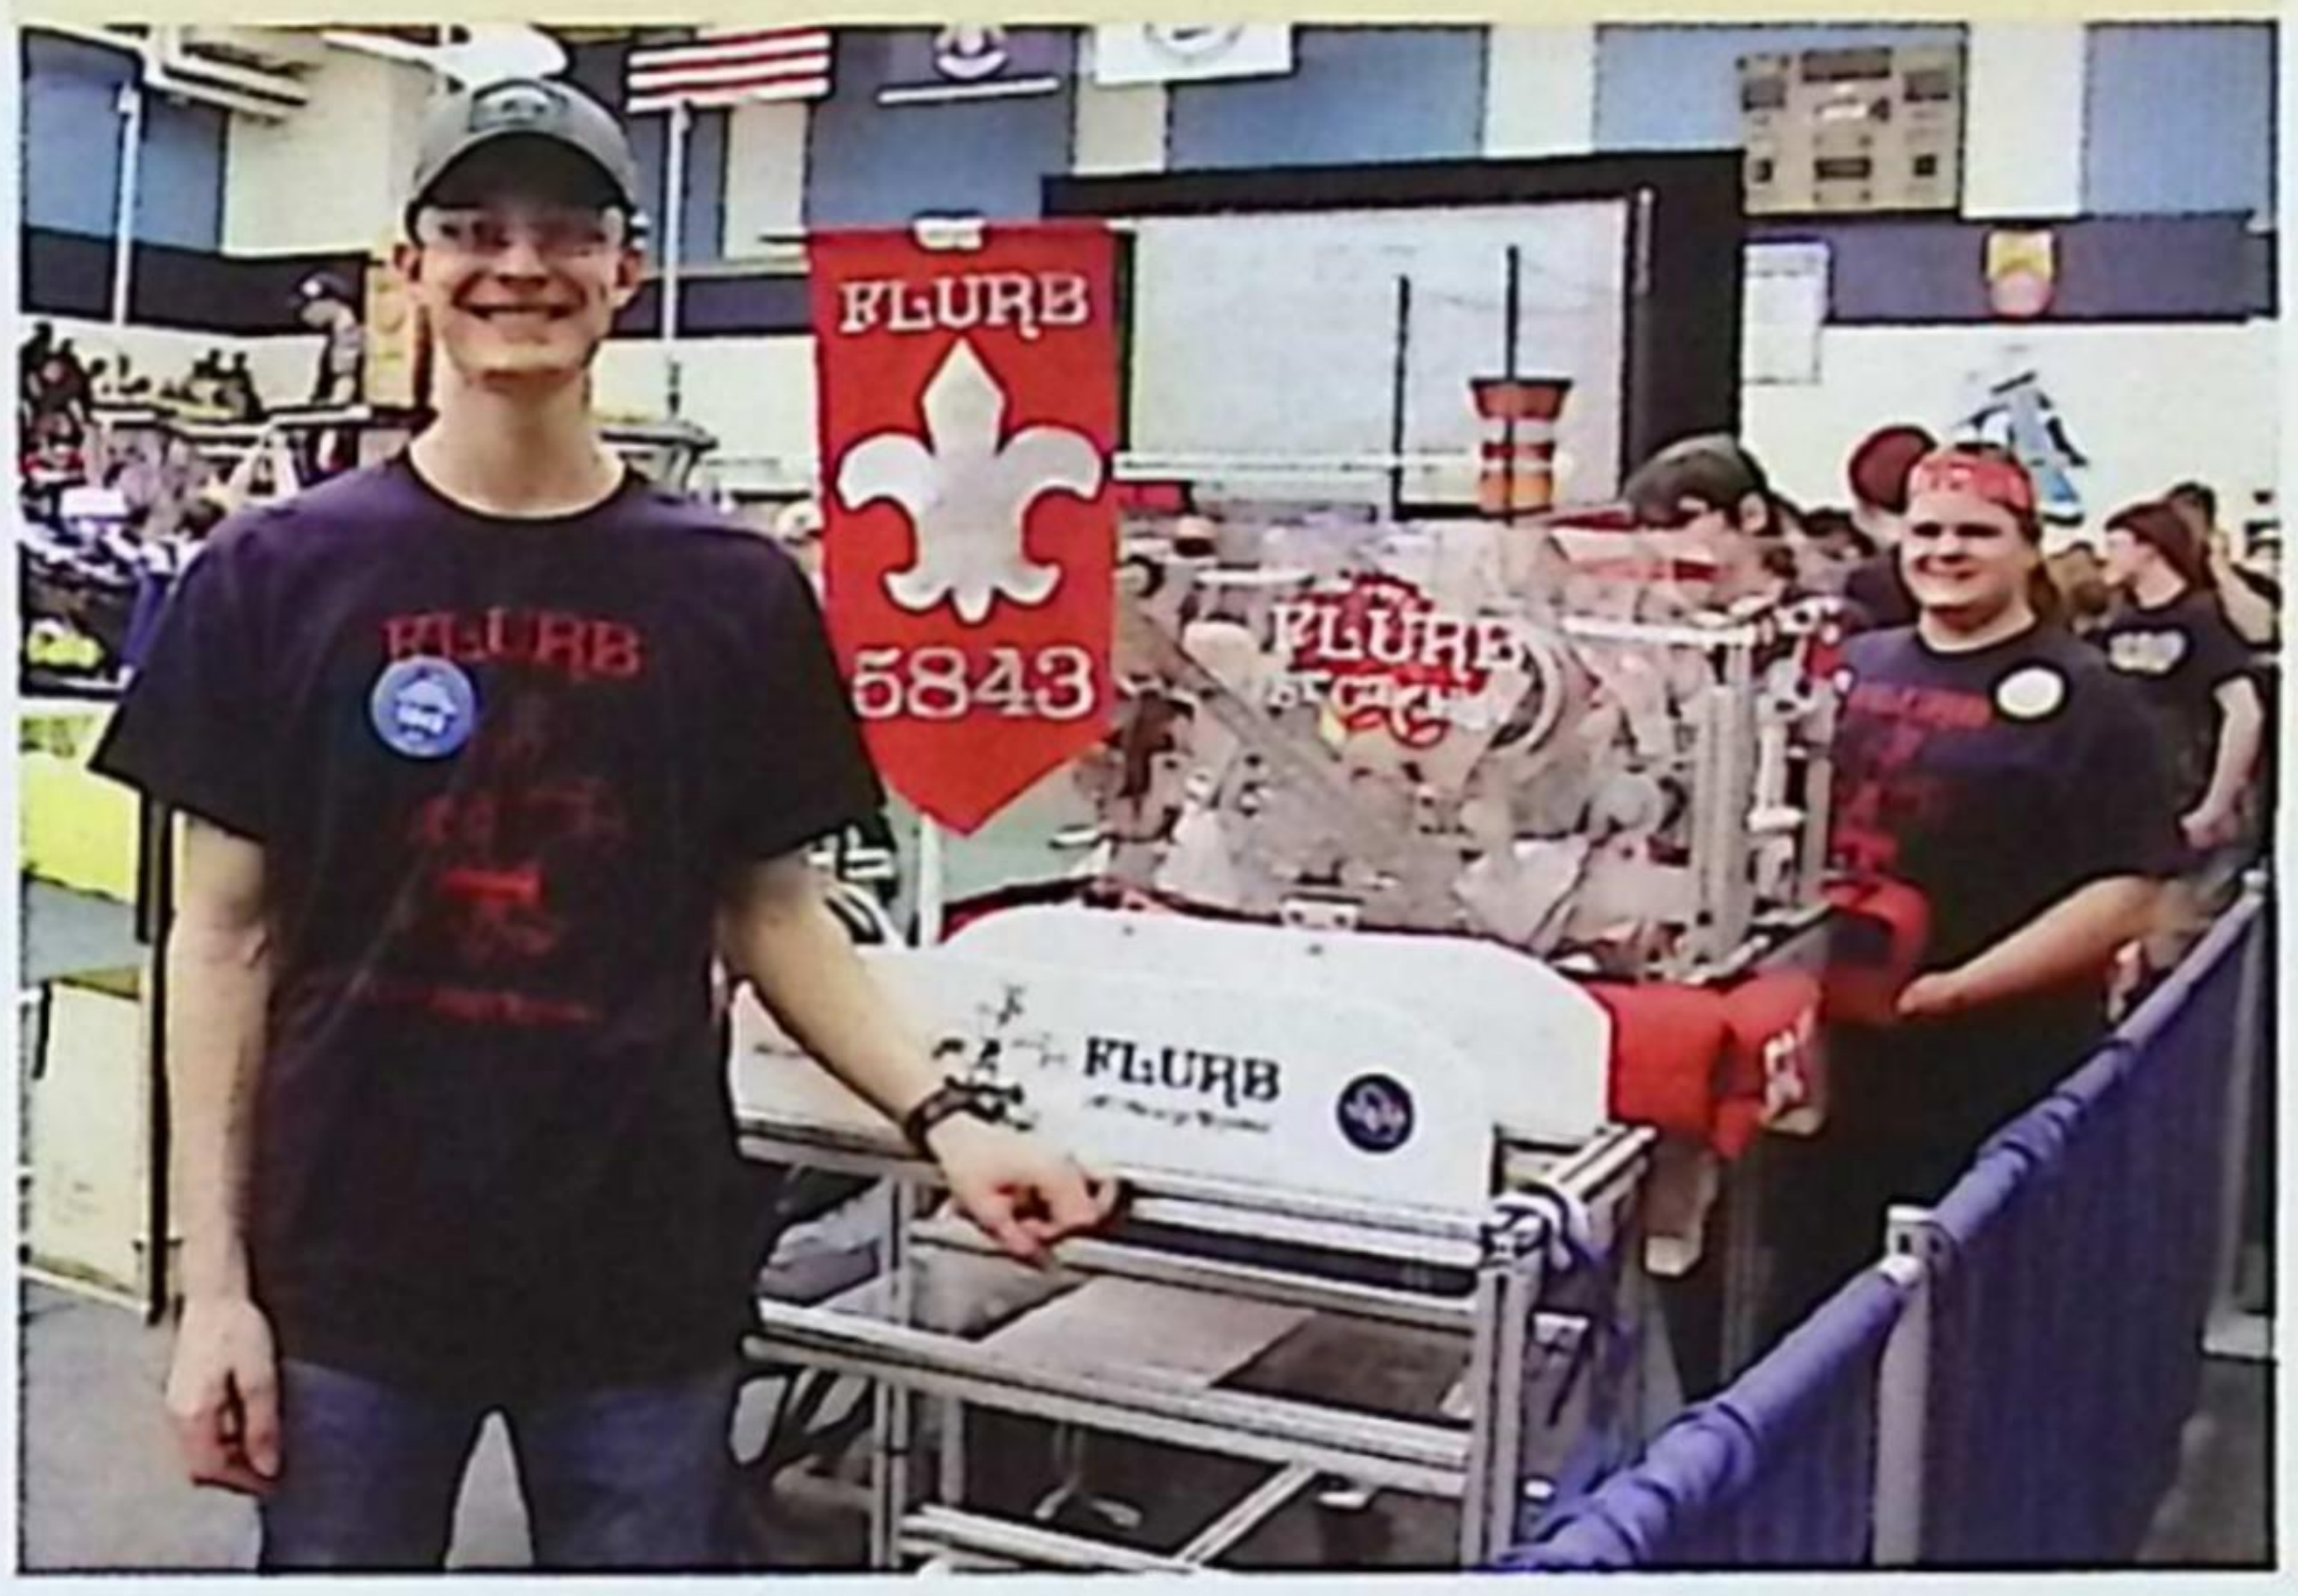


"My family has been involved in Robotics for a long time, but I really enjoy the encouraging atmosphere and the people I get to be around."
-Caden Proctor ('20)



Carter Proctor ('19)

"Winning the Engineering Excellence Award at Waterford Regional was very memorable, especially because it's a pretty big accomplishment for a small, young team like us."
-Brendan Rzeppa ('17)

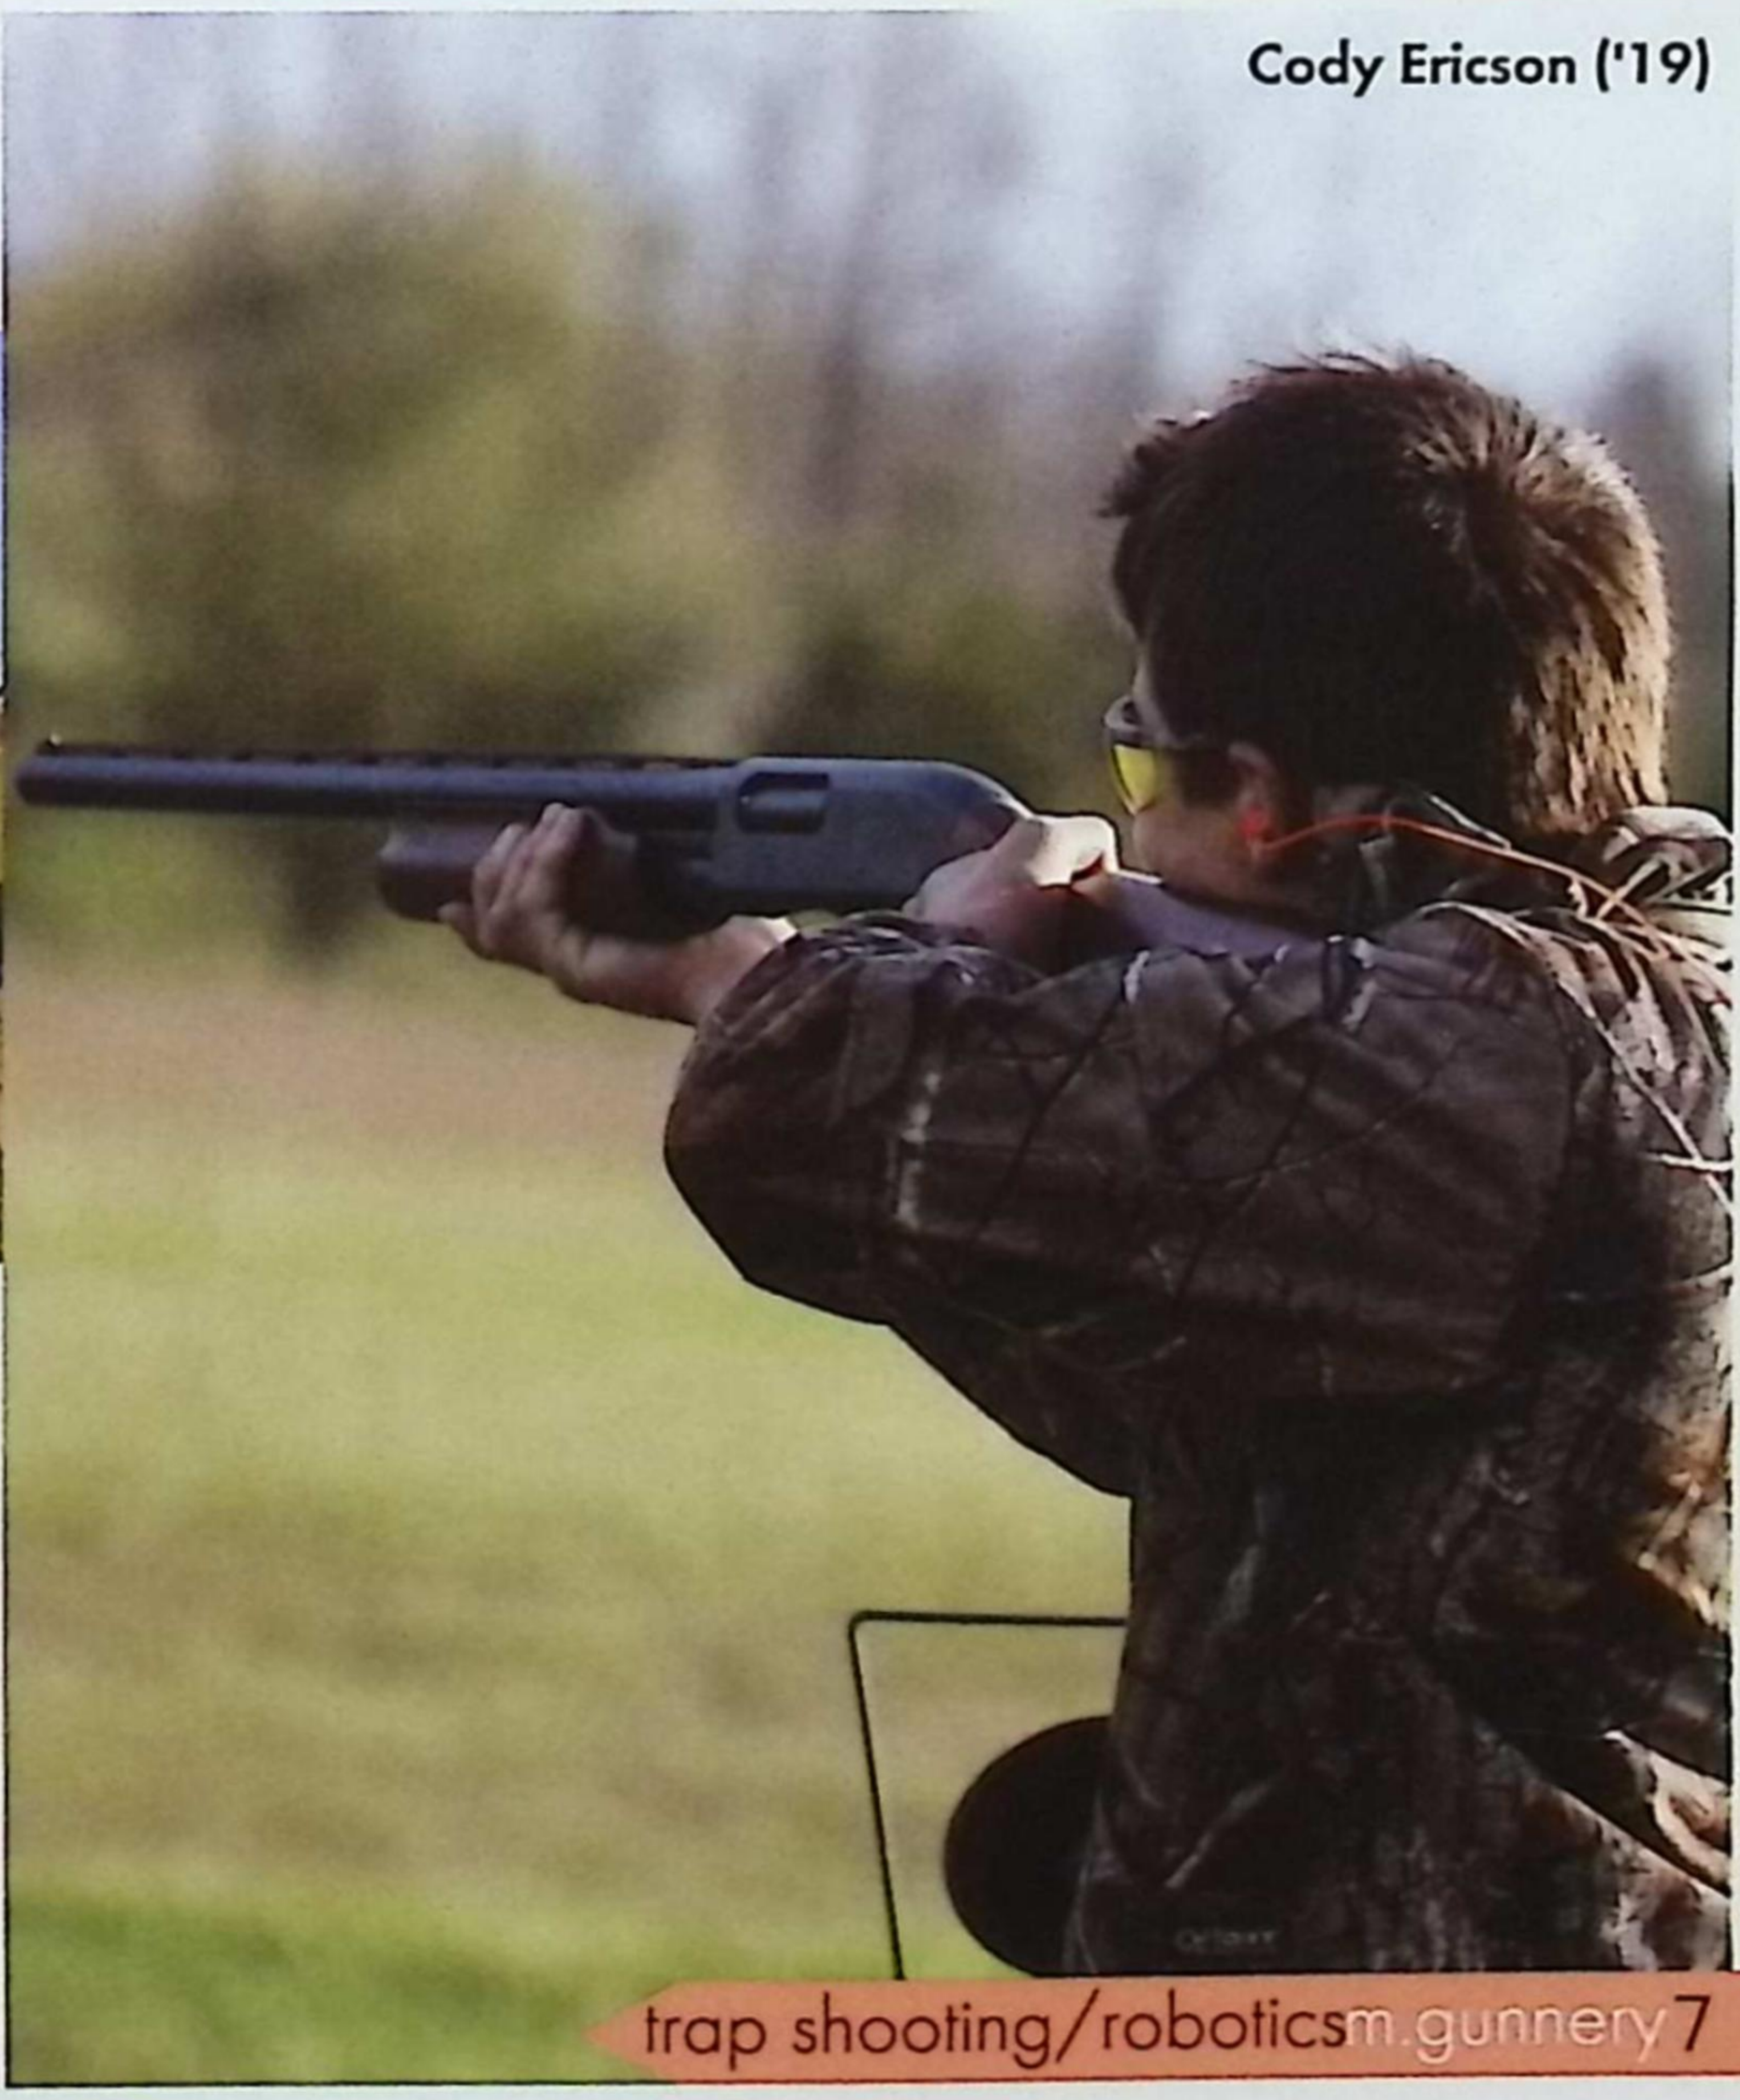


# Trap Shooting

"There aren't a lot of girls that compete so I get to be the number one girl in my entire district."
-Megan Schudlich ('19)

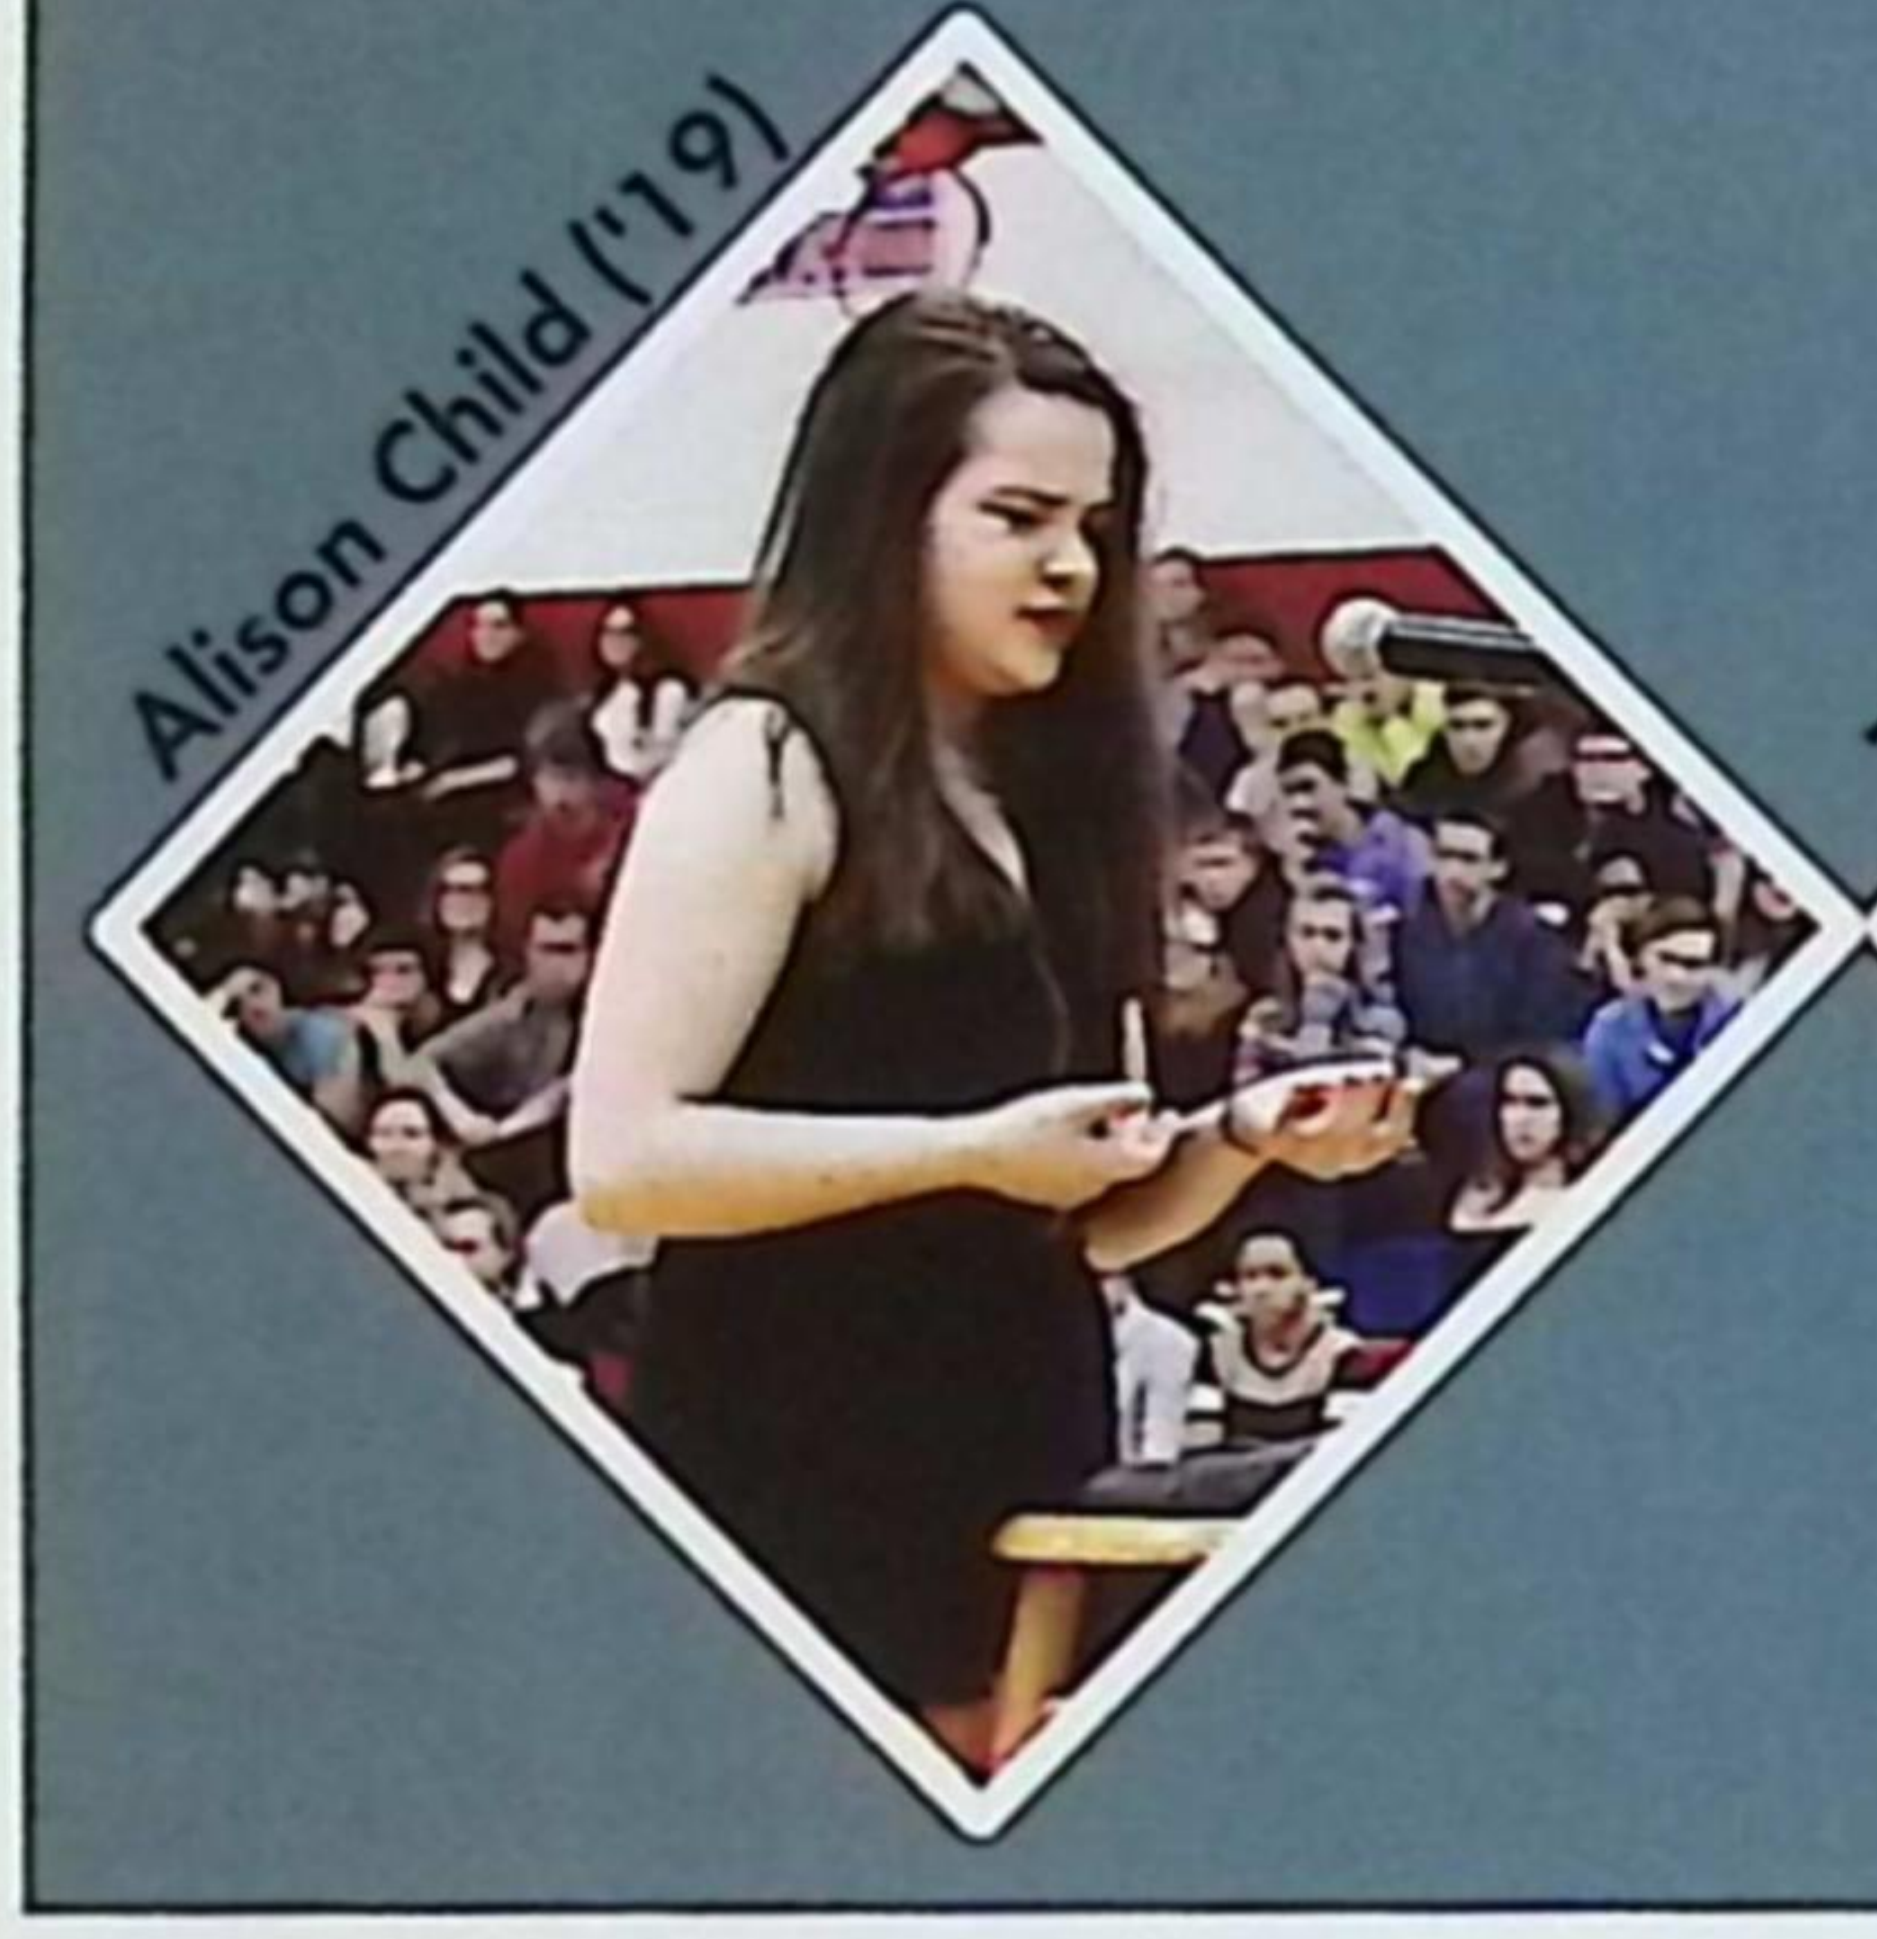
"I love being on the trap team because I get to spend time hanging out with my friends and shooting."
-Mitchell Liebetreu ('18)

Cody Ericson ('19)

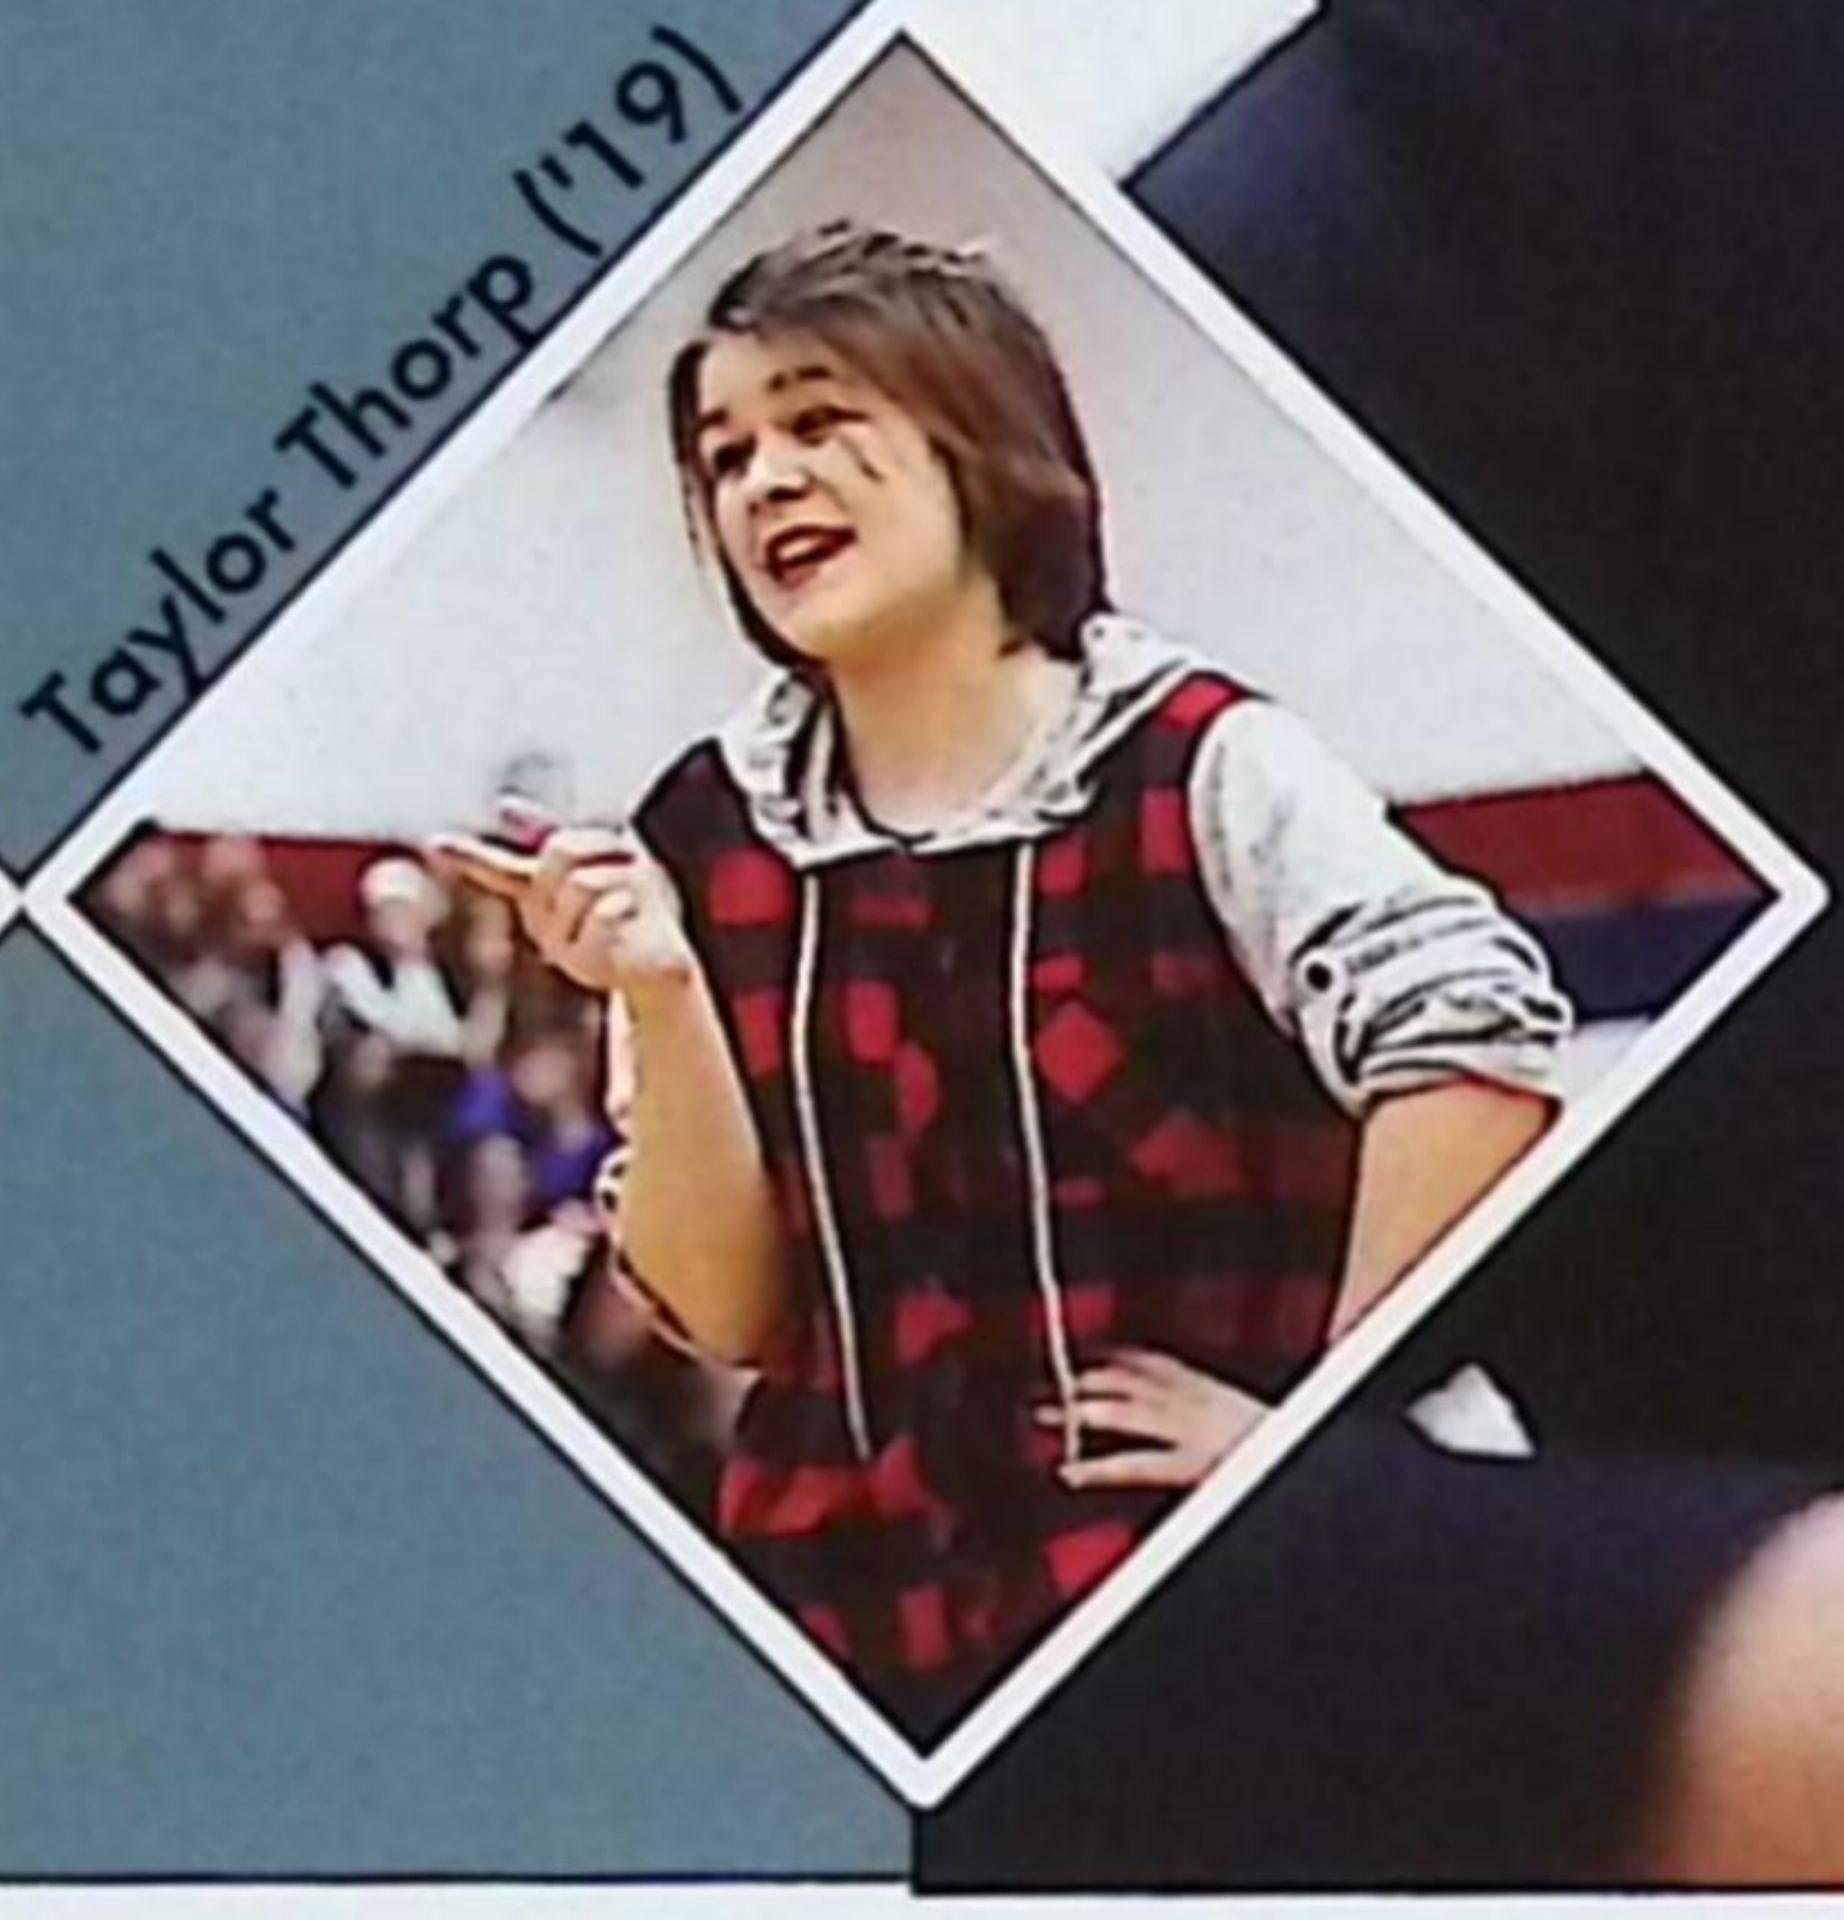


# Festival of the Arts

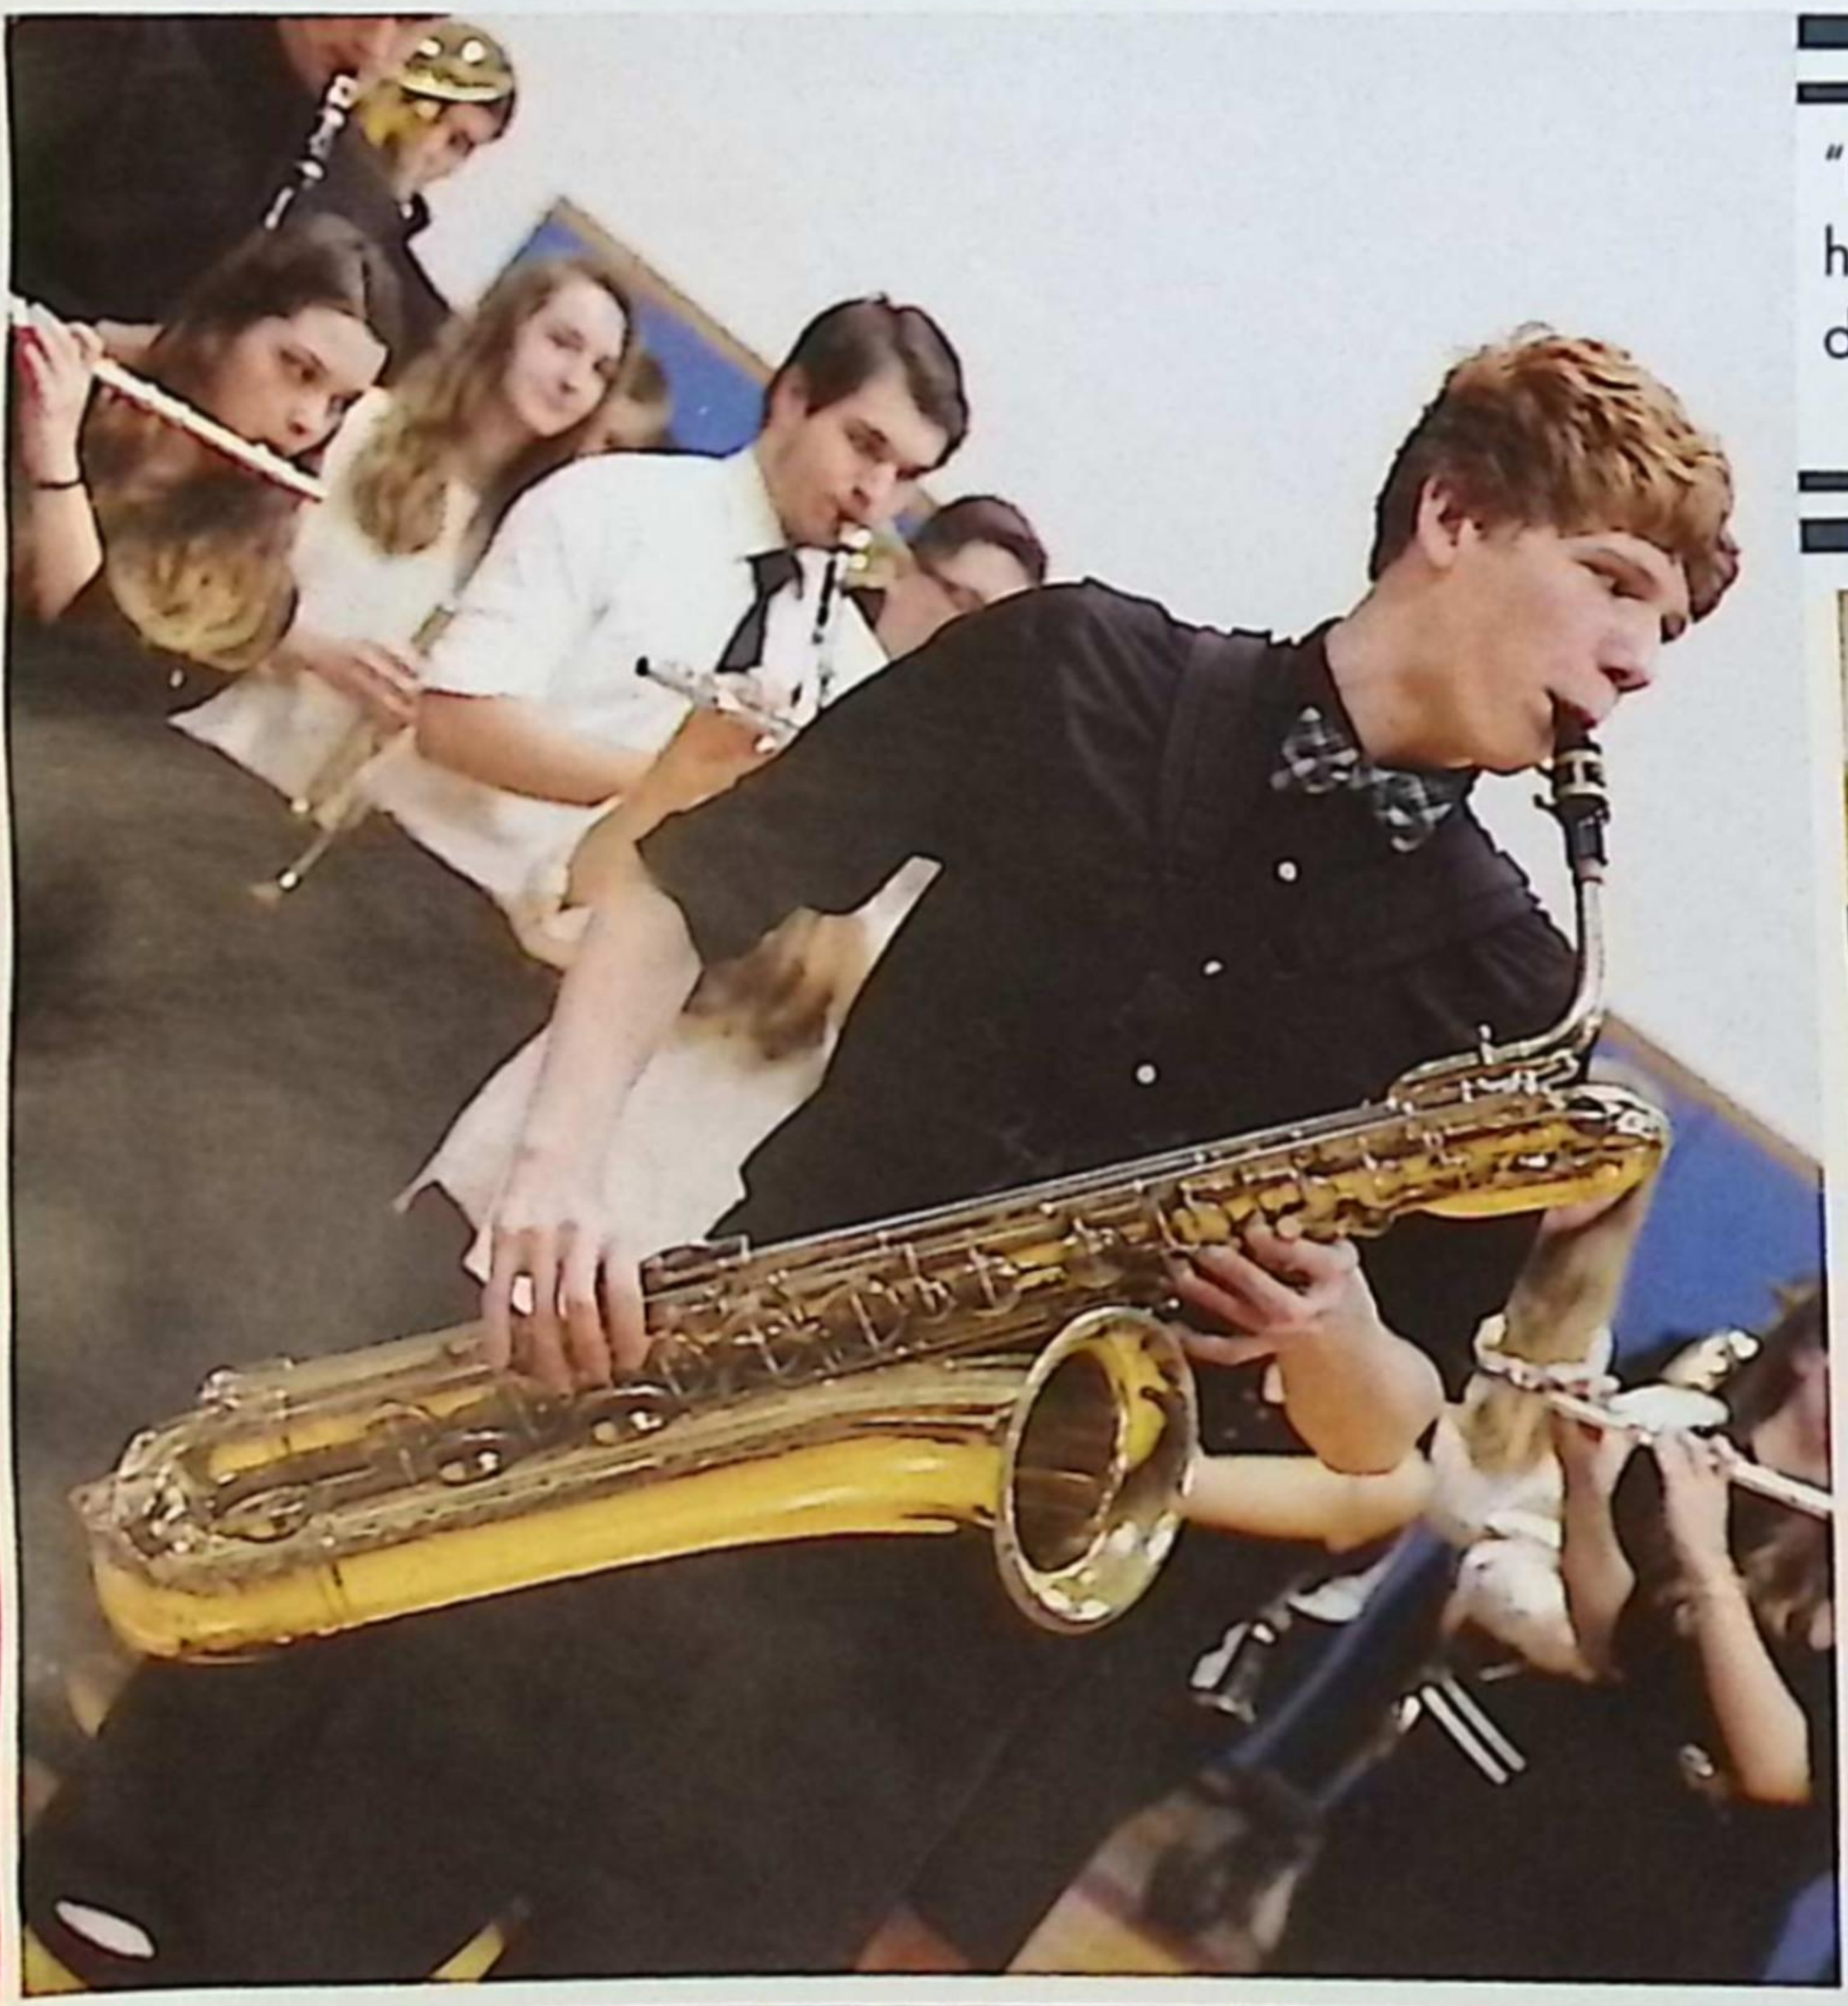
"I had so much fun performing in the Festival of the Arts. Going into it I was kind of nervous, but the more I did it, the more confident I felt. It was really cool that I could rap instead of sing because my vocals are terrible. Also, I don't think anyone was expecting me to rap. The "UltraLight Beam Group" was great to be a part of, and I am so happy we got together to do this. None of us really knew each other when we started out. **Paige Holstine ('19)** was amazing at singing, **Grant Davis ('17)** is an awesome drummer, and **Kannon Brooks ('18)** knows how to rock the piano. It stinks that this was my senior year because I wish that I could do it again.
-Vishal John ('17)



Alison Child ('19)



Taylor Thorp ('19)



"Even though the mic was broken, I had a great time and look forward to doing it again next year."
-Caden Proctor ('20)

"Improv is letting your imagination run wild; don't be afraid to do the same."
-Allison Cole ('18)

Grant Davis ('17)

"Bet you didn't think I had any talent! Well, I proved you right...I don't." **-Jina Hamill ('17)**

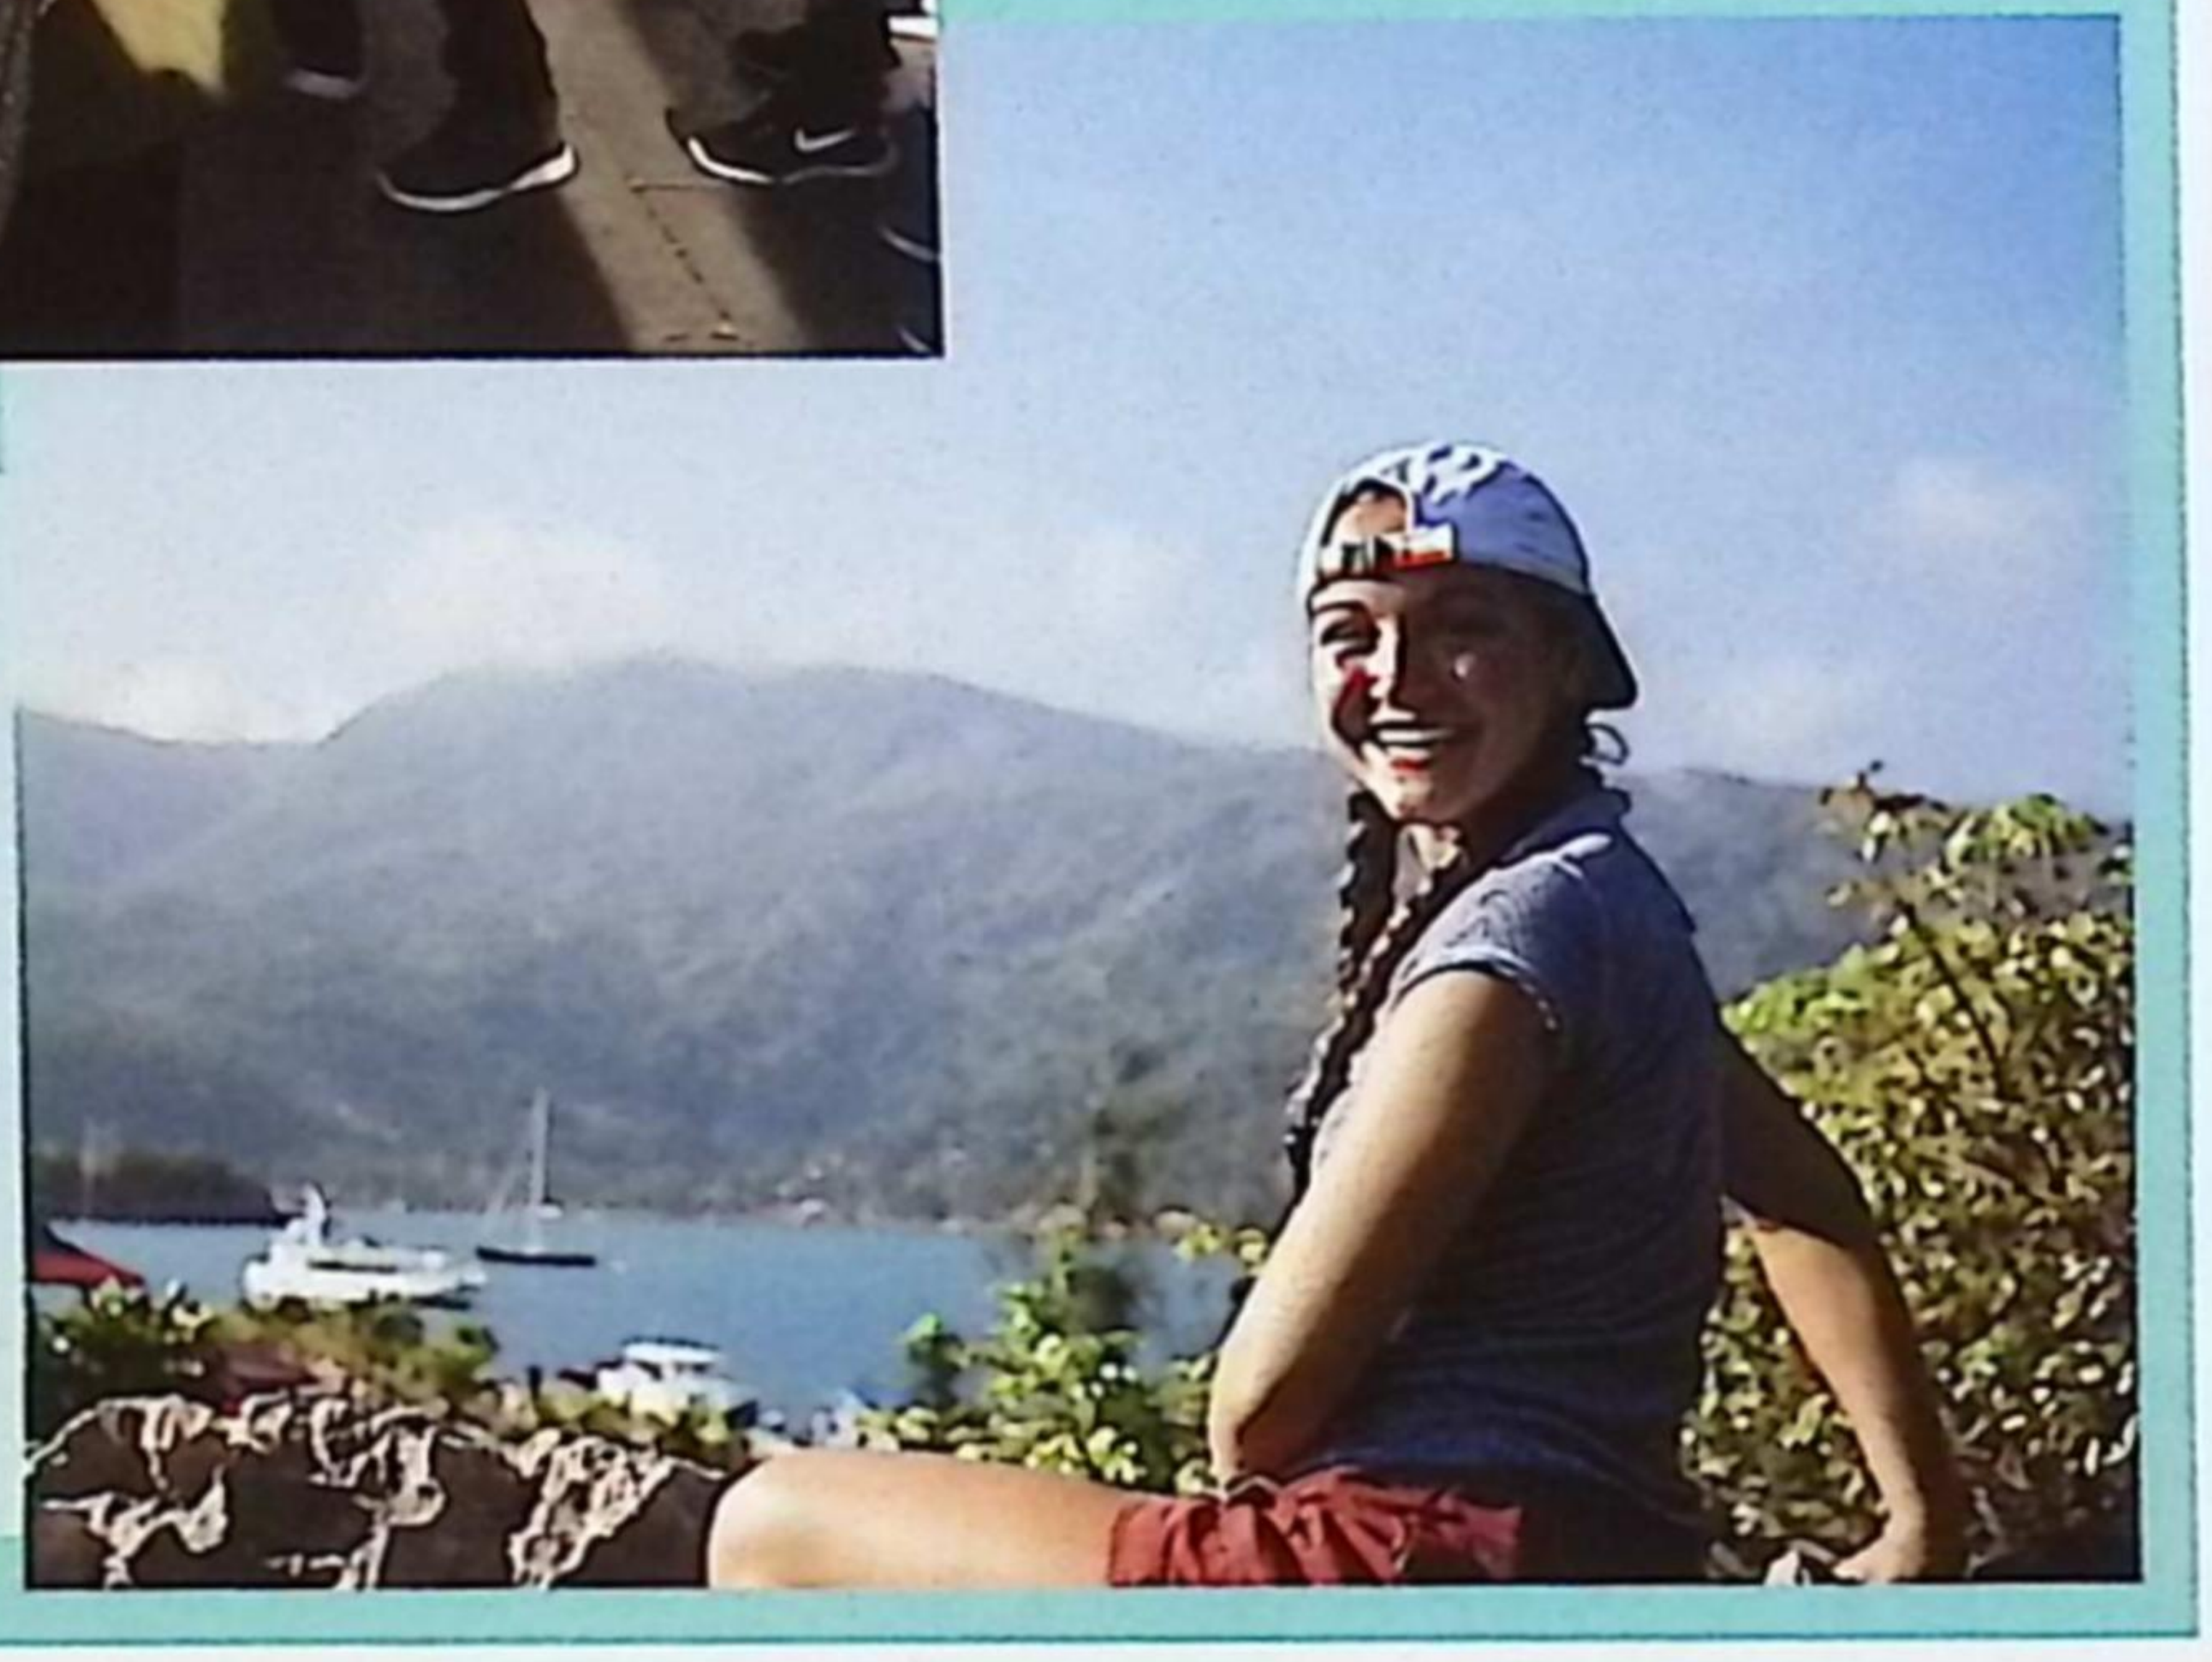
"I have never had a huge stage presence, but singing has always been one of my largest passions in life. I'm a very introverted person so I've learned to express myself through the arts. Singing was the first form of art that I taught myself. Being able to perform for the entire school made my ten years of learning completely worth it. Seeing everyone's reactions after singing gave me the most incredible feeling. Being able to look back at my friends I performed with and seeing their smiles made the hard work we put in entirely worth the experience. I wouldn't trade this for anything.
-Paige Holstine ('19)

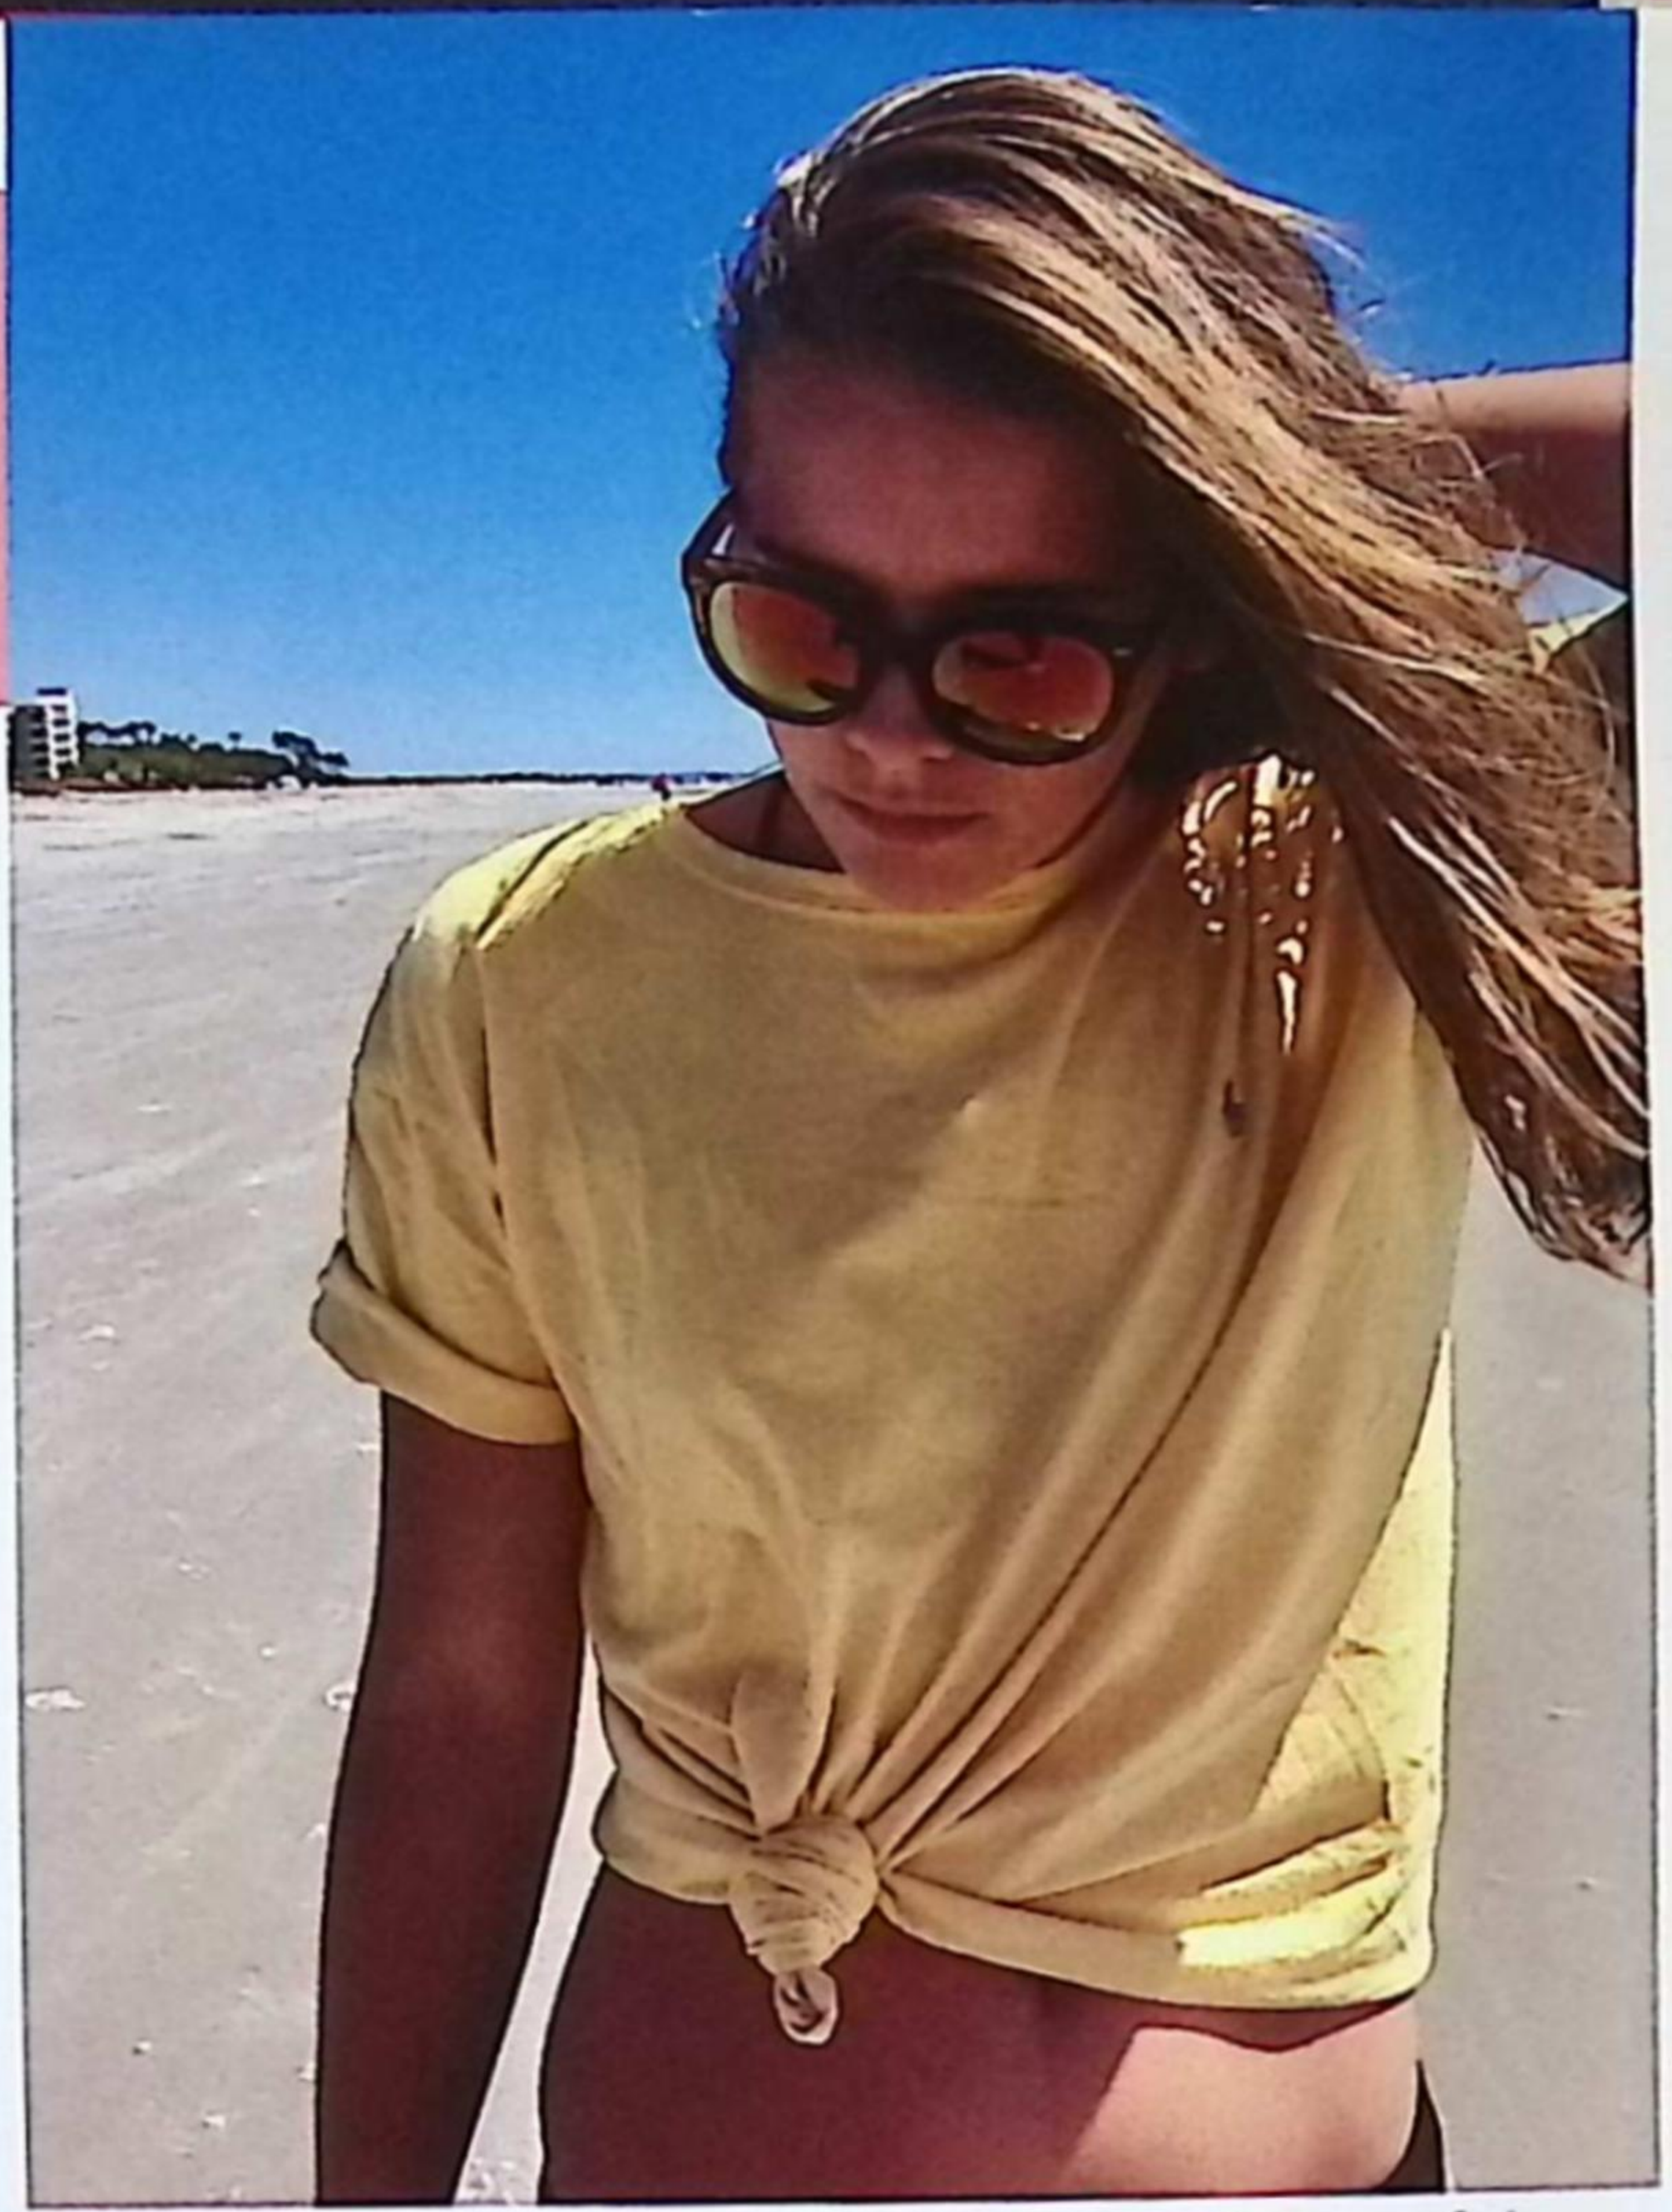
Adriana Kuffa ('19)

# Spring Break

"The 60-year-old bus driver had a crush on me and kept calling me 'pretty blonde' in Spanish; that was the highlight of my trip."
-Maddie Leaver ('19)

"For spring break, I went on a cruise to Haiti and Jamaica. The best part of the vacation was when I went snorkeling by a coral reef and got to see a bunch of little fish."
-Lainy Humes ('20)





**above:** "Just your easy, breezy, beautiful, average girl." -Kaitlin Howell ('17)

"We went to this island called Las Caletas for a day and we went ziplining and on a huge water slide and just enjoyed the island, it was amazing."

1. The three goals I have for the team next year would be: 1) have a higher batting average; we did great this year, but I would definitely like to exceed our numbers from this season. 2) Diversity; we need players that can play multiple positions as opposed to just one. This would be good for the team because if someone gets injured we are not struggling. 3) Always have in mind the goal of making it to states."
-Molly Likins ('18)

"I was in the football section for the lip dub and when the camera came by I full on tackled **Billy Balfour ('17)** like a real football player. I don't know if you can see it in the video, but I thought it was pretty hype." **-Alysa Cataldo ('18)**

"I wish I would've been able to represent the girl's soccer team because we are so close knit together. However, standing for Spanish with **Lia Kemle, Samantha May, Jillian Brooks, and Abbie Badke ('19)** was a close second."

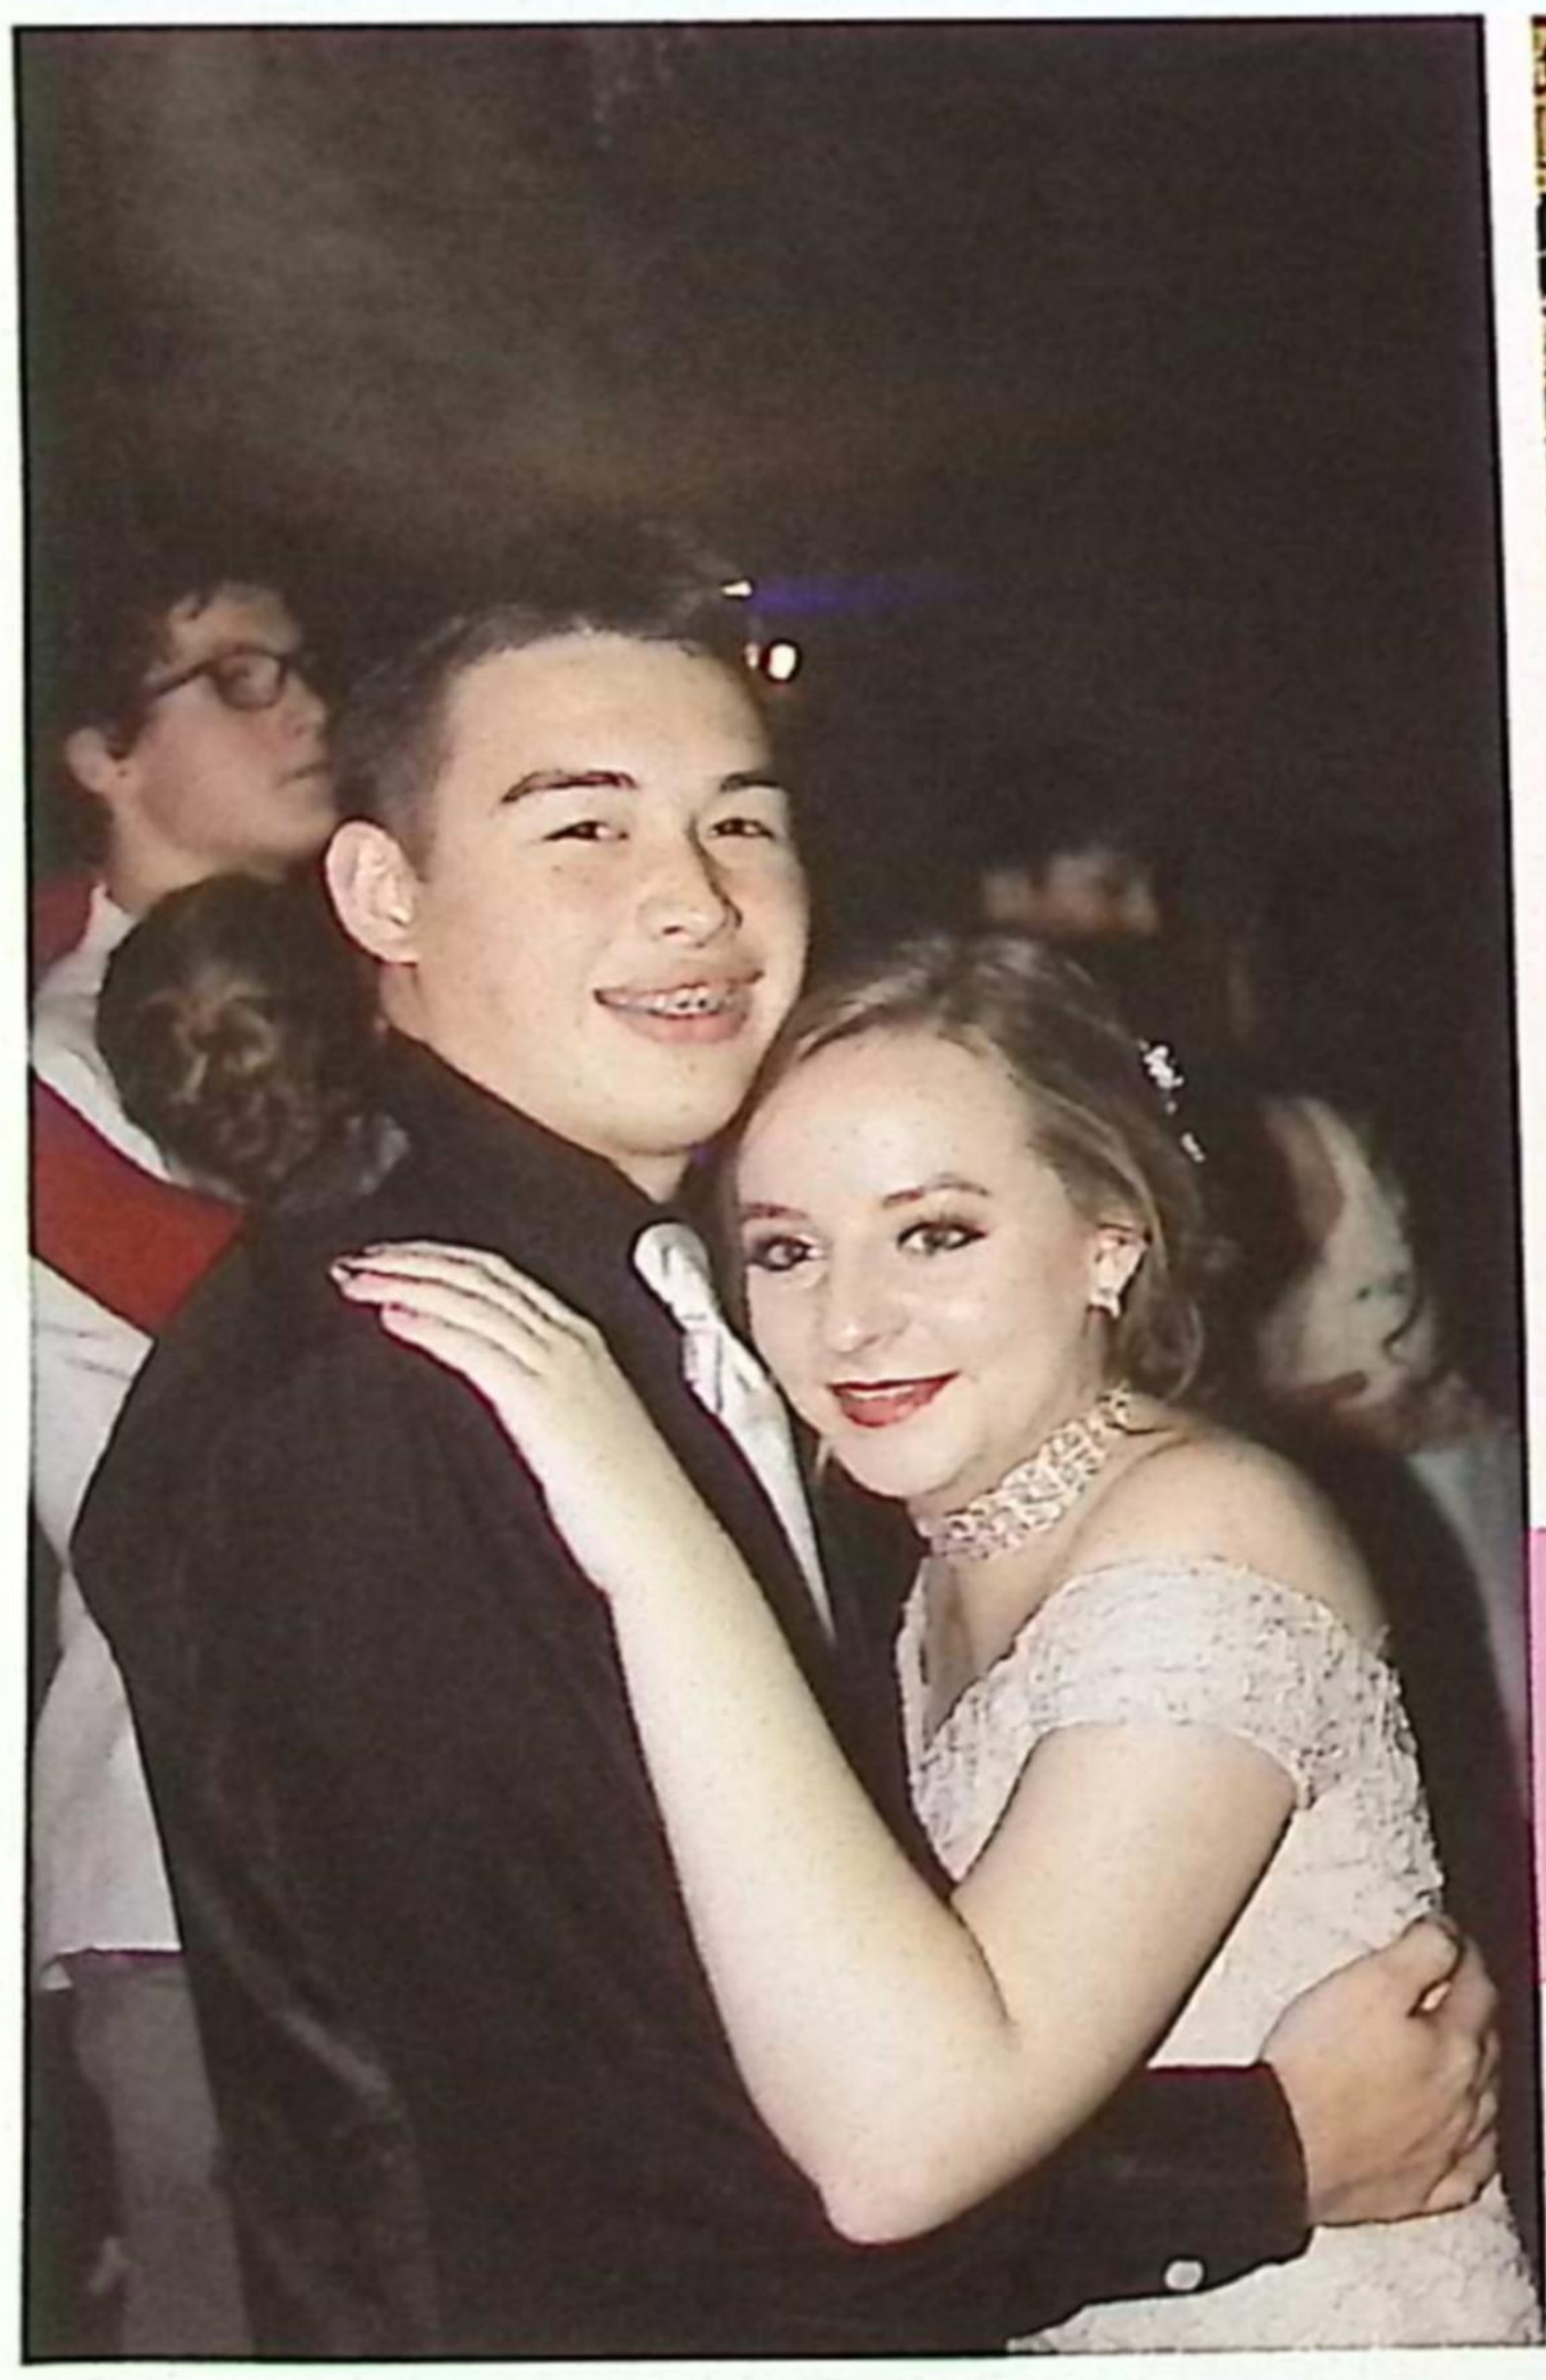
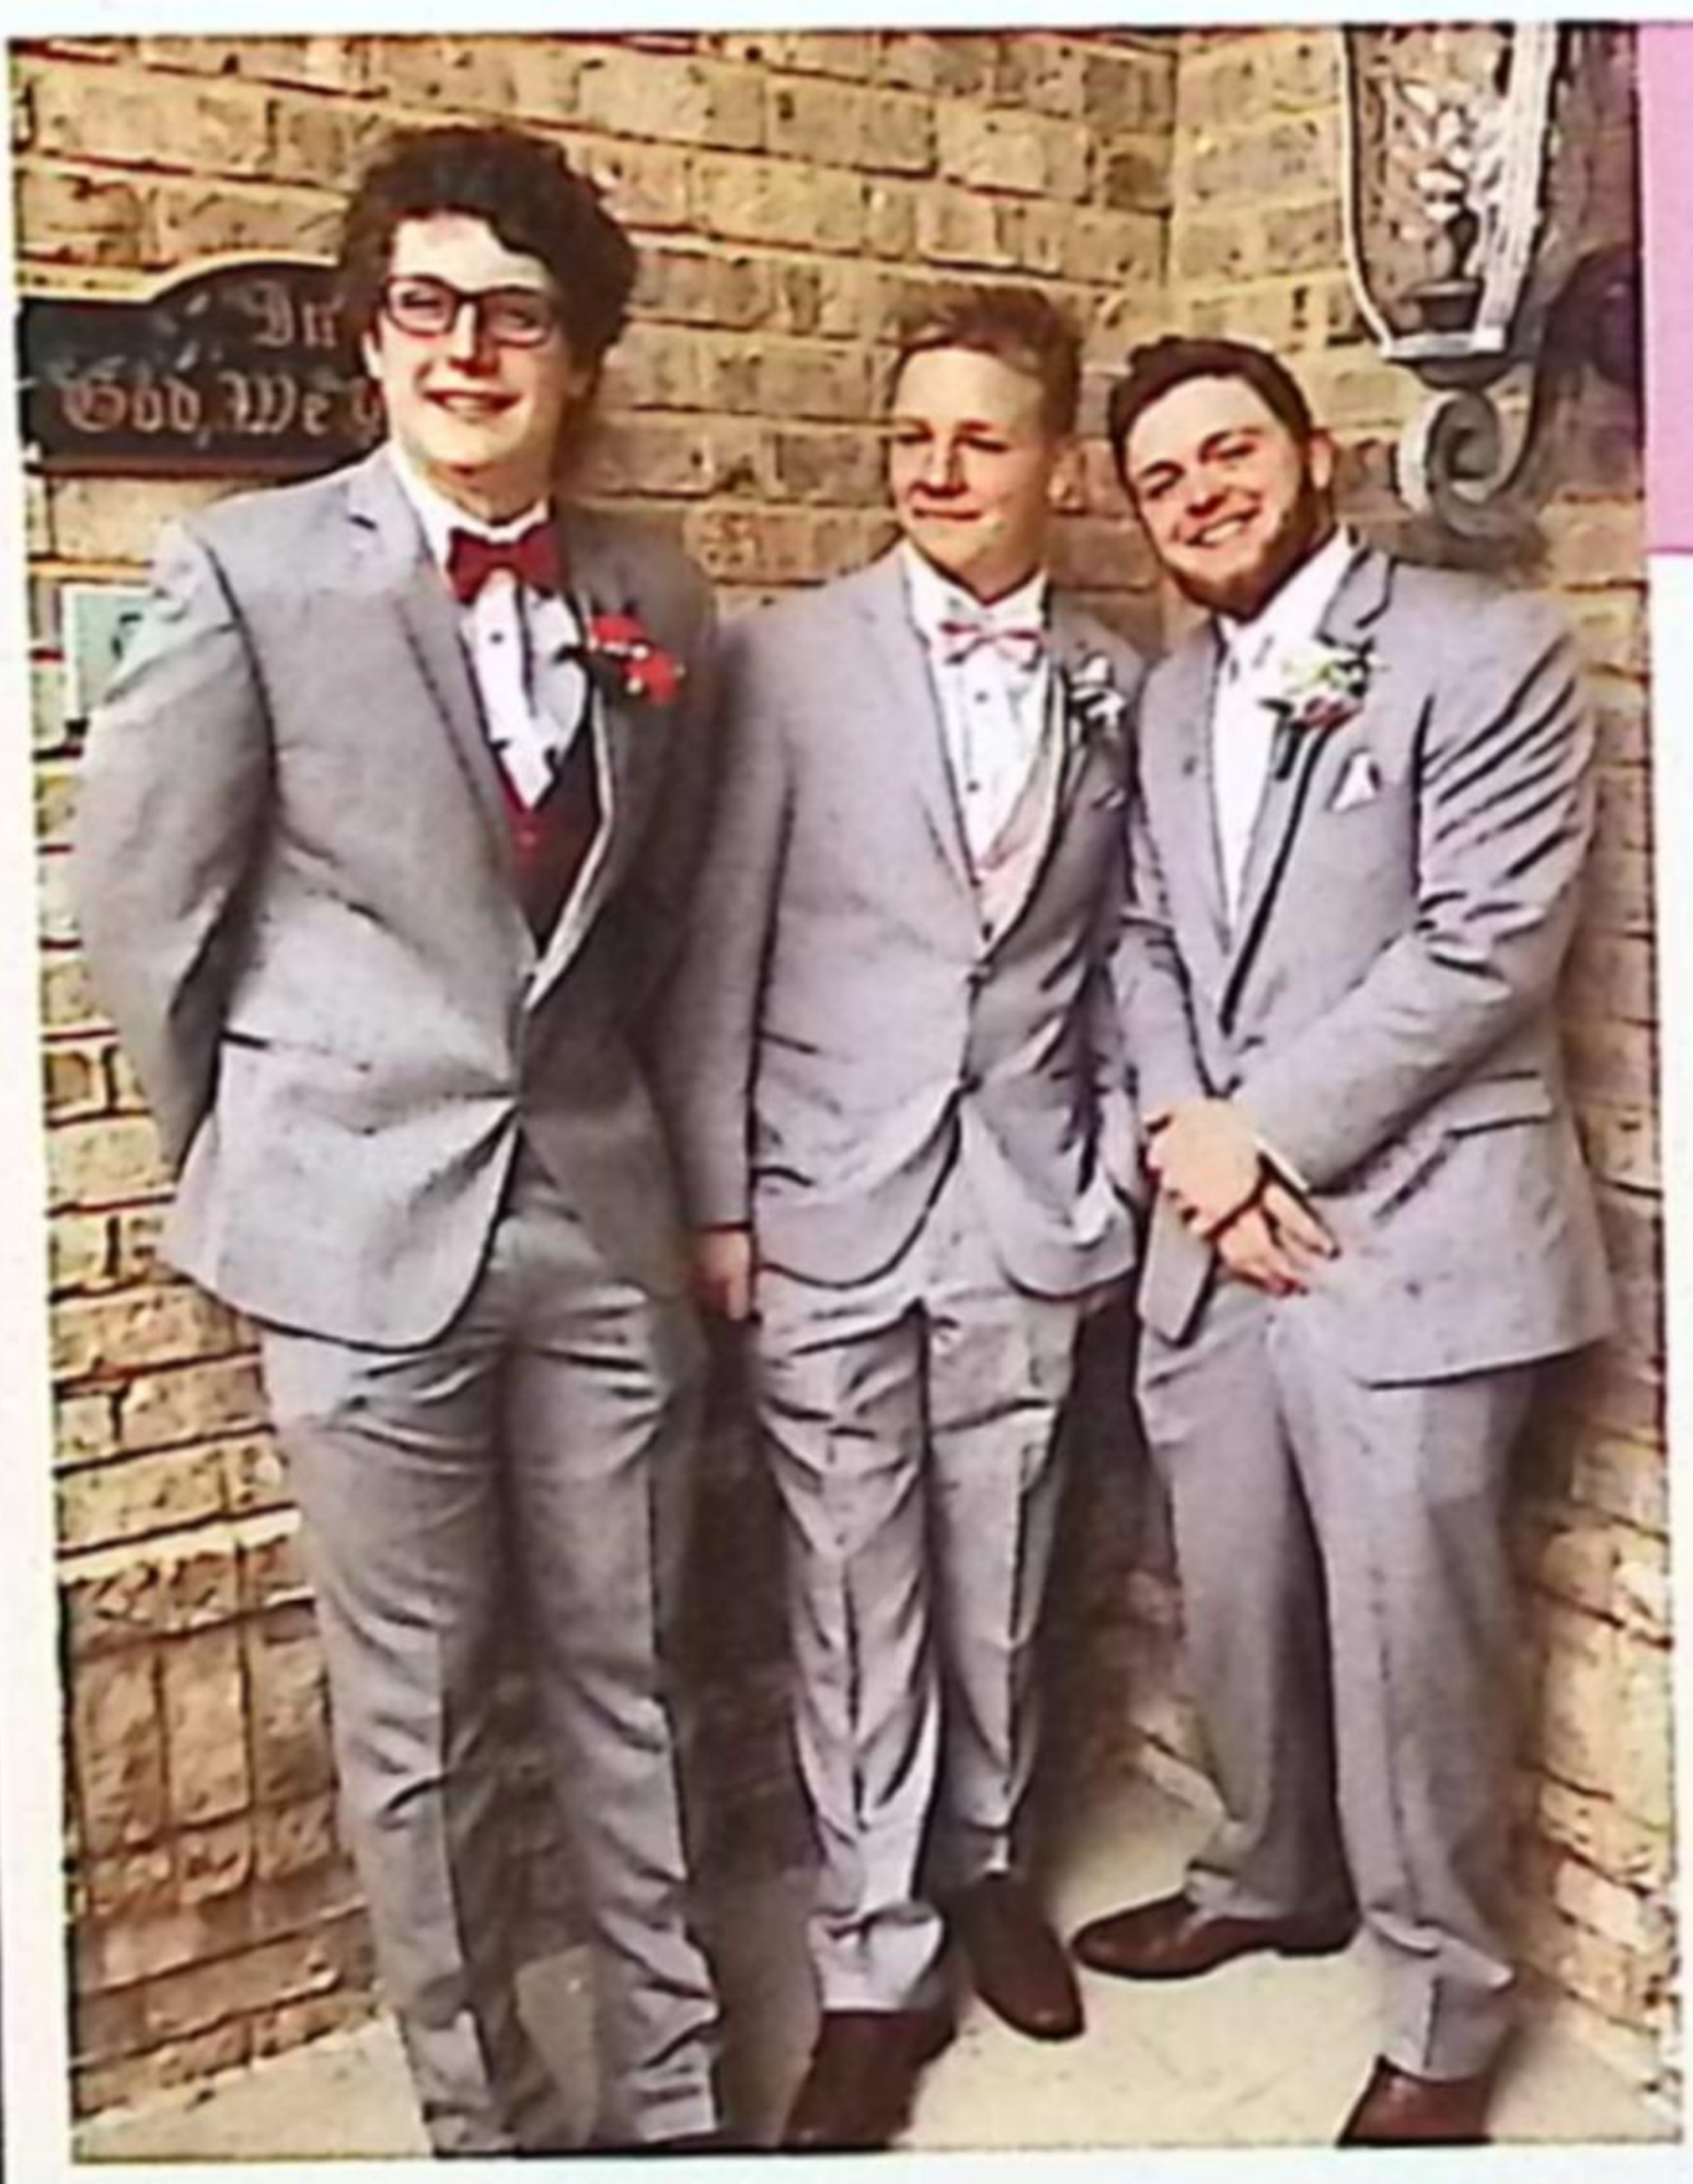
# PROM

**above:** "I decided to raise money because I knew it would go to a good cause and I wanted to see an easier and more environmentally friendly way to refill water bottles for future generations."
-Mackenzie Kapanka ('17)





"It was great seeing everyone having a good time,and the food was really good."
-Sam Pickelhaupt ('18)

"My favorite part of prom was the food. They had bomb biscuits."
-Abigail Barnum ('19)

"This years prom was way more groovy than the last prom I went to!"
-Mr.Rutledge

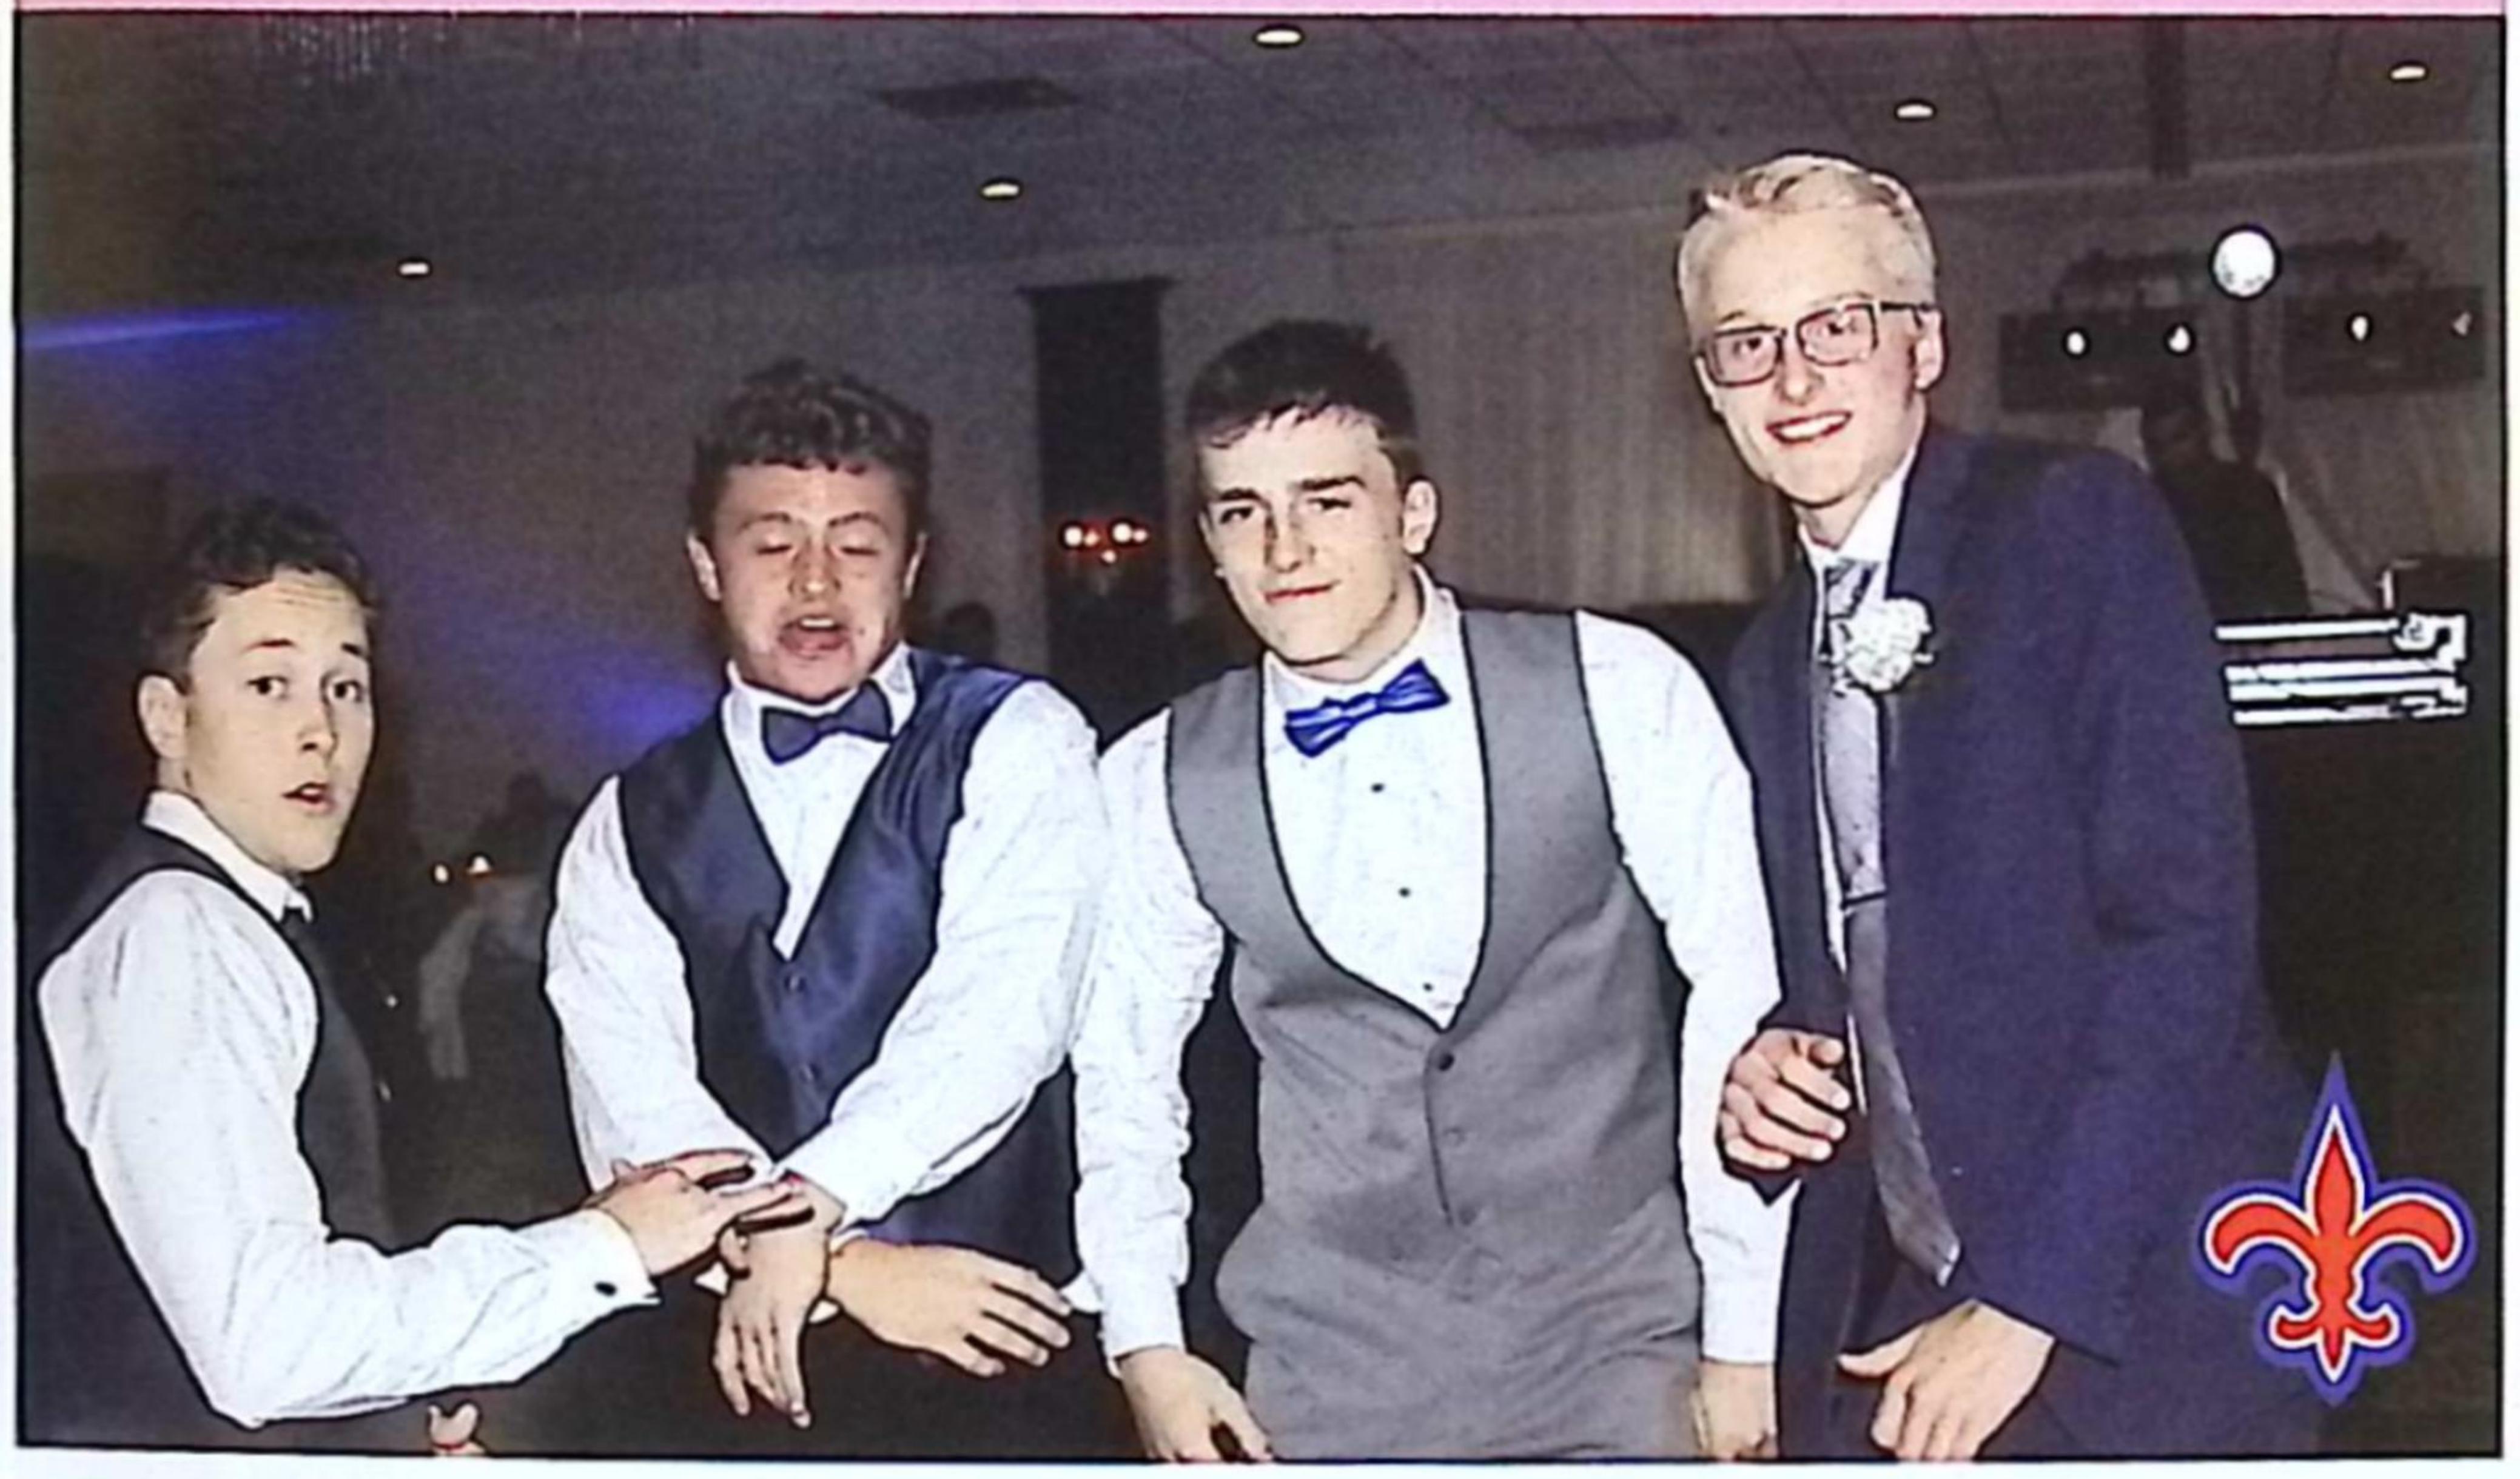
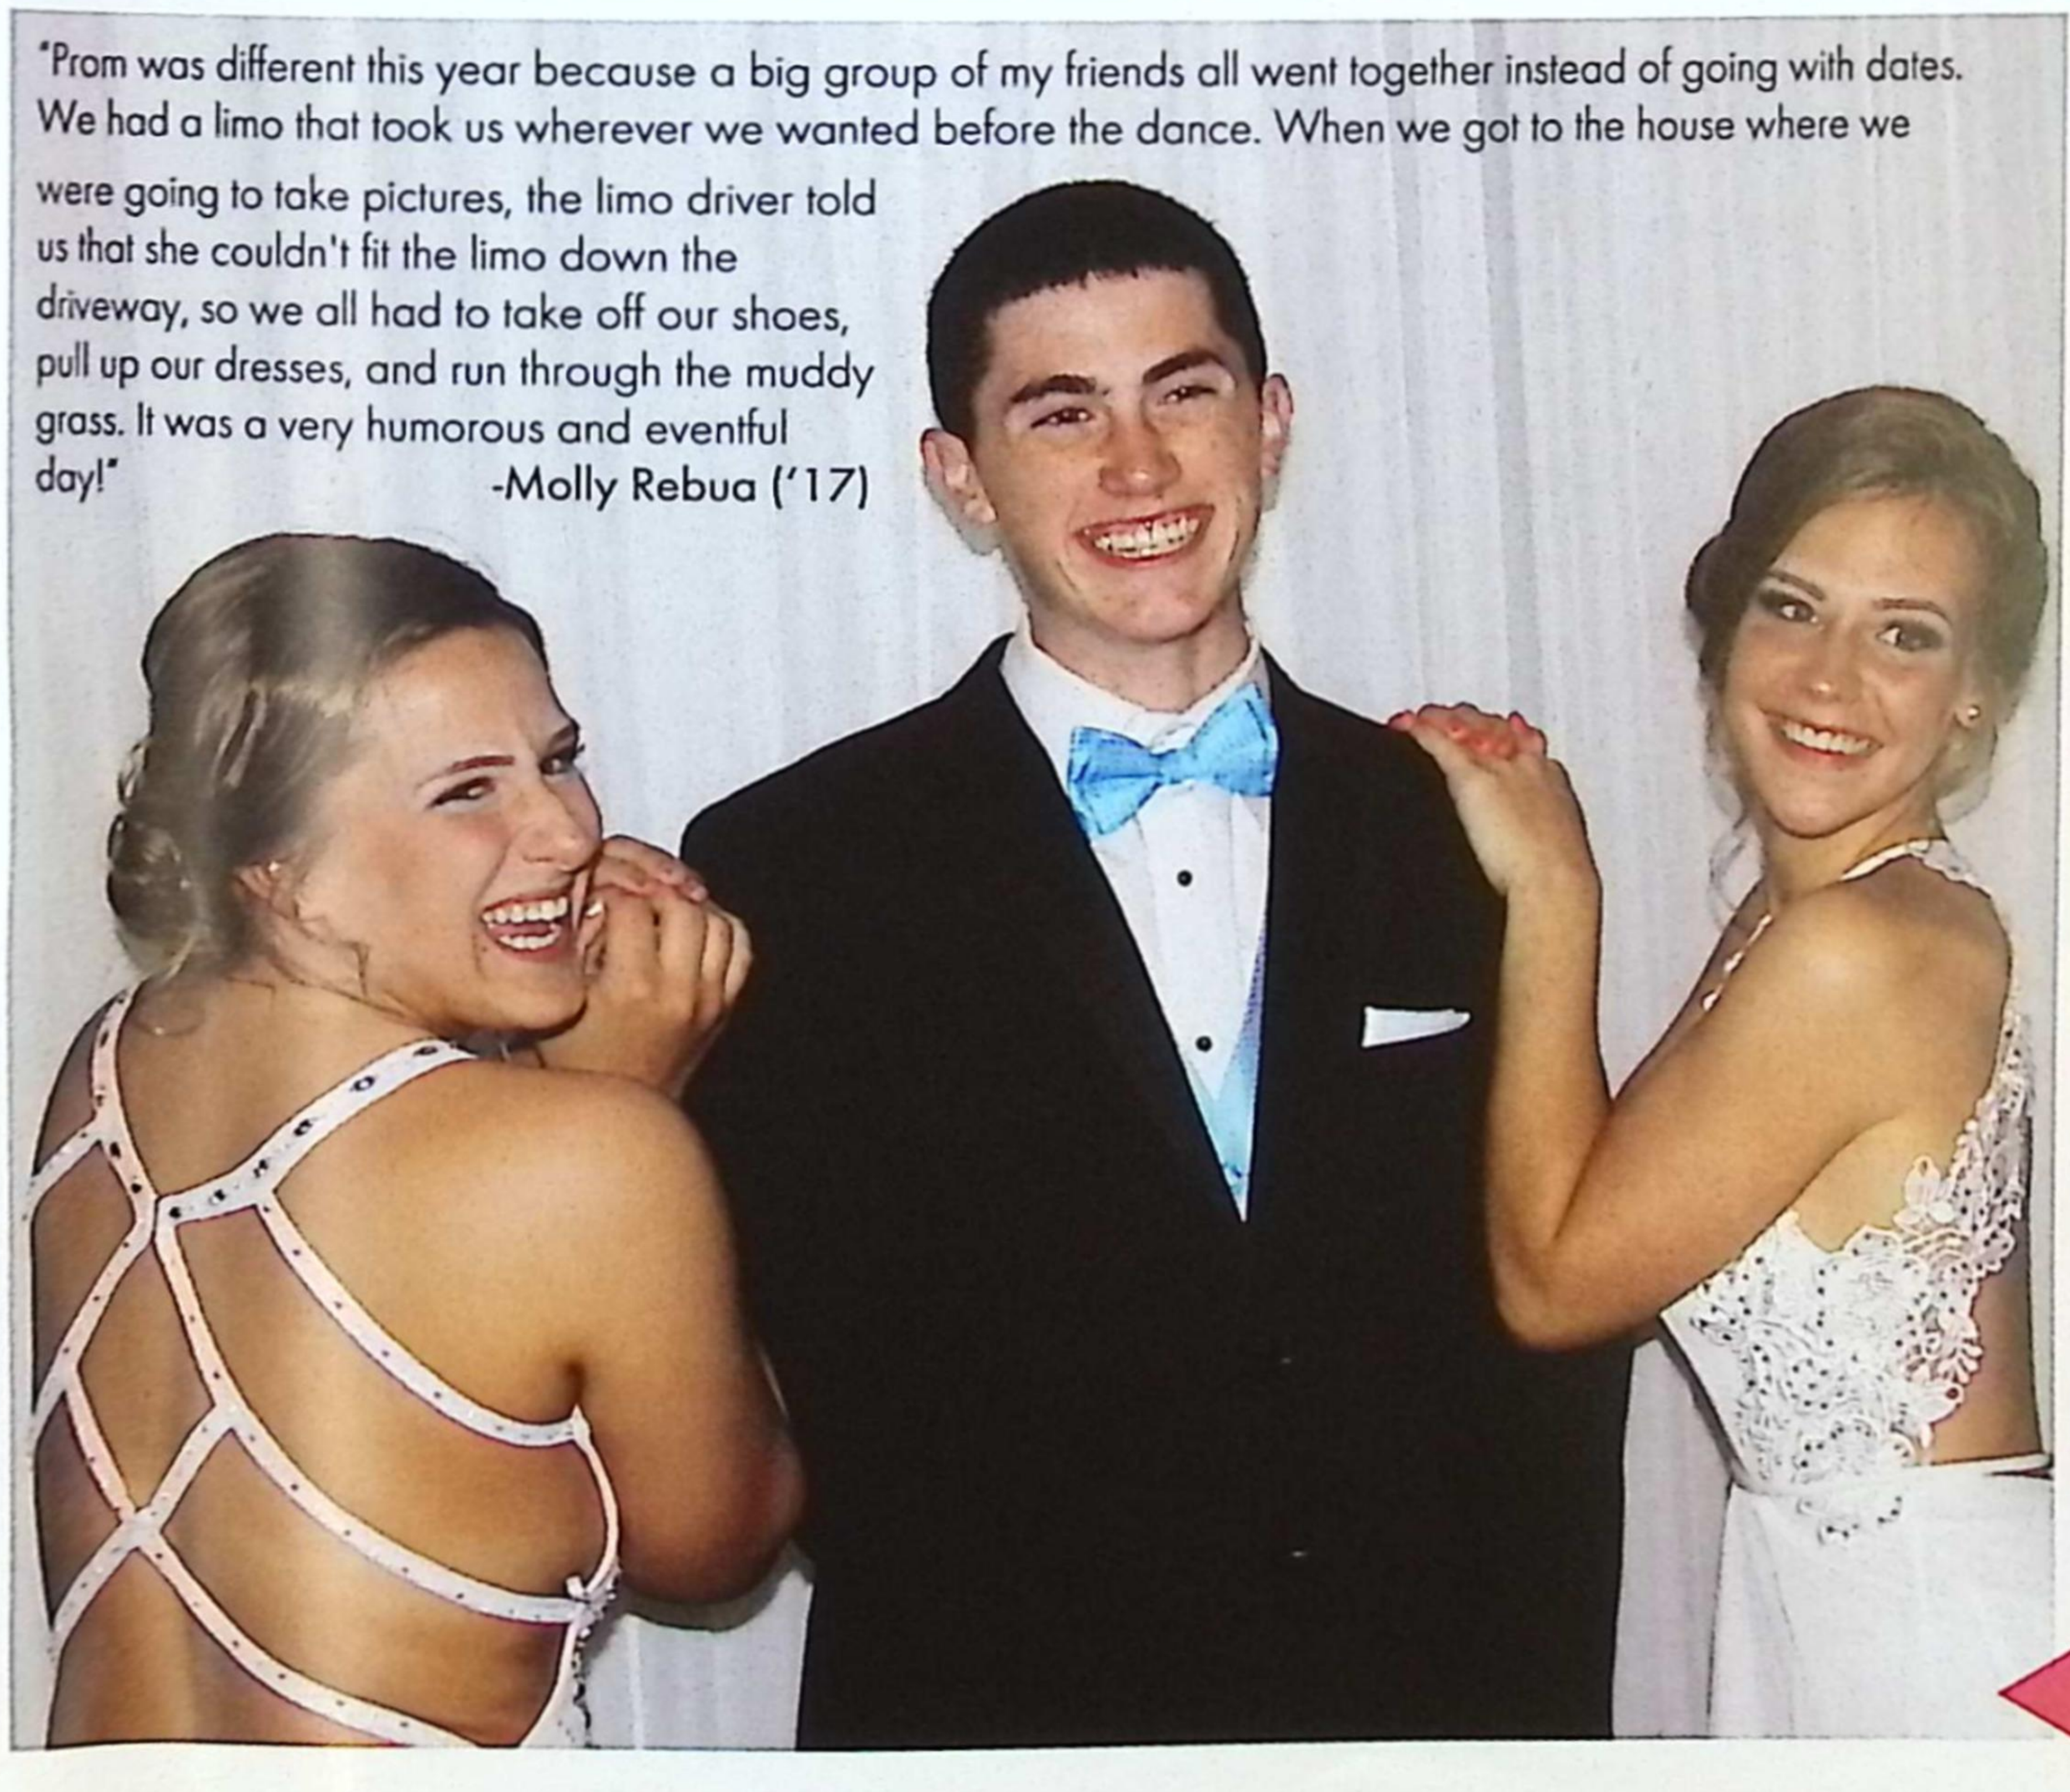
*What is your favorite thing about dancing with friends?*
"The memories you create and cherish for the rest of your life."
-Sam Winston ('17)



"My favorite memory is riding in the limo to prom. It was something that made my senior prom so much better!"
-Brielle Hill ('17)

"Prom was different this year because a big group of my friends all went together instead of going with dates. We had a limo that took us wherever we wanted before the dance. When we got to the house where we were going to take pictures, the limo driver told us that she couldn't fit the limo down the driveway, so we all had to take off our shoes, pull up our dresses, and run through the muddy grass. It was a very humorous and eventful day!"
-Molly Rebua ('17)



"I had a fantastic night at prom. It was a fun, new experience with my friends. Also seeing the hall so fancy was really amazing!"
-Annabelle Kopcan ('18)

# BOAT REGATTA

Taylor Thorp ('19)

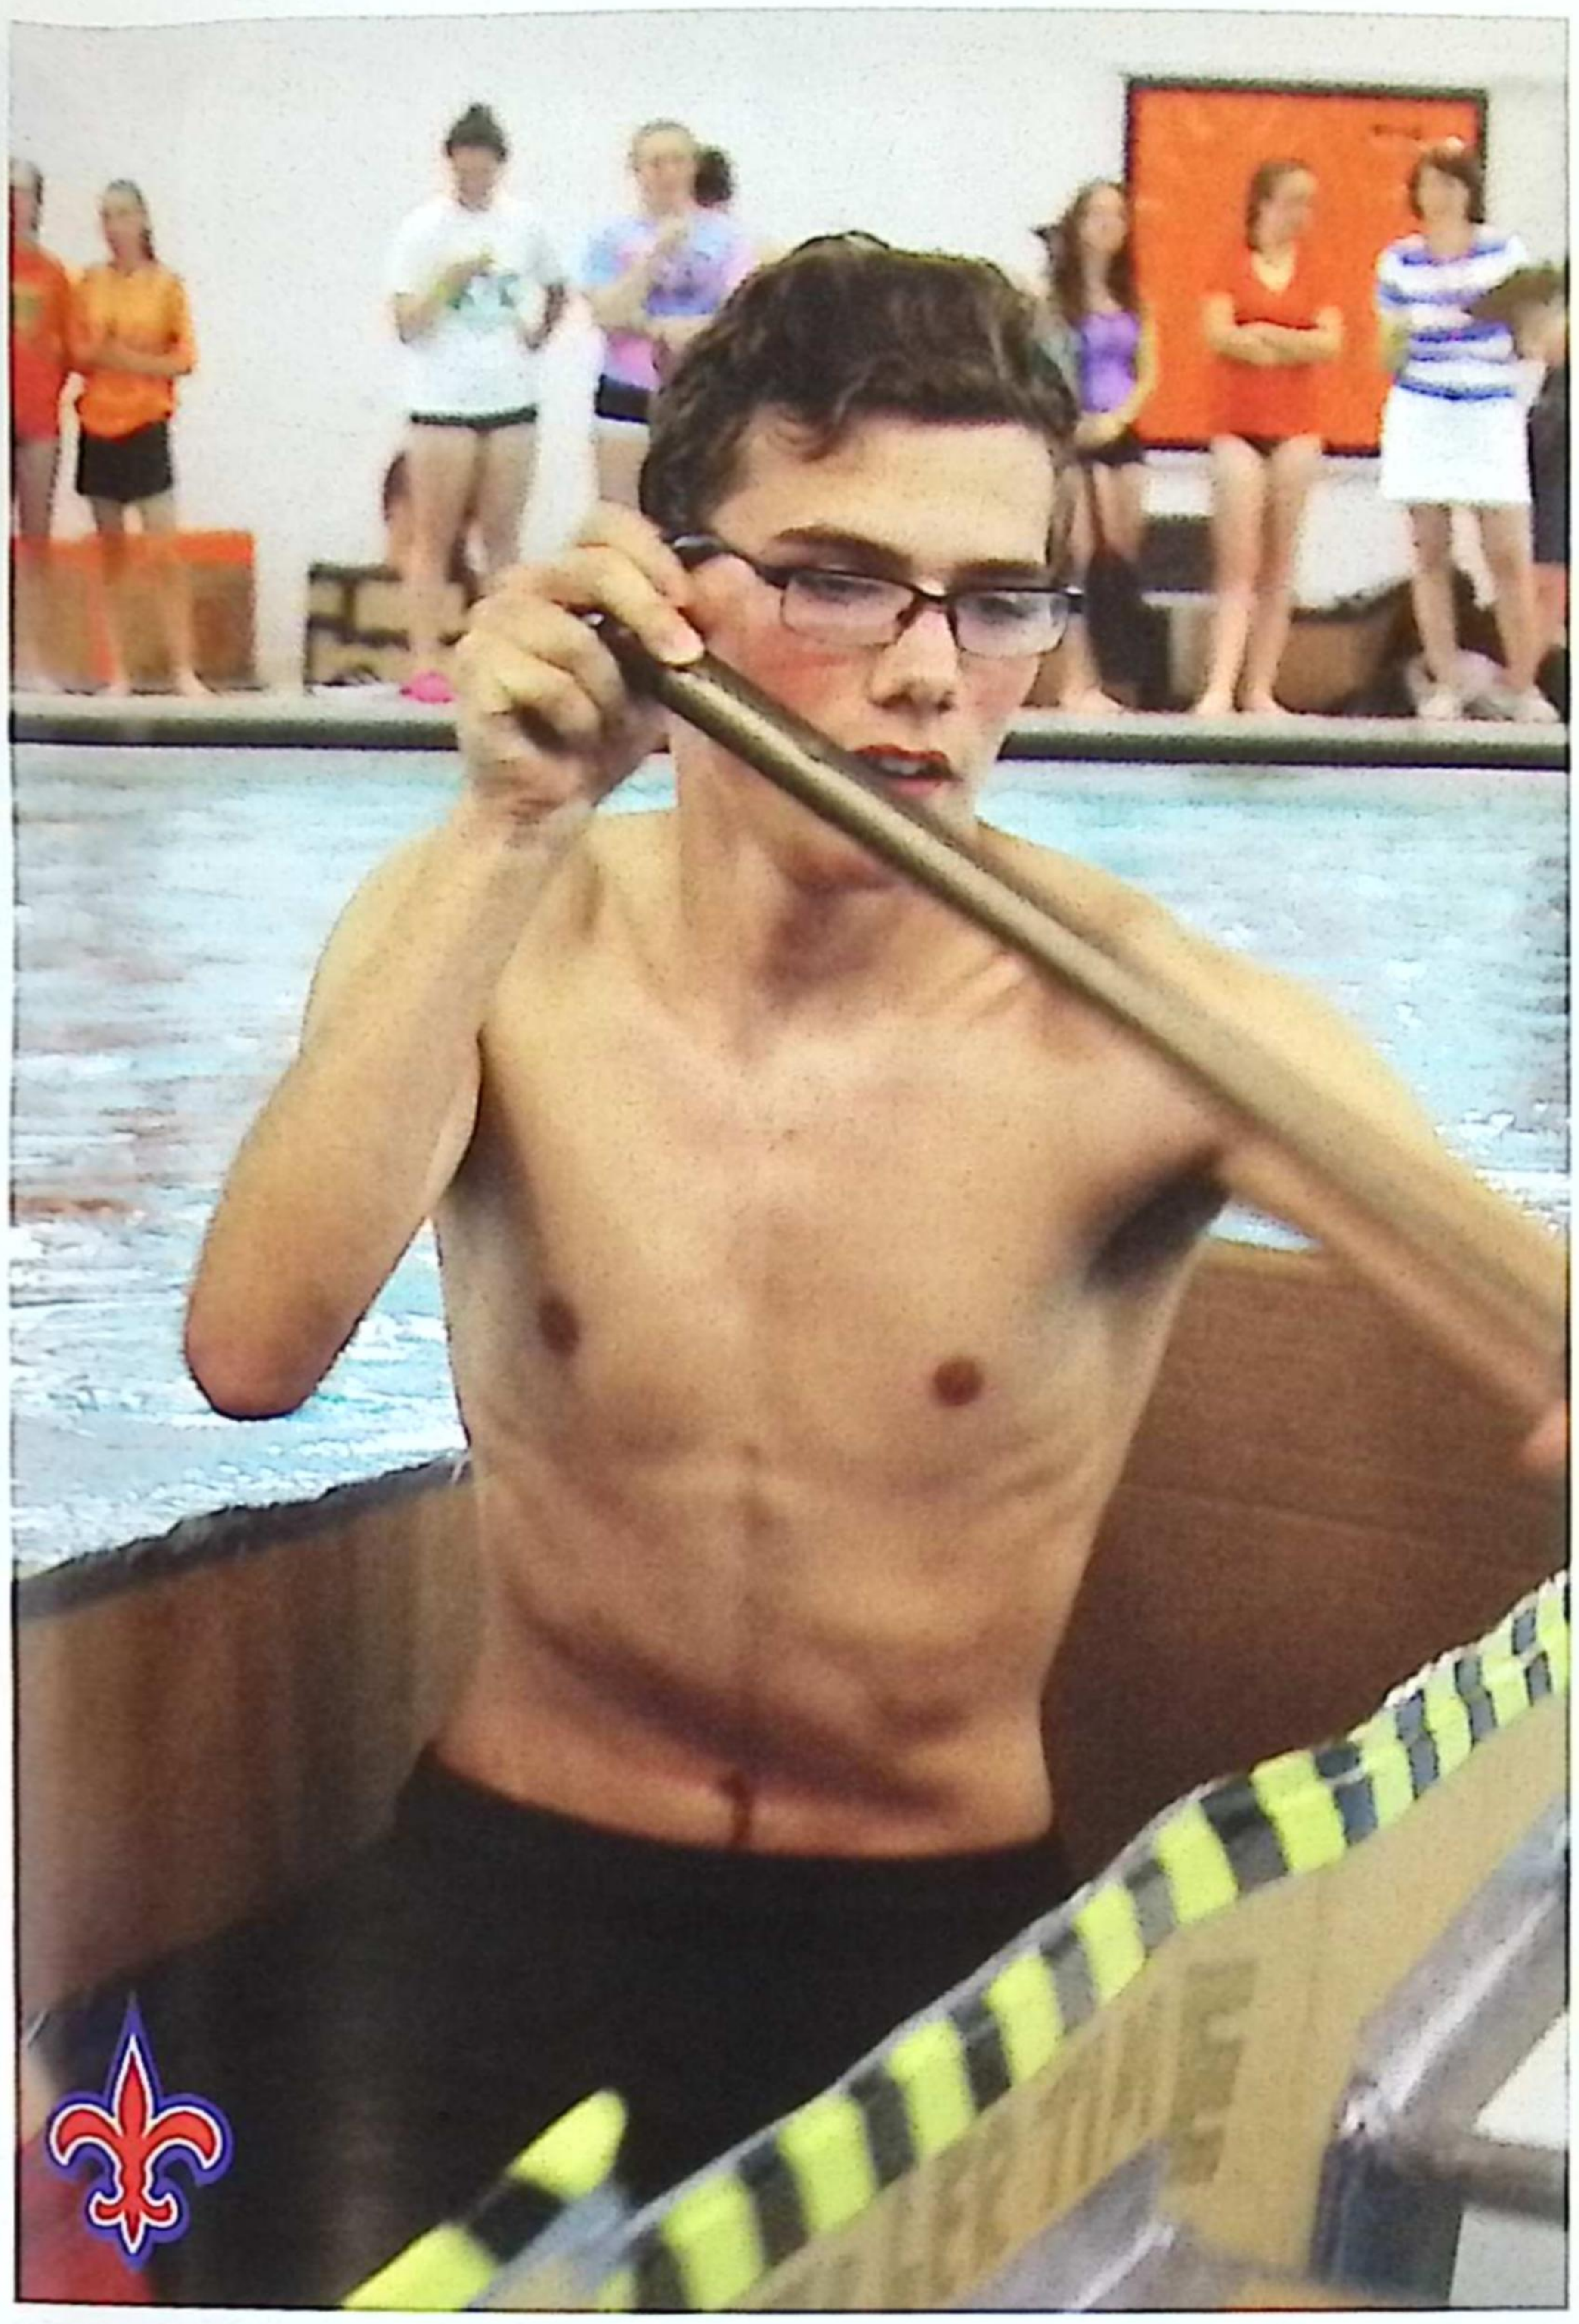
Olivia Pyryt ('18)

"Taking advanced physics was definitely worth it because of the boat races! It is like a gift for taking the course." -Wesley Caldwell ('17)

K. Wakefield & J. Plonka ('18)

"I wish that we would have put more layers on the bottom of our boat. We ran out of Duct Tape and were trying to figure out what the heck to do." -Abigail Boes ('18)

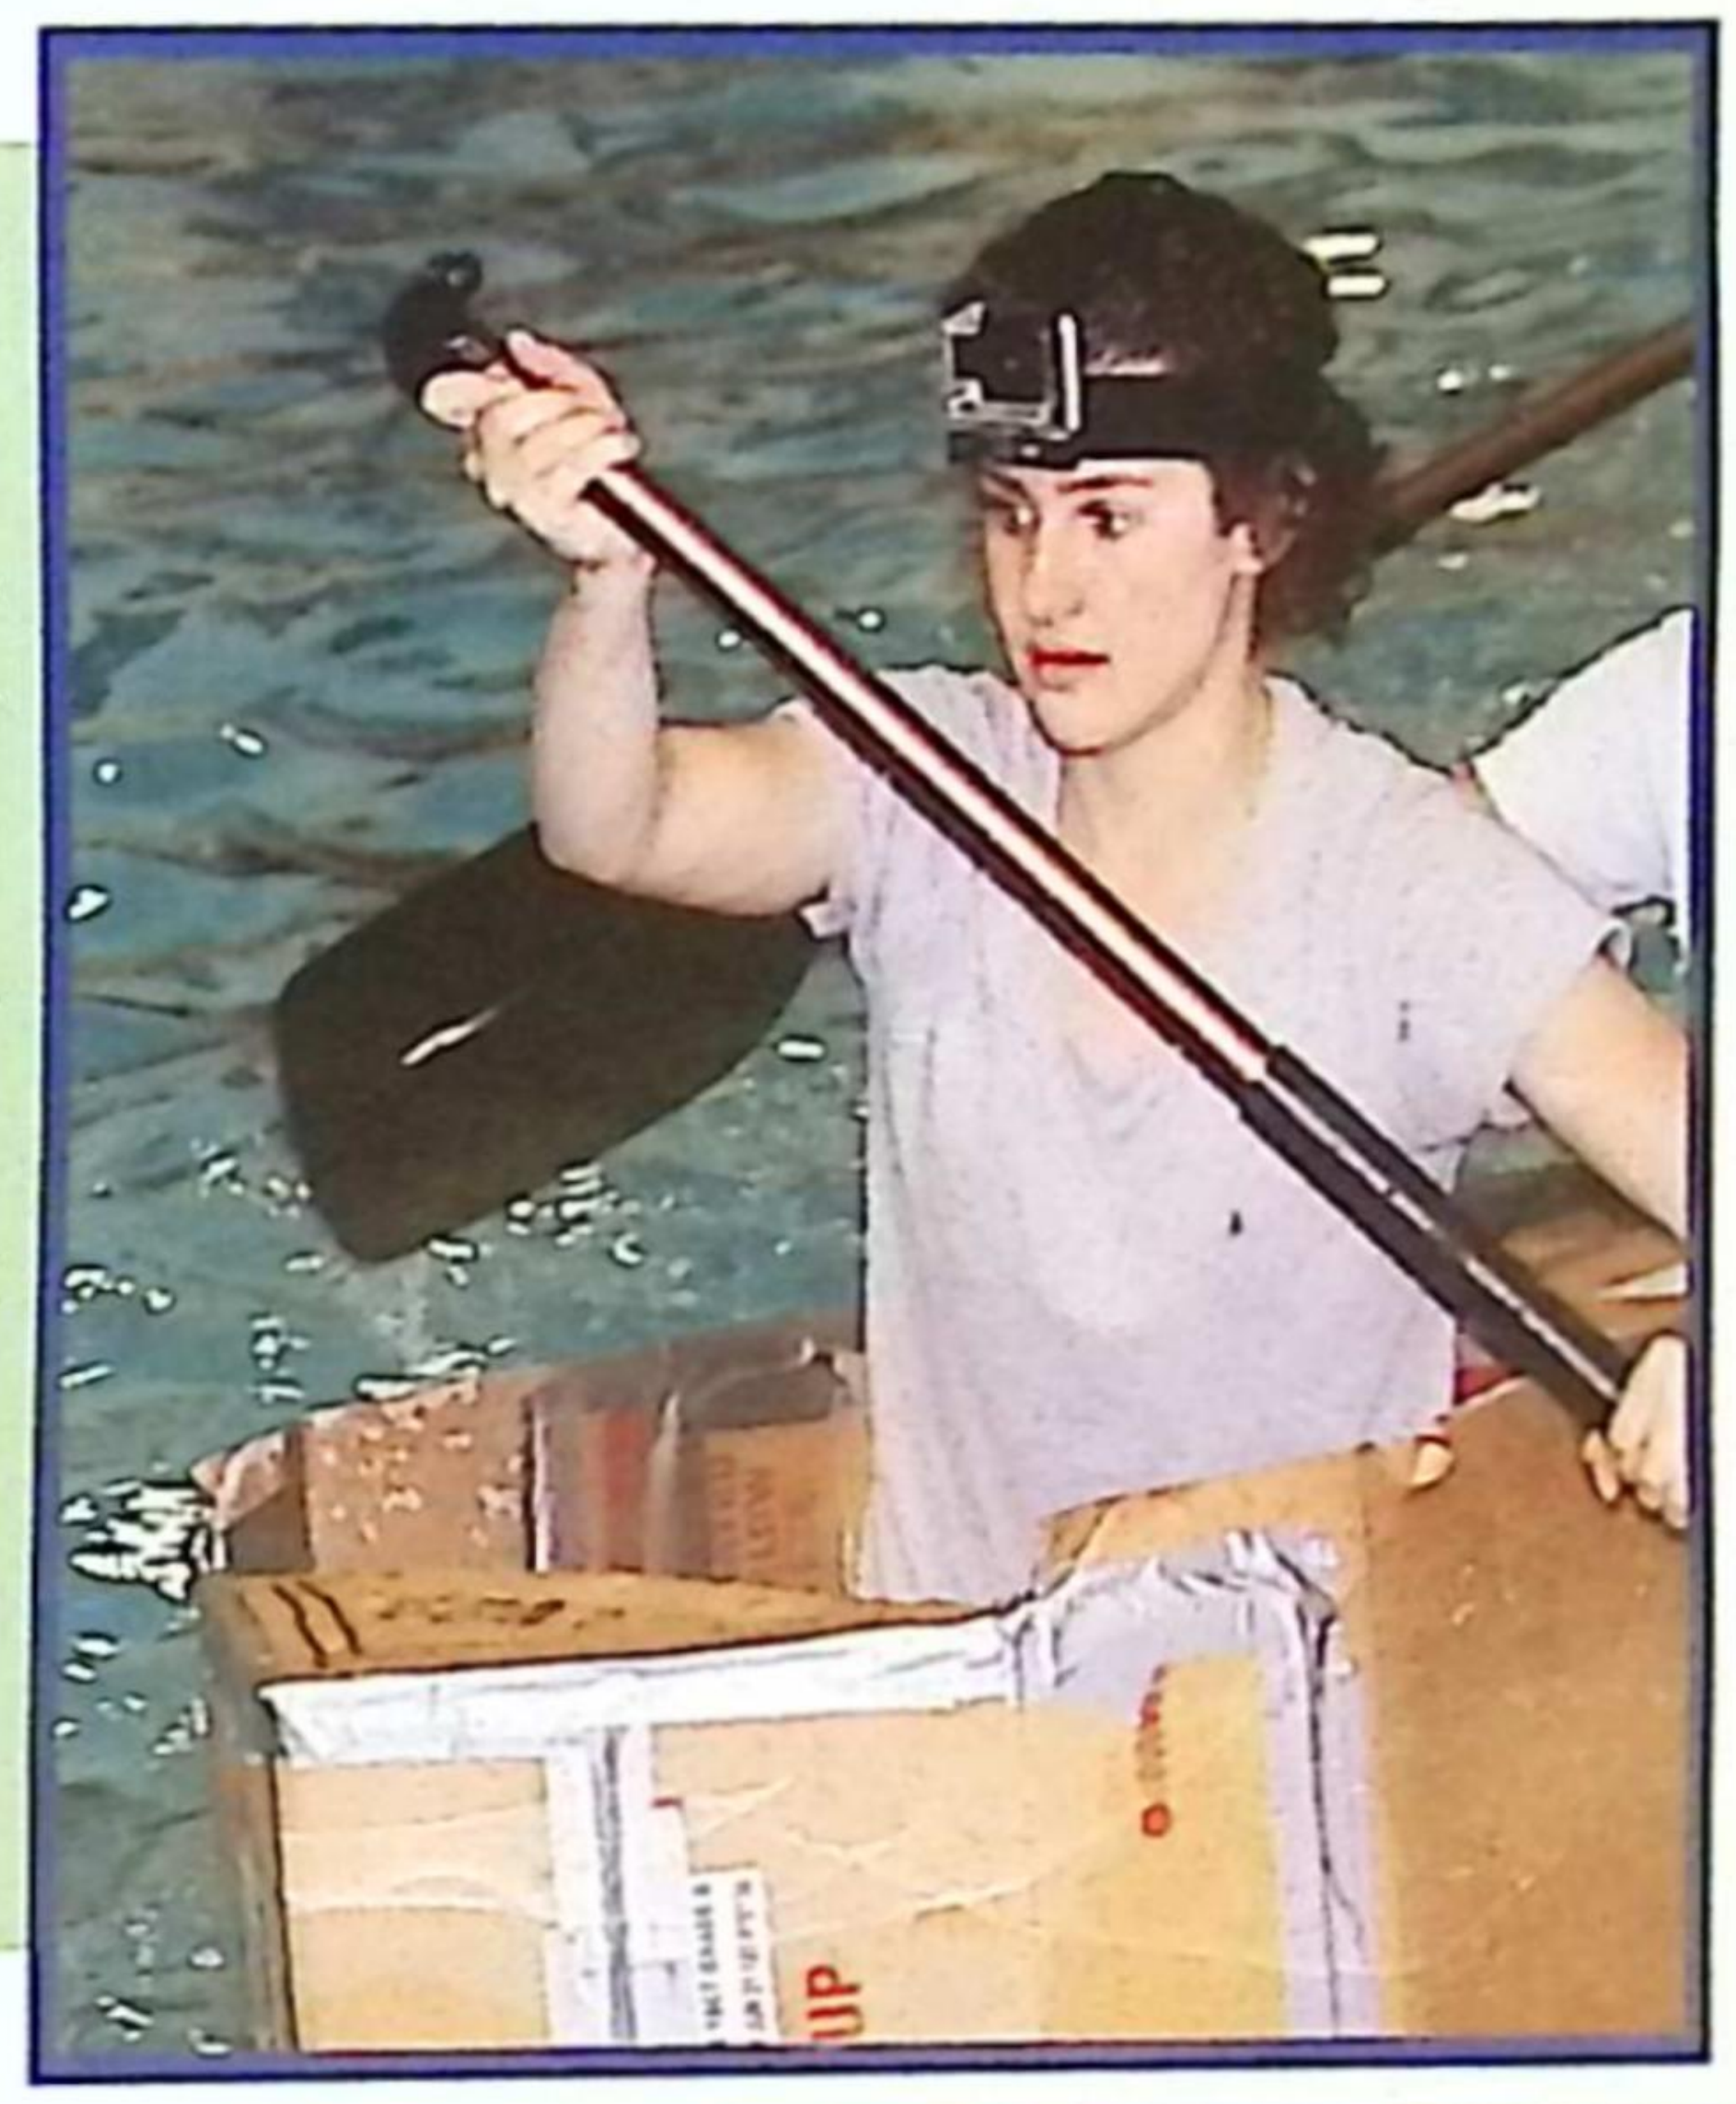
"I really wish that I would have put more cardboard layers on the bottom with better sides to my boat and practiced rowing before the race." -**Brady Delore ('18)**



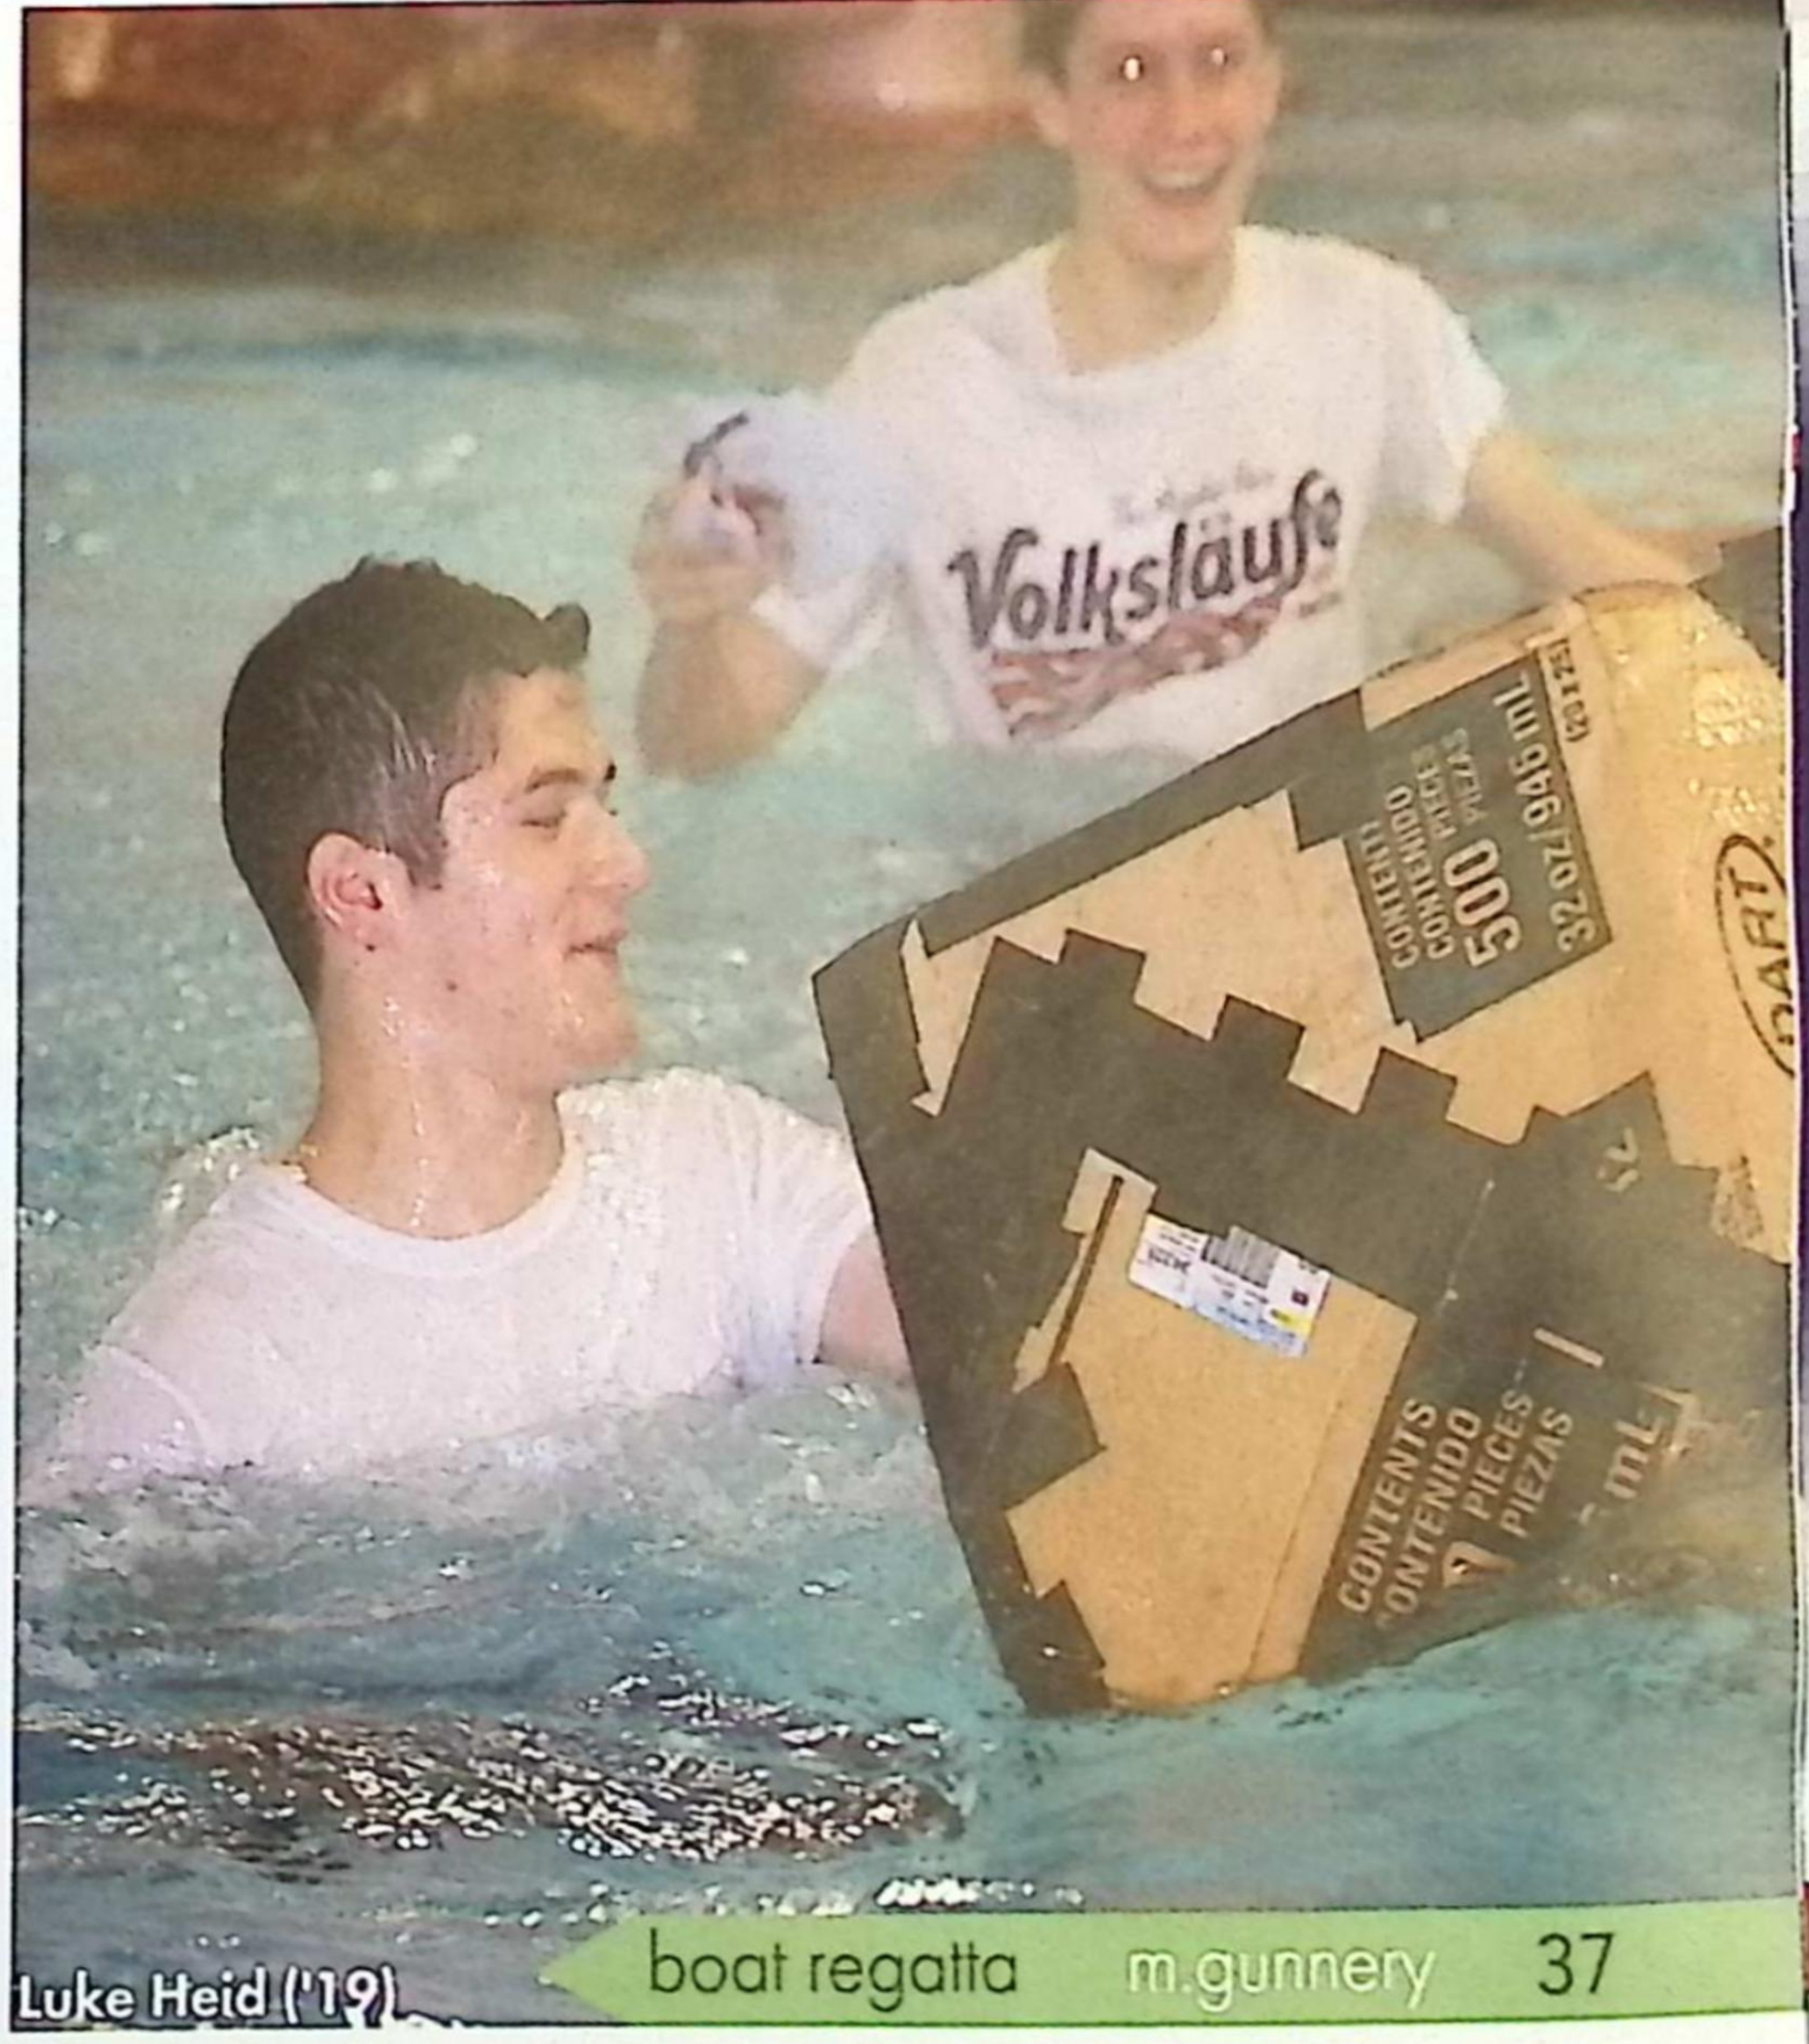
Eric Raftje

"Our boat's name was the Raftje. The names of the boats were supposed to be teacher themed, so we came up with the name for obvious reasons ."
-Ben Morgulec ('18)

"The boat races did not live up to my expectations because it was not at the high school. I believe that it would have been so much more fun if it was in our pool."
-Alyssa Bacon ('18)



"The Battle Royale was definitely the funniest part of the boat races. We were all trying to drown each other's boats and when **Brady Delore ('18)** pushed mine under the water, I tried to do the same for him. Overall, the boat races were better than I expected them to be."
-Jordan Plonka ('18)



Luke Heid ('19)

"I think the best part about the Senior All Night Party was spending one last day with my class and getting closer with them throughout all the activities we did. I felt like we all got along well, considering it was the last time we were going to see each other."
**-Alexandra Karadimas ('17)**

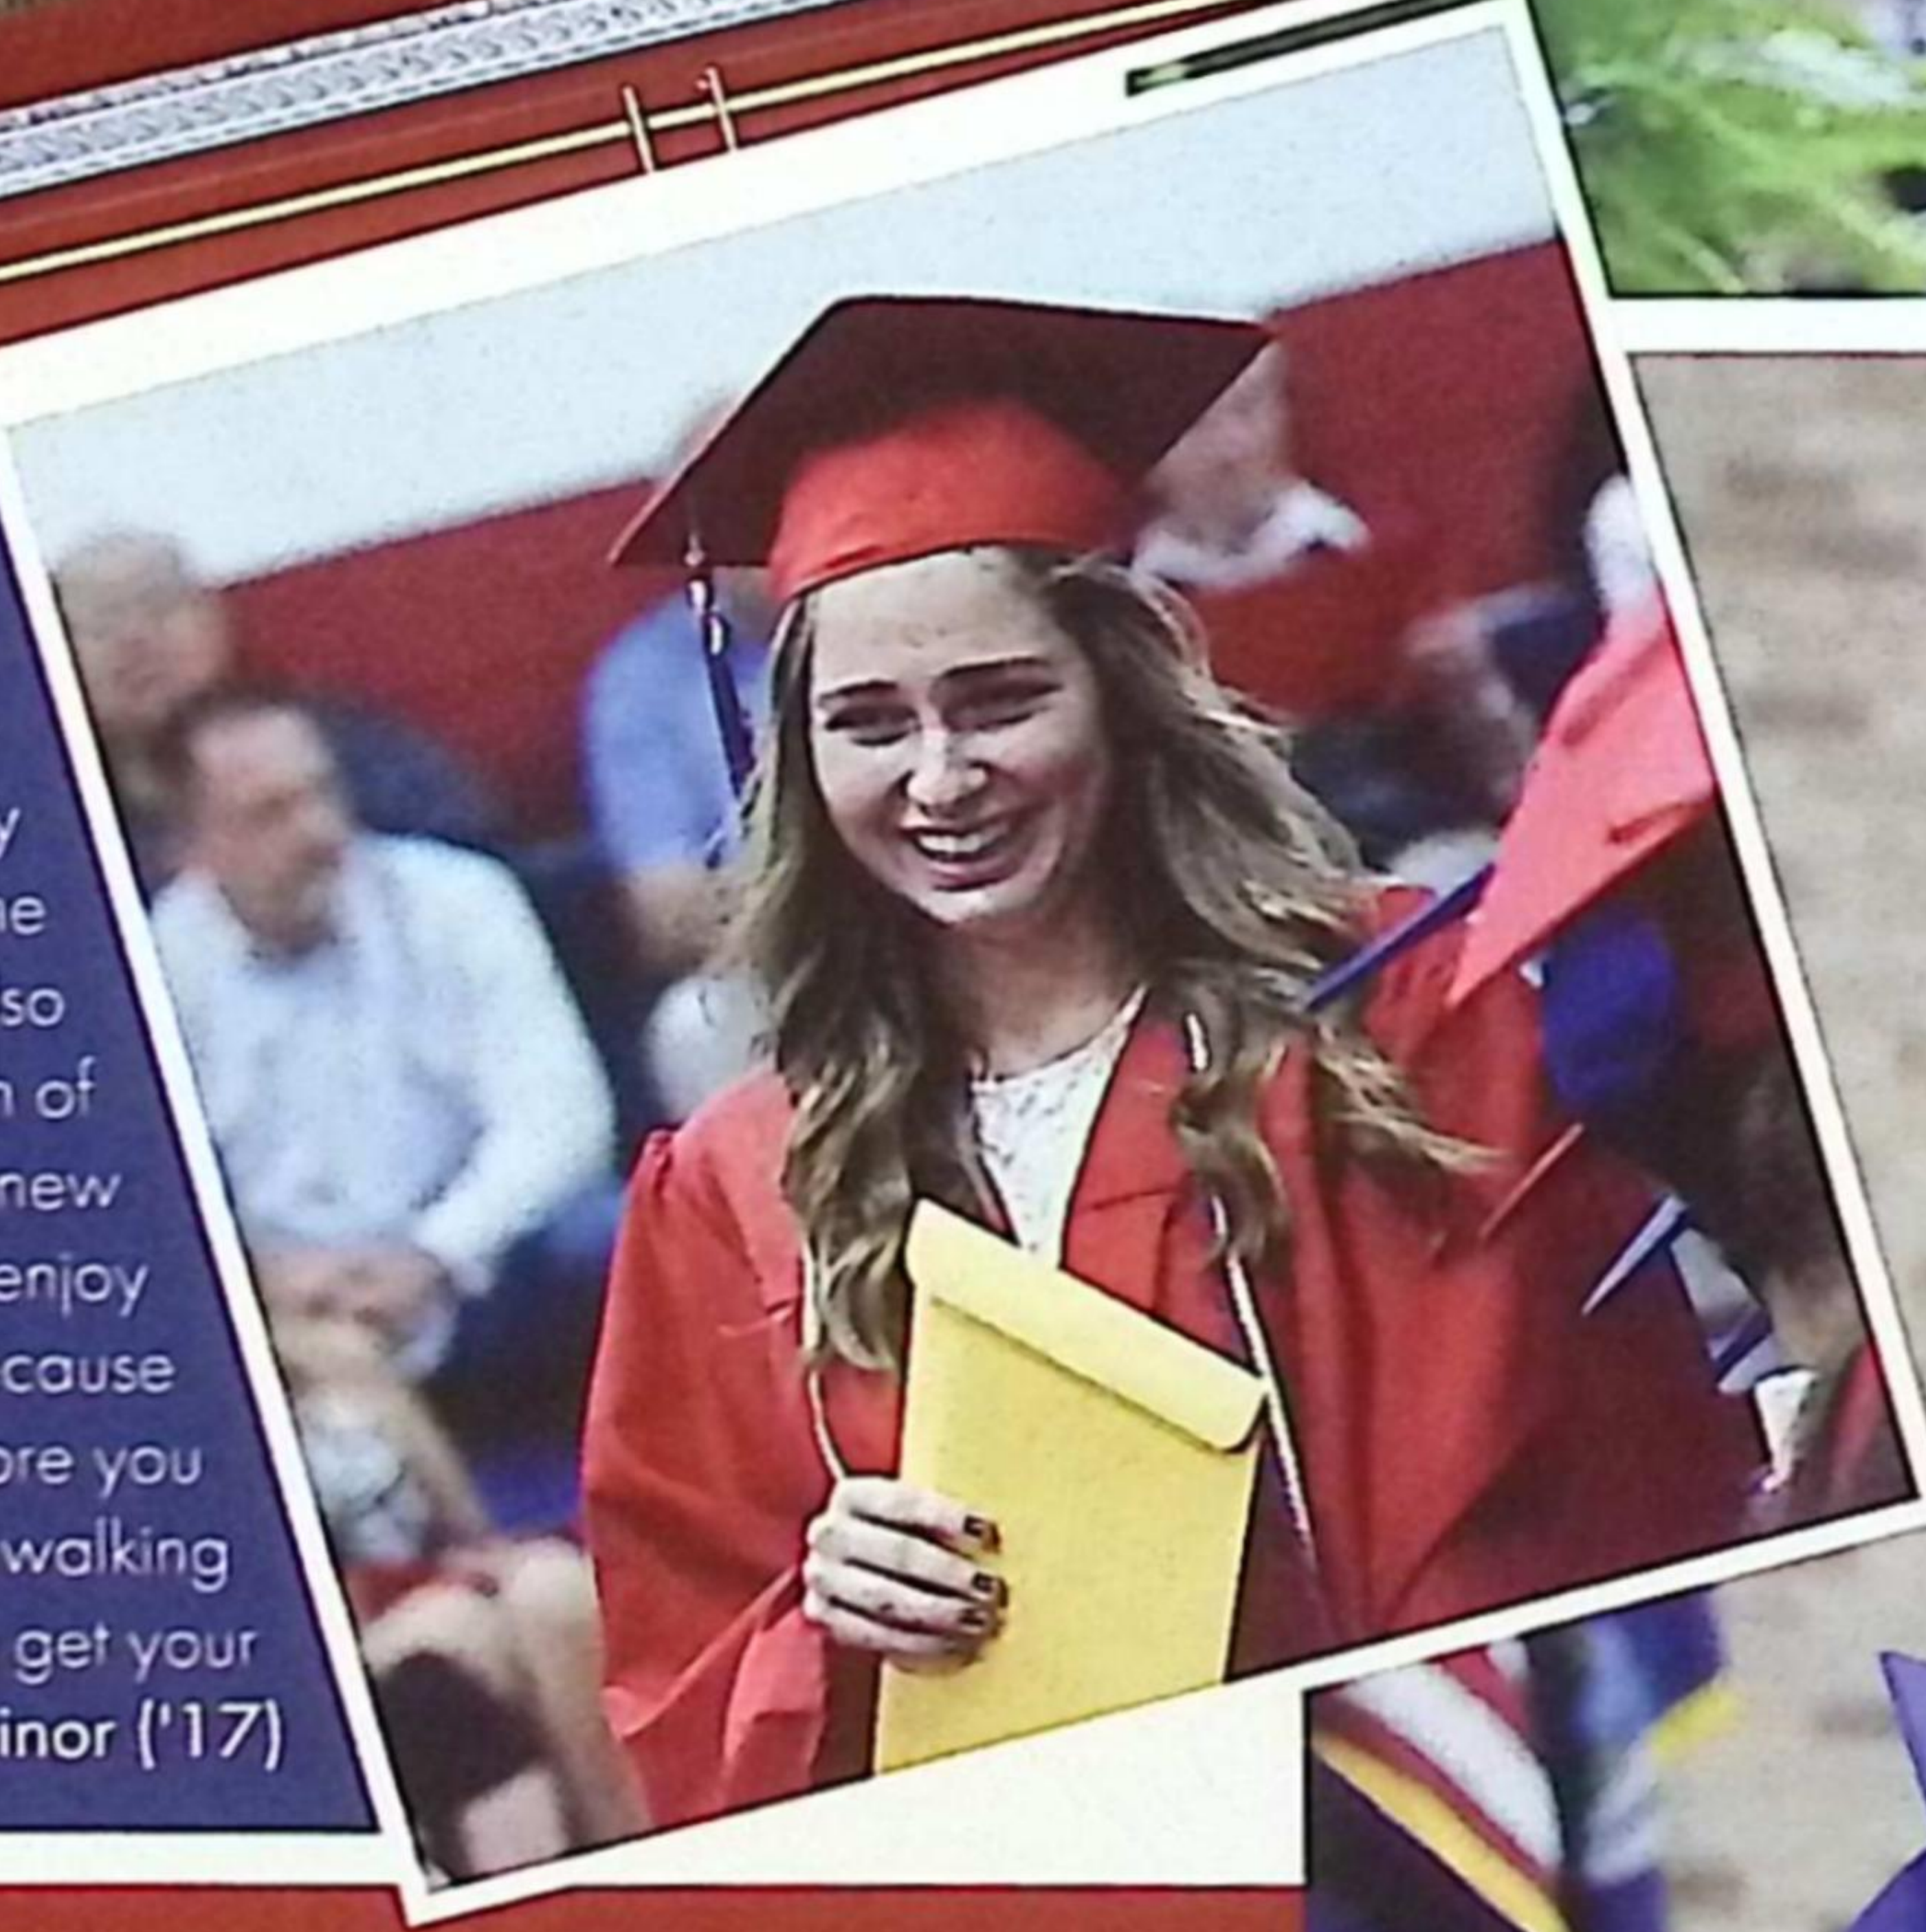
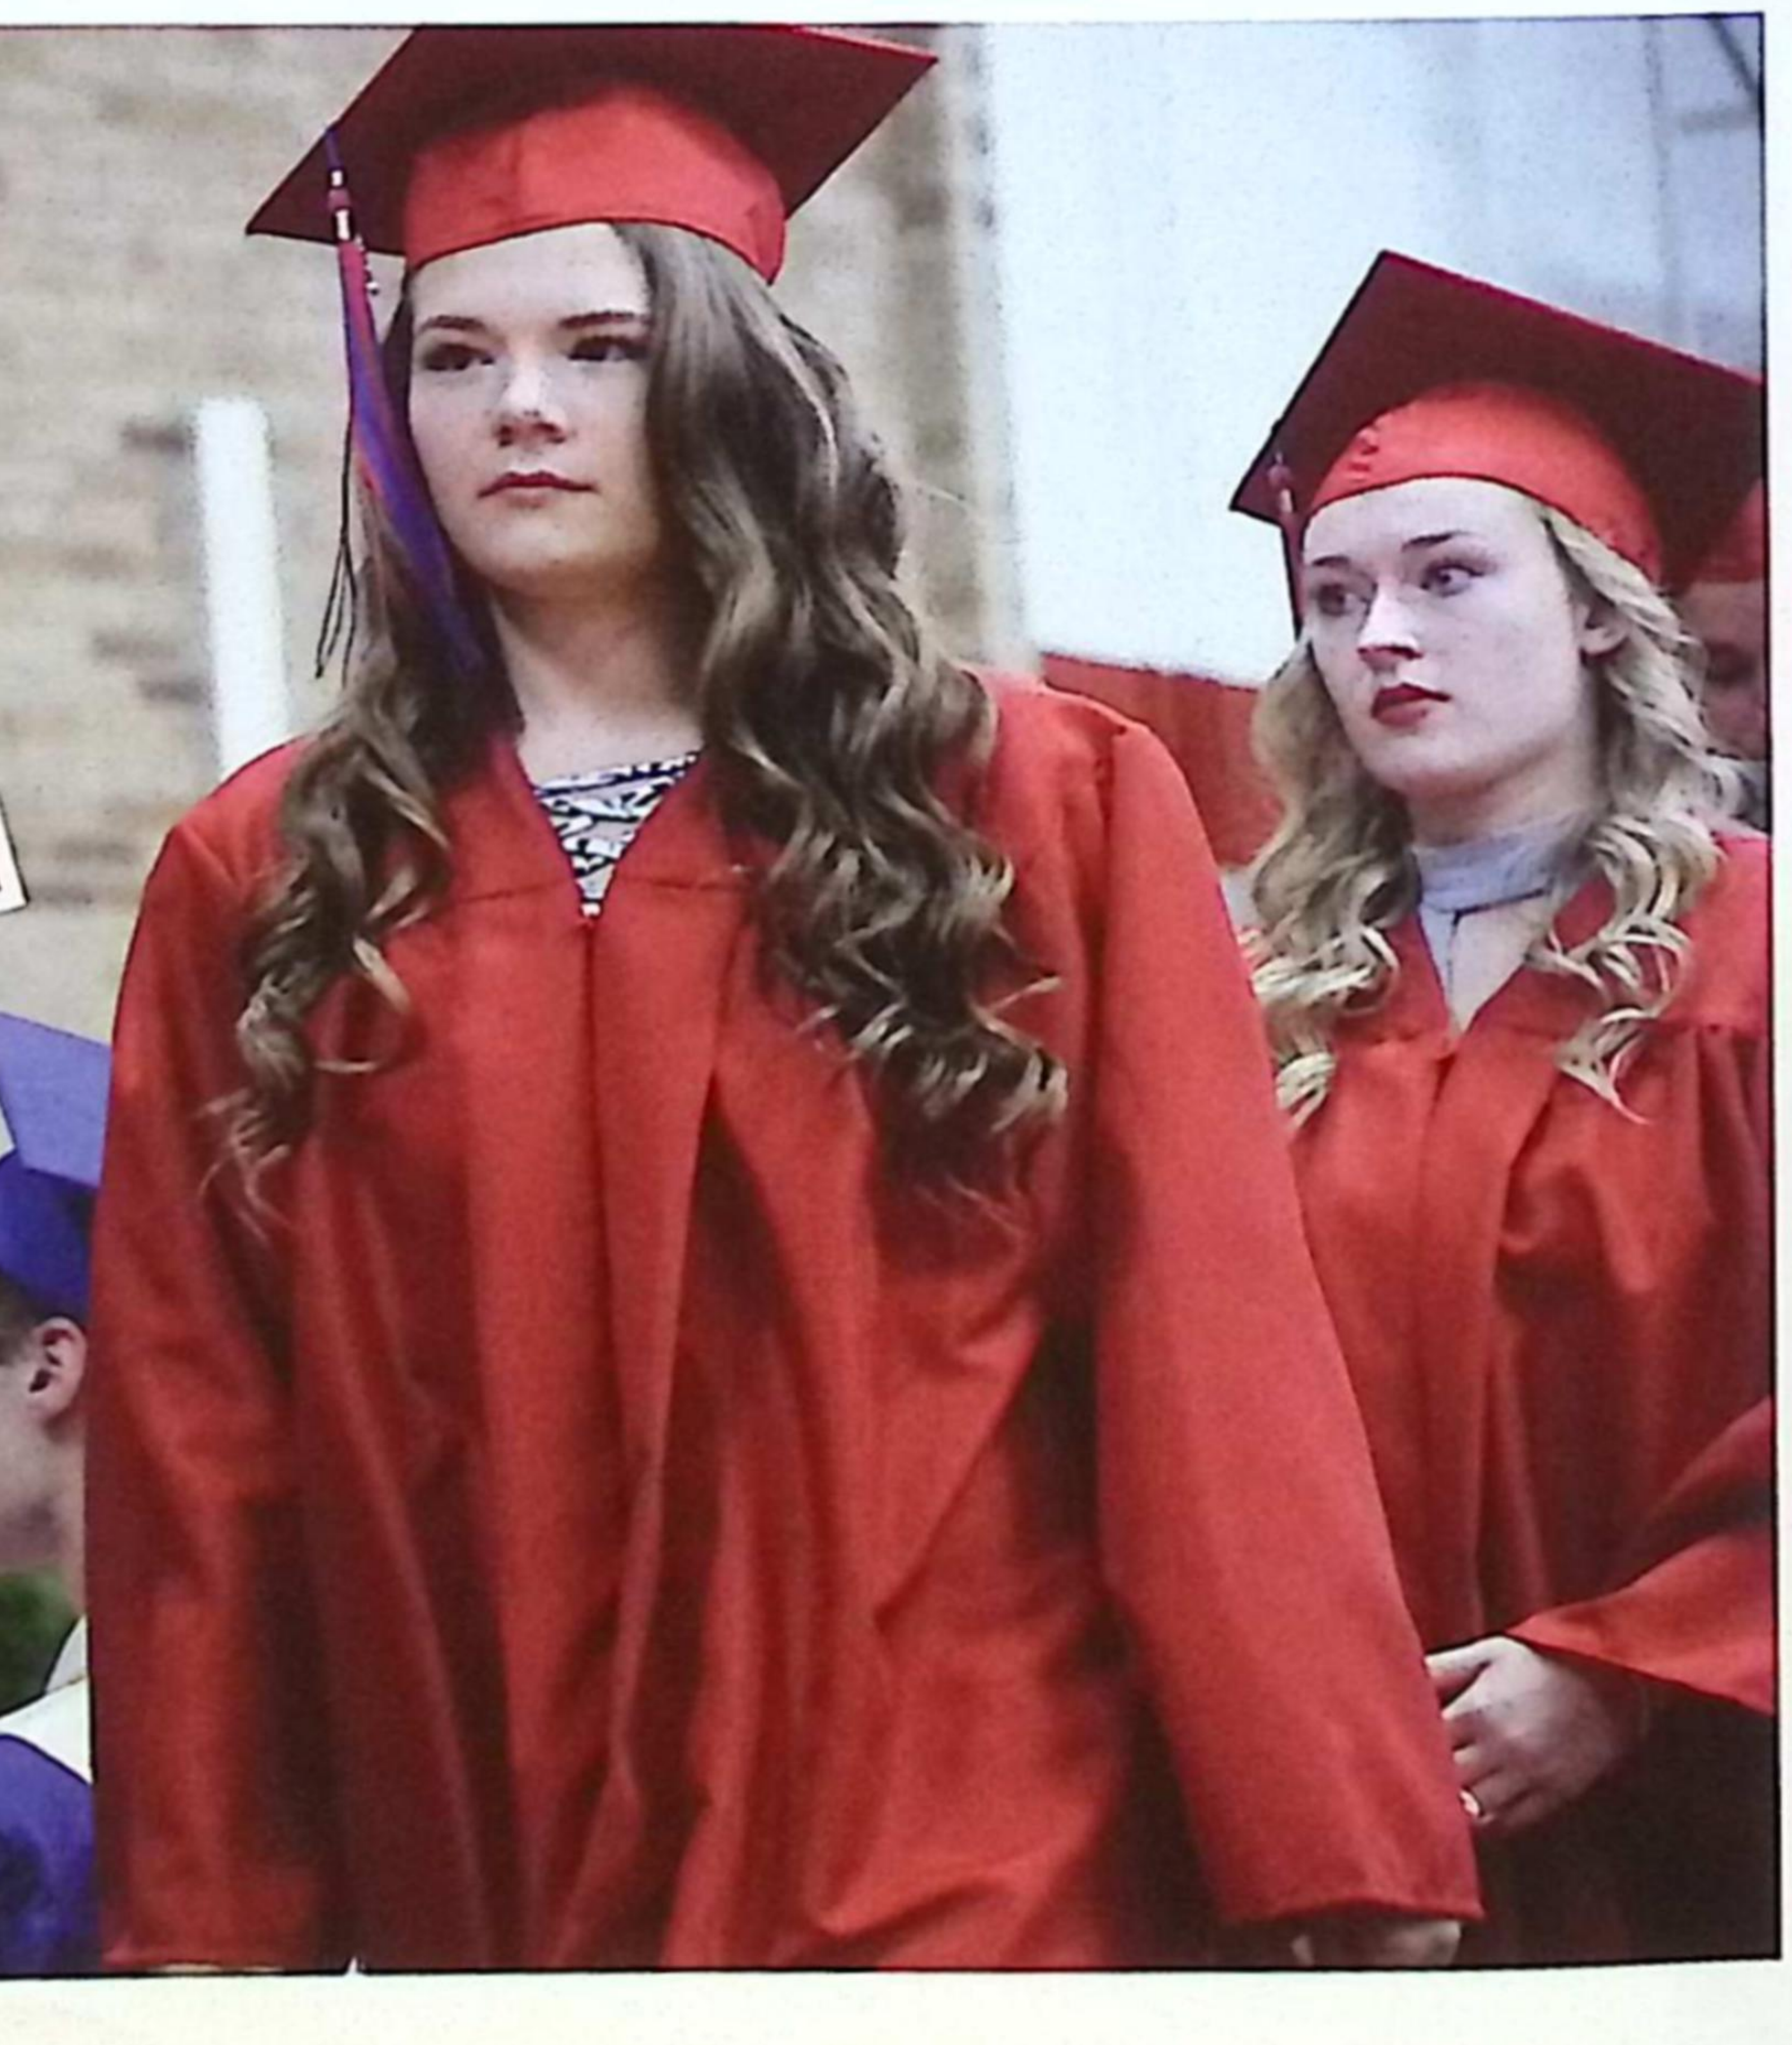
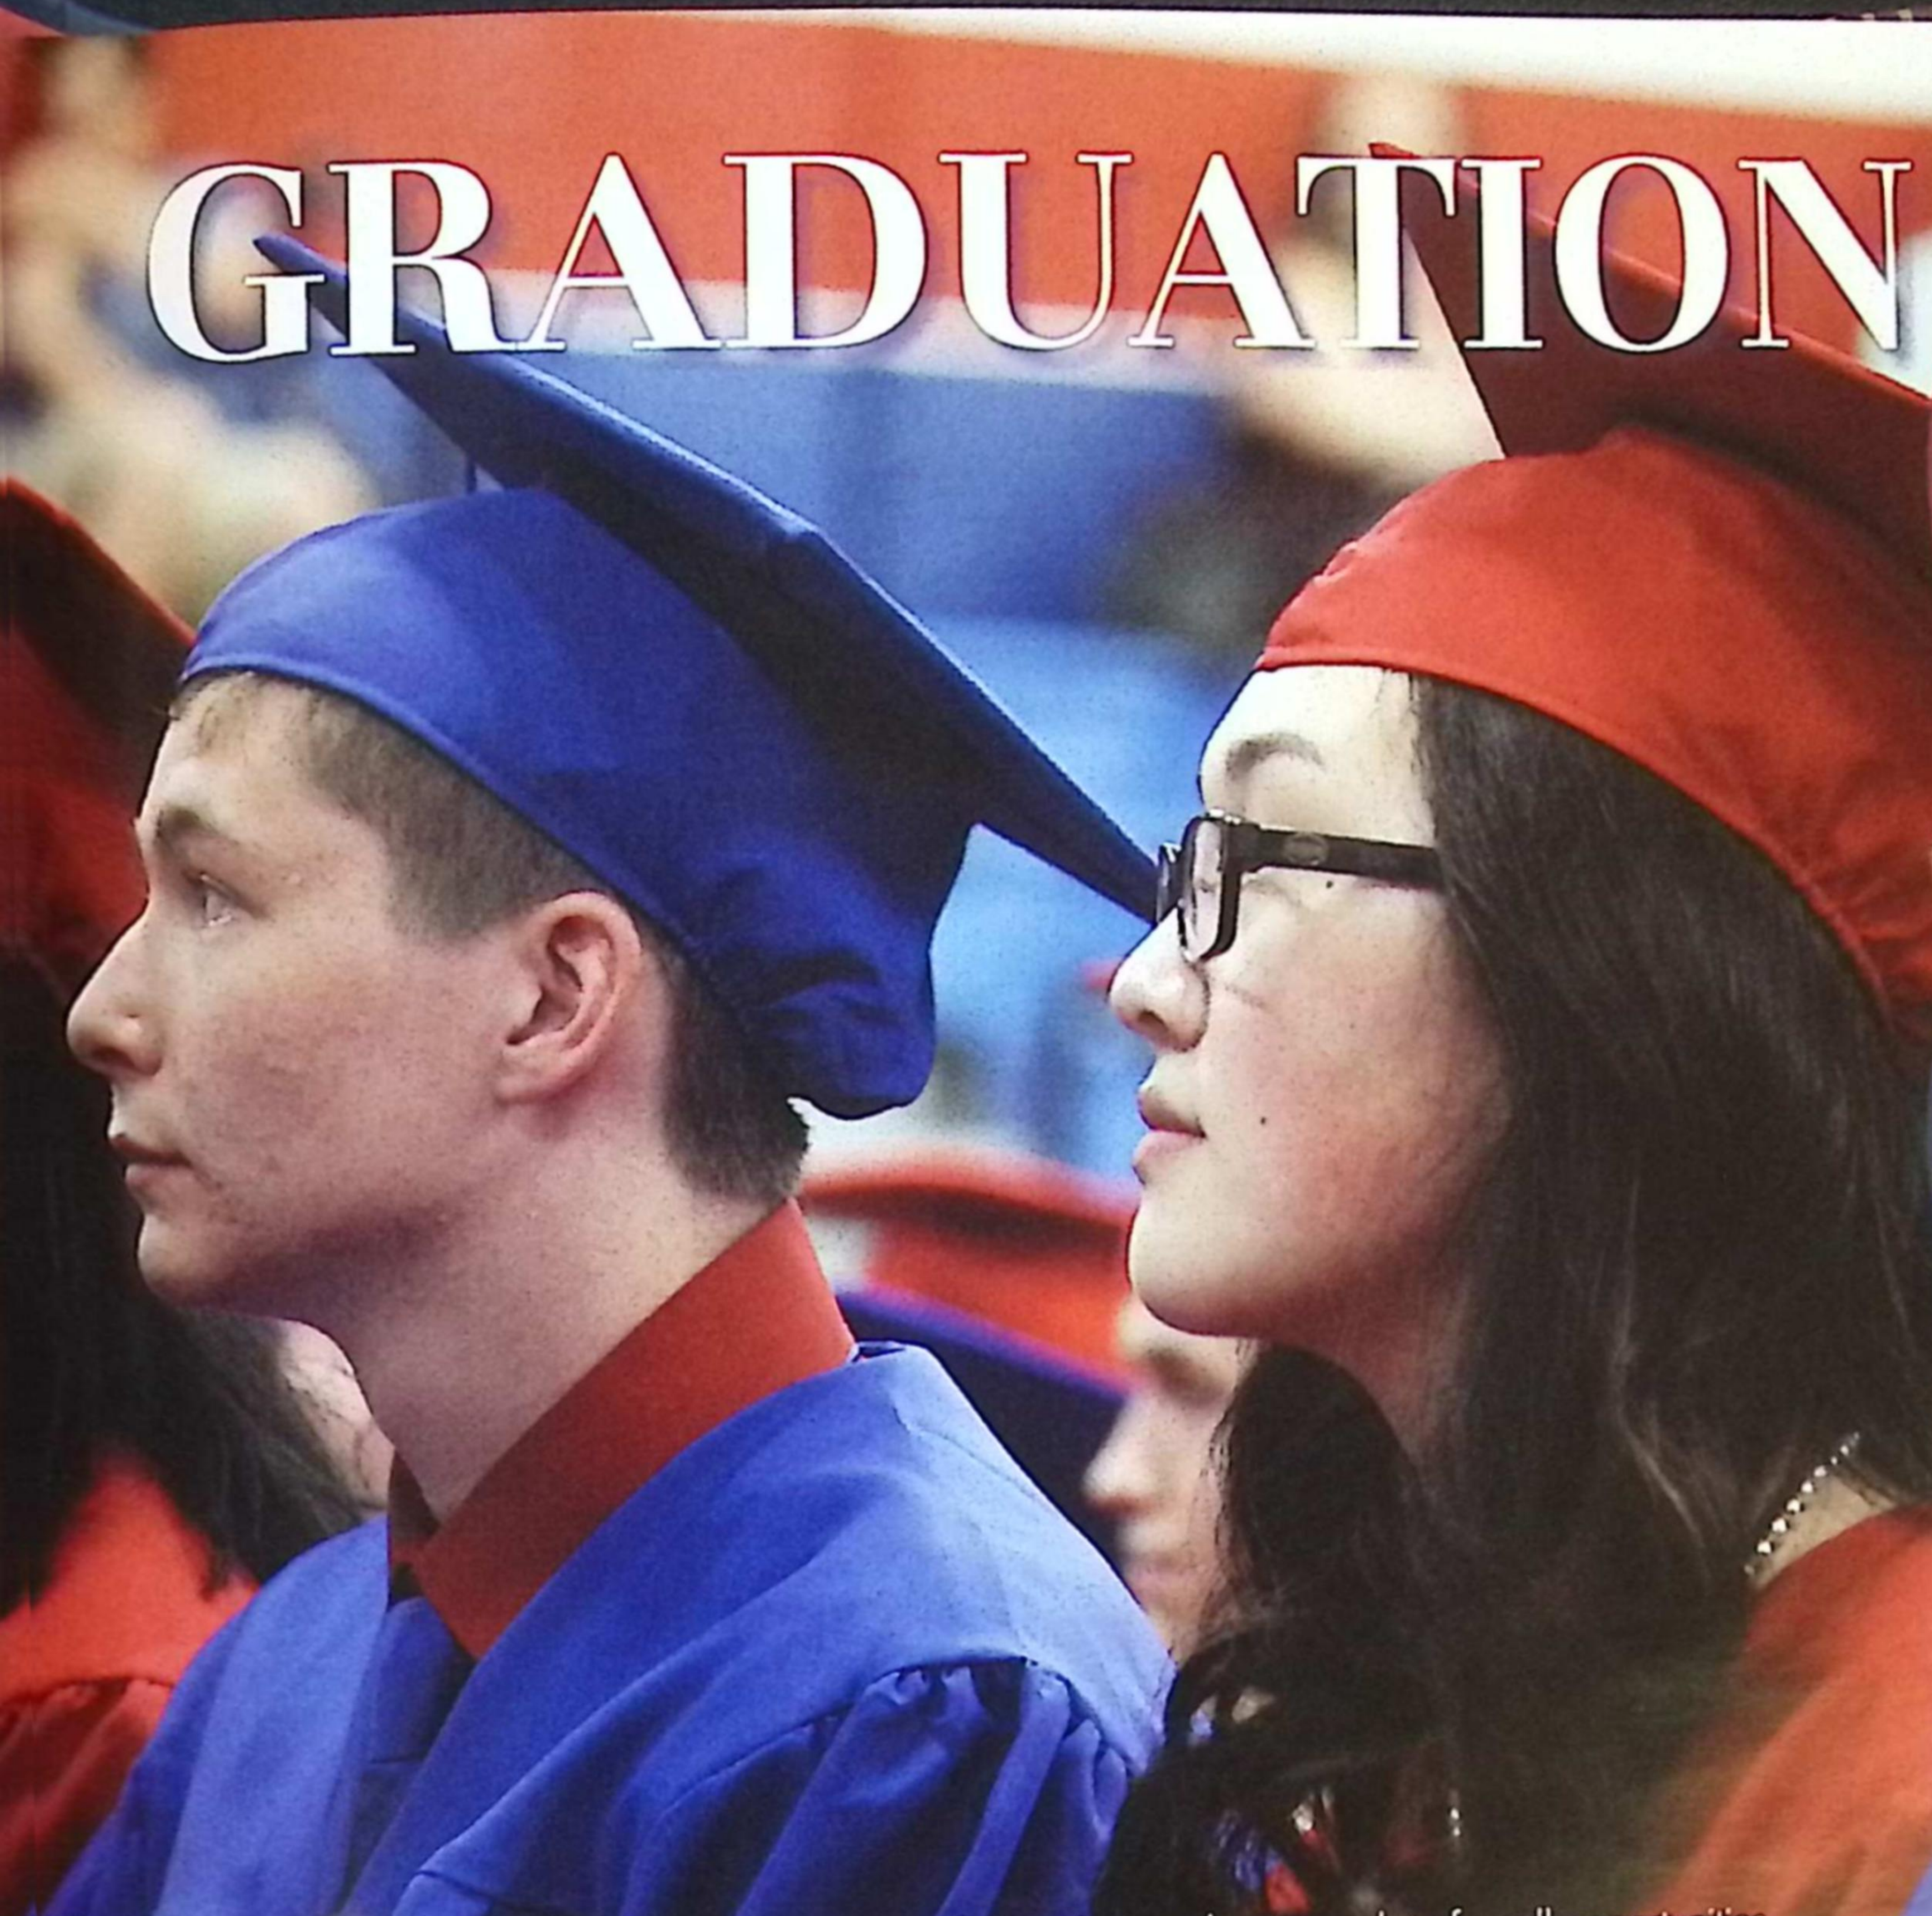
"Playing sports was definitely the best decision I made in high school because they helped me learn time management. It was also great meeting a bunch of new people and making new friends. Make sure you enjoy the next four years because they will fly by, and before you know it, you will be walking across that stage to get your diploma." -Karli Minor ('17)



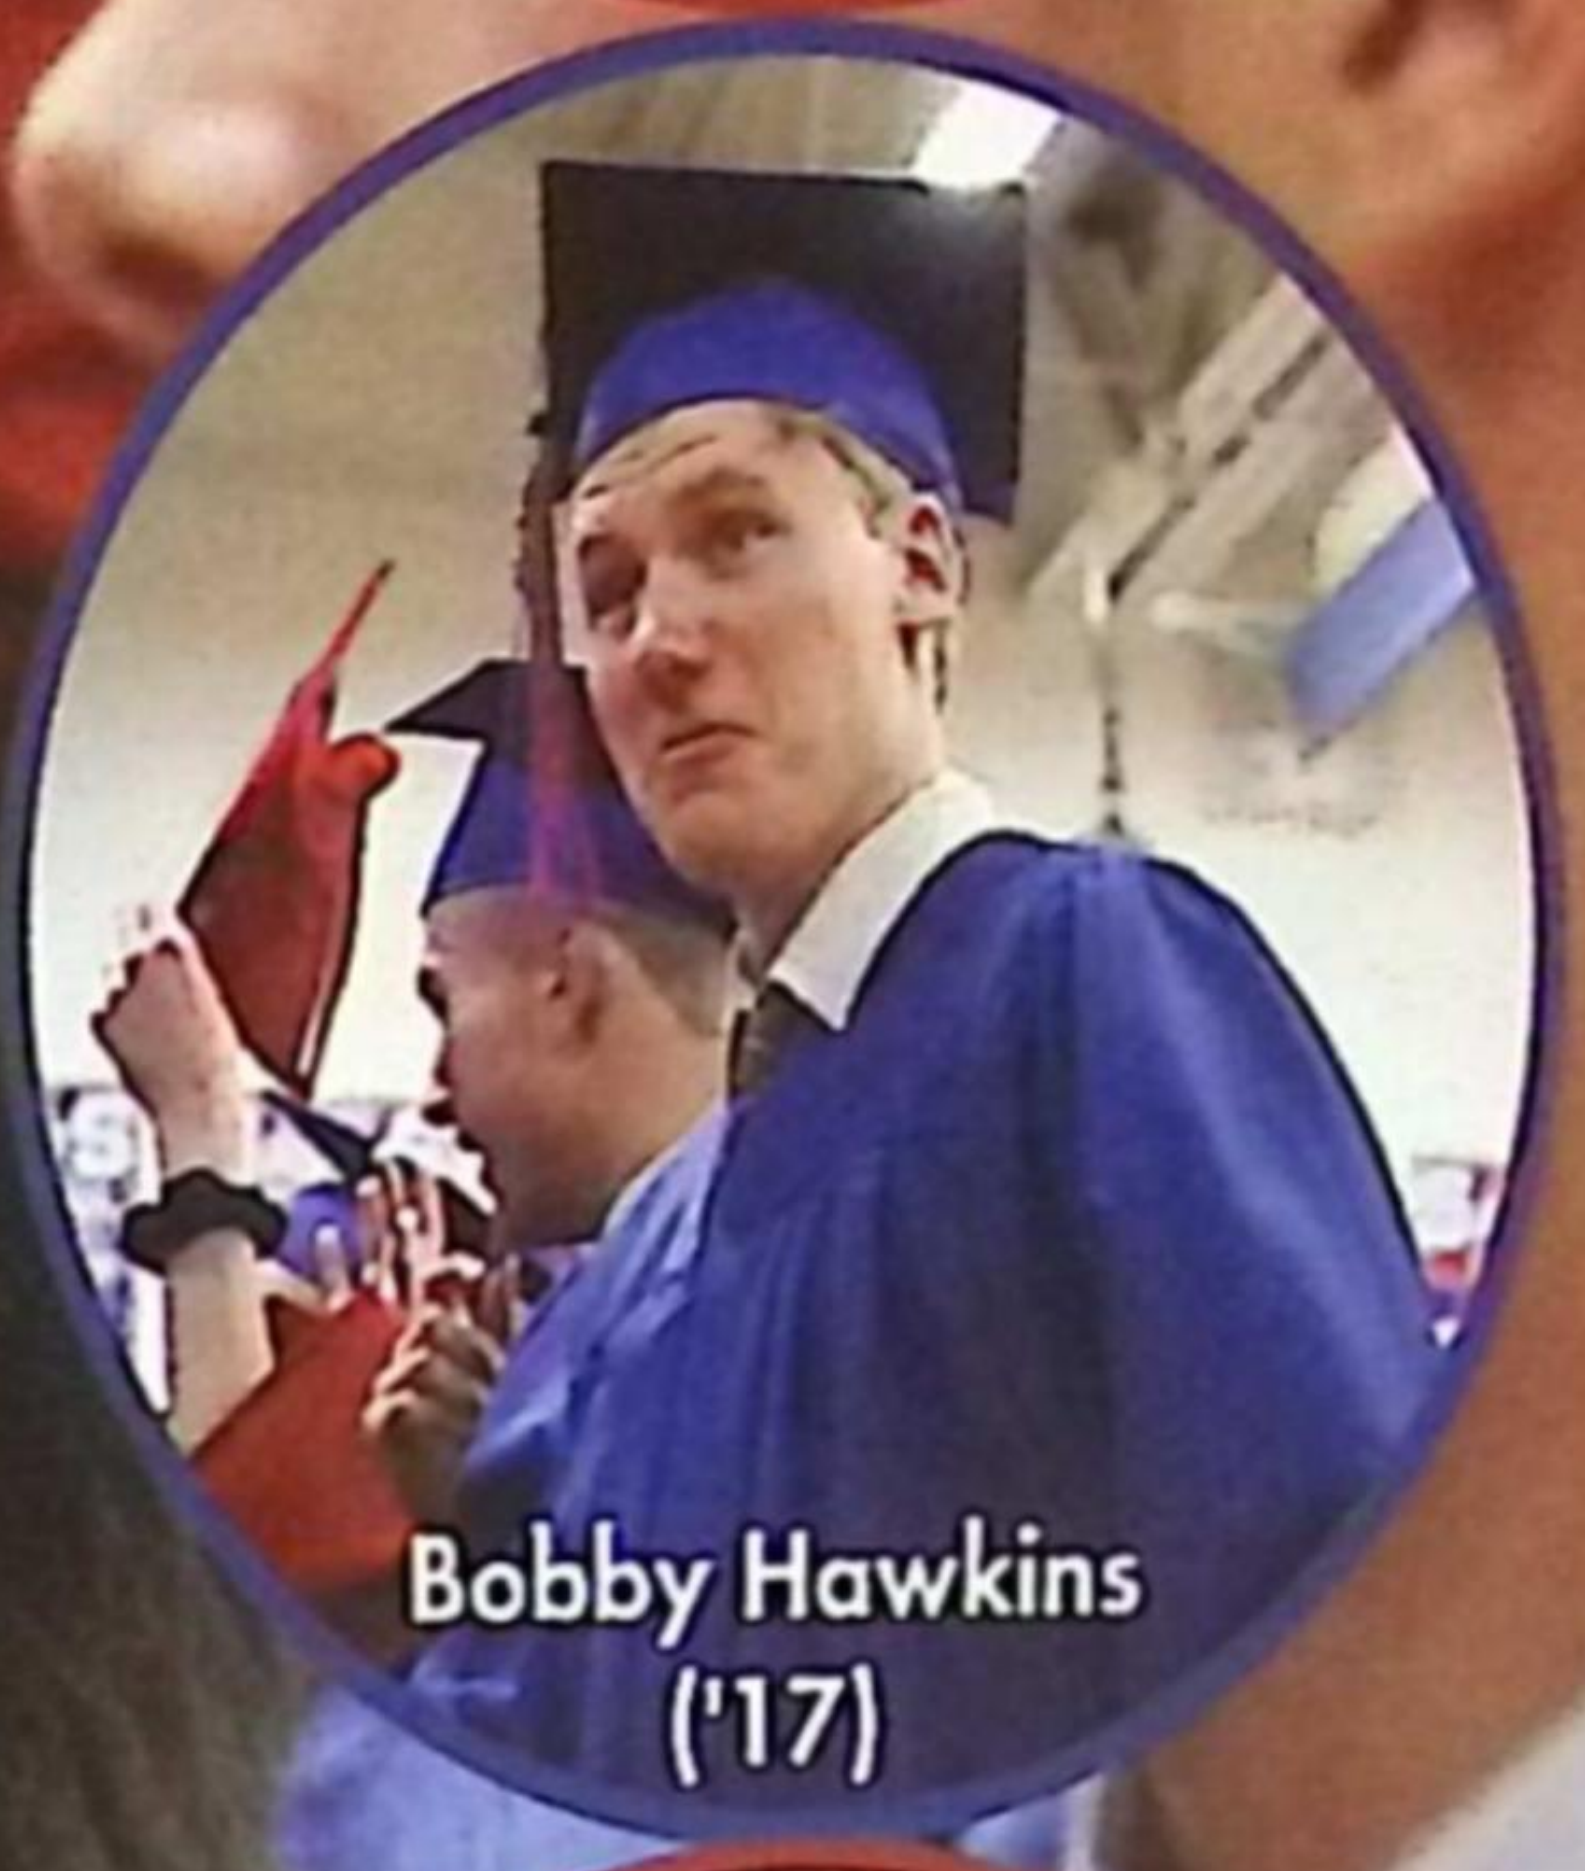


"Coming into high school a lot of people think it's cool to not be smart or not do your work. As you get older, it becomes cool to do your work and get good grades. Now I hear people say 'Man, I wish I had better grades, I wish I was at the top of the class, I wish I tried harder.' You can't take that back, so you have to try hard and do your best from the beginning." -Abigail Eitnear ('17)

# GRADUATION



Vanessa Vernier ('17)



Bobby Hawkins ('17)

Jackie Jensen ('17)

"The hardest aspect of high school for me was socializing. I missed out on a lot of small opportunities because of that. It wasn't until the end of the year that I overcame this, and it's one of my biggest regrets. My advice to other students would be to enjoy the time you have with your class and participate. It was missing out on small things like this that could have made my high school years better." -Jordan DeYonker ('17)

"I'm really excited to graduate because although I had a great four years of high school, I'm ready to move on. It's time to grow up and pursue all of my hopes and dreams. One thing I will miss about high school is being on the cheer team. The sport taught me how important it is to stay determined and strive to do my best every single day." -Allison Schunk ('17)
